As this Oil Upton Sinclair , it ends happening swine one of the favored books Oil Upton Sinclair collections that we have. This is why you remain in the best website to look the unbelievable ebook to have.

The Jungle - Upton Sinclair 2019-07-02

A compelling graphic novel adaptation of Upton Sinclair's seminal protest novel that brings to life the harsh conditions and exploited existences of immigrants in Chicago's meatpacking industry in the early twentieth century. Long acclaimed around the world, Upton Sinclair's 1906 muckraking novel *The Jungle* remains a powerful book even today. Not many works of literature can boast that their publication brought about actual social and labor change, but that's just what *The Jungle* did, as it led to the passage of the Pure Food and Drug Act of 1906. In today's society, where labor and safety of the food we eat remain key concerns for all, Sinclair's shocking story still resonates. Bringing new life and energy to this classic work, adapter and illustrator Kristina Gehrman takes Sinclair's prose and transforms it through pen and ink, allowing you to discover (or rediscover) this book and see it from a whole new perspective.

It Can't Happen Here - Sinclair Lewis 2014-01-07

"The novel that foreshadowed Donald Trump's authoritarian appeal."—Salon *It Can't Happen Here* is the only one of Sinclair Lewis's later novels to match the power of *Main Street*, *Babbitt*, and *Arrowsmith*. A cautionary tale about the fragility of democracy, it is an alarming, eerily timeless look at how fascism could take hold in America. Written during the Great Depression, when the country was largely oblivious to Hitler's aggression, it juxtaposes sharp political satire with the chillingly

realistic rise of a president who becomes a dictator to save the nation from welfare cheats, sex, crime, and a liberal press. Called "a message to thinking Americans" by the *Springfield Republican* when it was published in 1935, *It Can't Happen Here* is a shockingly prescient novel that remains as fresh and contemporary as today's news. Includes an Introduction by Michael Meyer and an Afterword by Gary Scharnhorst

The Jungle - Upton Sinclair 1920

1906 bestseller shockingly reveals intolerable labor practices and unsanitary working conditions in the Chicago stockyards as it tells the brutally grim story of a Slavic family that emigrates to America full of optimism but soon descends into numbing poverty, moral degradation, and despair. A fiercely realistic American classic that will haunt readers long after they've finished the last page.

Storm Surge - Taylor Anderson 2014-05-06

In the Pacific, as USS Walker is repaired and updated after a previous battle and Matt Reddy is healing from his wounds, planning begins for a bold raid on the very heart of the Grik Empire. But time is running out for the Alliance army in Indiaa, and the Allied forces in the west must gather in an unprecedented land, air, and sea campaign to destroy the mighty Grik battle fleet and break through to their relief. All other plans go on hold when the attempt proves more difficult—and more heartbreakingly costly—than anyone imagined. Meanwhile, the struggle continues on other fronts near and far: in the jungles of Borno in distant

southern Africa and in the Americas, where the Allies are finally learning the terrible truth about the twisted Dominion. The Alliance is on the offensive everywhere, but their enemies have a few surprises, including new weaponry and new tactics...and a stunning geographic advantage that Reddy never suspected. Until now.

Sylvia's Marriage - Upton Sinclair 2022-09-04

DigiCat Publishing presents to you this special edition of "Sylvia's Marriage" (A Novel) by Upton Sinclair. DigiCat Publishing considers every written word to be a legacy of humankind. Every DigiCat book has been carefully reproduced for republishing in a new modern format. The books are available in print, as well as ebooks. DigiCat hopes you will treat this work with the acknowledgment and passion it deserves as a classic of world literature.

The Autobiography of Upton Sinclair - Upton Sinclair 2016-11-11

First published in 1962, on the suggestion of his readers throughout his expansive writing career, this is the self-penned biography of Upton Sinclair, author of hundreds of novels, plays, homilies, diatribes and pamphlets. Written at the age 83, Sinclair at last allows his loyal readership to glean an in-depth look at the man who discovered the Jungle in Armours Meat Industry at 28, founded a Utopian co-operative in 1908, and who muckraked through all of America "to become the finest and most devoted polemicist this country has seen"—from his childhood beginnings in Maryland to his youth in New York through to publication of his first novels and political career and beyond. Of his work, Upton Sinclair says: "The English Queen Mary, who failed to hold the French port of Calais, said that when she died, the word 'Calais' would be found written on her heart. I don't know whether anyone will care to examine my heart, but if they do they will find two words there—'Social Justice.' For that is what I have believed in and fought for during sixty-three of my eighty-four books. "His is an intellectual's book dealing with one who made intellectual history, and no self-respecting intellectual tradesman will fail to read it."—Kirkus Review Illustrated with 17 black-and-white photographs.

