Policy Making in Britain - Peter Dorey

2005-04-05

'By applying the range of tools of policy analysis to the detail of the policy making machinery of British government, Peter Dorey's text has met a need for teachers and students of these subjects which has not been fulfilled for a decade or more. I have adopted it straight away as a 'must buy' for my own students' - Justin Greenwood, Robert Gordon University 'A very welcome addition to the literature on public policy-making in contemporary Britain and ideal for teaching purposes. Peter Dorey's new book is clearly written, theoretically informed, but also rich in illustration. A key resource for all students of

British public policy' - Dr Andrew Denham, Reader in Government, University of Nottingham This accessible textbook introduces students to the public policy-making process in Britain today. Assuming no prior knowledge, it provides a full review of the key actors, institutions and processes by addressing the following questions: who sets the public policy agenda? who influences the detail of public policy? what makes for successful implementation of public policy? is there such a thing as 'British' public policy? Peter Dorey is careful to ground theory in the reality of contemporary British politics and the text fully assesses the impact of devolution and European integration and the evolution from government to governance. The result is a lively and accessible new text that will be required reading for all students of contemporary British politics, public policy and governance.

The Ten Legal Cases That Made Modern

Britain - Inigo Bing 2022-07-12

LIFE. SEX. RACE. POWER. FREE SPEECH.
PROTEST. PRIVACY. DEMOCRACY.
SOVEREIGNTY. DEATH. Society shapes law...
and law shapes society. We like to imagine that
progress comes about when Parliament spots a
looming groundswell in public opinion and
responds by changing the laws that govern our
daily lives. This is not always true. In this
fascinating book, Inigo Bing unravels ten legal
cases in which the decisions of judges or a jury
either heralded a shift in outlook or forced
Parliament to respond to simmering social
change. Some of these cases demonstrate the
role judges have in defending our civil liberties
against overweening executive power,
articulating inherent unwritten rights Parliament
would prefer to keep quiet about. Others explore
what happens when rapid technological or social
change outpaces government, placing urgent
ethical dilemmas in the lap of the court. All of
them have had a lasting impact on the society
we inhabit. Taken together, these stories provide

a powerful insight into eighty years of British
social, political and cultural history, illustrating
why legal cases are just as important to making
our world as laws written by Parliament or
grassroots changes within society.

The politics of housing - Peter Shapely
2017-10-03

Exploring the politics of housing during
1890-1990, this fascinating study examines the
interaction not only of national and local politics
but also of local factors such as civic culture, key
local players, local discourse and geographical
and demographic problems. This book argues
that increasingly, tenants acted as consumers of
a public service, and it questions the way in
which notions of consumerism shaped responses
to the housing debate. An analysis of the impact
of legislation on housing policy in different cities
is provided, as well as a more detailed account
of the politics of housing in Manchester,
including the Victorian legacy, the emergence of
local government intervention, post-war

overspill estates, new system-built flats and their rapid deterioration, rising tenant anger and protests, and the beginning of a new approach based on consultation and partnerships. The book will be of value to anyone studying urban history, politics, governance, civic culture, social policy and society.

Learning from Other Countries: The Cross-National Dimension in Urban Policy Making - I. Masser 2005-08-11

Modern Playhouses - Alistair Fair 2018-03-09
Modern Playhouses is the first detailed study of the major programme of theatre-building which took place in Britain between the 1950s and the 1980s. Drawing on a vast range of archival material - much of which had never previously been studied by historians - it sets architecture in a wide social and cultural context, presenting the history of post-war theatre buildings as a

history of ideas relating not only to performance but also to culture, citizenship, and the modern city. During this period, more than sixty major new theatres were constructed in locations from Plymouth to Inverness, Aberystwyth to Ipswich. The most prominent example was the National Theatre in London, but the National was only the tip of the iceberg. Supported in many cases by public subsidies, these buildings represented a new kind of theatre, conceived as a public service. Theatre was ascribed a transformative role, serving as a form of 'productive' recreation at a time of increasing affluence and leisure. New theatres also contributed to debates about civic pride, urbanity, and community. Ultimately, theatre could be understood as a vehicle for the creation of modern citizens in a consciously modernizing Britain. Yet while recognizing, as contemporaries did, that the new theatres of the post war decades represented change, Modern Playhouses also asks how radically different these buildings really were, and what their

'mainstream' architecture reveals of the history of modern British architecture, and of post-war Britain.

politics of the ballot box.

