**Aging and Disability** - National Academies of Sciences, Engineering, and Medicine 2018-07-06  
Many different groups of people are subject to stereotypes. Positive stereotypes (e.g., "older and wiser") may provide a benefit to the relevant groups. However, negative stereotypes of aging and of disability continue to persist and, in some cases, remain socially acceptable. Research has shown that when exposed to negative images of aging, older persons demonstrate poor physical and cognitive performance and function, while those who are exposed to positive images of aging (or who have positive self-perceptions of aging) demonstrate better performance and function. Furthermore, an individual's expectations about and perceptions of aging can predict future health outcomes. To better understand how stereotypes affect older adults and individuals with disabilities, the National Academies of Sciences, Engineering, and

Medicine, with support from AARP, convened a public workshop on October 10, 2017. This publication summarizes the presentations and discussions from the workshop.

*What You Should Know Right Now: My Final Wishes and Other Important Information In The Event of My Long-Term Illness, Disability, Or Death* - Author R. a. Clark 2020-05-15

If something were to happen to you today or tomorrow, does your family know everything that there is to know about you? Would they know about your health insurance? Or if you have life insurance? Who is responsible for letting your job know what happened? Even if you know all of the answers to these questions, what about the people that are closest to you... do they know? Who will tell the rest of your friends and your family? Most people keep all of their important numbers on their phones and they are the only person who knows the pin or password! Did you know that these are just some of the questions that six out of every ten families struggle to answer every day when faced with a loved one's long-term illness, such as cancer, a disability, from a stroke, heart attack, or an accident, or even, your death? Some parents leave more information for a babysitter on a date night, in the case of an emergency, than some people will tell their families about their final wishes! That's why no matter how much you have, whether you are single or married, whether you have children, grandchildren, or just a cat or a dog, if you own a home or are just renting an apartment, you owe it to your friends and family to decide right now what should happen to everything that you have worked so hard for, and more importantly, what happens to you in the event of your long-term illness, disability, or, even your death. Without it, did you know that, ultimately, a judge, who doesn't know you or the people that you love, will decide who gets, or doesn't get, what, and what ultimately happens to you? Don't let that happen! Protect your peace of mind, and more importantly, the people you love with the one thing that thousands of people every day only wish that someone gave them years ago. It is called "What You Should Know Right Now... My Final Wishes and Other Important Information in

The Event of My Long-Term Illness, Disability, or Death." "What You Should Know Right Now" is designed to help you to organize your thoughts, gather necessary information, and to be able to share that information with your family if and when you can no longer speak for yourself. Important information like... - Who to call and what you need to do right away. - Vital information about you, including other family histories. - How to locate important medical information. - How to properly care for your children, and/or your pets. - What bills to pay and services to stop or transfer. - Information about your job and other sources of income. - Information about your insurance, banking, and mortgage. - Important legal information and so much more. More importantly, only in "What You Should Know Right Now" will you also discovered the one move that every parent should have made, by now, to protect their children's future. Most people still don't know! Maybe that is why "What You Should Know Right Now" is now the number one essential planning guide that every adult needs, especially as you are growing older, if you are a single parent, if you are ill, are a caretaker, preparing for major surgery, and/or a frequent traveler. If you have an aging parent or other older relatives, help them to complete it. It is guaranteed to give them the chance to be remembered how they want to be remembered. In the event of your death, it will provide your family with everything that they will need to know to celebrate your life, right down to the songs that you would like played at your funeral and who you would like to be there. This is important information that could easily be forgotten or overlooked. Best of all, it will now be all in one convenient location, when they need it the most. Don't leave your family with questions that only you can answer! Order a copy for you and someone you love right now! *AARP Roadmap for the Rest of Your Life* - Bart Astor 2013-04-16

