Double the Dinosaurs: A Math Reader - Diana Murray 2020-09-15

2, 4, 6, 8, math with dinos is so GREAT! This Step 1 early reader will introduce the fundamentals of addition and the concept of "doubling." First there's one dinosaur, then two, then four... keep up the doubling and there will sixty-four dinosaurs before the story's through. The dinosaurs like to stomp and play, but they seem to keep multiplying. This math reader is a great introduction to the concept of addition and doubling. Step 1 Readers feature big type and easy words for children who know the alphabet and are eager to begin reading. Rhyme and rhythmic text paired picture clues help children decode the story.

How to Draw Carnivore Dinosaurs Step-By-Step Guide - Andy Hopper 2019-10-26

People who love kids spend a sizeable amount of their adult life obsessing about how their lives would be with kids in it. They wonder how they can be good parents and be their kids' ultimate companion. They actively or passively prepare for this period of their lives and try to figure out ways to connect with their kids. The kids came with a need to express themselves, and it turns out that drawing is one of these needs. Herein lies the problem; the parent cannot draw. If this is your story, we understand how hard it is for you to confront that wrong notion that you cannot be there for your kids. You do not have to feel this way because you can always get help. Now, that help has come in the form of this drawing book. You do not have to feel like you are not doing enough for your kids in the area of creative expression because now, you can always bring out this book and guide them on how to use it to fulfill their drawing needs. The best part of this is that you will be doing it together; you learn as they learn and at the same time, you get to connect with them on a deeper level. So yes, you may not have much artistic or drawing skill, but you can help your kids develop theirs, and this book and the drawing guides in it will help you get them there. You and your kids are about to have the most amazing creative experience - one that you will talk about for years to come.

How to Draw Dinosaurs #1 - David K. 2018-04-07

Drawing can be such a fun and healthy activity to do with your children. As a parent, have you ever looked into your 5 years old eyes and say: "I am sorry sweetheart, but I have no idea how to draw a dragon or a dinosaur?" This is the exact reason why our book exists. Don't ever feel again like you are failing your kids. Simply let them know although you are a super parent, you don't know everything. However, you know just the guide to pull out of your bookshelf to help them learn along with you. Make this drawing adventure a family affair. Come on kids and parents start this journey with us and let's draw some very special images and create one in a lifetime memories.
