## **This is how to Get Your Next Job** - Andrea Kay 2013

Offers advice on how job hunters should present themselves to potential employers.

## **Don't Chase the Dream Job, Build It** - Evan Thomsen 2021-07-09

Forget the conventional idea of the dream job - you know, the one where your teenage self makes a life altering judgement on "doing what they love" and then invests years and six figures into that judgement... You will, and CAN, do many things in your life. This book is the blueprint to actually getting your dream job, by building it yourself.

## **The Middle Finger Project** - Ash Ambirge 2020-02-11

Fresh, funny, and fearless, *The Middle Finger Project* is a point-by-point primer on how to get unstuck, slay imposter syndrome, trust in your own worth and ability, and become a strong, capable, wonderful, weird, brilliant, ballsy, unfuckwithable YOU. "Don't worry, this isn't a book about God, nor is it a book about Ryan Gosling (second in command). But it is a book about authority and becoming your own." --Ash Ambirge After a string of dead-end jobs and a death in the family, Ash Ambirge was down to her last \$26 and sleeping in a Kmart parking lot when she faced the truth: No one was coming to her rescue. It was up to her to appoint herself. That night led to what eventually became a six-figure freelance career as a sought-after marketing and copywriting consultant, all while sipping coffee from her front porch in Costa Rica. She then launched *The Middle Finger Project*, a blog and online course hub, which has provided tens of thousands of young "women who disobey" with the tools and mindset to give everyone else's expectations the finger and get on your own path to happiness, wealth, independence, and adventure. In her first book, Ash draws on her unconventional personal story to offer a fun, bracing, and occasionally potty-mouthed manifesto for the transformative power of radical self-reliance. Employing the signature wit and wordsmithing she's used to build an avid following, she offers paradigm-shifting advice along the lines of: • The best feeling in the world is knowing who you are and what you're capable of doing. • Life circumstances are not life sentences. If a Scranton girl who grew up in a trailer park can make it, so can you. • What you believe about yourself will either murder your chances or save your life. So why not believe something good? • You don't need a high-ranking job title to be authorized to contribute. You just need to contribute. • Be your own authority. Authority only works as long as you trust that someone smarter than you is making the rules. • The way you become a force is by being the most radically real version of yourself that you can be. • You only have 12 fucks a day to give, so use them wisely.

## **Ask a Manager** - Alison Green 2018-05-01

From the creator of the popular website *Ask a Manager* and New York's work-advice columnist comes a witty, practical guide to 200 difficult professional conversations—featuring all-new advice! There's a reason Alison Green has been called "the Dear Abby of the work world." Ten years as a workplace-advice columnist have taught her that people avoid awkward conversations in the office because they simply don't know

what to say. Thankfully, Green does—and in this incredibly helpful book, she tackles the tough discussions you may need to have during your career. You'll learn what to say when • coworkers push their work on you—then take credit for it • you accidentally trash-talk someone in an email then hit "reply all" • you're being micromanaged—or not being managed at all • you catch a colleague in a lie • your boss seems unhappy with your work • your cubemate's loud speakerphone is making you homicidal • you got drunk at the holiday party Praise for *Ask a Manager* "A must-read for anyone who works . . . [Alison Green's] advice boils down to the idea that you should be professional (even when others are not) and that communicating in a straightforward manner with candor and kindness will get you far, no matter where you work."—Booklist (starred review) "The author's friendly, warm, no-nonsense writing is a pleasure to read, and her advice can be widely applied to relationships in all areas of readers' lives. Ideal for anyone new to the job market or new to management, or anyone hoping to improve their work experience."—Library Journal (starred review) "I am a huge fan of Alison Green's *Ask a Manager* column. This book is even better. It teaches us how to deal with many of the most vexing big and little problems in our workplaces—and to do so with grace, confidence, and a sense of humor."—Robert Sutton, Stanford professor and author of *The No Asshole Rule* and *The Asshole Survival Guide* "Ask a Manager is the ultimate playbook for navigating the traditional workforce in a diplomatic but firm way."—Erin Lowry, author of *Broke Millennial: Stop Scraping By and Get Your Financial Life Together*

