You may not be perplexed to enjoy all books collections Who Was Andrew Jackson that we will completely offer. It is not a propos the costs. Its very nearly what you infatuation currently. This Who Was Andrew Jackson , as one of the most energetic sellers here will no question be in the midst of the best options to review.

The Rise of Andrew Jackson - David S. Heidler 2018-10-23

The story of Andrew Jackson's improbable ascent to the White House, centered on the handlers and propagandists who made it possible Andrew Jackson was volatile and prone to violence, and well into his forties his sole claim on the public's affections derived from his victory in a thirty-minute battle at New Orleans in early 1815. Yet those in his immediate circle believed he was a great man who should be president of the United States. Jackson's election in 1828 is usually viewed as a result of the expansion of democracy. Historians David and Jeanne Heidler argue that he actually owed his victory to his closest supporters, who wrote hagiographies of him, founded newspapers to savage his enemies, and built a political network that was always on message. In transforming a difficult man into a paragon of republican virtue, the Jacksonites exploded the old order and created a mode of electioneering that has been mimicked ever since. !--[endif]--

Who Was Andrew Jackson? - Douglas Yacka 2017-07-04

Controversial in his day and still controversial now, President Andrew Jackson left his mark on American history. Seventh President Andrew Jackson was a man of contradictions: quick tempered and brash, he often seemed to look for fights, but he was so devoted to his wife, he quit Congress twice to be by her side. He was a celebrated war hero who nevertheless most enjoyed his serene life in Tennessee. Although he saw himself as a champion of the poor, he grew to be a rich plantation owner owning many slaves. He adopted a young Native American as his son despite ordering the expulsion of tribes —hundreds of thousands of people—from their homeland in the Southeast. Douglas Yacka captures the many sides of Andrew Jackson, whose life began just before the Revolution and ended not long before the Civil War. This book in the New York Times best-selling series contains eighty illustrations that help bring the story to life.

Jacksonland - Steve Inskeep 2016-05-17

“The story of the Cherokee removal has been told many times, but never before has a single book given us such a sense of how it happened and what it meant, not only for Indians, but also for the future and soul of America.” —The Washington Post Five decades after the Revolutionary War, the United States approached a constitutional crisis. At its center stood two former military comrades locked in a struggle that tested the boundaries of our fledgling democracy. One man we recognize: Andrew Jackson—war hero, populist, and exemplar of the expanding South—whose first major initiative as president instigated the massive expulsion of Native Americans known as the Trail of Tears. The other is a half-forgotten figure: John Ross—a mixed-race Cherokee politician and diplomat—who used the United States’ own legal system and democratic ideals to oppose Jackson. Representing one of the Five Civilized Tribes who had adopted the ways of white settlers, Ross championed the tribes’ cause all the way to the Supreme Court, gaining allies like Senator Henry Clay, Chief Justice John Marshall, and even Davy Crockett. Ross and his allies made their case in the media, committed civil disobedience, and benefited from the first mass political action by American women. Their struggle contained ominous overtures of later events like the Civil War and defined the political culture for much that followed. Jacksonland is the work of renowned journalist Steve Inskeep, cohost of NPR’s Morning Edition, who offers a heart-stopping narrative masterpiece, a tragedy of American history that feels ripped from the headlines in its immediacy, drama, and relevance to our lives. Jacksonland is the story of America at a moment of transition, when the fate of states and nations was decided by the actions of two heroic yet tragically opposed men.

The Reign of Andrew Jackson - Frederic Austin Ogg 1920

Andrew Jackson - Robert V. Remini 1998-04-10

Volume Three covers Jackson's reelection to the presidency and the weighty issues with which he was faced: the nullification crisis, the tragic removal of the Indians beyond the Mississippi River, the mounting violence throughout the country over slavery, and the tortuous efforts to win the annexation of Texas.

