The Devil All the Time - Donald Ray Pollock 2011-07-12

Now a Netflix film starring Tom Holland and Robert Pattinson A dark and riveting vision of 1960s America that delivers literary excitement in the highest degree. In *The Devil All the Time*, Donald Ray Pollock has written a novel that marries the twisted intensity of Oliver Stone's *Natural Born Killers* with the religious and Gothic overtones of Flannery O'Connor at her most haunting. Set in rural southern Ohio and West Virginia, *The Devil All the Time* follows a cast of compelling and bizarre characters from the end of World War II to the 1960s. There's Willard Russell, tormented veteran of the carnage in the South Pacific, who can't save his beautiful wife, Charlotte, from an agonizing death by cancer no matter how much sacrificial blood he pours on his "prayer log." There's Carl and Sandy Henderson, a husband-and-wife team of serial killers, who troll America's highways searching for suitable models to photograph and exterminate. There's the spider-handling preacher Roy and his crippled virtuoso-guitar-playing sidekick, Theodore, running from the law. And caught in the middle of all this is Arvin Eugene Russell, Willard and Charlotte's orphaned son, who grows up to be a good but also violent man in his own right. Donald Ray Pollock braids his plotlines into a taut narrative that will leave readers astonished and deeply moved. With his first novel, he proves himself a master storyteller in the grittiest and most uncompromising American grain.

The perfect gift! A specially priced, beautifully designed hardcover edition of *The Joy of the Gospel* with a foreword by Robert Barron and an afterword by James Martin, SJ. "The joy of the gospel fills the hearts and lives of all who encounter Jesus... In this Exhortation I wish to encourage the Christian faithful to embark upon a new chapter of evangelization marked by this joy, while pointing out new paths for the Church's journey in years to come." - Pope Francis This special edition of Pope Francis's popular message of hope explores themes that are important for believers in the 21st century. Examining the many obstacles to faith and what can be done to overcome those hurdles, he emphasizes the importance of service to God and all his creation. Advocating for "the homeless, the addicted, refugees, indigenous peoples, the elderly who are increasingly isolated and abandoned," the Holy Father shows us how to respond to poverty and current economic challenges that affect us locally and globally. Ultimately, Pope Francis demonstrates how to develop a more personal relationship with Jesus Christ, "to recognize the traces of God's Spirit in events great and small." Profound in its insight, yet warm and accessible in its tone, *The Joy of the Gospel* is a call to action to live a life motivated by divine love and, in turn, to experience heaven on earth. Escaping Emotional Abuse - Beverly Engel 2020-12-29

"Extremely informative and comprehensive." —Lundy Bancroft, author of *Why Does He Do That?* The world-renowned therapist and author of the groundbreaking self-help classic, *The Emotionally Abused Woman*, delves into one of the most destructive and powerful weapons of the abuser: shame. And reveals its most powerful antidote . . . Does your partner humiliate you, especially in front of others? Is your partner impossible to please? Are you convinced something is wrong with you? Are you too ashamed to admit you are being abused? In *The Emotionally Abused Woman*, therapist Beverly Engel introduced the concept of emotional abuse, one of the most subtle, yet devastating forms of abuse within a relationship. Now Engel exposes the techniques the abuser uses to break your spirit and gain control—and guides you in how to free yourself from the shame that can keep you from the life, and the love, that you deserve. By using your deepest fears against you, the abuser strips you of self-esteem, dignity, and humanity—making you feel unworthy and utterly powerless to escape. But you possess a potent tool with which to combat shame: self-compassion. In these pages, Engel shows you how to access it. Using her highly effective Shame Reduction Program, she helps you jumpstart the process of recovery by offering specific steps to help you heal and regain self-confidence. An invaluable resource for both men and women who suffer from emotional abuse, as well as therapists and advocates, *Escaping Emotional Abuse* is a supportive, nurturing guide for anyone seeking to break the chains of shame, and gain the emotional freedom to create healthier, lasting relationships. Love Thy Body - Nancy R. Pearcey 2018-01-02

Why the call to Love Thy Body? To counter a pervasive hostility toward the body and biology that drives today's headline stories:

Transgenderism: Activists detach gender from biology. Kids down to kindergarten are being taught their bodies are irrelevant. Is this affirming--or does it demean the body? Homosexuality: Advocates disconnect sexuality from biological identity. Is this liberating--or does it denigrate biology? Abortion: Supporters deny the fetus is a person, though it is biologically human. Does this mean equality for women--or does it threaten the intrinsic value of all humans? Euthanasia: Those who lack certain cognitive abilities are said to be no longer persons. Is this compassionate--or does it ultimately put everyone at risk? In *Love Thy Body*, bestselling author Nancy Pearcey goes beyond politically correct slogans with a riveting exposé of the dehumanizing worldview that shapes current watershed moral issues. Pearcey then turns the tables on media boilerplate that misportrays Christianity as harsh or hateful. A former agnostic, she makes a surprising and persuasive case that Christianity is holistic, sustaining the dignity of the body and biology. Throughout she entrances readers with compassionate stories of people wrestling with hard questions in their own lives--their pain, their struggles, their triumphs. "Liberal secularist ideology rests on a mistake and Nancy Pearcey in her terrific new book puts her finger right on it. In embracing abortion, euthanasia, homosexual conduct and relationships, transgenderism, and the like, liberal secularism . . . is philosophically as well as theologically untenable."--Robert P. George, Princeton University "Wonderful guide."--Sam Allberry, author, *Is God Anti-Gay?* "A must-read."--Rosaria Butterfield, former professor, Syracuse University; author, *The Secret Thoughts of an Unlikely Convert* "An astute but accessible analysis of the intellectual roots of the most important moral ills facing us today: abortion, euthanasia, and redefining the family."--Richard Weikart, California State University, Stanislaus "Highly readable, insightful, and informative."--Mary Poplin, Claremont Graduate University; author, *Is Reality Secular?* "Unmasks the far-reaching practical consequences of mind-body dualism better than anyone I have ever seen."--Jennifer Roback Morse, founder and president, The Ruth Institute "Love Thy Body richly enhances the treasure box that is Pearcey's collective work."--Glenn T. Stanton, Focus on the Family "Essential reading . . . Love Thy Body brings clarity and understanding to the multitude of complex and confusing views in discussions about love and sexuality."--Becky Norton Dunlop, Ronald Reagan Distinguished Fellow, The Heritage Foundation "Pearcey gets straight to the issue of our day: What makes humans valuable in the first place? You must get this book. Don't just read it. Master it."--Scott Klusendorf, president, Life Training Institute

I'm Saying No! - Beverly Engel 2019-04-02

In spite of the #MeToo and #TimesUp movements, many women are still afraid to say no to unwanted sexual advances and reluctant to report sexual violations. Far too many college students are being raped and are afraid to report it. Women are subjected to sexual harassment, sexual bullying, and sexual pressure every day on the street, at work, and at

home but are unable to speak truth to power or to report these sexual offenses. *I'm Saying No!* is written specifically for these women—women who are still afraid to speak up for themselves, women who need to learn how to do so, and women whose personal history of child sexual abuse or sexual assault as an adult has wounded them so much that they have lost their voice. Here, Beverly Engel—an internationally recognized psychotherapist and acclaimed advocate for victims of sexual, physical, and emotional abuse—offers a ground-breaking program to help all the women who have been silenced by past trauma, women who were raised to believe they didn't have a right to say no, and women who have spoken out in the past only to go unheard. Bold and timely, *I'm Saying No!* offers women the encouragement, support, and guidelines they need in order to become the powerful women they are—women who believe in themselves and stand up for themselves.

Resurrection Science - M. R. O'Connor 2015-09-15

****A Library Journal Best Book of 2015 **** ****A Christian Science Monitor Top Ten Book of September**** In a world dominated by people and rapid climate change, species large and small are increasingly vulnerable to extinction. In *Resurrection Science*, journalist M. R. O'Connor explores the extreme measures scientists are taking to try and save them, from captive breeding and genetic management to de-extinction.

Paradoxically, the more we intervene to save species, the less wild they often become. In stories of sixteenth-century galleon excavations, panther-tracking in Florida swamps, ancient African rainforests, Neanderthal tool-making, and cryogenic DNA banks, O'Connor investigates the philosophical questions of an age in which we "play god" with earth's biodiversity. Each chapter in this beautifully written book focuses on a unique species—from the charismatic northern white rhinoceros to the infamous passenger pigeon—and the people entwined in the animals' fates. Incorporating natural history and evolutionary biology with conversations with eminent ethicists, O'Connor's narrative goes to the heart of the human enterprise: What should we preserve of wilderness as we hurtle toward a future in which technology is present in nearly every aspect of our lives? How can we co-exist with species when our existence and their survival appear to be pitted against one another?