*The Great Mental Models: General Thinking Concepts* - Farnam Street 2019-12-16

The old saying goes, "To the man with a hammer, everything looks like a nail." But anyone who has done any kind of project knows a hammer often isn't enough. The more tools you have at your disposal, the more likely you'll use the right tool for the job - and get it done right. The same is true when it comes to your thinking. The quality of your outcomes depends on the mental models in your head. And most people are going through life with little more than a hammer. Until now. *The Great Mental Models: General Thinking Concepts* is the first book in *The Great Mental Models* series designed to upgrade your thinking with the best, most useful and powerful tools so you always have the right one on hand. This volume details nine of the most versatile, all-purpose mental models you can use right away to improve your decision making, productivity, and how clearly you see the world. You will discover what forces govern the universe and how to focus your efforts so you can harness them to your advantage, rather than fight with them or worse yet- ignore them. Upgrade your mental toolbox and get the first volume today. AUTHOR BIOGRAPHY Farnam Street (FS) is one of the world's fastest growing websites, dedicated to helping our readers master the best of what other people have already figured out. We curate, examine and explore the timeless ideas and mental models that history's brightest minds have used to live lives of purpose. Our readers include students, teachers, CEOs, coaches, athletes, artists, leaders, followers, politicians and more. They're not defined by gender, age, income, or politics but rather by a shared passion for avoiding problems, making better decisions, and lifelong learning. AUTHOR HOME Ottawa, Ontario, Canada

## **The Trouble with Passion** - Erin Cech 2021-11-09

Probing the ominous side of career advice to "follow your passion," this data-driven study explains how the passion principle fails us and perpetuates inequality by class, gender, and race; and it suggests how we can reconfigure our relationships to paid work. "Follow your passion" is a popular mantra for career decision-making in the United States. Passion-seeking seems like a promising path for avoiding the potential drudgery of a life of paid work, but this "passion principle"—seductive as it is—does not universally translate. *The Trouble with Passion* reveals the significant downside of the passion principle: the concept helps culturally

legitimize and reproduce an exploited, overworked white-collar labor force and broadly serves to reinforce class, race, and gender segregation and inequality. Grounding her investigation in the paradoxical tensions between capitalism's demand for ideal workers and our cultural expectations for self-expression, sociologist Erin A. Cech draws on interviews that follow students from college into the workforce, surveys of US workers, and experimental data to explain why the passion principle is such an attractive, if deceptive, career decision-making mantra, particularly for the college educated. Passion-seeking presumes middle-class safety nets and springboards and penalizes first-generation and working-class young adults who seek passion without them. The ripple effects of this mantra undermine the promise of college as a tool for social and economic mobility. The passion principle also feeds into a culture of overwork, encouraging white-collar workers to tolerate precarious employment and gladly sacrifice time, money, and leisure for work they are passionate about. And potential employers covet, but won't compensate, passion among job applicants. This book asks, What does it take to center passion in career decisions? Who gets ahead and who gets left behind by passion-seeking? The Trouble with Passion calls for citizens, educators, college administrators, and industry leaders to reconsider how we think about good jobs and, by extension, good lives.

**Down and Out in the New Economy** - Ilana Gershon 2017-04-12

Preface: a book about advice, not an advice book -- Introduction: the company you keep -- You are just like Coca-Cola: selling your self through personal branding -- Being generic--and not--in the right way -- Getting off the screen and into networks -- Didn't we meet on LinkedIn? - - Changing the technological infrastructure of hiring -- The decision makers: what it means to be a hiring manager, recruiter, or HR person -- When moving on is the new normal -- Conclusion: we wanted a labor force but human beings came instead

**Bullshit Jobs** - David Graeber 2019-05-07

From bestselling writer David Graeber—"a master of opening up thought and stimulating debate" (Slate)—a powerful argument against the rise of meaningless, unfulfilling jobs...and their consequences. Does your job make a meaningful contribution to the world? In the spring of 2013, David Graeber asked this question in a playful, provocative essay titled "On the Phenomenon of Bullshit Jobs." It went viral. After one million online views in seventeen different languages, people all over the world are still debating the answer. There are hordes of people—HR consultants, communication coordinators, telemarketing researchers, corporate lawyers—whose jobs are useless, and, tragically, they know it. These people are caught in bullshit jobs. Graeber explores one of society's most vexing and deeply felt concerns, indicting among other villains a particular strain of finance capitalism that betrays ideals shared by thinkers ranging from Keynes to Lincoln. "Clever and charismatic" (The New Yorker), Bullshit Jobs gives individuals, corporations, and societies permission to undergo a shift in values, placing creative and caring work at the center of our culture. This book is for everyone who wants to turn their vocation back into an avocation and "a thought-provoking examination of our working lives" (Financial Times).