Andrew Jackson and the Politics of Martial Law - Matthew Warshauer 2006-11

"Lucid and well-researched." --The New Yorker In order to win the famous battle of New Orleans, Andrew Jackson believed that it was necessary to declare martial law and suspend the writ of habeas corpus. In doing so, he achieved both a great victory and the notoriety of being the first American general to ever suspend civil liberties in America. Andrew Jackson and the Politics of Martial Law tells the history of Jackson's use of martial law and how the controversy surrounding it followed him throughout his life. The work engages the age-old controversy over if, when, and who should be able to subvert the Constitution during times of national emergency. It also engages the continuing historical controversy over Jackson's political prowess and the importance of the rise of party politics during the early republic. As such, the book contributes to both the scholarship on Jackson and the legal and constitutional history of the intersection between the military and civilian spheres. To fully understand the history of martial law and the subsequent evolution of a theory of emergency powers, Matthew Warshauer asserts, one must also understand the political history surrounding the discussion of civil liberties and how Jackson's stature as a political figure and his expertise as a politician influenced such debates. Warshauer further explains that Abraham Lincoln cited Jackson's use of the military and suspension of civil liberties as justification for similar decisions during the Civil War. During both Jackson's and Lincoln's use of martial law, critics declared that such an action stood in opposition to both the Constitution and the nation's cherished republican principles of protecting liberty from dangerous power, especially that of the military. Supporters of martial law insisted that saving the nation became the preeminent cause when the republic was endangered. At the heart of such arguments lurked the partisan maneuvering of opposing political parties. Andrew Jackson and the Politics of Martial Law is a powerful examination of the history of martial law, its first use in the United States, and the consequent development of emergency powers for both military commanders and presidents. Matthew Warshauer is associate professor of history at Central Connecticut State University. He is the author of the forthcoming Andrew Jackson: First Men, America's Presidents. His articles have appeared in Tennessee Historical Quarterly, Connecticut History, Louisiana History, and New York History.

History of Andrew Jackson - Augustus C. Buell 1904

Andrew Jackson - Teri Kanefield 2018-03-13

This biography for young readers explores the life of the controversial seventh U.S. president, as well as his successes, failures, and legacy. Born in the Carolina backwoods, Andrew Jackson joined the American Revolutionary War at the age of thirteen. After a reckless youth of gunfights, gambling, and general mischief, he rose to national fame as the general who defeated the British in the Battle of New Orleans. Jackson ran for president as a political outsider, championing the interest of common farmers and

frontiersmen. Determined to take down the wealthy, well-educated East Coast “elites,” he pledged to destroy the national bank—which he believed was an engine of corruption serving the interest of bankers and industrialists. A staunch nationalist, he sought to secure and expand the nation’s borders. Believing that “we the people” included white men only, he protected the practice of slavery, and opened new lands for white settlers by pushing the Native people westward. Jackson, a polarizing figure in his era, ignited a populist movement that remains a powerful force in our national politics. The book includes selections of Jackson’s writings, endnotes, a bibliography, and an index. “A concise profile that successfully reveals Jackson’s personal complexities and contradictions and his controversial legacy as a public figure.” —Kirkus Reviews

Old Hickory - Burke Davis 1977

The personal life and turbulent military and political career of Andrew Jackson are considered in light of major twentieth-century reappraisals of America's seventh president and his time.

Andrew Jackson - Megan M. Gunderson 2020-08-01

This biography introduces readers to Andrew Jackson including his military service, early political career, and key events from Jackson's administration including the Indian Removal Act and his opposition to the Bank of the United States. Information about his childhood, family, personal life, and retirement years is included. A timeline, fast facts, and sidebars provide additional information. Aligned to Common Core Standards and correlated to state standards. Checkerboard Library is an imprint of Abdo Publishing, a division of ABDO.

Life and Public Services of Gen. Andrew Jackson - John Stilwell Jenkins 1851

Women in the Life of Andrew Jackson - Ludwig M. Deppisch, M.D. 2021-05-07

Andrew Jackson is one of the most significant and controversial United States Presidents. This book follows Jackson's life and death through the lives of six women who influenced both his politics and his persona. His mother, Elizabeth Hutchinson Jackson, introduced him to their Scots-Irish heritage. Jackson's wife, Rachel Donelson Jackson provided emotional support and a stable household throughout her life. Emily Donelson, his niece, was the White House hostess for most of his presidency and was one of the few women to stand up to Jackson's overbearing nature. She, along with Rachel Jackson and Mary Eaton (the wife of Jackson's Secretary of War) was also involved in the Petticoat Affair, a historic scandal that consumed the early Jackson administration. His daughter-in-law, Sarah Yorke Jackson, and niece, Mary Eastin Polk, supported Jackson in his retirement and buttressed his political legacy. These six women helped to mold, support, and temper the figure of Andrew Jackson we know today.

