American Royals II: Majesty - Katharine McGee 2022-01-04

America has its first ever queen on the throne in this sequel to American Royals! If you can't get enough of Harry and Meghan and Will and Kate,

you'll love this New York Times bestseller that imagines America's own royal family--and all the drama and heartbreak that entails. Crazy Rich Asians meets The Crown. Perfect for fans of Red, White, and Royal Blue and The Royal We. Power is intoxicating. Like first love, it can leave you breathless. Princess Beatrice was born with it. Princess Samantha was born with less. Some, like Nina Gonzalez, are pulled into it. And a few will claw their way in. Ahem, we're looking at you Daphne Deighton. As America adjusts to the idea of a queen on the throne, Beatrice grapples with everything she lost when she gained the ultimate crown. Samantha is busy living up to her "party princess" persona...and maybe adding a party prince by her side. Nina is trying to avoid the palace--and Prince Jefferson--at all costs. And a dangerous secret threatens to undo all of Daphne's carefully laid "marry Prince Jefferson" plans. A new reign has begun....

American Royals - Katharine McGee 2020-05-05

NEW YORK TIMES BESTSELLING SERIES • What if America had a royal family? If you can't get enough of Harry and Meghan or Kate and William, meet American princesses Beatrice and Samantha. Crazy Rich Asians meets *The Crown*. Perfect for fans of *Red, White, and Royal Blue* and *The Royal We!* Two princesses vying for the ultimate crown. Two girls vying for the prince's heart. This is the story of the American royals. When America won the Revolutionary War, its people offered General George Washington a crown. Two and a half centuries later, the House of Washington still sits on the throne. Like most royal families, the Washingtons have an heir and a spare. A future monarch and a backup

battery. Each child knows exactly what is expected of them. But these aren't just any royals. They're American. As Princess Beatrice gets closer to becoming America's first queen regnant, the duty she has embraced her entire life suddenly feels stifling. Nobody cares about the spare except when she's breaking the rules, so Princess Samantha doesn't care much about anything, either . . . except the one boy who is distinctly off-limits to her. And then there's Samantha's twin, Prince Jefferson. If he'd been born a generation earlier, he would have stood first in line for the throne, but the new laws of succession make him third. Most of America adores their devastatingly handsome prince . . . but two very different girls are vying to capture his heart. The duty. The intrigue. The Crown. New York Times bestselling author Katharine McGee imagines an alternate version of the modern world, one where the glittering age of monarchies has not yet faded--and where love is still powerful enough to change the course of history. "The lives of the American royal family will hook you in the very first pages and never let go. Relatable, believable, fantastical, aspirational, and completely addictive." --Sara Shepard, #1 New York Times bestselling author of the *Pretty Little Liars* and *Perfectionists* series

Plants of the Gods - Richard Evans Schultes 2015-01-07

Three scientific titans join forces to completely revise the classic text on the ritual uses of psychoactive plants. They provide a fascinating testimony of these "plants of the gods," tracing their uses throughout the world and their significance in shaping culture and history. In the traditions of every culture, plants have been highly valued for their nourishing, healing, and transformative properties. The most powerful of those plants, which are known to transport the human mind into other dimensions of consciousness, have always been regarded as sacred. The authors detail the uses of hallucinogens in sacred shamanic rites while providing lucid explanations of the biochemistry of these plants and the cultural prayers, songs, and dances associated with them.

Just Don't Mention It - Estelle Maskame 2019-12-03

Can love heal all wounds? At seventeen, Tyler Bruce is hot — a hot mess. His girlfriend is a knockout, his reputation's untouchable, parties are

nothing without him. Even his car is unreal. But inside Tyler is broken — and he'll stop at nothing to keep that a secret. Then one summer Eden comes to stay. She's upfront, sharp and far more enticing than a stepsister should be. She also sees straight through Tyler's bad boy façade to the vulnerable kid within. The quiet kid who took all the punches. As Eden draws Tyler in, his defenses start to crumble around him. In his past, vulnerability only brought him danger. But now, it might just bring him everything he needs...if it doesn't break him. As irresistible and dazzling as its Californian backdrop, *Just Don't Mention It* is a companion novel to the *Did I Mention I Miss You* trilogy that explores Tyler's story — his heart-stopping tale of past hurt, finding hope and figuring out who the hell he wants to be.