Reviving Ophelia - Mary Pipher, PhD 2005-08-01

#1 New York Times Bestseller The groundbreaking work that poses one of the most provocative questions of a generation: what is happening to the selves of adolescent girls? As a therapist, Mary Pipher was becoming frustrated with the growing problems among adolescent girls. Why were so many of them turning to therapy in the first place? Why had these lovely and promising human beings fallen prey to depression, eating disorders, suicide attempts, and crushingly low self-esteem? The answer hit a nerve with Pipher, with parents, and with the girls themselves. Crashing and burning in a "developmental Bermuda Triangle," they were coming of age in a media-saturated culture preoccupied with unrealistic ideals of beauty and images of dehumanized sex, a culture rife with addictions and sexually transmitted diseases. They were losing their resiliency and optimism in a "girl-poisoning" culture that propagated values at odds with those necessary to survive. Told in the brave, fearless, and honest voices of the girls themselves who are emerging from the chaos of adolescence, *Reviving Ophelia* is a call to arms, offering important tactics, empathy, and strength, and urging a change where young hearts can flourish again, and rediscover and reengage their sense of self.

The Rape of Eve - Celene Lillie 2017-01-01

Sex, violence, power, and redemption. In recent decades, scholars of New Testament and early Christian traditions have given new attention to the relationships between gender and imperial power in the Roman world. In this surprising work, Celene Lillie examines core passages from three Gnostic texts from Nag Hammadi, *On the Origin of the World*, *The Reality of the Rulers*, and *The Secret Revelation of John*, in which Eve is portrayed as having been humiliated by the cosmic powers, yet experiencing restoration. Lillie compares that pattern with Gnostic savior motifs concerning Jesus and Seth, then sets it in the broader context of Roman cosmogonic myths at play in imperial ideology. The Nag Hammadi texts, she argues, offer us a window into symbolic forms of Christian resistance to imperial ideology. This groundbreaking study highlights the importance of the Nag Hammadi writings for our fuller

appreciation of the currents of Christian response to the Roman Empire and the culture of rape pervasive within it.

The Trauma of Everyday Life - Mark Epstein, M.D. 2014-07-29

A revolutionary reexamination of trauma's role in the life journey, opening the door to growth and healing Trauma does not just happen to a few unlucky people; it is the bedrock of our psychology. Death and illness touch us all, but even the everyday sufferings of loneliness and fear are traumatic. In *The Trauma of Everyday Life* renowned psychiatrist and author of *Thoughts Without a Thinker* Mark Epstein uncovers the transformational potential of trauma, revealing how it can be used for the mind's own development. Western psychology teaches that if we understand the cause of trauma, we might move past it while many drawn to Eastern practices see meditation as a means of rising above, or distancing themselves from, their most difficult emotions. Both, Epstein argues, fail to recognize that trauma is an indivisible part of life and can be used as a lever for growth and an ever deeper understanding of change. When we regard trauma with this perspective, understanding that suffering is universal and without logic, our pain connects us to the world on a more fundamental level. The way out of pain is through it. Epstein's discovery begins in his analysis of the life of Buddha, looking to how the death of his mother informed his path and teachings. The Buddha's spiritual journey can be read as an expression of primitive agony grounded in childhood trauma. Yet the Buddha's story is only one of many in *The Trauma of Everyday Life*. Here, Epstein looks to his own experience, that of his patients, and of the many fellow sojourners and teachers he encounters as a psychiatrist and Buddhist. They are alike only in that they share in trauma, large and small, as all of us do. Epstein finds throughout that trauma, if it doesn't destroy us, wakes us up to both our minds' own capacity and to the suffering of others. It makes us more human, caring, and wise. It can be our greatest teacher, our freedom itself, and it is available to all of us. Check out Epstein's latest book, *Advice Not Given: A Guide to Getting Over Yourself*.

General Theory of Victims - François Laruelle 2015-06-04

The most accessible expression of François Laruelle's non-philosophical, or 'non-standard', thought, *General Theory of Victims* forges a new role for contemporary philosophers and intellectuals by rethinking their relation to victims. A key text in recent continental philosophy, it is indispensable for anyone interested in the debates surrounding materialism, philosophy of religion, and ethics. Transforming Joseph de Maistre's adage that the executioner is the cornerstone of society, *General Theory of Victims* instead proposes the victim as the cornerstone of humanity and the key figure for contemporary thought. Laruelle condemns philosophy for participating in and legitimating the great persecutions of the twentieth century, and lays out a new vision of victim-oriented ethics. To do this, he engages the resources of both quantum physics and theology in order to adapt a key concept of non-

philosophy, Man-in-person, for a new understanding of the victim. As Man-in-person, the victim is no longer exclusively defined by suffering, but has the capacity to rise up against the world's persecution. Based on this, Laruelle develops a new ethical role for the intellectual in which he does not merely 'represent' the victim, but imitates or 'clones' it, thereby assisting the victim's uprising within thought.