Oil! - Upton Beall Sinclair 1930

Oil, Debt and Development - Paul Hallwood 2016-03-02

This book, originally published in 1981, discusses the various welfare effects - including ai, debt, trade and labour flows - of the rise in oil prices and revenues which took place in the 1970s. These complex effects and the negotiating stances of the developing countries are all examined an dinvestigated, drawing upon a wide range of sources and material for the more quantitative parts. Throughout, however, the treatment is non-mathematical and is written in clear English accessible not only to bankers and polititians, but also students of economics, international relationjs and area studies.

The Great Gatsby - F. Scott Fitzgerald 2021-04-27

The Great Gatsby (1925) is a novel by F. Scott Fitzgerald. Published at the height of Fitzgerald's career as a leading writer of American fiction, The Great Gatsby was reviewed poorly by contemporary critics, but has since been recognized as a groundbreaking work for its vision of American decadence and decay. Adapted into several influential films and adored by generations of readers and writers, The Great Gatsby is not only Fitzgerald's crowning achievement, but one of the finest novels ever written. Nick Carraway is a young veteran and Yale graduate who moves to New York in search of work. He rents a bungalow on Long Island next door to the extravagant mansion of Jay Gatsby, a magnanimous millionaire with a mysterious past. There, he reconnects with his distant cousin Daisy and her husband Tom Buchanan, a flagrant philanderer who brings Nick to the city in order to spend time with Myrtle, his impoverished mistress. Soon, he receives an invitation to a party at the Gatsby mansion, where he gets terribly drunk and meets his neighbor, who swears they served together in the Great War. As time goes by, the two begin a tenuous friendship bolstered by stories of the war and a mutual fondness for alcohol. When Nick discovers that Gatsby and Daisy have a complicated history with one another, he starts to question not only the nature of his neighbor's kindness, but his own desire to make it big in New York. The Great Gatsby is a tragic tale of ambition and romance set in the Roaring Twenties, a decade born from war and lost to economic disaster. With a beautifully designed cover and

professionally typeset manuscript, this new edition of F. Scott Fitzgerald's *The Great Gatsby* is a classic work of American literature reimagined for modern readers.

The Coal War - Upton Sinclair 1976

The son of a prominent coal magnate, Hal Warner is horrified by the dangerous working conditions, long hours, and starvation wages endured by the men who toil in his family's mines. He tries to rouse other members of his privileged class to a similar state of indignation, but soon faces a much more severe test of his progressivism. When a labor group organizes a massive strike and the mining companies respond with punishing brutality, Hal's commitment to the cause of reform becomes a matter of life and death.

The Goose-step - Upton Sinclair 1923

Mental Radio - Upton Sinclair 2019

King Coal - Upton Sinclair 1917

Much like *The Jungle*, *King Coal* is a novel about the abysmal working conditions of coal miners. It is loosely based on the 1914 Colorado coal strikes. It is typical of his critical novels by being told from the perspective of the little guy and a struggling union. *King Coal* offers plenty for historians of early labor unions or those who just enjoy a story about the underdog.

World's End - Upton Sinclair 2016-01-19

From the acclaimed author of *The Jungle*: The first in a Pulitzer Prize-winning historical saga about the son of an American arms dealer during WWI. Lanning "Lanny" Budd spends his first thirteen years in Europe, living at the center of his mother's glamorous circle of friends on the French Riviera. In 1913, he enters a prestigious Swiss boarding school and befriends Rick, an English boy, and Kurt, a German. The three schoolmates are privileged, happy, and precocious—but their world is about to come to an abrupt and violent end. When the gathering storm clouds of war finally burst, raining chaos and death over the continent, Lanny must put the innocence of youth behind him; his language skills

and talent for decoding messages are in high demand. At his father's side, he meets many important political and military figures, learns about the myriad causes of the conflict, and closely follows the First World War's progress. When the bloody hostilities eventually conclude, Lanny joins the Paris Peace Conference as the assistant to a geographer asked by President Woodrow Wilson to redraw the map of Europe. Perfect for fans of *The Winds of War*, *World's End* is the magnificent opening chapter of a monumental series that brings the first half of the twentieth century to vivid life. A thrilling mix of history, adventure, and romance, the Lanny Budd Novels are a testament to the breathtaking scope of Upton Sinclair's vision and his singular talents as a storyteller.

