**This Flame Within** - Manijeh Moradian 2022-09-02

In *This Flame Within* Manijeh Moradian revises conventional histories of Iranian migration to the United States as a post-1979 phenomenon characterized by the flight of pro-Shah Iranians from the Islamic Republic and recounts the experiences of Iranian foreign students who joined a global movement against US imperialism during the 1960s and 1970s. Drawing on archival evidence and in-depth interviews with members of the Iranian Students Association, Moradian traces what she calls "revolutionary affects"—the embodied force of affect generated by experiences of repression and resistance—from encounters with empire and dictatorship in Iran to joint organizing with other student activists in the United States. Moradian theorizes "affects of solidarity" that facilitated Iranian student participation in a wide range of antiracist and anticolonial movements and analyzes gendered manifestations of revolutionary affects within the emergence of Third World feminism. Arguing for a transnational feminist interpretation of the Iranian Student Association's legacy, Moradian demonstrates how the recognition of multiple sources of oppression in the West and in Iran can reorient Iranian diasporic politics today.

But when God keeps nudging her to speak up for her race and forge an unlikely friendship, she makes a dangerous choice that could cost more than she's ready to give. Bride to a man she barely knows and bound by her secrets, Lydia is struggling to step into her new title as the mistress of Ironwood. Inspired by the fiery spirit and quiet dignity of an enslaved woman, Lydia's eyes begin to open to the harsh realities of the world around her. But if there is ever going to be a new future for Ironwood, she will have to start with shedding her own pretenses. Book Two: Heir of Hope Emily Burns grew up an orphan, so she never expected to inherit a southern plantation. When she discovers an old diary hidden in the

attic, her life becomes strangely entwined with her Civil War ancestor and she soon begins to wonder how a woman long dead can keep showing up in her dreams. Torn between her strange desire to honor Lydia's wishes and practicality, Emily cannot decide if she will keep Ironwood. Yet the house calls to her like a melancholy siren, and Emily cannot resist its tune. Resolving to stay only for a little while, and telling herself her decision has nothing at all to do with the handsome handyman helping with restorations, Emily begins to unravel the history of Ironwood – A tale of love and loss, hope and redemption. When the story seeps into her heart, Emily finds that two women separated by centuries can share the unique bonds of family ties, and that both her past and her future reside in the soul of Ironwood. □ Note to reader: Because of the stand-alone nature of *The Whistle Walk and Heir of Hope*, please note there will be some redundancy in the chapters containing Lydia's diary for the box set reader. But she isn't prepared for a startling world that won't accept her color or her gender, and her ambitions soon land her in grave danger. The privileged daughter of a plantation owner and an aspiring suffragette, Faith Harper is determined not to marry. Especially not her father's opportunistic new business partner. She doesn't want any man telling her what to do, least of all the annoyingly chivalrous Nolan Watson. But when Mercy goes missing, Faith will do anything to find her best friend, even if it means trusting a man she doesn't understand. In a time where prejudices try to define them, Mercy and Faith must push the boundaries of their beliefs and trust in the God

**Beauty and the Beast** - Peter Raven 2020

"Beauty and the Beast: California Wildflowers and Climate Change" is a 12 x 12" beautifully illustrated and designed 264 page coffee table book created by conservation photographers Rob Badger and Nita Winter. Illustrations: 190 stunning images of California's diverse wildflowers and their habitats, from high mountain passes in the Sierra Nevada mountains to below sea level in Death Valley National Park. Essays: Sixteen talented and diverse authors and scientists, most of whom are women, wrote 18 storytelling style essays (1,200 to 1,800 words) about nature, conservation, climate change or taking action. The two younger authors write about hope and action, and what people can do to help create positive change. The book has three sections: The Gift

of Beauty, The Human Connection and Ensuring the Future. Because people are constantly hearing about all the negative things going on in the world, Nita and Rob believed there was a need for a different, softer approach to grab people's attention and center it on the climate-change story, and conservation and population issues. They engage their audiences by first inviting them to experience the splendor of the natural world through a universal symbol of beauty, the wildflower, and then educate and inspire them to take some of the simple actions they provide to create positive change and a healthier planet. Their goal is to spread conservation and climate change ideas far beyond native plant and nature lovers, and to plant the seeds to foster action. "Beauty and the Beast" is a 27 year photographic journey into the public lands of California. Lands we all own, lands under constant threat of development or resource extraction, impacts of global warming, sea level rise and wildfires. This book is as much a treasure as the flowers and creatures which are featured within its pages. Nita and Rob extend a hand to you to come in and take a long, slow look around and see what they have seen, experienced and have learned. Book includes two comprehensive indexes and a glossary. Co-published by WinterBadger Press and the California Native Plant Society