The Life of Andrew Jackson - Robert V. Remini 2011-09-13

Robert V. Remini's prize-winning, three-volume biography Life of Andrew Jackson won the National Book Award on its completion in 1984 and is recognized as one of the greatest lives of a U.S. President. In this meticulously crafted single-volume abridgment, Remini captures the essence of the life and career of the seventh president of the United States. As president, from 1829-1837, Jackson was a significant force in the nation's expansion, the growth of presidential power, and the transition from republicanism to democracy. Jackson is a highly controversial figure who is undergoing historical reconsideration today. He is known as spurring the emergence of the modern American political division of Republican and Democratic parties, for the infamous Indian removal on the Trail of Tears, and for his brave victory against the British as Major General at the Battle of New Orleans. Never an apologist, Remini portrays Jackson as a forceful, sometimes tragic, hero—a man whose strength and flaws were larger than life, a president whose conviction provided the nation with one of the most influential, colorful, and controversial administrations in our history.

The True Andrew Jackson - Cyrus Townsend Brady 1906

The Life of Andrew Jackson - Robert V. Remini 2001-08-21

A meticulous abridgement of the author's award-winning three-volume study traces the life and career of the seventh U.S. president, describes his military exploits, and examines his leadership qualities. Reprint. 15,000 first printing.

Andrew Jackson - Sean Wilentz 2007-04-01

The towering figure who remade American politics—the champion of the ordinary citizen and the scourge of entrenched privilege "It is rare that historians manage both Wilentz's deep interpretation and lively narrative." - Publishers Weekly The Founding Fathers espoused a republican government, but they were distrustful of the common people, having designed a constitutional system that would temper popular passions. But as the revolutionary generation passed from the scene in the 1820s, a new movement, based on the principle of broader democracy, gathered force and united behind Andrew Jackson, the charismatic general who had defeated the British at New Orleans and who embodied the hopes of ordinary Americans. Raising his voice against the artificial inequalities fostered by birth, station, money, and political privilege, Jackson brought American politics into a new age. Sean Wilentz, one of America's leading historians of the nineteenth century, recounts the fiery career of this larger-than-life figure, a man whose high ideals were matched in equal measure by his failures and moral blind spots, a man who is remembered for the accomplishments of his eight years in office and for the bitter enemies he made. It was in Jackson's time that the great conflicts of American politics—urban versus rural, federal versus state, free versus slave—crystallized, and Jackson was not shy about taking a vigorous stand. It was under Jackson that modern American politics began, and his legacy continues to inform our debates to the present day.

Andrew Jackson - John M. Belohlavek 2016-06-10

Andrew Jackson was the seventh president of the United States. Known as "Old Hickory," he was the first President who championed the rights of the 'common man'. Originally from the frontier, he was known for being rough in speech and mannerisms and his fierce temper. After making his name as a general fighting the Creek Indians in the Battle of Horseshoe Bend and the British in the Battle of New Orleans, he entered politics, resulting in the creation of the modern Democratic party. However, Jackson is best known today for the harsh stand he took on Indian Removal. In this concise account, John Belohlavek recounts what made Jackson such a magnetic and controversial figure in his own time. Separating truth from legend, Andrew Jackson: Principle and Prejudice shows how deeply Andrew Jackson's actions and policies as president have affected the modern United States.

Andrew Jackson - William Garrott Brown 1900

Andrew Jackson and the Course of American Democracy, 1833-1845 - Robert Vincent Remini 1984

The concluding volume of this three-volume biography covers Jackson's triumphant reelection, the war against the Bank of the United States, removal of the Indians beyond the Mississippi, and the annexation of Texas