Into the Storm - Taylor Anderson 2008

Pursued by Japanese battleships, the USS Walker, a destroyer under the command of Lieutenant Commander Matthew Patrick Reddy, tries to lose the enemy by heading into a storm, only to become trapped in a primitive alternate world, populated by strange crea

The Millennium - Upton Sinclair 2017-12-19

In 1907, Upton Sinclair looked forward 93 years and imagined the year 2000, when capitalism would find its zenith with the construction of The Pleasure Palace, a glittering half-mile-high structure in the middle of Central Park. During the grand opening of the towering building, a scientific experiment with radiumite explodes killing everybody throughout the world except eleven of the people at the Pleasure Palace. They escape the deadly rays by flying high in the sky in a revolutionary 1000-mph airplane called "The Monarch of the Air!" The fortunate eleven survivors struggle to rebuild their lives by creating a capitalistic society. After that fails, along with several other inept efforts, they create a successful utopian society on the lush grounds of a grand country estate in the Pocantico Hills above the Hudson River. Sinclair's life-long vision, "The Cooperative Commonwealth," reigns happily forever after, in this classic of the literature of political imagination.

The Jungle - Upton Sinclair 2010-08-19

A searing novel of social realism, Upton Sinclair's *The Jungle* follows the fortunes of Jurgis Rudkus, an immigrant who finds in the stockyards of

turn-of-the-century Chicago a ruthless system that degrades and impoverishes him, and an industry whose filthy practices contaminate the meat it processes. From the stench of the killing-beds to the horrors of the fertilizer-works, the appalling conditions in which Jurgis works are described in intense detail by an author bent on social reform. So powerful was the book's message that it caught the eye of President Theodore Roosevelt and led to changes to the food hygiene laws. In his Introduction to this new edition, Russ Castronovo highlights the aesthetic concerns that were central to Sinclair's aspirations, examining the relationship between history and historical fiction, and between the documentary impulse and literary narrative. As he examines the book's disputed status as novel (it is propaganda or literature?), he reveals why Sinclair's message-driven fiction has relevance to literary and historical matters today, now more than a hundred years after the novel first appeared in print.

Anointed with Oil - Darren Dochuk 2019-06-04

A groundbreaking new history of the United States, showing how Christian faith and the pursuit of petroleum fueled America's rise to global power and shaped today's political clashes Anointed with Oil places religion and oil at the center of American history. As prize-winning historian Darren Dochuk reveals, from the earliest discovery of oil in America during the Civil War, citizens saw oil as the nation's special blessing and its peculiar burden, the source of its prophetic mission in the world. Over the century that followed and down to the present day, the oil industry's leaders and its ordinary workers together fundamentally transformed American religion, business, and politics -- boosting America's ascent as the preeminent global power, giving shape to modern evangelical Christianity, fueling the rise of the Republican Right, and setting the terms for today's political and environmental debates. Ranging from the Civil War to the present, from West Texas to Saudi Arabia to the Alberta Tar Sands, and from oil-patch boomtowns to the White House, this is a sweeping, magisterial book that transforms how we understand our nation's history.

JIMMIE HIGGINS - UPTON SINCLAIR 1919

Oil! - Upton Sinclair 2008-02-07

Sinclair's 1927 novel did for California's oil industry what *The Jungle* did for Chicago's meat-packing factories. In *Oil!* Upton Sinclair fashioned a novel out of the oil scandals of the Harding administration, providing in the process a detailed picture of the development of the oil industry in Southern California. Bribery of public officials, class warfare, and international rivalry over oil production are the context for Sinclair's story of a genial independent oil developer and his son, whose sympathy with the oilfield workers and socialist organizers fuels a running debate with his father. Senators, small investors, oil magnates, a Hollywood film star, and a crusading evangelist people the pages of this lively novel.