**Don't Get A Job, Build A Business** - Joanne Hession 2013-01-18

This book is full of the kind of information you need to run a small business successfully - whether you are just starting out, or you have an established business and you want to develop it and ensure its survival. Through a series of 'Killer Questions' the authors highlight all the important things you need to think about to make your business a success and ensure you are heading in the right direction. The book is divided into three sections: the first deals with the business owner themselves, the second addresses other people involved in the business,

whether they are customers, suppliers, staff or consultants, and the third looks at the structure of and planning in the business. The informal approach and short chapters means that the book can either be read straight through or be dipped in and out of for easy reference. The authors have a combination of fifty years' business experience between them and are both currently involved in business training and coaching. **Making a Living Without a Job** - Barbara Winter 2009-07-22

A guide to making money sans job offers insight-provoking interactive tests, self-evaluations, charts, and checklists, as well as numerous anecdotes about people who are successfully self-employed. "If you are ready to stretch your mind to the idea of making a living without a job, you'll find plenty of encouragement and practical information here. Designing a lifestyle for yourself that nurtures and supports who you are and what you value won't happen instantaneously, but this book will certainly make the process simpler and easier for you. Becoming joyfully jobless begins with a commitment to self-discovery, a curiosity about your potential, and a willingness to acquire the information and skills that will enhance your work. Your way will be unlike anyone else's, although you will share a deep camaraderie with others on this path. Being your own boss is both heady and humbling, but it's seldom boring." —Barbara J. Winter, from the Introduction

**Why Good People Can't Get Jobs** - Peter Cappelli 2012-05-29

Peter Cappelli confronts the myth of the skills gap and provides an actionable path forward to put people back to work. Even in a time of

perilously high unemployment, companies contend that they cannot find the employees they need. Pointing to a skills gap, employers argue applicants are simply not qualified; schools aren't preparing students for jobs; the government isn't letting in enough high-skill immigrants; and even when the match is right, prospective employees won't accept jobs at the wages offered. In this powerful and fast-reading book, Peter Cappelli, Wharton management professor and director of Wharton's Center for Human Resources, debunks the arguments and exposes the real reasons good people can't get hired. Drawing on jobs data, anecdotes from all sides of the employer-employee divide, and interviews with jobs professionals, he explores the paradoxical forces bearing down on the American workplace and lays out solutions that can help us break through what has become a crippling employer-employee stand-off. Among the questions he confronts: Is there really a skills gap? To what extent is the hiring process being held hostage by automated software that can crunch thousands of applications an hour? What kind of training could best bridge the gap between employer expectations and applicant realities, and who should foot the bill for it? Are schools really at fault? Named one of HR Magazine's Top 20 Most Influential Thinkers of 2011, Cappelli not only changes the way we think about hiring but points the way forward to rev America's job engine again.

**Don't Quit Your Day Job** - Sonny Brewer 2010-11-01

P. J. O'Rourke said, "Creative writing teachers should be purged until every last instructor who has uttered the words 'Write what you know' is confined to a labor camp... The blind guy with the funny little harp who composed *The Iliad*, how much combat do you think he saw?" Like O'Rourke, William Faulkner had his own take on the Other Commandment for writers, the one that goes, "Thou shalt not quit thy day job". Faulkner, who won the 1949 Nobel Prize for Literature, had, twenty-five years before, worked at the post office in his hometown of Oxford, Mississippi. Mr Faulkner was known to say, "One of the saddest things is that the only thing a man can do for eight hours, is work. You can't eat eight hours a day, nor drink for eight hours a day, nor make love for eight hours". He must have been determined to give something else (writing, we may assume, perhaps a glass of whisky on the side) a whirl when he tendered his resignation to the postmaster. "I reckon I'll be at the beck and call of folks with money all my life", he said, "but thank God I won't ever again have to be at the beck and call of every son of a bitch who's got two cents to buy a stamp." The authors in this book have tried their hands at some of the same jobs you have held, or still keep. They've worked on the railroad, busted rocks with a sledgehammer, fought fires, wiped tables, soldiered and carpentered and spied, delivered pizzas, lacquered boat paddles, counted heads for the church, sold underwear, and delivered the mail. They've driven garbage trucks. And like William Faulkner before them they have quit those day jobs. And like Faulkner they write. They tell good tales. If you wonder what work preceded their efforts to produce a great pile of books, if you would like to know how they made the transition to, as William Gay said, "clocking in at the culture factory", then this is the book you've been waiting for...

