

Reality Transurfing Le Regole Dello Specchio La Gestione Della Realtà Le Mele Cadono In Cielo Nuova Sagghezza

As recognized, adventure as skillfully as experience nearly lesson, amusement, as capably as concurrence can be gotten by just checking out a books **Reality Transurfing Le Regole Dello Specchio La Gestione Della Realtà Le Mele Cadono In Cielo Nuova Sagghezza** furthermore it is not directly done, you could tolerate even more with reference to this life, vis--vis the world.

We have the funds for you this proper as without difficulty as easy quirk to acquire those all. We pay for Reality Transurfing Le Regole Dello Specchio La Gestione Della Realtà Le Mele Cadono In Cielo Nuova Sagghezza and numerous ebook collections from fictions to scientific research in any way. in the middle of them is this Reality Transurfing Le Regole Dello Specchio La Gestione Della Realtà Le Mele Cadono In Cielo Nuova Sagghezza that can be your partner.

Hypnotic Realities - Milton H. Erickson 1976

"...Provides students and professionals with clear examples of the evolution of clinical hypnotic phenomena. Two major innovations in this volume are the utilization theory of hypnosis and indirect forms of suggestion...Each chapter includes an essay by Ernest Rossi which clarifies and elaborates on the relevant issues of Dr. Erickson's work just illustrated. In these essays Dr. Rossi analyzes Dr. Erickson's approach in order to uncover some of the basic variables that can be isolated and tested by future experimental work...A number of graduated exercises are offered as a guide to aid hypnotherapists to develop their own skills in the clinical arts of observation, hypnotic induction, and the formulation of indirect suggestion..."--inside flap.

Meditation for Starters - J. Donald Walters 1996

Award-winning guide shares a safe, simple, way to try meditation--and then explore its cosmic potential. Covers fundamentals of posture, breathing, mental techniques, and more. With four guided visualizations.

Matrix Energetics - Richard Bartlett 2009-07-07

Drawing on fundamental principles embraced by the field of quantum

physics, this paradigm-busting program can teach readers how to access their own power to heal and transform their lives.

The Turtle Moves! - Lawrence Watt-Evans 2008-07-01

After growing from humble beginnings as a Sword & Sorcery parody to more than 30 volumes of wit, wisdom, and whimsy, the Discworld series has become a phenomenon unlike any other. Now, in *The Turtle Moves!*, Lawrence Watt-Evans presents a story-by-story history of Discworld's evolution as well as essays on Pratchett's place in literary canon, the nature of the Disc itself, and the causes and results of the Discworld phenomenon, all refreshingly free of literary jargon littered with informative footnotes. Part breezy reference guide, part droll commentary, *The Turtle Moves!* will enlighten and entertain every Pratchett reader, from the casual browser to the most devout of Discworld's fans.

My Mother-in-Law Drinks - Diego De Silva 2014-12-04

He makes you laugh, though you can never be quite sure why. He's affable enough, of course, but it's not so much that. He is both a kind of halfwit and a genius, flippant and profound, chaotic and yet possessed of

a Zen-like calm. He's easily distracted but tends to hound-dog every thought until he has it by the throat. His conversation is labyrinthine but he is capable of moments of blinding lucidity. The thing is, you can't help but love him. He is Vincenzo Malinconico, an underemployed lawyer whose wife has sort of left him ("he's the kind of man you marry not once but twice, and leave both times"), whose teenage children worry him to death, and whose profession mostly consists in appearing as if he has one. In this sequel to *I Hadn't Understood*, a Neapolitan mafia boss has been kidnapped by a mild-mannered computer engineer who holds the camorrista responsible for the accidental death of his son. The engineer plans to conduct an impromptu trial on live television during which he will list the various crimes of the accused, sentencing him before a captivated national audience and executing him accordingly. The standoff between law enforcement officers and the kidnapper becomes a tragi-comic reality show. The only hope of a happy ending rests with Vincenzo Malinconico, Neapolitan lawyer, poster-child for the proverbial mid-life crisis, and inveterate flâneur. He hardly has a reputation for decisiveness, but now is called upon to play a decisive role in resolving this drama in course with, hopefully, no loss of life, his own included.

