When Kamala Harris was young, she often accompanied her parents to civil rights marches—so many, in fact, that when her mother asked a frustrated Kamala what she wanted, the young girl responded with: “Freedom!” As Kamala grew from a small girl in Oakland to a senator running for president, it was this long-fostered belief in freedom and justice for all people that shaped her into the inspiring figure she is today. From fighting for the use of a soccer field in middle school to fighting for the people of her home state in Congress, Senator Harris used her voice to speak up for what she believed in and for those who were otherwise unheard. And now this dedication has led her all the way to being elected Vice President of the United States. Told in Nikki Grimes's stunning verse and featuring gorgeous illustrations by Laura Freeman, this picture book biography brings to life a story that shows all young people that the American dream can belong to all of us if we fight for one another.

[Being a Dog](#) - Alexandra Horowitz 2016-10-04

From the #1 bestselling author of *Inside of a Dog*—“an incredible journey into the olfactory world of man’s best friend” (O, The Oprah Magazine), Alexandra Horowitz’s follow-up to her New York Times bestseller explains how dogs experience the world through their most spectacular organ—the nose. In her “fascinating book...Horowitz combines the expertise of a scientist with an easy, lively writing style” (The New York Times Book Review) as she imagines what it is like to be a dog. Guided by her own dogs, Finnegan and Upton, Horowitz sets off on a quest through the cutting-edge science behind the olfactory abilities of the dog. In addition to speaking to cognitive researchers and smell experts, Horowitz visits detection-dog trainers and training centers; she meets researchers working with dogs to detect cancerous cells and anticipate epileptic seizure or diabetic shock; and she even attempts to smell-train her own nose. As we come to understand how rich, complex, and exciting the world around us is to the canine nose, Horowitz changes our perspective on dogs forever. Readers will finish this book feeling that they have broken free of their human constraints and understanding smell as never before; that they have, for however fleetingly, been a dog. And, as The Boston Globe says about *Being a Dog*, “becoming more doglike, not surprisingly, can make anyone’s life a little more vivid.”