*Never Get a "Real" Job* - Scott Gerber 2010-12-07

Young serial entrepreneur Scott Gerber is not the product of a wealthy family or storied entrepreneurial heritage. Nor is he the outcome of a traditional business school education or a corporate executive turned entrepreneur. Rather, he is a hard-working, self-taught 26-year-old hustler, rainmaker, and bootstrapper who has survived and thrived despite never having held the proverbial "real" job. In *Never Get a "Real" Job: How to Dump Your Boss, Build a Business, and Not Go Broke*, Gerber challenges the social conventions behind the "real" job and empowers young people to take control of their lives and dump their nine-to-fives—or their quest to attain them. Drawing upon case studies, experiences, and observations, Scott dissects failures, shares hard-learned lessons, and presents practical, affordable, and systematic action steps to building, managing, and marketing a successful business on a shoestring budget. The proven, no-b.s. methodology presented in *Never Get a "Real" Job* teaches unemployed and underemployed Gen-Yers, aspiring small business owners, students, and recent college graduates how to quit 9-to-5s, become their own bosses, and achieve financial independence.

**Why Don't They Just Get a Job?** - Liane Phillips 2010

WHY DON'T THEY JUST GET A JOB? describes the journey and the incredible results of Dave and Liane Phillips efforts to help those in poverty find their way to self sufficiency. Under the premise that existing job-readiness programs only focus on job placement and not retention to help the unemployed and underemployed, Dave and Liane Phillips created a poverty to economic self-sufficiency program with an 80% one-year employment retention rate. In the past three years this organization, Cincinnati Works, has brought \$25 million in wages locally to over 1500 families. The not-for-profit offers a complete spectrum of free, lifetime employment services for the entry-level job-seeker to sustain and advance in today's work climate. The model is a winner of the 2009 Manhattan Institute Social Entrepreneur Award. Following its success, Dave Phillips is now volunteering as a consultant for similar programs in other cities.

**Don't Get a Job Make a Job** - Gemma Barton 2016-03-15

Too often a design or architecture degree is seen as a means to an end (a job in an established practice). But imagine for one moment that there are no employers, no firms to send your resumé to, no interviews to be had—what would you do? How would you forge your own path after graduation? The current economic climate has seen many graduates chasing a finite number of positions. The most ingenious and driven designers have found weird and wonderful ways of making opportunities for themselves, often by applying their skills across the creative disciplines of art, design, architecture, and interiors. Knowing what you want from your design career and being able to adapt your strategy to suit is basic and vital—just like in the wild, designers need to evolve. The book celebrates the various strategies that students and graduates are taking to gain exposure, while also including interviews and inspirational advice from those who are now enjoying success as a result of their creative approach to employment.

**Work Won't Love You Back** - Sarah Jaffe 2021-01-26

A deeply-reported examination of why "doing what you love" is a recipe for exploitation, creating a new tyranny of work in which we cheerily acquiesce to doing jobs that take over our lives. You're told that if you "do what you love, you'll never work a day in your life." Whether it's working for "exposure" and "experience," or enduring poor treatment in the name of "being part of the family," all employees are pushed to make sacrifices for the privilege of being able to do what we love. In Work

Won't Love You Back, Sarah Jaffe, a preeminent voice on labor, inequality, and social movements, examines this "labor of love" myth—the idea that certain work is not really work, and therefore should be done out of passion instead of pay. Told through the lives and experiences of workers in various industries—from the unpaid intern, to the overworked teacher, to the nonprofit worker and even the professional athlete—Jaffe reveals how all of us have been tricked into buying into a new tyranny of work. As Jaffe argues, understanding the trap of the labor of love will empower us to work less and demand what our work is worth. And once freed from those binds, we can finally figure out what actually gives us joy, pleasure, and satisfaction.