A Timely Tale - William Mitrus 2006-05

Karen is 52 years old. Like many women her age, she is risk adverse. She is comfortable in her life and has accomplished quite a bit, raising two boys, maintaining a household, and teaching English for nearly 30 years. But Karen is also very competitive and rather strong-willed (stubborn) . It was this combination of traits that provided part of the motivation for her to learn how to ride a motorcycle. This book is an account of Karen's experience as she gains her initial interest in biking, then moves from passive observer to active participant. It's about fun and excitement, feeling the rush of adrenalin associated with trying something new and dangerous. Its about the fear associated with the unknown as well as the obvious. Its about the failure that came again and again and how she overcame adversity. And its about membership; to be associated with others of all types who are part of the motorcycle experience. At 52 years old she learned to ride a motorcycle, and in doing so she faced her fears with tenacity and vigor. It was mentally and physically challenging for her . and for me!

Mammonart - Upton Sinclair 1925

Oil! - Upton Sinclair 2007-12-18

The classic novel that inspired the Academy award-winning film, *There Will Be Blood*. Penguin Books is proud to now be the sole publisher of *Oil!*, the classic 1927 novel by Upton Sinclair. After writing *The Jungle*,

his scathing indictment of the meatpacking industry, Sinclair turned his sights on the early days of the California oil industry in a highly entertaining story featuring a cavalcade of characters including senators, oil magnets, Hollywood film starlets, and a crusading evangelist. This lively and panoramic book, which was recently cited by David Denby in the New Yorker as being Sinclair's "most readable" novel, is now the inspiration for the Paramount Vantage major motion picture, *There Will Be Blood*. It is the long-awaited film from Paul Thomas Anderson, one of the most admired filmmakers working today whose previous movies, *Boogie Nights* and *Magnolia* were both multiple Academy Award nominees. The movie stars Oscar-winner Daniel Day-Lewis (*Gangs of New York*, *My Left Foot*) and Paul Dano (*Little Miss Sunshine*). Paramount Vantage will be releasing the film in New York and Los Angeles on December 26, 2007 and go nationwide in January. This is the same company responsible for *Babel* and *A Mighty Heart* and the current releases, *Into the Wild*, *Margot at the Wedding*, and *The Kite Runner*. As wars rage on in the oil region and as anxiety over natural resources rise, the subject of this book, which celebrates its 80th anniversary in 2007, is more timely than ever.

Oil! - Upton Sinclair 1981

The American writer's novel of Southern California life teems with oil magnates and speculators, Hollywood stars and tycoons, and state and national politicians, all affected by the flow of oil

Maelstrom - Taylor Anderson 2009-02-03

The spectacular alternate military history saga continues in the third novel in the New York Times bestselling *Destroyermen* series...

Lieutenant Commander Matthew Reddy, along with the men and women of the battleship *Walker*, are once again at war. Having sided with the peaceful Lemurians against the savage, reptilian Grik, they now find themselves scrambling to prepare for the attack that is sure to come. Meanwhile, the Japanese juggernaut *Amagi*, also trapped in this strange world, is under Grik control. Soon, they will have amassed a force that no amount of fire-power and technology will be able to stop. Reddy, his crew, his allies, and his loved ones face annihilation. But if there is one

thing they have learned about their new world, it is that hope-and help-may just be over the horizon...

The Money Changers - Upton Sinclair 2012-03-13

Originally published in 1908, this cautionary novel from the author of *The Jungle* explores corruption within the American system as a group of power brokers joins forces for personal gain, triggering a crash on Wall Street.

I, Candidate for Governor - Upton Sinclair 1994-12-16

Here, reprinted for the first time since its original publication, is muckraking journalist Upton Sinclair's lively, caustic account of the 1934 election campaign that turned California upside down and almost won him the governor's mansion. Using his "End Poverty in California" movement (more commonly called EPIC) as a springboard, Sinclair ran for governor as a Democrat, equipped with a bold plan to end the Depression in California by taking over idle land and factories and turning them into cooperative ventures for the unemployed. To his surprise, thousands rallied to the idea, converting what he had assumed would be another of his utopian schemes into a mass political movement of extraordinary dimensions. With a loosely knit organization of hundreds of local EPIC clubs, Sinclair overwhelmed the moderate Democratic opposition to capture the primary election. When it came to the general election, however, his opposition employed highly effective campaign tactics: overwhelming media hostility, vicious red-baiting and voter intimidation, high-priced dirty tricks. The result was a resounding defeat in November. *I, Candidate* tells the story of Sinclair's campaign while also capturing the turbulent political mood of the 1930s. Employing his trademark muckraking style, Sinclair exposes the conspiracies of power that ensured big-money control over the media and other powerful institutions.