NYE - Nicklaus Thomas-Symonds 2014-12-18
Aneurin - Nye - Bevan was one of the pivotal Labour Party figures of the post-war era in Britain. As Minister for Health in Attlee's government, his role in the foundation of the National Health Service, the world's largest publically-funded health service, changed the face of British society forever. The son of a coal miner from South Wales, Bevan was a life-long champion of social justice and the rights of working people, as such becoming one of the leading proponents of Socialist thought in Britain. In this book, acclaimed author Nicklaus Thomas-Symonds provides the first full biography of Bevan in over two decades. Drawing on first-hand interviews as well as recently released sources, he provides a unique portrait of one of the great British statesmen of the twentieth century.

Contemporary Britain - John McCormick
2018-02-13

A new edition of a popular introduction to all aspects of life in Britain. This version reflects on the ongoing fallout from the global financial and eurozone crises; the May 2015 General Election; the September 2014 referendum on Scottish independence; the new tone of debate on immigration; and the June 2016 Brexit referendum. It offers broad-range coverage and is accessibly written for students.

Economic Policy - Brian Atkinson 1996-09-06
This text provides comprehensive coverage of the core elements of economic policy, from both microeconomic and macroeconomic approaches. The authors have placed policy in its historical and political context so that readers can appreciate the theoretical roots. In particular, the effects of globalisation and membership of the European Union upon policy are considered. This book will be particularly appropriate for introductory courses on economic policy and economics courses with a particular policy emphasis.

Rediscovering Voluntary Action - C. Rochester
2013-11-20

Volunteering and voluntary organizations have become increasingly important in British social and political life but at a cost. Greater prominence has led to a narrow and distorted view of what voluntary action involves and how it is undertaken. This book reasserts the case for a broader view of voluntarism as a unique set of autonomous activities.

A Bibliography of British History, 1914-1989 - Keith Robbins 1996

Containing over 25,000 entries, this unique volume will be absolutely indispensable for all those with an interest in Britain in the twentieth century. Accessibly arranged by theme, with helpful introductions to each chapter, a huge range of topics is covered. There is a comprehensive index.

Britain Since 1945 - David Childs 2006
This is the sixth edition of what has become the standard textbook on contemporary British

political history since the end of World War II. This authoritative chronological survey discusses domestic policy and politics in particular, but also covers external and international relations. The new and improved edition of this important book brings the picture to the present by including the following additions: " September 11th " the Iraq war and after " the election of Iain Duncan Smith DS and Michael Howard as leaders of the Conservative party " the issue of immigration " the new royal wedding " the 2005 election " the importance of China on the British stage. Britain since 1945 is essential reading for any student of contemporary British history and politics.

Explaining Local Government - J. A. Chandler
2007

In this work, J.A. Chandler explains how local government in Britain has evolved from a structure that appeared to be relatively free from central government interference to, as John Prescott observes, 'one of the most centralised systems of government in the Western world'.

Forthcoming Books - Rose Army 1998-04

Contemporary British Identity - Christina Julios 2017-11-30

Against the background of an increasingly diverse British society, this book traces the evolution of British identity in the twentieth century. Debates exploring the nature of Britishness and multiculturalism are here deconstructed through a linguistic lens, which considers the role played by the English language in shaping Britain's national identity. Within this context, two significant historical events are considered: the expansionism of nineteenth century British Empire, and the subsequent rise of the United States to the

position of world superpower. In charting the development of British nationhood over time, the book identifies three contrasting public narratives, each reflecting society's perceptions of the identity question at particular points in time: a discourse of laissez-faire at the turn of the century; a discourse of multiculturalism in the ensuing decades; and a discourse of integration during the closing years. The book raises fundamental questions about who we are as a nation and how we got here. It also provides clues as to the direction the prevailing public discourse on British identity is likely to take in the twenty-first century.

