The Bedford Introduction to Literature - Michael Meyer 2008

The Bedford Introduction to Literature responds to the teaching and learning needs of all kinds of literature classrooms and composition courses where literature is a focus. Author Michael Meyer understands that a particular challenge for instructors is that students do not necessarily see literature as relevant to their

lives. They may be new to the study of literature, may have difficulty reading it, and may lack confidence in their critical abilities and writing skills. With these factors in mind, Meyer has put together a lively collection of stories, poems, and plays from many periods, cultures, and themes, with voices ranging from the traditional to the latest and hottest contemporary authors. As an experienced anthologist and instructor of literature, Meyer has a knack for choosing enticing selections including

humorous works and readings from popular culture that students both enjoy and respond to. Complementing this unparalleled collection are proven editorial features that offer students real help with reading, appreciating, and writing about literature. The Bedford Introduction to Literature is a book designed to bring literature to life and to make students life-long readers. - Publisher.

Hemingway at Eighteen -

Steve Paul 2017-10-01

In the summer of 1917, Ernest Hemingway was an 18-year-old high school graduate unsure of his future. The American entry in the Great War stirred thoughts of joining the army. While many of his friends in Oak Park, Illinois, were heading to college, Hemingway couldn't make up his mind, and eventually chose to begin a career in writing and journalism at one of the great newspapers of its day, the Kansas City Star. In six and a half months, Hemingway experienced a compressed, streetwise alternative to a

college education, which opened his eyes to urban violence, the power of literature, the hard work of writing, and a constantly swirling stage of human comedy and drama. The Kansas City experience led Hemingway into the Red Cross ambulance service in Italy, where, two weeks before his 19th birthday, he was dangerously wounded at the front. Award-winning writer Steve Paul takes a measure of these experiences that transformed Hemingway from a "modest, rather shy and diffident boy" to a young man who was increasingly occupied by recording the truth as he saw it of crime, graft, exotic temptations, violence, and war. Hemingway at Eighteen sheds new light on this young man bound for greatness and a writer at the very beginning of his journey.

Wright 2015-12-14

"Wright shrinks back from nothing."—The Village Voice
"Wright belongs to a school of exactly one."—The New York Times Book Review
"Wright has found a way to wed fragments of an iconic America to a luminously strange idiom, eerie as a tin whistle."—The New Yorker
"C.D. Wright is one of America's oddest, best, and most appealing poets."—Publishers Weekly
A companion to her astonishing collection of prose *Cooling Time*, C.D. Wright argues for poetry as a way of being and seeing, and calls it "the one arena where I am not inclined to crank up the fog machine."
Wright's passion for the genre is pure inspiration, and in her hands the answer to the question of poetry is poetry.
From "In a Word": I love the nouns of a time in a place, where a sack once was a poke and native skag was junk glass not junk and junk was just junk not smack and smack entailed eating with your mouth open, and an Egyptian one-eye was an egg, sunny side up, and a nation sack was a flannel

amulet, worn only by women, to be touched only by women, especially around Memphis.
Red sacks for love and green for money... C.D. Wright's most recent volume, *One With Others*, was a National Book Award finalist. Among her many honors are the Griffin Poetry Prize and a MacArthur Fellowship. She teaches at Brown University and lives outside of Providence, Rhode Island.

The Devotion and Promotion of Stigmatics in Europe, C.

1800-1950 - Tine Van Osselaer

2021

"In the nineteenth century a new type of mystic emerged in Catholic Europe. While cases of stigmatisation had been reported since the thirteenth century, this era witnessed the development of the 'stigmatic': young women who attracted widespread interest thanks to the appearance of physical stigmata. To understand the popularity of these stigmatics we need to regard them as the 'saints' and religious 'celebrities' of their time. With their 'miraculous' bodies, they fit contemporary popular ideas (if not necessarily those of the Church) of what sanctity was. As knowledge about them spread via modern media and their fame became marketable,

they developed into religious 'celebrities'--

Trembling Air - Michelle

Boisseau 2003-07-01

In these poems, Michelle Boisseau troubles sound into music and light into color. She renders the physics of absence and the deceptions of presence: a garage full of haunted tools, the ordinary and odd lives embodied in medieval paintings, the voice of a father traveling on radio waves. The poems' contemplative, rigorous intelligence affirms pleasure in the fallen world, picking out the golden thread in a dark tapestry. Moving through us in waves of light and sound, the words and trappings of the material world brim here with spiritual force and resonate with the power of things poised on the brink of revelation: trembling the air.