100%: The Story of a Patriot - Upton Sinclair 2006

Yellow Earth - John Sayles 2020-01-07

In *Yellow Earth*, the site of Three Nations reservations on the banks of the Missouri River in North Dakota, Sayles introduces us to Harleigh

Kildeer, chairman of the Tribal Business Council. “An activist in his way, a product of the Casino Era,” Kildeer, who is contracted by oil firm Case and Crosby, spearheads the new Three Nations Petroleum Company. What follows, with characteristic lyrical dexterity, insight, and wit, introduces us to a memorable cast of characters, weaving together narratives of competing worlds through masterful storytelling. Set shortly before Standing Rock would become a symbol of historic proportions of the brutal confrontation between native resistance and the forces of big business and law enforcement, the fate of Yellow Earth serves as a parable for our times.

The Book of Life - Upton Sinclair 2008-08

Upton Sinclair, one of America's foremost and most prolific authors, addresses the cultivation of the mind and the body in this 1922 volume. Sinclair's goal was to attempt to tell the reader how to live, how to find health, happiness and success, and how to develop fully both the mind and the body. Part One: The Book of the Mind covers such subjects as faith, reason, morality, and the subconscious. Part Two: The Book of the Body develops such subjects as errors in diet, the fasting cure, food and poisons, work and play, and diseases and their cures .

The Cry for Justice - Upton Sinclair 1915

Literary heavyweight Jack London has written an introduction to this collection of written works that advocate for social protest. The anthology was compiled by Upton Sinclair, who was a lifelong activist and social reformer.?

Upton Sinclair - Lauren Coodley 2020-04-01

Had Upton Sinclair not written a single book after *The Jungle*, he would still be famous. But Sinclair was a mere twenty-five years old when he wrote *The Jungle*, and over the next sixty-five years he wrote nearly eighty more books and won a Pulitzer Prize for fiction. He was also a filmmaker, labor activist, women's rights advocate, and health pioneer on a grand scale. This new biography of Sinclair underscores his place in the American story as a social, political, and cultural force, a man who more than any other disrupted and documented his era in the name of social justice. Upton Sinclair: California Socialist, Celebrity Intellectual

shows us Sinclair engaged in one cause after another, some surprisingly relevant today--the Sacco-Vanzetti trial, the depredations of the oil industry, the wrongful imprisonment of the Wobblies, and the perils of unchecked capitalism and concentrated media. Throughout, Lauren Coodley provides a new perspective for looking at Sinclair's prodigiously productive life. Coodley's book reveals a consistent streak of feminism, both in Sinclair's relationships with women--wives, friends, and activists--and in his interest in issues of housework and childcare, temperance and diet. This biography will forever alter our picture of this complicated, unconventional, often controversial man whose whole life was dedicated to helping people understand how society was run, by whom, and for whom.

Crude World - Peter Maass 2009-09-22

The catastrophic oil spill in the Gulf of Mexico has brought new attention to the huge costs of our oil dependence. In this stunning and revealing book, Peter Maass examines the social, political, and environmental impact of petroleum on the countries that produce it. Every unhappy oil-producing nation is unhappy in its own way, but all are touched by the “resource curse”—the power of oil to exacerbate existing problems and create new ones. Peter Maass presents a vivid portrait of the troubled world oil has created. From Saudi Arabia to Equatorial Guinea, from Venezuela to Iraq, the stories of rebels, royalty, middlemen, environmentalists, indigenous activists, and CEOs—all deftly and sensitively presented—come together in this startling and essential account of the consequences of our addiction to oil.

Petrol - Upton Sinclair 2018-04

The Metropolis - Upton Sinclair 2021-11-15

The Metropolis Upton Sinclair - These are Unique Content for this Book Edition In this 1907 novel about the extravagant life of New York City's high society, the author of *The Jungle*, presents a richly detailed portrait of the wealthy elite of *The Metropolis*. Allan Montague, a lawyer of thirty, moves to New York City from Mississippi, along with his mother and cousin Alice, to join his younger brother Oliver, who had taken up

residence there several years before. The newcomers soon discover that Oliver has become a highly networked member of a fast-paced social circuit comprising some of the most powerful members of the business class. Oliver wastes no time in introducing Allan and Alice into this exclusive group in the hope that they will all prosper through their connections. Sinclair devotes much of the novel to depictions of the profligate and jaded party life of the very rich, who spend vast sums of money on entertainment and new toys to relieve their boredom.