**Dying in America** - Institute of Medicine  
2015-03-19

For patients and their loved ones, no care decisions are more profound than those made near the end of life. Unfortunately, the experience of dying in the United States is often characterized by fragmented care, inadequate treatment of distressing symptoms, frequent transitions among care settings, and enormous care responsibilities for families. According to this report, the current health care system of rendering more intensive services than are necessary and desired by patients, and the lack of coordination among programs increases risks to patients and creates avoidable burdens on them and their families. Dying in America is a study of the current state of health care for persons of all ages who are nearing the end of life. Death is not a strictly medical event. Ideally, health care for those nearing the end of life harmonizes with social, psychological, and spiritual support. All people with advanced illnesses who may be approaching the end of life are entitled to access to high-quality, compassionate, evidence-based care, consistent with their wishes. Dying in America evaluates strategies to integrate care into a person- and family-centered, team-based framework, and makes recommendations to create a system that coordinates care and supports and respects the choices of patients and their families. The findings and recommendations of this report will

address the needs of patients and their families and assist policy makers, clinicians and their educational and credentialing bodies, leaders of health care delivery and financing organizations, researchers, public and private funders, religious and community leaders, advocates of better care, journalists, and the public to provide the best care possible for people nearing the end of life.

**AARP The Other Talk: A Guide to Talking with Your Adult Children about the Rest of Your Life** - Tim Prosch 2013-09-06

Silver Living Now Book Award • Silver National Mature Media Award • APEX Award • Washington Post Book of the Month • Wealth and Money Management Award • Bronze Independent Publisher Book Award • Foreword INDIEFAB Book of the Year Honorable Mention  
A one-of-a-kind practical guide to making the

tough decisions parents and their adult children inevitably face It was a rite of passage for you to have the Talk with your kids about the beginning of life (as in the birds and the bees). As you get older, you need to have the Other Talk—about the later years of life. And you need to have it now, not after a crisis hits. The Other Talk helps you take control of your life so when the time comes, your kids can make decisions based on what you want. This groundbreaking guide provides the practical advice and inspiration you need to have open, honest discussions about subjects that can be difficult to talk about. Unlike other books that help adult children who are suddenly thrust into a decision-making role, The Other Talk gives you the tools to develop a strong partnership with your kids to plan for the rest of your life. Who will manage your finances and how will you budget for unknown needs? Where can your children find important documents they will need to help? Where will you live if you need assistance? What type of medical treatments do you want—and not want—and who will advocate for your needs? The Other Talk helps you address and answer these and other questions in a calm, measured way—freeing you up to enjoy your life and your family.

**The ElderCare Ready Book** - Stuart Furman 2015-02-10

Eldercare tends to sneak up on everybody involved. Adult children allow themselves to believe that their parents will never get sick or old. Parents fail to acknowledge that they will one day become dependent upon others. And ignoring the inevitable only makes it more

difficult to cope when a crisis finally occurs. Fortunately, you can make your caregiving journey far easier by facing it head-on. The *ElderCare Ready Book* tells you what to expect and how to prepare for the challenges you'll encounter. You'll learn:

- How to be prepared for your eldercare journey
- How to implement the necessary steps to manage and control your loved one's care:
- o How to identify what information and documentation you will need
- o How to access certain necessary information
- o How to organize and keep this data at hand for use when needed
- Common misconceptions about eldercare and legal documentation
- How to keep your loved ones safe
- What to expect from care providers
- And much more . . .

**I Am Nujood, Age 10 and Divorced** - Nujood Ali 2010-03-02

"I'm a simple village girl who has always obeyed the orders of my father and brothers. Since forever, I have learned to say yes to everything. Today I have decided to say no." Nujood Ali's childhood came to an abrupt end in 2008 when her father arranged for her to be married to a man three times her age. With harrowing directness, Nujood tells of abuse at her husband's hands and of her daring escape. With the help of local advocates and the press, Nujood obtained her freedom—an extraordinary achievement in Yemen, where almost half of all girls are married under the legal age. Nujood's courageous defiance of both Yemeni customs and her own family has inspired other young girls in the Middle East to challenge their marriages. Hers is an unforgettable story of tragedy, triumph, and courage.

*Advice for Future Corpses (and Those Who Love Them)* - Sallie Tisdale 2018-06-12