The Triggering Town: Lectures and Essays on Poetry and Writing - Richard Hugo 1992-08-17

"Richard Hugo's free-swinging, go-for-it remarks on poetry and the teaching of poetry are exactly what are needed in classrooms and in the world."—James Dickey Richard Hugo was that rare phenomenon of American letters—a distinguished poet who was also an inspiring teacher. The Triggering Town is Hugo's now-classic collection of lectures, essays, and reflections, all "directed toward helping with that silly, absurd, maddening, futile, enormously rewarding activity: writing poems." Anyone, from the beginning poet to the mature writer to the lover of literature, will benefit greatly from Hugo's sayd, playful, profound insights and advice concerning the mysteries of literary creation.

Come the Slumberless To the Land of Nod - Traci Brimhall 2020-03-31

Written during the trial for a close friend's murder, Come the Slumberless to the Land of Nod exposes that the whimsical, horrible, and absurd all sit together. In this ambitious fourth collection, Traci Brimhall corresponds with the urges of life and death within herself as she lives through a series of impossibilities: the sentencing

of her friend's murderers, the birth of her child, the death of her mother, divorce, a trip sailing through the Arctic. In lullaby, lyric essay, and always with brutal sincerity, Brimhall examines how beauty and terror live right alongside each other--much like how Nod is both a fictional dreamscape and the place where Cain is exiled for murdering Abel. By plucking at the tensions between life and death, love and hate, truth and obscurity, Brimhall finds what it is that ties opposing themes together; how love and loss are married in grief. Like Eve thrust from Eden, Brimhall is tasked with finding meaning in a world defined by its cruelty.

Unrelenting, incisive, and tender, these poems expose beauty in the grotesque and argue that the effort to be good always outweighs the desire to succumb to what is easy.

The New Nudity - Hadara Bar-Nadav 2017-10-15

The newest by award-winning author Hadara Bar-Nadav
New - Winifred Gallagher
2011-12-29

Why are we attuned to the latest headline, diet craze, smartphone, fashion statement? Why do we relish a change of scene, eye attractive strangers, develop new interests? How did Homo sapiens survive near-extinction during an environmental crisis 80,000 years ago, while close cousins very like us have died out? Why is your characteristic reaction to novelty and change the key to your whole personality? Why do we enjoy inexpensive pleasures, like fresh flowers or great chocolate, more than costly comforts, like cars or appliances? How can a species genetically geared to engage with novelty cope in a world that increasingly bombards us with it? Follow a crawling baby around and you'll see that right from the beginning, nothing excites us more than something new and different. Our unique

human brains are biologically primed to engage with and even generate novelty, from our ancestors' first bow and arrow to the latest tablet computer. This "neophilia" has enabled us to thrive in a world of cataclysmic change, but now, we confront an unprecedented deluge of new things, from products to information, which has quadrupled in the past 30 years and shows no sign of slowing. To prevent our great strength from becoming a weakness in today's fast-paced world, we must re-connect with neophilia's grand evolutionary purpose: to help us learn, create, and adapt to new things that have real value and dismiss the rest as distractions. In *New: Understanding Our Need for Novelty and Change*, Winifred Gallagher, acclaimed behavioral science writer and author of *Rapt*, takes us to the cutting-edge laboratories and ancient archeological sites where scientists explore our special affinity for novelty and change. Although no other species can rival our capacity

to explore and experiment with the new, we individuals vary in how we balance the conflicting needs to avoid risk and approach rewards. Most of us are moderate “neophiles,” but some 15 per cent of us are die-hard “neophiliacs,” who have an innate passion for new experiences, and another 15 per cent are cautious “neophobes,” who try to steer clear of them—a 1-5-1 ratio that benefits the group’s well-being. Wherever you sit on the continuum, New shows you how to use this special human gift to navigate more skillfully through our rapidly changing world by focusing on the new things that really matter.