Transurfing in Your Pocket - Vadim Zeland 2014-04-16

Transurfing in Your Pocket for everyday wisdom. Excerpts of latest Vadim Zeland books, never translated in English before.

Reality Transurfing 4: Ruling Reality - Vadim Zeland 2011-09

Transurfing Reality was one of the top non-fiction bestsellers in the world in 2005 and 2006. Unknown till now in the West, the series has sold over 1,300,000 copies in Russia in three years. This translation (by Natasha Micharina) describes a new way of looking at reality, indeed of creating it. It provides a scientific explanation of the laws that help you do this, building up a scientific model, speaking in detail about particular rules to follow and giving important how-to tips, illustrated with examples. The author introduces a system of specific terms, notions, and metaphors, which together make a truly convincing, thought-provoking theory of creating your own life. "You are ruled by circumstances and it will always be like that until you learn how to manage your reality," says the author.

Bringing together the cutting edge of modern science and philosophical teaching, the book's style is popular-scientific, metaphorical and conversational. Books in the series: *Reality Transurfing 1: The Space of Variations*; *Reality Transurfing 2: A Rustle of Morning Stars*; *Reality Transurfing 3: Forward to the Past*; *Reality Transurfing 4: Ruling Reality*; *Reality Transurfing 5: Apples Fall to the Sky*.

The New Quantum Universe - Anthony J. G. Hey 2003-10-23

Introduction to quantum physics for the general reader.

78 Days Practical Transurfing - Vadim Zeland 2013-09-18

Transurfing is simple, yet powerful Reality Management Technique, developed by the Russian quantum physics researcher Vadim Zeland. Zeland's main goal is to present a set of techniques (which he calls Transurfing of Realities) for the attainment of practical goals. These techniques are of mental and metaphysical nature. Zeland supports these techniques by presenting a model of the universe that combines the elements of quantum physics with the idea of parallel worlds. As Zeland states, the use of the techniques is not dependant on the acceptance of his theoretical model. Some Transurfing techniques are very simple and practical. Zeland says: "You can not hide from the inevitable reality. Your life is determined by circumstances and your place in society. Reality develops for the most part regardless of your own will. For every "I want" there is its own "You can't." In response to "Give it to me" you hear "You can't get it." There is little you can do in such circumstances.... As a rule, human beings behave unambiguously. In their attempts to get what they want, they try to influence this world straight on, by the principle "Give it back to me." Direct impact, based on direct contact, is one of the ways of controlling something, but it is certainly not the most effective method of controlling reality. Transurfing is ..."

Reality transurfing. Le regole dello specchio: La gestione della realtà - Vadim Zeland 2021

The Quotable Einstein - Albert Einstein 1996

Collects quotations by Einstein and arranges them thematically on such subjects as death, education, family, life, pacifism, religion, wealth, and wisdom

Infinite Love Is the Only Truth - David Icke 2005-01

The author explains his belief that the "world" is a virtual-reality game that exists because we believe it does. Original.

Why Be Happy When You Could Be Normal? - Jeanette Winterson 2012-03-06

A New York Times bestseller: The "magnificent" memoir by one of the bravest and most original writers of our time—"A tour de force of literature and love" (Vogue). Jeanette Winterson's bold and revelatory novels have established her as a major figure in world literature. Her internationally best-selling debut, *Oranges Are Not the Only Fruit*, tells the story of a young girl adopted by Pentecostal parents, and has become a staple of required reading in contemporary fiction classes. *Why Be Happy When You Could Be Normal?* is a "singular and electric" memoir about a life's work to find happiness (The New York Times). It is a book full of stories: about a girl locked out of her home, sitting on the doorstep all night; about a religious zealot disguised as a mother who has two sets of false teeth and a revolver in the dresser, waiting for Armageddon; about growing up in a north England industrial town now changed beyond recognition; about the universe as a cosmic dustbin. It is the story of how a painful past, rose to haunt the author later in life, sending her on a journey into madness and out again, in search of her biological mother. It is also a book about the power of literature, showing how fiction and poetry can form a string of guiding lights, or a life raft that supports us when we are sinking. Witty, acute, fierce, and celebratory, *Why Be Happy When You Could Be Normal?* is a tough-minded story of the search for belonging—for love, identity, home, and a mother.