Andrew Jackson and the Miracle of New Orleans - Brian Kilmeade 2019-11-12

Another history page-turner from the authors of the #1 bestsellers George Washington's Secret Six and Thomas Jefferson and the Tripoli Pirates. The War of 1812 saw America threatened on every side. Encouraged by the British, Indian tribes attacked settlers in the West, while the Royal Navy terrorized the coasts. By mid-1814, President James Madison's generals had lost control of the war in the North, losing battles in Canada. Then British troops set the White House ablaze, and a feeling of hopelessness spread across the country. Into this dire situation stepped Major General Andrew Jackson. A native of Tennessee who had witnessed the horrors of the Revolutionary War and Indian attacks, he was glad America had finally decided to confront repeated British aggression. But he feared that President Madison's men were overlooking the most important target of all: New Orleans. If the British conquered New Orleans, they would control the mouth of the Mississippi River, cutting Americans off from that essential trade route and threatening the previous decade's Louisiana Purchase. The new nation's dreams of western expansion would be crushed before they really got off the ground. So Jackson had to convince President Madison and his War Department to take him seriously, even though he wasn't one of the Virginians and New Englanders who dominated the government. He had to assemble a coalition of frontier militiamen, French-speaking Louisianans, Cherokee and Choctaw Indians, freed slaves, and even some pirates. And he had to defeat the most powerful military force in the world—in the confusing terrain of the Louisiana bayous. In short, Jackson needed a miracle. The local Ursuline nuns set to work praying for his outnumbered troops. And so the Americans, driven by patriotism and protected by prayer, began the battle that would shape our

young nation's destiny. As they did in their two previous bestsellers, Kilmeade and Yaeger make history come alive with a riveting true story that will keep you turning the pages. You'll finish with a new understanding of one of our greatest generals and a renewed appreciation for the brave men who fought so that America could one day stretch "from sea to shining sea."

The Life of Andrew Jackson - John Spencer Bassett 1911

Andrew Jackson - William Brown 2021-12-02

An Interview with Andrew Jackson - Ruth Smalley 2001-04

Written in first person, this book is presented through the narrator who is an interviewer sharing a conversation with President Andrew Jackson. Beginning with his youth and going through his military service, political life, and presidency, she covers all the bases in the form of questions and answers. The story expertly weaves actual words of Jackson and his colleagues into the narrative. Tremendous amounts of research are compiled into this work, making it as educational for kids as it is entertaining.

Life of Andrew Jackson - 1834

Avenging the People - J. M. Opal 2017

"With the passionate support of most voters and their families, Andrew Jackson broke through the protocols of the Founding generation, defying constitutional and international norms in the name of the "sovereign people." And yet Jackson's career was no less about limiting that sovereignty, imposing one kind of law over Americans so that they could inflict his sort of "justice" on non-Americans. Jackson made his name along the Carolina and Tennessee frontiers by representing merchants and creditors and serving governors and judges. At times that meant ejecting white squatters from native lands and returning blacks slaves to native planters. Jackson performed such duties in the name of federal authority and the "law of nations." Yet he also survived an undeclared war with Cherokee and Creek fighters between 1792 and 1794, raging at the Washington administration's failure to "avenge the blood" of white colonists who sometimes leaned towards the Spanish Empire rather than the United States. Even under the friendlier presidency of Thomas Jefferson, Jackson chafed at the terms of national loyalty. During the long war in the south and west from 1811 to 1818 he repeatedly brushed aside state and federal restraints on organized violence, citing his deeper obligations to the people's safety within a terrifying world of hostile empires, lurking warriors, and rebellious slaves. By 1819 white Americans knew him as their "great avenger." Drawing from recent literatures on Jackson and the early republic and also from new archival sources, *Avenging the People* portrays him as a peculiar kind of nationalist for a particular form of nation, a grim and principled man whose grim principles made Americans fearsome in some respects and helpless in others"--

Andrew Jackson and Early Tennessee History - Samuel Gordon Heiskell 1918

The Presidency of Andrew Jackson - Donald B. Cole 1993

In 1829 Andrew Jackson arrived in Washington in a carriage. Eight years and two turbulent presidential terms later, he left on a train. Those years, among the most prosperous in American history, saw America transformed not only by growth in transportation but by the expansion of the market economy and the formation of the mass political party. Jackson's ambivalence—and that of his followers—toward the new politics and the new economy is the story of this book. Historians have often depicted the Old Hero (or Old Hickory) as bigger than life—so prominent that his name was wed to an era. Donald Cole presents a different Jackson, one not always sure of himself and more controlled by than in control of the political and economic forces of his age. He portrays Jackson as a leader who yearned for the agrarian past but was also entranced by the future of a growing market economy. The dominant theme of Jackson's presidency, Cole argues, was his inconsistent and unsuccessful battle to resist market revolution. Elected by a broad coalition of interest groups, Jackson battled constantly not only his opponents but also his supporters. He spent most of his first term rearranging his administration and contending with Congress. His accomplishments were mostly negative—relocating Indians, vetoing road bills and the Bank bill, and opposing nullification. The greatest achievement of his administration, the rise of the mass political party,

was more the work of advisers than of Jackson himself. He did, however, make a lasting imprint, Cole contends. Through his strength, passions, and especially his anxiety, Jackson symbolized the ambivalence of his fellow Americans at a decisive moment—a time when the country was struggling with the conflict between the ideals of the Revolution and the realities of nineteenth-century capitalism.