Arcimboldo’s Bulldog - Tim Liardet 2018-06-12

In Arcimboldo’s famous seventeenth-century Mannerist portraits, the sitter’s face is composed of organic matter. In subordinating a mixture of elements into an unrelated whole, imagination can transform the medium of expression itself. Tim Liardet’s *Arcimboldo’s Bulldog: New and Selected Poems* spans nine of

his ten award-winning collections and adds new poems, fresh produce, reconfiguring his life’s work to date. The book draws on his two T. S. Eliot Prize-shortlisted collections *The Blood Choir* (2006) and *The World Before Snow* (2015). Vivid images, large abstractions, symbols, allegory, elegy, provocation, confession and lyric find a necessary place in his work. Arcimboldo’s *Bulldog* records achievement and includes a promissory note towards his next collection.

Lullaby (with *Exit Sign*) - Hadara Bar-Nadav 2013

A collection of poems explores people in the world and their relationships with family and others, from the morality of parents to the ways the dead and passing continue to live on in a person’s perception of the world.

Reading Like a Writer -

Francine Prose 2012-04-01

DIV In her entertaining and edifying New York Times bestseller, acclaimed author Francine Prose invites you to sit by her side and take a

guided tour of the tools and tricks of the masters to discover why their work has endured. Written with passion, humour and wisdom, *Reading Like a Writer* will inspire readers to return to literature with a fresh eye and an eager heart - to take pleasure in the long and magnificent sentences of Philip Roth and the breathtaking paragraphs of Isaac Babel; to look to John le Carré for a lesson in how to advance plot through dialogue and to Flannery O'Connor for the cunning use of the telling detail; to be inspired by Emily Brontë's structural nuance and Charles Dickens's deceptively simple narrative techniques. Most importantly, *Prose* cautions readers to slow down and pay attention to words, the raw material out of which all literature is crafted, and reminds us that good writing comes out of good reading. /div

Weyward Macbeth - S. Newstok 2016-04-30

Weyward Macbeth, a volume of entirely new essays, provides innovative, interdisciplinary approaches to the various ways

Shakespeare's 'Macbeth' has been adapted and appropriated within the context of American racial constructions.

Comprehensive in its scope, this collection addresses the enduringly fraught history of 'Macbeth' in the United States, from its appearance as the first Shakespearean play documented in the American colonies to a proposed Hollywood film version with a black diasporic cast. Over two dozen contributions explore 'Macbeth's' haunting presence in American drama, poetry, film, music, history, politics, acting, and directing — all through the intersections of race and performance.

Understory - Michelle Boisseau 1996

Winner of the Samuel French Morse Poetry Prize

Fair Sun - Susan Barba 2017

Three interrelated sections of poetry which explore the primary importance of connection, between humans and with the natural world. In the first section, the poems are wide-ranging, exploring the acquisition of language, the

ways in which the experience and distance embedded in language darken and threaten the qualities of a childhood spent close to the natural world. The second section consists of a series of prose poems titled "Andranik." In these poems, a child is speaking with her grandfather who relates, in answer to her questioning, the details of his survival during the Armenian Genocide: his escape, the deaths of loved ones, forced marches, enslavement all punctuated by memories of an earlier, happier boyhood. The final section contains shorter lyric poems set mainly in New England, poems that explore the proximity of life and death, the complicity and interdependency of the individual in the collective, and the redemptive possibilities of sympathy.

The Transnational Turn in American Studies - Tanfer Emin-Tunc 2012

Over the past decade, a new transnational movement has emerged within American Studies. It centers on the

efforts of US-based Americanists to conduct transnational and comparative research while recognizing that scholars working outside the geographical boundaries of the US have just as much to contribute to American Studies as those within its borders. Such an approach not only fills in the blanks of historical, literary and cultural studies to include diasporic participants, but also enriches our understanding of major American events, figures, and influences beyond the limited geographic framework of the United States. Despite increasing interest, transnational American Studies remains a subdiscipline, or one of a host of many -side interests- for most scholars. There exist few booklength studies which examine American Studies from the Turkish perspective, and little on the contributions of Turkey to American culture. This interdisciplinary volume seeks to begin a transnational dialogue between Turkey and the United States by

highlighting the work that is being conducted by noted Turkish academics, American researchers, as well as foreign scholars working in Turkey, many of whom are living examples of transnationality."