The Essence of the Bhagavad Gita - Swami Kriyananda 2006

A direct disciple of the spiritual master author of *Autobiography of a Yogi* reveals the deep allegorical meanings of India's best-loved scripture from a new perspective, sharing practical advice on such topics as achieving

victory in life in union with the divine, preparing for life's end, and what happens after death.

Samya of Colours - Samya Ilaria Di Donato 2017

The Aladdin Factor - Jack Canfield 1995-10-01

Learn how to get everything you want with this motivational book from the #1 New York Times bestselling authors of the *Chicken Soup for the Soul* series. Anything is possible...if you dare to ask! Personal happiness. Creative fulfillment. Professional success. Freedom from fear—and a new promise of joy that's yours for the asking. We have the ability at our fingertips to achieve these things. It's the Aladdin Factor: the magical wellspring of confidence, desire—and the willingness to ask—that allows us to make wishes come true. Now bestselling motivational authors Jack Canfield and Mark Victor Hansen introduce us to the Aladdin Factor—and help us put it into effect in our own lives. The Aladdin Factor helps us by pinpointing the major stumbling blocks to asking—and teaching simple techniques to overcome them. With inspirational stories about people who have succeeded by asking for what they want, this book shows us how to turn our lives around—no matter what kind of obstacles we face. And with this knowledge, we can reap the riches of a truly well-lived life—a treasure that comes not from an enchanted lamp, but from the heart.

The World As I See It - Albert Einstein 2021-01-01

The World as I See It is a book by Albert Einstein translated from the German by A. Harris and published in 1935 by John Lane The Bodley Head. The original German book is *Mein Weltbild* by Albert Einstein, first published in 1934 by Rudolf Kayser.

Two Thousand 3 - F. X. Scully 2013-11

If you could do it all again: What would you change? Who would you choose? Reese Clarke is sports agent extraordinaire. With an impressive client list, she's on the fast track to becoming partner at her Seattle-based agency and is engaged to the first-round draft pick, and the agency's bread and butter, Neil Baxter. Then everything comes crashing down. Neil cheats on her. She has a bitter reunion with a sexy ex. And

she gets hit by a car All in the same damn day. When she wakes up, twelve years in the past, she doesn't know how she got there, or how to get out. Confusion grows to pleasure, then quickly spirals to anger as Reese struggles to find her way back home. All the while being forced to relive her greatest love affairs--one ex at a time. But older and wiser Reese soon realizes she's been given a break. A chance to do things differently this time around. An opportunity to track down the one who got away. Join Reese on her journey down memory lane in this steamy fictional memoir that will make you question what you might change about your love life, if you had the chance.

Hacking the Matrix - Vadim Zeland 2013-05-17

Not to invalidate your beliefs and the societal structure you comfortably reside in, but to support your return to the radical self-responsibility and vast open mindedness of a spiritually mature being. With all the presuppositions, "knowledge" and "facts" you have gathered about life, you will hardly be able to dive into the unknown and learn something new or experience the vivid freshness of Infinity. As is typical for the human condition, some of your ways of seeing things have become stale, to say the least. Even if your convictions and conclusions were useful at one time, doesn't it get incredibly dull to think the same things over and over and over, and to perceive things from the same vantage point again and again and again? But as nothing can be added or taken away from Infinity, the belief- systems we "shatter" will not be lost. You can pick them up and reassemble them later if you need some concepts to hold on to or if you get scared of the joyous enormity of it all. Nobody is forcing you to have too much fun. Expanding awareness in the original sense means: Seeing, Feeling, Perceiving, Noticing, Experiencing, Doing something you have not seen, felt, perceived, noticed, experienced, done before. It's as simple as that. If this is what is happening to you, then you are using this book the way it was meant to be used. On a quantum level, when you what it (whatever that is), it is created instantly, you don't receiver instantly only because you are surrounded by a layer of resistance, and so, when your world comes to deliver and knocks on your door, chances are you are not there. Transurfing takes you Home ...