History of the Impeachment of Andrew Jackson, President of the United States - Edmund G. Ross

The Papers of Andrew Jackson: 1770-1803 - Andrew Jackson 1980

V. 10. This volume presents more than four hundred documents from Andrew Jackson's fourth presidential year. It includes private memoranda, intimate family letters, drafts of official messages, and correspondence with government and military officers, diplomats, Indians, political friends and foes, and ordinary citizens throughout the country. The year 1832 began with Jackson still pursuing his feud with Vice President John C. Calhoun, whom Jackson accused of secretly siding against him in the 1818 controversy over Jackson's Seminole campaign in Florida. The episode ended embarrassingly for Jackson when a key witness, called on to prove his charges, instead directly contradicted them. Indian removal remained a preoccupation for Jackson. The Choctaws began emigrating westward, the Creeks and Chickasaws signed but then immediately protested removal treaties, and the Cherokees won what proved to be an empty victory against removal in the Supreme Court. Illinois Indians mounted armed resistance in the Black Hawk War. In midsummer, a cholera epidemic swept the country, and Jackson was urged to proclaim a day of fasting and prayer. He refused, saying it would intermingle church and state. A bill to recharter the Bank of the United States passed Congress in July, and Jackson vetoed it with a ringing message that became the signature document of his presidency. In November, Jackson, with new running mate Martin Van Buren, won triumphant reelection over Henry Clay. But only days later, South Carolina nullified the federal tariff law and began preparing for armed resistance. Jackson answered with an official proclamation that disunion by armed force is treason. The year closed with Jackson immersed in plans to suppress nullification and destroy the Bank of the United States. Embracing all these stories and many more, this volume offers an incomparable window into Andrew Jackson, his presidency, and America itself in 1832. --

Life of Andrew Jackson - James Parton 1860

American Lion - Jon Meacham 2009-04-30

The definitive biography of a larger-than-life president who defied norms, divided a nation, and changed Washington forever Andrew Jackson, his intimate circle of friends, and his tumultuous times are at the heart of this remarkable book about the man who rose from nothing to create the modern presidency. Beloved and hated, venerated and reviled, Andrew Jackson was an orphan who fought his way to the pinnacle of power, bending the nation to his will in the cause of democracy. Jackson's election in 1828 ushered in a new and lasting era in which the people, not distant elites, were the guiding force in American politics. Democracy made its stand in the Jackson years, and he gave voice to the hopes and the fears of a restless, changing nation facing challenging times at home and threats abroad. To tell the saga of Jackson's presidency, acclaimed author Jon Meacham goes inside the Jackson White House. Drawing on newly discovered family letters and papers, he details the human drama—the family, the women, and the inner circle of advisers— that shaped Jackson's private world through years of storm and victory. One of our most significant yet dimly recalled presidents, Jackson was a battle-hardened warrior, the founder of the Democratic Party, and the architect of the presidency as we know it. His story is one of violence, sex, courage, and tragedy. With his powerful persona, his evident bravery, and his mystical connection to the people, Jackson moved the White House from the periphery of government to the center of national action, articulating a vision of change that challenged entrenched interests to heed the popular will— or face his formidable wrath. The greatest of the presidents who have followed Jackson in the White House—from Lincoln to Theodore Roosevelt to FDR to Truman—have found inspiration in his example, and virtue in his

vision. Jackson was the most contradictory of men. The architect of the removal of Indians from their native lands, he was warmly sentimental and risked everything to give more power to ordinary citizens. He was, in short, a lot like his country: alternately kind and vicious, brilliant and blind; and a man who fought a lifelong war to keep the republic safe—no matter what it took.