The Modern Herbal Dispensatory - Thomas Easley 2016-11-29

The definitive, full-color guide to making and using approximately 250 herbal medicines at home, with instructions for everything from harvesting to administering low-cost, DIY remedies. This comprehensive, full-color guide provides detailed, easy-to-follow instructions for making and using approximately 250 herbal medicines at home, including

practical tips and numerous effective formulas developed and tested by the authors, both expert herbalists with years of experience. Readers who appreciate the health-giving properties of herbal medicines but are discouraged by the high price of commercial products can now make their own preparations for a fraction of the cost. The authors tell you everything you need to know about harvesting, preparing, and administering herbs in many different forms, including fresh, bulk dried herbs, capsules, extracts in water, alcohol, glycerin, vinegar and oil, and even preparations like essential oils and flower essences. The book also covers topical applications of herbs as salves, lotions, poultices, tooth powders, ear drops, and more, and includes an extensive chapter on herbal hydrotherapy. *The Modern Herbal Dispensary* explains why different preparations of the same herb will obtain better results, demonstrating how capsules, teas, tinctures, or glycerites of the same plant will not have exactly the same effect on the body. Leading herbalists Thomas Easley and Steven Horne have tested and proven the herbal formulas they offer, along with suggestions for treating more than one hundred illnesses. They lay out the principles of herbal formulation and also provide instructions on how to prepare single herbs, a procedure that has been largely ignored in other references. More comprehensive than any other guide, thoroughly researched, beautifully illustrated, and presented with ease of use in mind, this book will take its place as the premier reference for those who want to produce all the herbal remedies they need, and to save money in the process.

The Discovery and Conquest of Peru - Pedro de Cieza de León
1999-01-21

Dazzled by the sight of the vast treasure of gold and silver being unloaded at Seville's docks in 1537, a teenaged Pedro de Cieza de León vowed to join the Spanish effort in the New World, become an explorer, and write what would become the earliest historical account of the conquest of Peru. Available for the first time in English, this history of Peru is based largely on interviews with Cieza's conquistador compatriotes, as well as with Indian informants knowledgeable of the Incan past. Alexandra Parma Cook and Noble David Cook present this recently discovered third book of a four-part chronicle that provides the most thorough and definitive record of the birth of modern Andean America. It describes with unparalleled detail the exploration of the Pacific coast of South America led by Francisco Pizarro and Diego de Almagro, the imprisonment and death of the Inca Atahualpa, the Indian resistance, and the ultimate Spanish domination. Students and scholars of Latin American history and conquest narratives will welcome the publication of this volume.

Natural Remedies for Inflammation - Christopher Vasey 2014-11-15

An illustrated guide to natural relief from chronic inflammation • Explores the use of 18 anti-inflammatory herbs, such as bay laurel, basil, turmeric, and devil's claw, as well as 15 other natural substances, such as propolis and fish oil • Examines which natural remedy is best for many common inflammation-related ailments, such as asthma, bronchitis, tendonitis, arthritis, and eczema • Reveals the important role of omega-3s in defending the body against inflammation From aspirin and ibuprofen to antihistamines and cortisone, anti-inflammatory drugs are now the top-selling pharmaceuticals in the world. But daily use of these powerful drugs comes with a price: side effects, many of which can

lead to other chronic conditions and the further use of medications. In this practical guide to natural remedies for inflammation, naturopath Christopher Vasey explores 18 anti-inflammatory herbs, such as bay laurel, basil, turmeric, and devil's claw, as well as 15 other natural substances, such as propolis and fish oil. He explains which conditions each addresses most effectively, proper dosage, and the best methods of ingestion. Vasey explains how, like fever, inflammation is a defensive reaction of the body and also carries out a cleansing process, which natural remedies support but pharmaceuticals can destabilize by contributing more toxins to the internal terrain. He examines 50 of the most common inflammation-related ailments--such as allergies, asthma, conjunctivitis, bronchitis, sinusitis, cystitis, tendinitis, arthritis, eczema, and sciatica--and explains which medicinal plant or food supplement is best suited to safely alleviate unpleasant symptoms while helping the body complete the healing the inflammation was initiated to perform. Revealing the important role of omega-3s in defending the body against inflammation and reducing the damage caused by chronic inflammation, Vasey explores what foods are rich in these key molecules, how much must be eaten to defend the body, and what omega-3 supplements are most suited to your body's needs. The author also examines how to deacidify the body, as acids have an inflammatory effect, as well as how to use hydrotherapy to calm inflammation.

Secret Judgments of God - Noble David Cook 2001

In the wake of European expansion, disease outbreaks in the New World caused the greatest loss of life known to history. Post-contact Native American inhabitants succumbed in staggering numbers to maladies such as smallpox, measles, influenza, and typhus, against which they had no immunity. A collection of case studies by historians, geographers, and anthropologists, "Secret Judgments of God" discusses how diseases with Old World origins devastated vulnerable native populations throughout Spanish America. In their preface to the paperback edition, the editors discuss the ongoing, often heated debate about contact population history.