Expensive cars (still a novelty at this time), lavishly furnished limousines and private trains, sumptuous dinners attended by liveried servants, tailor-made clothing costing thousands of dollars are described with meticulous attention to the enormous cost of it all. Sinclair also spares no detail in describing the rampant alcoholism, marital affairs, malicious gossip, backstabbing, and shallow values of this set. Deals with New York as unsparingly as "The Jungle" dealt with Chicago. To expose the vice and extravagance of the New York rich has been Mr. Sinclair's purpose in writing this story. Two brothers, one the antithesis of the other, are the mouthpieces which Mr. Sinclair uses respectively to shout forth the demagogue's selfish creed and to denounce it

The History of the Standard Oil Company - Ida Minerva Tarbell 1904

The Brass Check - Upton Sinclair 1919

O Shepherd, Speak! - Upton Sinclair 2016-01-19

As Presidential Agent 103, Lanny Budd witnesses the collapse of the Nazis, the bombing of Hiroshima, and the Nuremberg Trials in this novel in the Pulitzer Prize-winning saga. As a spy for President Franklin Roosevelt, Lanny Budd was able to infiltrate the inner circle of the Nazi high command and glean essential information on behalf of the Allied cause. Now, as the terrible global conflict approaches its long-awaited conclusion, the newly commissioned Captain Budd of the US Army is on hand to witness the final collapse of the Third Reich in the aftermath of the Battle of the Bulge. The nuclear destruction of Hiroshima and Nagasaki brings World War II to an end, but not even the death of

Franklin Roosevelt can release Lanny from his obligations as Presidential Agent 103. A devastated Europe needs to be rebuilt, and there is a necessary reckoning still to come in the heart of defeated Germany, where the fanatics who murdered countless millions will stand trial for their crimes. *O Shepherd, Speak!* is the penultimate volume of Upton Sinclair's Pulitzer Prize-winning dramatization of twentieth-century world history. An astonishing mix of adventure, romance, and political intrigue, the Lanny Budd Novels are a testament to the breathtaking scope of the author's vision and his singular talents as a storyteller.

Fuel - Heidi C. M. Scott 2018-07-12

This book is available as open access through the Bloomsbury Open Access programme and is available on www.bloomsburycollections.com. *Fuel: An Ecocritical History* is the first book to chart our changing attitudes to fuel and energy through the literature and culture of the modern era, focusing on the 18th-century to the present. Reading a wide range of writers from Blake, Austen and Dickens to Upton Sinclair and Edward Abbey, Heidi Scott explores how our move from a pre-industrial reliance on biomass and elemental energy sources to our current dependence on the fossil fuels of coal, oil and natural gas have fundamentally shaped human identity and culture. The book's Anthropocene perspective reshapes our view of energy history and climate change, and *Fuel* looks forward to ways in which we can reimagine our culture away from the fossil fuel paradigm towards a more sustainable energy future driven by renewable, elemental energy.

Presidential Agent - Upton Sinclair 2016-01-19

On the eve of World War II, Lanny Budd reenters the deadly snake pit of Nazi Germany as Roosevelt's spy—in the pulse-pounding, Pulitzer Prize-winning series. An American art expert raised in a world of European wealth and privilege, Lanny Budd is dedicated to his socialist ideals and to combatting the twin scourges of Nazism and Fascism. In 1937, a chance encounter in New York with Professor Charles Alston—his boss at the Paris Peace Conference and now one of President Roosevelt's top advisors—provides Lanny with the opportunity to make a profound difference. Appointed Presidential Agent 103, the international

art dealer embarks on a secret assignment that takes him back into the Third Reich as the Allied powers prepare to cede Czechoslovakia to Adolf Hitler in a futile attempt to avoid war. But Lanny's motivations are not just political: The woman he loves has fallen into the brutal hands of the Gestapo, and Lanny will risk everything to save her. Presidential Agent is

the action-packed fifth installment of Upton Sinclair's Pulitzer Prize-winning series that brings the first half of the twentieth century to dramatic life. An astonishing mix of history, adventure, and romance, the Lanny Budd Novels are a testament to the breathtaking scope of the author's vision and his singular talents as a storyteller.