Your Erroneous Zones - Wayne W. Dyer 2009-03-17

THE RECORD-BREAKING, #1 NEW YORK TIMES BESTSELLER - OVER 35 MILLION COPIES SOLD The first book by Wayne Dyer, author of the multimillion-copy bestseller *Pulling Your Own Strings* and national bestsellers *There's a Spiritual Solution to Every Problem* and *Wisdom of the Ages*, a positive and practical guide to breaking free from the trap of negative thinking and enjoying life to the fullest. If you're plagued by guilt or worry and find yourself unwittingly falling into the same old self-destructive patterns, then you have "erroneous zones" - whole facets of your approach to life that act as barriers to your success and happiness. Perhaps you believe that you have no control over your feelings and reactions - Dyer shows how you can take charge of yourself and manage how much you will let difficult times and people affect you. Or maybe you spend more time worrying what others think than working on what you want and need - Dyer points the way to true self-reliance. From self-image problems to over-dependence on others, Dyer gives you the tools you need to break free from negative thinking and enjoy life to the fullest.

Reality transurfing. Le regole dello specchio: La gestione della realtà-Le mele cadono in cielo - Vadim Zeland 2021

Environmental Chemistry - Colin Baird 2012-03-23

Global warming. Renewable energy. Hazardous waste. Air Pollution. These and other environmental topics are being discussed and debated more vigorously than ever. Colin Baird and Michael Cann's *Environmental Chemistry* is the only textbook that explores the chemical processes and properties underlying these crucial issues at an accessible, introductory level. With authoritative coverage that balances soil, water, and air chemistry, the new edition again focuses on the environmental impacts of chemical production and experimentation, offering additional "green chemistry" sections and new case studies, plus updated coverage of energy production (especially biofuels), the generation and disposal of CO₂, and innovative ways to combat climate change.

Identità Capaci - Sabrina Crapella 2022-02-28

Puoi riscrivere la tua storia e disegnare una Vita con i colori dei tuoi sogni. Tufti the Priestess. Live Stroll Through a Movie - Vadim Zeland 2018-11-12

Meet the new world sensation. It's Tufti. Why is it that nothing seems to work out the way you want it to, despite the fact that you act according to your own free will? You might think that the reason why nothing is working out the way you want, is because that's just how life is. But the real reason things don't work out the way you want them to, is because you aren't acting according to your own free will - you are being directed by a script. Another reason things don't work out the way people want them to, is because they don't know how to take the right action to shape events the way they want. Rather than composing the reality of the upcoming film roll, they tend to battle with the reality they face in the current frame. Reality exists only in the here and now, and what is real is

real only to the extent that it has taken place in the material world. You cannot change what has already happened. Yet when you fight with your current reality, that is exactly what you are doing, because everything that surrounds you consists of something that has already happened. If you want to change the script, you have to wake up and come alive inside the movie. Translation from the Russian language by Joanna Dobson

Reality Transurfing 5: Apples Fall to the Sky - Vadim Zeland 2011-09-30
Transurfing Reality was one of the top non-fiction bestsellers in the world in 2005 and 2006. Unknown till now in the West, the series has sold over 1,300,000 copies in Russia in three years. This translation (by Natasha Micharina) describes a new way of looking at reality, indeed of creating it. It provides a scientific explanation of the laws that help you do this, building up a scientific model, speaking in detail about particular rules to follow and giving important how-to tips, illustrated with examples. The author introduces a system of specific terms, notions, and metaphors, which together make a truly convincing, thought-provoking theory of creating your own life. "You are ruled by circumstances and it will always be like that until you learn how to manage your reality," says the author. Bringing together the cutting edge of modern science and philosophical teaching, the book's style is popular-scientific, metaphorical and conversational. Books in the series: Reality Transurfing 1: The Space of Variations; Reality Transurfing 2: A Rustle of Morning Stars; Reality Transurfing 3: Forward to the Past; Reality Transurfing 4: Ruling Reality; Reality Transurfing 5: Apples Fall to the Sky

