Party Animals - Robert Hofler 2010-03-02

Allan Carr was Hollywood's premier party-thrower during the town's most hedonistic era—the cocaine-addled, sexually indulgent 1970s. Hosting outrageous soirees with names like the Mick Jagger/Cycle Sluts Party and masterminding such lavishly themed opening nights as the Tommy/New York City subway premiere, it was Carr, an obese, caftan-wearing producer—the ultimate outsider—who first brought movie stars and rock stars, gays and straights, Old and New Hollywood together. From the stunning success of Grease and La Cage aux Folles to the spectacular failure of the Village People's Can't Stop the Music, as a producer Carr's was a rollercoaster of a career punctuated by major hits and phenomenal flops—none more disastrous than the Academy Awards show he produced featuring a tone-deaf Rob Lowe serenading Snow White, a fiasco that made Carr an outcast, and is still widely considered to be the worst Oscars ever. Tracing Carr's excess-laden rise and tragic fall—and sparing no one along the way—Party Animals provides a sizzling, candid, behind-the-scenes look at Hollywood's most infamous period.

Savor the Flavor & Get Twice the Luv - Jamala M. Johnson 2015-01-23

Pink Passion: A ruling passion motivates, pushes, stretches, encourages, inspires and in some instances a ruling passion might even challenge you to reach your full potential. Make no mistake about it, a ruling passion is much different from a goal. In general, a goal is a set deadline or time frame establish by the goal setter to complete and accomplish a particular task. Normally, goal setters classify goals into categories,

short term and long term. For a tantamount of consumers and shoppers, once a goal is set it stays at the center of attention until the goal is accomplished. Totally different from a goal__putatively, a passion, so to speak, is something that you love to do more than anything else that you do daily. Straight forwardly speaking, when you have a passion it consumes your every thought, it pretty much paints the picture of how you view, see, and live life. A strong feeling, longing, or desire;each of us as consumers and shoppers have different passions__ostensibly, even with the various passions available as choices, some consumers and shoppers have not found their ruling passion, understandably, it could take years before a consumer or shopper stumbles upon their ruling passion. At any rate that you find your passion, a passion or a ruling passion could be just about anything that you love and enjoy to do at home, away from the job, on vacation and during holidays. From shopping to blogging to cooking to singing to acting to dancing, it's what you love to do the most, it's what motivates, pushes, stretches, encourages, inspires, and challenges you, it's your ruling passion. In previous years, I have had a passion to try and do many things. While in college, I rediscovered my passion for the English language and writing. Within the past seven years, I developed a passion for shopping and blogging. 2009, I developed a passion for pink. Along with my passion for pink, I believe my ruling passion is to be an award winning editor and writer. Veritably, all passions begin with you_if you have found your ruling passion stick with it, share it, and create a niche for your passion. And for the percentage of you (consumers and shoppers) who you havent found your ruling passion, start_right now and start doing what you love and enjoy, it's not too late.

Menander in Contexts - Alan H. Sommerstein 2013-12-04

The comedies of the Athenian dramatist Menander (c. 342-291 BC) and his contemporaries were the ultimate source of a Western tradition of light drama that has continued to the present day. Yet for over a millennium, Menander's own plays were thought to have been completely lost. Thanks to a long and continuing series of papyrus discoveries, Menander has now been able to take his place among the major surviving ancient Greek dramatists alongside Aeschylus, Sophocles, Euripides and Aristophanes. In this book, sixteen contributors examine and explore the Menander we know today in light of the various literary, intellectual, and social contexts in which his plays can be viewed. Topics covered include: the society, culture, and politics of his generation; the intellectual currents of the period; the literary precursors who inspired Menander (or whom he expected his audiences to recall); and responses to Menander, from his own time to ours. As the first wide-ranging collective study of Menander in English, this book is essential reading for those interested in ancient comedy the world over.

The importance of being a reader: A revision of Oscar Wilde's works - Christina Pascual Aransáez 2014-11

This book explores Wilde's works from the hypothesis that they call upon the active participation of the

reader in the production of meaning. It has a twofold objective: first, it shows that Wilde's emphasis on the creative role of the audience in his critical writings makes him conceive the reader as a co-creator in the construction of meaning. Second, it analyses the strategies which Wilde employs to impel the reader to collaborate in the creation of meaning of his literary works and casts light upon the social criticism derived from these. The examination of Wilde's writings reveals how he gradually combined more sophisticated techniques that encouraged the reader's dynamic role with the progressive exploitation of self-advertising strategies for professional purposes. These allowed the 'commercial' Oscar to make his works successful among the Victorian public without betraying the 'literary' Wilde's aesthetic principles. The present study re-evaluates Wilde as a critic and as a writer. It demonstrates that, while Wilde the 'myth' was ahead of his

time in many ways, Wilde the 'ARTIST' anticipated in his aesthetic theory various themes which occupy contemporary literary theoreticians. Thus, it may contribute to give him the status he rightly deserves in the history of literature.
