Achieving Speech and Language Targets - Catherine Delamain 2017-07-05

"Achieving Speech & Language Targets" is a practical resource book for Special Needs Coordinators (SENCOs), teachers, teaching assistants and speech & language therapists who are working with children who have significant language delay and who are in their first year at school. Checklists provide professionals with a shared reference from which both broad special needs areas and specific speech and language targets can be identified. The authors emphasise the crucial role of play in language development and the book offers more than 200 games and activities to help children achieve their targets for each stage using a simple, structured layout. The book offers: advice on how to draw up effective Individual Education Plans (IEPs); checklists which enable the user to identify a child's problems in the areas of: understanding language; using spoken language; and, developing speech sounds; a wide range of games, songs and rhymes to help children achieve specific targets; teaching ideas & targets, key vocabulary lists, and activity areas for each stage; a resources section containing photocopyable activity sheets; games & rhymes; a

booklist; techniques used by speech & language therapists to encourage understanding and use of language; and, a dictionary of terms that refer to speech & language. This is an essential tool for busy teaching staff. Many of the activities can take place in the context of the everyday curriculum and include a range of play opportunities designed to make learning interesting and dynamic. Almost all activities can be carried out using equipment that is readily available in early years' classrooms.

Law and Justice in Japanese Popular Culture - Ashley Pearson 2018-06-27

In a world of globalised media, Japanese popular culture has become a significant fountainhead for images, narrative, artefacts, and identity. From Pikachu, to instantly identifiable manga memes, to the darkness of adult anime, and the hyper-consumerism of product tie-ins, Japan has bequeathed to a globalised world a rich variety of ways to imagine, communicate, and interrogate tradition and change, the self, and the technological future. Within these foci, questions of law have often not been far from the surface: the crime and justice of Astro Boy; the property and contract of Pokémon; the ecological justice of Nausicaä; Shinto's focus on order and balance; and the anxieties of origins in J-horror. This volume brings together a range of global scholars to reflect on and critically engage with the place of law and justice in Japan's popular cultural legacy. It explores not only the global impact of this legacy, but what the images, games, narratives, and artefacts that comprise it reveal about law, humanity, justice, and authority in the twenty-first century.

Papertoy Glowbots - Brian Castleforte 2016-08-23

Origami meets amazing creatures in a book of paper craft fun! Papertoy Glowbots introduces 46 robots that have the added cool factor of lighting up, whether using glow-in-the-dark stickers that come with the book or light sources like flashlights, Christmas tree lights, and electric tea lights. The 46 die-cut paper robots are created by Brian Castleforte, author of Papertoy Monsters, along with the hottest papertoy designers from around the world. Meet the robots and read about their entertaining backstories in the front, then turn to the card stock section in the back to build them. The templates are die-cut and ready to pop out, fold, and glue. Bold, colorful graphics ensure the robots look as amazing in the daytime as they do with the lights off.

Papertoy Monsters - Brian Castleforte 2010-12-29

A breakthrough paper-folding book for kids—paper airplanes meet Origami meets Pokemon. Papertoys, the Internet phenomenon that's hot among graphic designers and illustrators around the world, now comes to kids in the coolest new book. Created and curated by Brian Castleforte, a graphic designer and papertoy pioneer who rounded up 25 of the hottest papertoy designers from around the world (Indonesia, Japan, Australia, Italy, Croatia, Chile, even Jackson, Tennessee), Papertoy Monsters offers 50 fiendishly original die-cut designs that are ready to pop out, fold, and glue. The book interleaves card stock with paper stock for a unique craft package; the graphics are colorful and hip, combining the edginess of anime with the goofy fun of Uglydolls and other collectibles. Plus each character comes with its own back-story. And the results are delicious: meet Pharaoh Thoth Amon, who once ruled Egypt but is now a mummy who practices dark magic in his sarcophagus. Or Zumbie the Zombie, who loves nothing more than a nice plate of brains and yams. NotSoScary, a little monster so useless at frightening people that he has to wear a scary mask. Yucky Chuck, the lunchbox creature born in the deepest depths of your school bag. Plus Zeke, the monster

under your bed, Nom Nom, eater of cities, and Grumpy Gramps, the hairy grandpa monster with his very own moustache collection.

Ungifted - Gordon Korman 2014-02

Donovan, whose real gift is getting into trouble, finds himself at an academy for gifted students! Donovan is definitely skilled . . . at getting into trouble. And when one of his thoughtless pranks accidentally destroys the school gym during the Big Game, with the superintendent watching, he knows he's in for it. Suspension at best, maybe expulsion. Either way, a lawsuit and paying for damages. But through a strange chain of events, his name gets put on the list for the local school for gifted students: the Academy for Scholastic Distinction. Donovan knows he's not a genius, but he can't miss this chance to escape. Now, he has to figure out a way to stay at ASD -- and fit in with the kids there. And who knows, maybe his real gift will come to light . . . A new story from the master of middle-grade and YA humour Gordon Korman, Ungifted is a funny exploration of the special (and often surprising) talents that make each of us gifted in our own way.

Paint by Sticker Kids: Dinosaurs - Workman Publishing 2020-07-21

Paint by Sticker Kids just gets stronger and stronger, with the last three titles—Unicorns & Magic, Halloween, and Christmas—on fire. With over 1.7 million copies in print, and with sales increasing every season, it is the phenomenal activity book series that marries the joy of paint by number and coloring with every kid's favorite thing—stickers. And now add dinosaurs—what could be better? Kids will have a blast “painting” an armored Ankylosaurus, and an agile Velociraptor, now known to have been covered in feathers. And don't forget about the king of them all: a ferocious T-Rex, which could eat 500 pounds of meat in one bite! New to the series, on the back of each image is a paragraph of lively text packed with facts about the dinosaur pictured, how it lived, and how to pronounce its name. Designed especially for children and their smaller hands, the Paint by Sticker Kids series offers a quiet, completely absorbing, no-mess activity that—bonus!—encourages kids to practice number recognition without them even thinking they're doing math. The way it works is simple: Find the numbered sticker, peel it, and place it in the right space. Add the next, and the next—and see the images come to life in the “low-poly” style that uses geometric shapes. The card-stock pages are perforated, allowing the artwork to be easily removed so kids can hang them up as decorations or proudly display them on the fridge. In other words, hours and hours of artistic fun with none of the hassle or cleanup!