Lucid Dreaming - Stephen LaBerge 2012-06-08

The average person spends nearly 25 years of their life sleeping. But you can get a lot more from sleeping than just a healthy night's rest. With the art of lucid dreaming—or becoming fully conscious in the dream state—you can find creative inspirations, promote emotional healing, gain rich insights into your waking reality, and much more. Now, with Lucid Dreaming: A Concise Guide to Awakening in Your Dreams and in Your Life, Stephen LaBerge invites you on a guided journey to learn to use conscious dreaming in your life. Distilled from his more than 20

years of pioneering research at Stanford University and the Lucidity Institute—including many new and updated techniques and discoveries—here is the most effective and easy-to-learn tool available for you to begin your own fascinating nightly exploration into Lucid Dreaming. Guided dream practices on CD (or download) include: Two trance inductions into the lucid-dream state Two daytime exercises designed to trigger lucid dreams at night LaBerge's breakthrough MILD technique for increasing lucid-dream probability fivefold or more A Tibetan-yoga dream practice

Imagine All This - Don Bosco 2016-09-15

Whatever you can imagine, you can write! But first, you must learn to imagine. This book will help you. It gives you a simple and fun process for developing all the stories that you want to write. Each chapter will focus on one specific creative task, such as figuring out your story concept, creating characters that feel alive and real, building momentum, organising your story as you write, editing your drafts, and handling different genres. There are also step-by-step instructions for developing your imagination, so that it becomes a wonderful creative playground which you can enjoy revisiting again and again. Besides explaining the basic story writing techniques, this book also draws upon recent brain science research to explain how to create more intimate and emotional story experiences for your readers.

Run for the Hills, Geronimo! (Geronimo Stilton #47) - Geronimo Stilton 2011-10-01

More than 18 million Geronimo Stilton books in print! Finally, I was about to leave for a relaxing vacation all by myself. I was ready to kick back and connect with nature. But somehow, my peaceful trip turned into a crazy treasure hunt in the beautiful Black Hills of South Dakota with the entire Stilton clan in tow! Our journey even included a hot-air balloon ride to Mount Rushmore. Holey cheese! This was one adventure I'd truly remember.

The Delivery Man - Joe McGinniss 2008

The lucrative yet dangerous world of a teenage call-girl service lures Chase and his childhood friend, Michele, in Las Vegas.

Carousel Court - Joe McGinniss 2017-07-18

Nick and Phoebe Maguire, a Southern California couple seeking a new start after a devastating loss, find themselves confronted by the economic recession and the consequences of a desperate plan to reclaim their middle-class status.

About Time - P. C. W. Davies 1996-04-09

Examines the ramifications of Einstein's relativity theory, exploring the mysteries of time and considering black holes, time travel, the existence of God, and the nature of the universe

Distant Mental Influence - William Braud 2003-12-01

Professionals in modern psychology, behavioral medicine, and psychoneuroimmunology are exploring ways in which we can "mentally" influence our own bodies through hypnosis, imagery, visualization, attention, intention, and other forms of self-regulation--for fostering physical and psychological health and well-being. Is it possible for us to use such techniques to influence others, even at a distance, for purposes of healing? Is it possible for us to influence the images, thoughts, behaviors, and physiological reactions of other persons--separated by distance--without conventional sensory means of interaction? Can these abilities extend to animals and even to cells (e.g., human red blood cells)? Might these abilities be involved in the efficacy of distant, mental, or spiritual healing and intercessory prayer? Might these influences even extend to events distant in time--even "backwards in time?" Do these influences have major implications for our scientific theories, our human identity, the interconnections between ourselves and nature, and our relationships with others? Careful laboratory work--described in detail in this book--suggests that the answer to all these questions is a resounding "Yes!" A personal introduction and 12 detailed chapters describe the evidence that support these important claims. The book also describes the factors that make such distant mental influences more or less likely, so that anyone might use these distant influence skills more effectively and consistently for their own benefit and for the benefit of others.

