## **Parenting the New Teen in the Age of Anxiety** - Dr. John Duffy 2019-09-15

A Guidebook for Parents Navigating the New Teen Years Learn about the “New Teen” and how to adjust your parenting approach. Kids are growing up with nearly unlimited access to social media and the internet, and unprecedented academic, social, and familial stressors. Starting as early as eight years old, children are exposed to information, thought, and emotion that they are developmentally unprepared to process. As a result, saving the typical “teen parenting” strategies for thirteen-year-olds is now years too late. Urgent advice for parents of teens. Dr. John Duffy’s parenting book is a new and necessary guide that addresses this hidden phenomenon of the changing teenage brain. Dr. Duffy, a nationally recognized expert in parenting for nearly twenty-five years, offers this book as a guide for parents raising children who are growing up quickly and dealing with unresolved adolescent issues that can lead to anxiety and depression. Unprecedented psychological suffering among our young and why it is occurring. A shift has taken place in how and when children develop. Because of the exposure they face, kids are emotionally overwhelmed at a young age, often continuing to search for a sense of self well into their twenties. Paradoxically, Dr. Duffy recognizes the good that

comes with these challenges, such as the sense of justice instilled in teenagers starting at a young age. Readers of this book will: • Sort through the overwhelming circumstances of today’s teens and better understand the changing landscape of adolescence • Come away with a revised, conscious parenting plan more suited to addressing the current needs of the New Teen • Discover the joy in parenting again by reclaiming the role of your teen’s ally, guide, and consultant If you enjoyed parenting books such as *The Yes Brain*, *How to Raise an Adult*, *The Deepest Well*, and *The Conscious Parent*; then *Parenting the New Teen in the Age of Anxiety* should be next on your list!

## **The Collapse of Parenting** - Leonard Sax 2015-12-29

In this New York Times bestseller, one of America's premier child psychologists offers a must-read account of the dismal state of parenting today, and a vision for how we can better prepare our children for the challenges of the adult world In *The Collapse of Parenting*, internationally acclaimed author Leonard Sax argues that rising levels of obesity, depression, and anxiety among young people can be traced to parents abdicating their authority. The result is children who have no standard of right and wrong, who lack discipline, and who look to their peers and the Internet for direction. Sax shows

how parents must reassert their authority - by limiting time with screens, by encouraging better habits at the dinner table, and by teaching humility and perspective - to renew their relationships with their children. Drawing on nearly thirty years of experience as a family physician and psychologist, along with hundreds of interviews with children, parents, and teachers, Sax offers a blueprint parents can use to help their children thrive in an increasingly complicated world.

**Living Faith** - Susan Crawford Sullivan 2012-03-15

Scholars have made urban mothers living in poverty a focus of their research for decades. These women's lives can be difficult as they go about searching for housing and decent jobs and struggling to care for their children while surviving on welfare or working at low-wage service jobs and sometimes facing physical or mental health problems. But until now little attention has been paid to an important force in these women's lives: religion. Based on in-depth interviews with women and pastors, Susan Crawford Sullivan presents poor mothers' often overlooked views. Recruited from a variety of social service programs, most of the women do not attend religious services, due to logistical challenges or because they feel stigmatized and unwanted at church. Yet, she discovers, religious faith often plays a strong role in their lives as they contend with and try to make sense of the challenges they face. Supportive religious congregations prove important for women who are involved, she finds, but understanding everyday religion entails exploring beyond formal religious organizations. Offering a sophisticated analysis of how faith both motivates and at times constrains poor mothers' actions, *Living Faith* reveals the ways it serves as a lens through which many view and interpret their worlds.

Your child will never learn to sleep on his or her own. Stay home? You're setting a bad example for your kids. Go back to work? Don't you love your kids more than your job? **Getting by** - Christina E. Gringeri 1994

She focuses on two Midwestern communities - Riverton, Wisconsin, and Prairie Hills, Iowa - where more than 80 families have supplemented their incomes since 1986 as home-based contractors of small auto parts for The Middle Company, a Fortune 500 manufacturer and subcontractor of General Motors.

