Using Technology with Classroom

Instruction that Works - Howard Pitler 2012

Learn how to improve instruction by * Collecting the right data--the right way. * Incorporating relevant data into everyone's daily life. *

Resisting the impulse to set brand-new goals every year. * Never settling for "good enough." *

Anticipating changes--big and small, local and federal. * Collaborating and avoiding privatized practice. * Involving all stakeholders in

identifying problems, setting goals, and analyzing data. * Agreeing on what constitutes high-quality instruction and feedback. The challenge is to understand that data--not

intuition or anecdotal reports--are tools to be used in getting better at teaching students. And teaching students effectively is what schools are

all about. Following the guidance in this book, overcome uncertainty and concerns about data as you learn to collect and analyze both soft and hard data and use their secrets for instructional improvement in your school.

Modern Social Work Theory - Malcolm Payne
2014-06

This masterly text is a classic in its field and will be a reliable companion throughout the course of your studies and your career as a social work practitioner. In this substantially reworked and updated fourth edition of his best-selling text, Malcolm Payne presents clear and concise evaluations of the pros and cons of major theories that inform social work practice, and comparisons between them. Modern Social Work Theory is now more accessible and

comprehensive than ever, offering: the most complete coverage of social work theory, from classic perspectives to the very latest ideas, including a new chapter dedicated to strengths, narrative, and solutions approaches; a host of brand new case examples showing how theories can be applied to everyday practice; new analysis of the ethical dimensions of different social work theories and what common values they share; Pause and Reflect questions to encourage you to draw on your own experience and develop your thinking; and updated Example text sections which summarize the most current thinking and help bridge the gap between introductions to each theory and more specialist writing.