Ambedkar, Gandhi and Patel - Raja Sekhar Vundru 2017-12-10

In 1931 Mahatma Gandhi and Dr. B R Ambedkar met in London and

clashed on the future of India's electoral system. Later in 1932 when the British announced reserved seats for dalits, Gandhi went on a fast unto death. Ambedkar saved his life by agreeing to the changed terms of representation, which changed the course of electoral system of India. The Gandhi - Ambedkar engagement was only on the electoral system and method of election by separate electorates which Muslims enjoyed till then. Till the partition of India in 1947, the draft Constitution provided reserved seats for minorities and Dalits, which Sardar Patel chose to abolish. The fate of India's electoral system shifted to Ambedkar and Sardar Patel after Gandhi's assassination in 1948. Sardar Patel tried to abolish reserved seats for Dalits also in 1948 only to be thwarted by Ambedkar. Those reserved seats continue. Based on a singular pursuit of tracing the electoral system and methods that define India-the world's largest democracy, this book is the first to document the evolution and account of electoral history of colonial and independent India. Do we know how Sardar Patel and Gandhi used electoral system to integrate India? Since the first provincial elections in 1937, do we know that double member constituencies existed till 1961, only to be abolished by Jawaharlal Nehru? Do we know that Ambedkar lost his first election in independent India because voters threw away their ballots? If we need women reserved seats, we need to know that we might have to try to double member constituencies. This book tells all. The story of electoral thoughts and ideas of Ambedkar, Gandhi and Patel and Ambedkar's struggle to get a representative electoral system appear for the first time in a book. In India only election results are predicted, analysed and compiled. The electoral method that determines India's every election comes into focus in this book. Can any political party get away without offering tickets to one minority community or Dalits? The history is the answer to the future - through this book.

Manipura - Tha Third Chakra - French Academy 2019-02-04

With the word Chakra, which derives from Sanskrit and means "wheel", we want to indicate the seven basic centers of energy in the human body. The chakras are centers of subtle psychic energy located along the spine. Each of these centers is connected, at the level of subtle energies, to the

main ganglia of the nerves that branch out from the vertebral column. In addition, the chakras are related to the levels of consciousness, to the archetypal elements, to the phases inherent in the development of life, to colors, which are closely related to the Chakras, because they are located outside of our body, but within the aura, that is to say the electromagnetic field that surrounds each person, to the sounds, to the functions of the body and to much, much more. In this third volume (of the seven dedicated to each chakra) we will go on to study Manipura in detail, the Third Chakra, also called the Solar Plexus Chakra, located at the height of the diaphragm, just below the breastbone. This center is the fulcrum of individual and collective well-being. The Third Chakra is responsible for the well-being and evolution of mankind. Money is considered important to satisfy primary desires and needs, provided it does not become a priority. From a physical point of view, the Third Chakra deals with the organs corresponding to the solar plexus area such as the intestine, the stomach, the liver and the biliary vesicle. Its geometric symbol is the equilateral triangle, corresponding to the Fire element. Its Color is Yellow, it is bipolar and is oriented horizontally. The Third Chakra represents the strength of will, efficiency and charisma.

Reality Transurfing. Steps I-V - Vadim Zeland 2016-04-18

Transurfing is a powerful tool for managing reality. Apply it and life will begin to change according to YOUR order. When you use Transurfing goals are not reached, so much as realised for the most part of themselves. It seems impossible to believe but only at first. The ideas presented in the book have already received practical confirmation. Those who have tried Transurfing, experience surprise bordering on delight as the world of the Transurfer inexplicably changes before their very eyes. What is the book about? Transurfing is the art of controlling reality using our freedom of choice. The world always reflects our perception of it. People can choose any variant of the development of current reality and thereby find themselves in circumstances they find desirable. To learn how to do this, you have to learn how to establish mutual understanding between the soul and mind, formulate intention and avoid the influence of destructive pendulums. Why should you read