The Modern British Party System - Paul Webb 2000-07-26

`This is a really excellent book, the best on British parties that I have read in recent years. Paul Webb utilises the latest research and modern analytical techniques to provide a sophisticated study of parties and the party system which is packed with information. It is a

major contribution not just to the literature on British politics but also to the comparative literature on political parties' - David Denver, Lancaster University `Paul Webb's new book is likely to remain the standard work on the British party system for years to come' - Peter Mair, University of Leiden `A landmark study. I cannot commend this book too highly to teachers of British politics, students and professional analysts alike' - Ian Budge, University of Essex `An excellent book that will be much quoted by scholars in future years' - Alan Ware, Oxford University `Paul Webb provides the most comprehensive and well-documented analysis of the programmatic and organizational changes in the British party system. His conclusion that British parties remain critically important to the functioning of democracy is strengthened by his comparative approach. This book is a major contribution to the study of British party politics' - Patrick Seyd, University of Sheffield Providing a complete up-to-date overview of the changing

nature of contemporary party politics in Britain, this book draws on models of comparative politics and the latest empirical analysis to explain the capacity of British parties to adapt to a changing political environment. A number of broad themes include: the nature and extent of party competition; the internal life and organizational development of parties; the variety of evolving party systems in the United Kingdom; and the links between parties and the wider political system. The current weaknesses of party performance are addressed, and the scope of reform explained and examined. Contrary to claims of 'decline', however, the book demonstrates that party politics remain essentially vibrant and intrinsic to modern British democracy. The Modern British Party System will be an essential text for all students of contemporary British politics, parties and party systems. *Deprivation, State Interventions and Urban Communities in Britain, 1968-79* - Peter Shapely

2017-08-16

Focusing on a series of policy initiatives from the late 1960s through to the end of the 1970s, this book looks at how successive governments tried to address growing concerns about urban deprivation across Britain. It provides unique insights into policy and governance and into the socio-economic and cultural causes and consequences of poverty. Starting with the impact of redevelopment policies, immigration and the rise of the 'inner city', this book examines the pressures and challenges that explain the development of policy by successive Labour and Conservative governments. It looks at the effectiveness and limits of different community development approaches and at the inadequacies of policy in tackling urban deprivation. In doing so, the book highlights the restricted impact of pilot projects and reform of public services in resolving deprivation as well as the broader limits of social planning and state welfare. Crucially, it also plots the shift in policy

from an emphasis on achieving statutory service efficiencies and rolling out social development programmes towards an ever-greater stress on regeneration and support for private capital as the solution to transforming the inner city.

British Politics - Simon Griffiths 2018-03-14

Fully revised and updated third edition of a popular, established textbook, providing a definitive introduction to Britain's politics, political institutions and processes.

Comprehensively re-worked and re-structured to better align with courses, this new edition places great emphasis on the changing context of British politics while addressing key themes such as the ongoing importance of gender and ethnicity to political and social life in Britain. Furthermore, the book's familiar authoritative style has been retained with a fresh look and revitalized pedagogical features to provide a complete learning package. The book is designed for courses on or related to British politics. Its accessible style and context-setting

Part 1 will make it ideal for students new to the field (particularly those who haven't studied the subject at school level or international students), but its rigour will stimulate and engage more experienced students. New to this Edition: - Fully updated to cover the 2016 EU Referendum, the 2017 General Election and other key political developments - 'Politics in Action' videos with key academic experts and practitioners offer differing viewpoints on the political system - Expanded companion website featuring regular updates and additional pedagogic tools for students and lecturers alike, such as self-test quizzes, flashcards, timelines, a lecturer testbank and lecture slides - Vibrant and engaging full colour page design to help your students navigate the book's broad coverage

An Ethnic History of Europe since 1945 - Panikos Panayi 2018-10-08

The first history of Europe since 1945 which examines the continent from a mainly ethnic perspective, Panikos Panayi has drawn on years of research to produce this comparative and exploratory account of the experience of ethnic minorities in post-war Europe. The coverage encompasses all categories of minorities including immigrants and refugees, localised ethnic groupings and dispersed peoples. Geographically, the scope of the book ranges from the Atlantic to the Urals and the Mediterranean to the Arctic, looking in particular at the Soviet Union, Britain, France, Germany, Romania, Cyprus and the former Yugoslavia.