Goblin Market and Other Poems - Christina Georgina Rossetti 1862

White Women's Rights - Louise Michele Newman 1999-02-04

This study reinterprets a crucial period (1870s-1920s) in the history of women's rights, focusing attention on a core contradiction at the heart of

early feminist theory. At a time when white elites were concerned with imperialist projects and civilizing missions, progressive white women developed an explicit racial ideology to promote their cause, defending patriarchy for "primitives" while calling for its elimination among the "civilized." By exploring how progressive white women at the turn of the century laid the intellectual groundwork for the feminist social movements that followed, Louise Michele Newman speaks directly to contemporary debates about the effect of race on current feminist scholarship. "White Women's Rights is an important book. It is a fascinating and informative account of the numerous and complex ties which bound feminist thought to the practices and ideas which shaped and gave meaning to America as a racialized society. A compelling read, it moves very gracefully between the general history of the feminist movement and the particular histories of individual women."

Middle Distance: Poems -
Stanley Plumly 2020-08-18
The probing, commanding final volume from "one of contemporary America's most gifted and influential lyric poets" (David Baker, Kenyon Review). After a diagnosis of cancer, acclaimed poet Stanley Plumly found himself in the middle distance—looking back at his childhood and a rich lifetime of family and friends, while gazing into a future shaped by the press of mortality. In *Middle Distance*, his final collection, he pushes onward into new territory with extended hybrid forms and revelatory prose pieces. The result is the moving culmination of a long career, a work of fearless, transcendent poems that face down the impending eternal voyage. Plumly populates this collection with tender depictions of poets, family, and friends—the relationships that sustained him throughout his life—as well as unflinching self-portraits. In "White Rhino," for instance, he adopts the voice of the "last of

[his] kind," using the rare creature as a canvas to depict the dying, aging poet himself. In "Night Pastorals," he writes vividly and movingly about being on his deathbed, with fragmentary impressions of the other side. In profound lyric narratives, Plumly reaches out to a past that feels closer than ever, returning to the Ohio of his childhood and the shadows of a country at war. Blending documentary and memoir with his signature Keatsian lyricism, *Middle Distance* contemplates at every turn the horizons of Plumly's life.

The Frame Called Ruin - Hadara Bar-Nadav 2012

Poetry. "In Hadara Bar-Nadav's poetry, ruin gives birth to blossoms, and broken glass gives rise to temples of a thousand shining windows. In the presence of death, under the aegis of catastrophe, everything comes alive. This is not merely the art of affirmation; this is the poetry of fierce abandonment to Being. In *THE FRAME CALLED RUIN*, our souls are shown, thank God, to be both weightless and indestructible: 'Everything unbuttons and we / forget about war.' Bar-Nadav has made a book of miracles."—Donald Revell "Space is at the center of this gorgeously sculpted book, whether it's the torn spaces left behind by war or the polished spaces of contemporary

architecture or the bottomless rectangles of Rothko canvases. Bar-Nadav approaches them all with an ekphrastic eye, negotiating them through agile juxtapositions and a balance of sharp clarity and evocative ambiguity. Each poem is a gem."—Cole Swensen

Poetry and Mindfulness - Bryan Walpert 2017-11-01

At a time when the Humanities are under threat, this book offers a defense of poetry within the context of growing interest in mindfulness in business, health care, and education. The book argues that the benefits and insights mindfulness provides are also cultivated by the study of poetry. These benefits include a focus on the present, the ability to see through scripts and habits, a rethinking of subjectivity, and the development of ecological or systems thinking. Bryan Walpert employs close readings of traditional and

experimental poetry and draws on scientific studies of the effects of mindfulness or reading literature on the brain. It argues the skills that poetry, like mindfulness, cultivates are useful beyond the page or classroom and ultimately are necessary to engage with such global issues as the environmental crisis.