A NEW YORK TIMES BOOK CRITICS' TOP 10 BOOK OF THE YEAR "In its loving, fierce specificity, this book on how to die is also a blessedly saccharine-free guide for how to live" (The New York Times). Former NEA fellow and Pushcart Prize-winning writer Sallie Tisdale offers a lyrical, thought-provoking, yet practical perspective on death and dying in *Advice for Future Corpses (and Those Who Love Them)*. Informed by her many years working as a nurse, with more than a decade in palliative care, Tisdale provides a frank, direct, and

compassionate meditation on the inevitable. From the sublime (the faint sound of Mozart as you take your last breath) to the ridiculous (lessons on how to close the sagging jaw of a corpse), Tisdale leads us through the peaks and troughs of death with a calm, wise, and humorous hand. *Advice for Future Corpses* is more than a how-to manual or a spiritual bible: it is a graceful compilation of honest and intimate anecdotes based on the deaths Tisdale has witnessed in her work and life, as well as stories from cultures, traditions, and literature around the world. Tisdale explores all the heartbreaking, beautiful, terrifying, confusing, absurd, and even joyful experiences that accompany the work of dying, including: A Good Death: What does it mean to die "a good death"? Can there be more than one kind of good death? What can I do to make my death, or the deaths of my loved ones, good? Communication: What to say and not to say, what to ask, and when, from the dying, loved ones, doctors, and more. Last Months, Weeks, Days, and Hours: What you might expect, physically and emotionally, including the limitations, freedoms, pain, and joy of this unique time. Bodies: What happens to a body after death? What options are available to me after my death, and how do I choose—and make sure my wishes are followed? Grief: "Grief is the story that must be told over and over...Grief is the breath after the last one." Beautifully written and compulsively readable, *Advice for Future Corpses* offers the resources and reassurance that we all need for planning the ends of our lives, and is essential reading for future corpses everywhere. "Sallie Tisdale's elegantly understated new book pretends to be a user's guide when in fact it's a profound meditation" (David Shields, bestselling author of *Reality Hunger*).

*Repairing a Broken System* - Jon Leibowitz 2010-11

Creditors and collectors seek to recover consumer debts through the use of litigation and arbitration. But, neither litigation nor arbitration currently provides adequate protection for consumers. The system for resolving disputes about consumer debts is broken. To fix the system, federal and state governments, the debt collection industry, and other stakeholders should make a variety of significant reforms in

litigation and arbitration so that the system is both efficient and fair. Contents of this report: Introduction; Litigation and Arbitration Proceedings; Conclusion. Appendices: Debt Collection Roundtable (DCR) Panelists; Contributors to DCR; Agendas for DCR; DCR Public Comments; Sample State Debt Collection Checklists. Illustrations.

**Wise Moves** - Sally Balch Hurme 2020

**Families Caring for an Aging America** - National Academies of Sciences, Engineering, and Medicine 2016-11-08

Family caregiving affects millions of Americans every day, in all walks of life. At least 17.7 million individuals in the United States are caregivers of an older adult with a health or functional limitation. The nation's family caregivers provide the lion's share of long-term care for our older adult population. They are also central to older adults' access to and receipt of health care and community-based social services. Yet the need to recognize and support caregivers is among the least appreciated challenges facing the aging U.S. population. Families Caring for an Aging America examines

the prevalence and nature of family caregiving of older adults and the available evidence on the effectiveness of programs, supports, and other interventions designed to support family caregivers. This report also assesses and recommends policies to address the needs of family caregivers and to minimize the barriers that they encounter in trying to meet the needs of older adults.

**Juggling Life, Work, and Caregiving** - Amy Goyer 2015-11-07

This book is a companion to the PBS documentary Caring for Mom and Dad (May 2015) and Sally Hurme's ABA/AARP Checklist for Family Caregivers: A Guide to Making It Manageable.

**When Someone Dies** - Scott Taylor Smith 2013-03-12

A lawyer and venture capitalist provides a complete, practical guide for dealing with the concrete details surrounding the death of a loved one, from funeral and estate planning to navigating the complexities of online identities. Scott Taylor Smith, a venture capitalist and lawyer, had plentiful resources, and yet after his mother died, he made a series of agonizing and costly mistakes in squaring away her affairs. He could find countless books that dealt with caring for the dying and the emotional fallout of death, but very few that dealt with the logistics. In the aftermath of his mother's death, Smith decided to write the book he wished he'd had. When Someone Dies provides readers with a crucial framework for making good, informed, money-saving decisions in the chaotic thirty days after a loved one dies and beyond. It provides essential, concrete guidance on: • Making funeral and memorial service arrangements • Writing an obituary • Estate planning • Contacting family and friends • Handling your loved one's online footprint • Navigating probate • Dealing with finances, including trusts and taxation • And much, much more Featuring concise checklists in each chapter, this guide offers answers to practical questions, enabling loved ones to save time and money and focus on healing.