*Mommy Wars* - Leslie Morgan Steiner  
2007-02-27

With motherhood comes one of the toughest decisions of a woman's life: Stay at home or pursue a career? The dilemma not only divides

mothers into hostile, defensive camps but pits individual mothers against themselves. Leslie Morgan Steiner has been there. As an executive at The Washington Post, a writer, and mother of three, she has lived and breathed every side of the "mommy wars." Rather than just watch the battles rage, Steiner decided to do something about it. She commissioned twenty-six outspoken mothers to write about their lives, their families, and the choices that have worked for them. The result is a frank, surprising, and utterly refreshing look at American motherhood. Ranging in age from twenty-five to seventy-two and scattered across the country from New Hampshire to California, these mothers reflect the full spectrum of lifestyle choices. Women who have been home with the kids from day one, moms who shuttle from full-time office jobs to part-time at-home work, hard-driving executives who put in seventy-hour-plus weeks: they all get a turn. The one thing these women have in common, aside from having kids, is that they're all terrific writers. Pulitzer Prize winner Jane Smiley vividly recounts how her generation stormed the American workplace—only to take refuge at home when the workplace drove them out. Lizzie McGuire creator Terri Minsky describes what it felt like to hear her kids scream "I hope you never come back!" when she flew to L.A. to launch the show that made her career. Susan Cheever, novelist, biographer, and Newsday columnist, reports on the furious battles between the stroller pushers and the briefcase bearers on the streets of Manhattan. Lois R. Shea traded the journalistic fast track for a house in the country where she could raise her daughter in peace. Ann Miaszsek Sarnoff, chief operating officer of the Women's National Basketball Association, argues fiercely that you can combine ambition and motherhood—and have a blast in the process. Candid, engaging, by turns unflinchingly honest and painfully funny, the essays collected here offer an astonishingly intimate portrait of the state of motherhood today. *Mommy Wars* is a book by and for and about the real experts on motherhood and hard work: the women at home, in the office, on the job every day of their lives. Including these essays: "Neither Here nor There" by Sandy Hingston "The Mother Load" by Terri Minsky "Sharks and Jets" by Page Evans "Baby Battle"

by Susan Cheever "Guilty" by Dawn Drzal "The Donna Reed Syndrome" by Lonnae O'Neal Parker "Mother Superior" by Catherine Clifford "Good Enough" by Beth Brophy "Big House, Little House, Back House, Barn" by Lois R. Shea "What Goes Unsaid" by Sydney Trent "I Hate Everybody" by Leslie Lehr "Before; After" by Molly Jong-Fast "I Do Know How She Does It" by Ann Misiasek Sarnoff "Red Boots and Cole Haans" by Monica Buckley Price "Working Mother, Not Guilty" by Sara Nelson "Feminism Meets the Free Market" by Jane Smiley "Happy" by Anne Marie Feld "I Never Dreamed I'd Have So Many Children" by Lila Leff "On Being a Radical Feminist Stay-at-Home Mom" by Inda Schaenen "Being There" by Reshma Memon Yaqub "Russian Dolls" by Veronica Chambers "Peace and Carrots" by Carolyn Hax "Unprotected" by Natalie Smith Parra "Julia" by Anna Fels "On Balance" by Jane Juska "My Baby's Feet Are Size 13" by Iris Krasnow

Though one in four pregnancies ends in loss, miscarriage is shrouded in such secrecy and stigma that the woman who experiences it often feels deeply isolated, unsure how to process her grief. Her body seems to have betrayed her. Her confidence in the goodness of God is rattled. Her loved ones don't know what to say. Her heart is broken. She may feel guilty, ashamed, angry, depressed, confused, or alone. With vulnerability and tenderness, Adriel Booker shares her own experience of three consecutive miscarriages, as well as the stories of others. She tackles complex questions about faith and suffering with sensitivity and clarity, inviting women to a place of grace, honesty, and hope in the redemptive purposes of God without offering religious clichés and pat answers. She also shares specific, practical resources, such as ways to help guide children through grief, suggestions for memorializing your baby, and advice on pregnancy after loss, as well as a special section for dads and loved ones.

**Duct Tape Parenting** - Vicki Hoefle 2012-08-21

There's a new set of 3Rs for our kids—respect, responsibility, and resilience—to better prepare them for life in the real world. Once developed, these skills let kids take charge, and let parents step back, to the benefit of all. Casting hover mothers and helicopter parents aside, Vicki Hoefle encourages a different, counter-intuitive—yet much more effective—approach: for parents to sit on their hands, stay on the sidelines, even if duct tape is required, so that the kids step up. Duct Tape Parenting gives parents a new perspective on what it means to be effective, engaged parents and to enable kids to develop confidence through solving their own problems. This is not a book about the parenting strategy of the day—what the author calls “Post-It Note Parenting”—but rather a relationship-based guide to span all ages and stages of development. Witty, straight-shooting Hoefle addresses frustrated parents everywhere who are ready to raise confident, capable children to go out in the world.