The Passions of Andrew Jackson - Andrew Burstein 2007-12-18

Most people vaguely imagine Andrew Jackson as a jaunty warrior and a man of the people, but he was much more—a man just as complex and controversial as Jefferson or Lincoln. Now, with the first major reinterpretation of his life in a generation, historian Andrew Burstein brings back Jackson with all his audacity and hot-tempered rhetoric. The unabashedly aggressive Jackson came of age in the Carolinas during the American Revolution, migrating to Tennessee after he was orphaned at the age of fourteen. Little more than a poorly educated frontier bully when he first opened his public career, he was possessed of a controlling sense of honor that would lead him into more than one duel. As a lover, he fled to Spanish Mississippi with his wife-to-be before she was divorced. Yet when he was declared a national hero upon his stunning victory at the Battle of New Orleans, Jackson suddenly found the presidency within his grasp. How this brash frontiersman took Washington by storm makes a fascinating story, and Burstein tells it thoughtfully and expertly. In the process he reveals why Jackson was so fiercely loved (and fiercely hated) by the American people, and how his presidency came to shape the young country's character.

Andrew Jackson, Frontier Statesman - Clara Ingram Judson 1954

Grades 5-8.

Life of Andrew Jackson - James Parton 1860

Andrew Jackson - Carole Marsh 2003-12-01

Andrew Jackson, a military hero, lost the presidency in 1824 to a wealthy aristocrat. But the people elected this "common man" in 1828. Andrew was the first president to veto bills he did not believe in, not just those that were unconstitutional. Andrew Jackson represented the people of America while in office. These popular readers include easy-to-read information, fun facts and trivia, humor, activities and a whole lot more. They are great for ages 7-12 (grades 2-6), because although simple, these readers have substance and really engage kids with their stories. They are great for social studies, meeting state and national curriculum standards, individual and group reading programs, centers, library programs, and have many other terrific educational uses. The First Populist - David S. Brown 2022-05-17

A revelatory, timely, and masterful biography of President Andrew Jackson that offers a new perspective on this charismatic figure in the context of American populism—identifying the reasons for his unprecedented appeal as it shows us the man and politician in his full complexity. A number of bestselling and award-winning biographies have been written about the seventh president of the US, but none have positioned

Andrew Jackson so firmly in the forefront of the country's populist tradition. Now, historian David S. Brown traces Jackson's unusual life and legacy and sheds new light on his place in our nation's history, focusing on his role as a popular leader. Andrew Jackson rose from rural poverty to become the dominant figure in American politics between Jefferson and Lincoln. His reputation, however, defies easy description. Some regard him as the symbol of a powerful democratic movement that saw early 19th century suffrage restrictions recede for white men. Others stress his prominent role in removing Native American peoples from their ancestral lands, which were then opened to create a southern cotton kingdom, home to more than a million enslaved people. A self-defined champion of "farmers, mechanics, and laborers," Jackson railed against the established ruling order, fostering a brand of democracy that struck a chord with the common man and helped catapult him into the presidency—he was the first westerner, first orphan, and thus far the only prisoner of war to occupy the office. Drawing on a wide range of research material, *The First Populist* takes a fresh look at Jackson's public career, including the momentous Battle of New Orleans and the far-reaching Bank War; it reveals his marriage to an already married woman, a deadly duel with a Nashville dandy, and analyzes his magnetic hold on much of the country at the time. Presenting a full portrait of a controversial American life, *The First Populist* offers a new way to interpret Jackson's legacy, connecting "Old Hickory" to a longer history of division, dissent, and partisanship that has come to define our current times.

Biography of Andrew Jackson, President of the United States, etc - Philo A. GOODWIN 1832

Andrew Jackson - Monica Rausch 2007-01-12

A brief biography of America's seventh president.

Andrew Jackson, His Life and Times - H. W. Brands 2005

Explores the life of the first "common man" to become president of the United States, discussing Jackson's early days in South Carolina, his military exploits, and his contributions to the cause of democracy and Manifest Destiny.

Andrew Jackson Vs. Henry Clay - Harry L. Watson 1998

This dual biography with documents is the first book to explore the political conflict between Andrew Jackson and Henry Clay - two explosive personalities whose contrasting visions of America's future shaped a generation of power struggle in the early Republic. In a clear, even narrative that outlines the economic, social, technological, and political dynamics of the early nineteenth century, Watson examines how Jackson and Clay came to personify the opposition between democracy and development. Following the biographies are twenty-five primary documents - including speeches from the Senate floor, letters to the new president, and Jackson's famous bank veto - that parallel the narrative's organization and immerse students in the debates of the day. Also included are headnotes to the documents, two maps, portraits of both figures, a chronology, a selected bibliography, and an index.