this book? Most people who have read "Transurfing," note that from the very first pages, the book completely reverses their view of the world and the role of the individual in their own life. A fresh look at reality encourages the reader to consciously relate to the choices they make in any moment, and this really changes their life in the direction they would like. "It works!" is the phrase found in almost all reviews of Vadim Zeland's book. Who is this book for? The book has aroused great interest among the young and middle-aged, those who are interested equally in philosophy, psychology and physics and the mysteries of human consciousness. Why we decided to publish it The idea of "Transurfing Reality" quickly gained popularity when the author posted the text on the Internet. Numerous readers' reviews, saying that it really works, and the author's original take on the structure of reality prompted the publishers decide to publish Vadim Zeland's manuscript. We had no doubt that "Transurfing" would be popular among a huge audience About the author Vadim Zeland: "I'm over forty. Before the collapse of the Soviet Union I was engaged in research in the field of quantum physics, then computer technology, and now books. I live in Russia. My nationality is Russian, or more precisely, a quarter Estonian. The rest is irrelevant, as is all the above. Regarding my own success, all I can say is that Transurfing works perfectly. I don't however want to advertise my personal life, as then it would cease to be personal. Fame turns against you, if you give in to temptation and climb up on a pedestal for all to see. Among some people, the American Indians, for example, there is a belief that if someone copies your portrait (photographs you), they steal part of your soul. Of course, this is just superstition, but there is no smoke without fire. You can distribute a product of personal creativity; but release your personality for mass circulation - never. To the question of intrigued readers: "Who are you, Vadim Zeland?," I usually just say: "Nobody." My biography can not and should not be a matter of interest, since I am not the creator of Transurfing, only a "retranslator." It is essential that we be nothing - an empty vessel, so that we do not impose our personal distortions onto this ancient Knowledge, that opens the door to a world, where the impossible becomes possible. Reality ceases to exist as

something external and independent. and becomes manageable if you follow certain rules. The secret itself that is hidden only in as much as it lies on the surface, is so great that the personality of its bearer ceases to be relevant. Perhaps the guardians who passed on this knowledge to me are of genuine interest but they too prefer to remain in the wings."

Priestess Itfut - Vadim Zeland 2020-07-30

Everyone's watching Tufti. Everyone's reading Tufti. Everyone's talking about Tufti. Some shout, "We can't stand Tufti!" Others shout, "We want Tufti!" So who is she Priestess Itfut, who goes by the second name Tufti? Tufti is not a made up character. She used to exist and in some sense she still does. This book describes the amazing adventures of the priestess and her friends in metareality. What happens there is not entirely fiction. Truth be told, it is not fiction at all. The reader will have to decide for themselves how much of it they wish to believe. This book does not promise a magic wand and you will not absorb the superpowers of its fabulous characters by reading it, but you can take Tufti's techniques away with you, as many others have done already.

The Discworld Atlas - Terry Pratchett 2015-10-22

Unseen University are proud to present the most comprehensive map and guide to the Disc yet produced. In this noble endeavour, drawing upon the hard won knowledge of many great and, inevitably, late

explorers, one may locate on a detailed plan of our world such fabled realms as the Condiment Isles, trace the course of the River Kneck as it deposits silt and border disputes in equal abundance on the lands either side, and contemplate the vast deserts of Klatch and Howondaland - a salutary lesson in the perils of allowing ones goats to graze unchecked. This stunning work brings to life the lands and locations of the Discworld stories in a way never seen before. Accompanied by lavish full-colour illustrations and a detailed world map, this is a must-have for any Discworld fan.

The Sword of Shannara Trilogy - Terry Brooks 2004

THE SWORD OF SHANNARA: Long ago, the world of Shea Ohmsford was torn apart by war. But the half-human, half-elfin, Shea now lives in peace - until the forbidding figure of Allanon appears, to reveal that the long dead Warlock Lord lives again ... THE ELFSTONES OF SHANNARA: Ancient evil threatens the Elves and the Races of Man. For the Ellcry, the tree of long-lost Elven magic, is dying - loosing the spell of Forbidding that locks the hordes of Demons away from Earth. Only one source has the power to stop it: the Elfstones of Shannara. THE WISHSONG OF SHANNARA: Evil stalks the Four Lands as the Ildatch, immemorial book of evil spells, has stirred to eldritch life. Once again Allanon, ancient Druid Protector of the Races, must seek the help of a descendant of Jerle Shannara.