*The Better Mom* - Ruth Schwenk 2018-04-24

Mothering is messy. Our joy and hope in raising children doesn't change the reality that being a mom can be frustrating, stressful, and tiring. But just as God is using us to shape our children, God is using our children and motherhood to shape us. In *The Better Mom*, author Ruth Schwenk, herself a mother of four children, encourages us with the good news that there is more to being a mom than the extremes of striving for perfection or simply embracing the mess. We don't need to settle for surviving our kids' childhood. We can grow through it. With

refreshing and heartfelt honesty Ruth emboldens moms to: Find freedom and walk confidently in purpose Create a God-honoring home environment Overcome unhealthy and destructive emotions such as anger, anxiety, and more Avoid glorifying the mess of mom-ing or idolizing perfection Cultivate life-giving friendships At the heart of *The Better Mom* is the message that Jesus calls us to live not a weary life, but a worthy life. We don't have to settle for either being apathetic or struggling to be perfect. Both visions of motherhood go too far. Ruth offers a better option. She says, "It's okay to come as we are, but what we're called to do and be is far too important to stay there! The way to becoming a better mom starts not with what we are doing, but with who God is inviting us to become."

**The Comeback** - Cheryl Casone 2016

Myth: "My kids will suffer if I work full time."

Reality: Your kids will be fine. In fact, the example you set by going back to work may leave them better off. Myth: "No company will want me since I don't have the skills I used to have." Reality: Don't sell yourself short. You have unique skills and experiences that every company needs. What you don't have, you can learn. Myth: "Getting back to work is impossible." Reality: Millions of women have made the comeback. You can, too. Karyn never intended to work full time again after leaving to raise her two children. But seven years later, when a divorce seemed imminent, she went job-hunting -- only to find that getting back was as daunting as climbing Mt. Everest. With no resume, no current contacts, and no transferable skills for the jobs she was applying to, Karyn didn't even know where to start. Countless women face situations like this every day, with little or no guidance. They're told to "lean in" and lobby for more sympathetic workplaces, but

none of that solves the immediate practical problem: "I need a job. Now." Fortunately, career expert and Fox Business anchor Cheryl Casone has written a comprehensive guide to making the comeback. After interviewing hundreds of women who are willing to share both their successes and their mistakes, Casone offers a one-stop shop for moms at every stage of the process. This is the perfect book if you're....

- \* Pregnant and wondering how to take an extended maternity leave without losing your contacts and momentum.
- \* Trying to stay connected and relevant in your field while you're away.
- \* Planning the timing of your comeback
- \* Thinking about what to say in interviews about the gaps in your resume.
- \* Looking for creative alternatives if your former career just isn't possible anymore.
- \* Struggling with prejudice against working moms.

The many real-life stories in this book (including Karyn's) prove that with a smart strategy and some determination, almost any mom can make a successful comeback. In the process she can improve her standard of living, her self-esteem, and probably also the well-being of her kids. As Casone writes, "No matter who you are, no matter why change comes into your life, I hope this book will help you to do what my mom did: to stare that change in the face and say with confidence, 'Bring it!'"

**Motherhood without Guilt** - Debra Gilbert Rosenberg 2004-10-01

Moms feel guilty about everything... They think they're not doing enough for themselves, for their children and for their spouses. They question their decisions about working vs. staying at home. They agonize over keeping up with housework, struggle in their relationship with their husband, wrestle with negative feelings about their children from time to time and worry that they don't measure up to their own or others' expectations. In short, feeling guilty is pervasive among mothers; it just seems to come with the territory. **Motherhood without Guilt** uses a question-and-answer format to address all the issues that cause a mother to feel bad about her mothering, and shows how to: -- Reconcile working vs. staying at home --Be

How to Raise a Family on Less Than Two Incomes - Denise Topolnicki 2001-07-17

Many parents today believe that two steady incomes are not only desirable but absolutely necessary in order to raise a family. Yet most full-time working mothers say that if it weren't for the money, they would not work, and instead would stay at home with their children. After the birth of her second child, Denise Topolnicki faced this common dilemma: Continue working full-time, or spend more time with her family? As a former editor of Money, Denise used her financial expertise and discovered that she could

work only part-time and be at home for her children--while not breaking her family's budget. By combining her investment know-how with compassionate advice, Denise gives parents a clear-cut strategy for controlling their money--from saving on food, to creating a cash reserve, to learning how to retire on less than two incomes. Packed with worksheets, detailed plans, and inspiring case studies, Topolnicki's plan helps families set fun priorities while still balancing the checkbook. Whether you want to leave work altogether or continue part-time, this book is the key to freedom for millions of families trapped on the working-parent treadmill.
