Talent Is Overrated - Geoff Colvin 2011-01-11

What if everything you know about raw talent, hard work, and great performance is wrong? Few, if any, of the people around you are truly great at what they do. But why aren't they? Why don't they manage businesses like Jack Welch or Andy Grove, play golf like Tiger Woods or play the violin like Itzhak Perlman? Asked to explain why a few people truly excel, most of us offer one of two answers: hard work or a natural talent. However, scientific evidence doesn't support the notion that specific natural talents make great performers. In one of the most popular *Fortune* articles in years, Geoff Colvin offered new evidence that top performers in any field - from Tiger Woods and Winston Churchill to Warren Buffett and Jack Welch - are not determined by their inborn talents. Greatness doesn't come from DNA but from practice and perseverance honed over decades. And not just plain old hard work, but a very specific kind of work. The key is how you practice, how you analyze the results of your progress and learn from your mistakes, that enables you to achieve greatness. Now Colvin has expanded his article with much more scientific background and real-life examples. He shows that the skills of business - negotiating deals, evaluating financial statements, and all the rest - obey the principles that lead to greatness, so that anyone can get better at them with the right kind of effort. Even the hardest decisions and interactions can be systematically improved. This new mind-set, combined with Colvin's practical advice, will change the way you think about your job and career - and will inspire you to

achieve more in all you do.

Rich Dad, Poor Dad - Robert T. Kiyosaki 2016-04-27

Although we have been successful in our careers, they have not turned out quite as we expected. We both have changed positions several times—for all the right reasons—but there are no pension plans vesting on our behalf. Our retirement funds are growing only through our individual contributions. Michael and I have a wonderful marriage with three great children. As I write this, two are in college and one is just beginning high school. We have spent a fortune making sure our children have received the best education available. One day in 1996, one of my children came home disillusioned with school. He was bored and tired of studying. "Why should I put time into studying subjects I will never use in real life?" he protested. Without thinking, I responded, "Because if you don't get good grades, you won't get into college." "Regardless of whether I go to college," he replied, "I'm going to be rich."

The Millionaire Fastlane - MJ DeMarco 2011-01-04

10TH ANNIVERSARY EDITION Is the financial plan of mediocrity -- a dream-stealing, soul-sucking dogma known as "The Slowlane" your plan for creating wealth? You know how it goes; it sounds a lil something like this: "Go to school, get a good job, save 10% of your paycheck, buy a used car, cancel the movie channels, quit drinking expensive Starbucks mocha lattes, save and penny-pinch your life away, trust your life-savings to the stock market, and one day, when you are oh, say, 65 years old, you can retire rich." The mainstream financial gurus have sold you blindly down the river to a great financial gamble: You've been hoodwinked to believe that wealth can be created by recklessly trusting in the uncontrollable and unpredictable markets: the housing market, the stock market, and the job market. This impotent financial gamble dubiously promises wealth in a wheelchair -- sacrifice your adult life for a financial plan that reaps dividends in the twilight of life. Accept the Slowlane as your blueprint for wealth and your financial future will blow carelessly asunder on a sailboat of HOPE: HOPE you can find a job and keep it, HOPE the stock market doesn't tank, HOPE the economy rebounds, HOPE, HOPE, and HOPE. Do you really want HOPE to be the centerpiece for your family's financial plan? Drive the Slowlane road and you will find your life deteriorate into a miserable exhibition about what you cannot do, versus what you can. For those who don't want a lifetime subscription to "settle-for-less" and a slight chance of elderly riches, there is an alternative; an expressway to extraordinary wealth that can burn a trail to financial independence faster than any road out there. Why jobs, 401(k)s, mutual funds, and 40-years of mindless frugality will never make you rich young. Why most entrepreneurs fail and how to immediately put the odds in your favor. The real law of wealth: Leverage this and wealth has no choice but to be magnetized to you. The leading cause of poorness: Change this and you change everything. How the rich really get rich - and no, it has nothing to do with a paycheck or a 401K match. Why the guru's grand deity - compound interest - is an impotent wealth accelerator. Why the guru myth of "do what you love" will most likely keep you poor, not rich. And 250+ more poverty busting

distinctions... Demand the Fastlane, an alternative road-to-wealth; one that actually ignites dreams and creates millionaires young, not old. Change lanes and find your explosive wealth accelerator. Hit the Fastlane, crack the code to wealth, and find out how to live rich for a lifetime.

Think and Grow Rich for Women - Sharon Lechter 2014-06-17

Women are the future of American business. According to a recent Nielsen report, women will control two-thirds of American consumer wealth in less than a decade. And yet almost all business and success literature is still written for men—dispensing advice that doesn't take into account women's unique strengths or address the demands of family life on mothers. *Think and Grow Rich for Women* is a powerful new book—from the award-winning author of *Think and Grow Rich: Three Feet from Gold* and coauthor of the multimillion-selling *Rich Dad, Poor Dad*. It combines Hill's classic *Thirteen Steps to Success* with case studies of noteworthy women (including Sandra Day O'Connor, Maya Angelou, Katie Couric, Caroline Kennedy, Madonna, Oprah Winfrey, Margaret Thatcher, Condoleezza Rice, J. K. Rowling, Barbara De Angelis, Marianne Williamson Angela Merkel, Mary Kay Ash, IBM CEO Ginni Rometty and many more), outlining a master plan for success for all women.
