New York Times bestselling author. Attention Minecraft players, take an adventure right into the game you love! Can Gameknight999 survive a Minecraft journey one hundred years into the past? This adventure series is created especially for readers who love the fight of good vs. evil, magical academies like Hogwarts in the Harry Potter saga, and games like Minecraft, Terraria, and Pokemon GO. A freak thunderstorm strikes just as Gameknight999 is activating his father's digitizer to re-enter Minecraft. Sparks flash across his vision as he is sucked into the game... and when the smoke clears, he's arrived safely. But it doesn't take long to realize that things in the Overworld are very different. Gameknight sees the same blocky terrain and square clouds as usual, but almost everything else has changed. His friends are nowhere to be found. His castle has disappeared and the village he calls home is missing its defenses and fortified wall. Even stranger, no one seems to know who he is. The User-that-is-not-a-user realizes he's been accidentally sent a hundred years into the past, back to the time of the historic Great Zombie Invasion. None of his friends have even been born yet. But that might be the least of Gameknight999's worries, because travelling back in time also means that the evil virus Herobrine, the scourge of Minecraft, is still alive... Dean enjoyed his last trip into the Nether and the End, but he was a little disappointed that he didn't get to do much real paranormal investigating. Now Dean wants to find a real ghost, and he thinks that he figured out how to find one. While at the library, Dean comes across the legend of the Herobrine. His friends aren't entirely sure that the Herobrine exists, but Dean is convinced otherwise. Luckily, some of Dean's friends are interested in another adventure, even if it just to the Nether again. A place like the Nether doesn't get boring, after all. In The Monster Hunter Diaries: Stopping Herobrine, Dean must try to find and eradicate the thing that he has been dreaming of creating for weeks. It pains him inside to know that he must do this, but it will destroy him on the outside for real if he doesn't. Dean brought the Herobrine into this world, and now it's time to take it out. Herobrine Middle School - John Diary 2016-12-13

Dan is playing Minecraft with his friends, like he always does, when a strange figure, white from head-to-toe, approaches him in the game and drops a book at his feet. Cautiously, Dan reads the book: it's an invitation, to a school. A school for only the very best Minecraft players in the country. It has to be a trick.

It's probably just a joke from one of his friends. Dan is thinking just that, when there's a knock at the door. A strange woman, dressed in all white, has arrived at Dan's front door. She introduces herself to his bewildered mom and dad with her angelic voice. Her name is Ms. Fennerby and she's a teacher at Herobrine Middle School, an academy for children gifted in the game of Minecraft. Dan has been selected as one of the builders and designers of his generation. It all seems too good to be true. And maybe it is... Herobrine Middle School is a thrilling middle school adventure filled with real emotions, page-turning excitement and characters that will jump off the page and make you laugh. It is Spy Kids and Harry Potter and The Hunger Games, all set to the backdrop of the mysterious world of Minecraft. Perfect for readers age eight to fourteen with a story that will excite all lovers of Minecraft. Excerpt "DAAANNNNN! It's dinner time!" the voice echoed up the stairs. "I'll be right down!" Dan yelled back. "I've just got to save the world!" Dan's mom, who was making a racket in the kitchen that made Dan think she was throwing every pot on the ground, didn't respond. That was okay. Dan didn't want to have to explain anyways. He was saving the world. Well... a world. The Minecraft world that he and a couple friends had been working on for over a year. They had magnificent houses and had built huge statues of their avatars in the game. Dan's pride and joy was built on the server too: The Cow Cannon 2000. The Cow Cannon 2000 did... well it did exactly what you would expect it to. It fired cows at blinding speed into the far away expanses of Minecraft. It fired them so far that Dan and his friends had never found any remains of the cows or the mine carts that they were fired in. The best part is that the machine worked automatically. It lured cows to the machine and then fired them off as soon as they got close enough. Dan was incredibly proud of it. A work of art, he told himself. And, really, everything had been perfect in that huge-housed, massive-statued, cow-raining world, until the griefers had shown up. Somehow, a bunch of older kids had found the server and at first it was fine. They built their own stuff. That was fine. But soon they were bored of that and started destroying anything and everything they could find. Dan had urged his friends to just not react. The griefers would get bored, he thought, and leave them alone. But they didn't get bored. So, it was time to take more drastic measures. The griefers' next target was Platinum Plateau where Dan's friends' houses were built, along with the Cow Cannon 2000. Dan wasn't going to let the griefers anywhere near it. He had spent the last week building a series of "secret" entrances to the plateau via mine cart. The idea was that the griefers would find the "secret" entrances and not be able to resist riding the mine carts into the centre of the plateau to surprise Dan and friends. But little did they know that the mine cart would take them right to the Cow Cannon 2000, and before they knew it, BAM! They'd be taking a free flight, courtesy of Dan airlines. GENRE: Children's Adventure (An Unofficial Minecraft Book for Kids Ages 9 - 12 (Preteen) Book 1: Race Through Time Hello everyone! Winston here. How is it going? I know you were probably expecting Romero

the Crafty Zombie or even Commander Rick. You have me instead. The great and powerful Winston. The most underrated hero in the history of Minecraft. Change the past. Own the future. Romero, Rick and Steve have been defeated. Now in the clutches of Herobrine, their situation is about to get a lot worse. Herobrine has changed the past, erasing all the great efforts our heroes have accomplished. Elsewhere, in Overwatch, Commander Maxus reveals his plan to save the world. If Herobrine succeeds in changing the past, then all is lost. The only way to stop him now is to take a journey back in time to stop him. Winston maybe be powerful, but is he enough to handle Herobrine? And just what is Herobrine planning? Book 2: Half Zombie, Half Enderman "So that's why you're still alive," said Jackson. I nearly dropped my knife out of shock. Still... alive? But then, that would imply that... Old friends. New world. Herobrine has defeated Winston, and now the evil god rules the world. Notch has been forgotten, and Herobrine has been declared the savior of humanity. Only a few remain to resist him, and that number grows smaller every day... Winston, now trapped in this world, must join forces with Rick, Jackson, Joe and the mysterious End, if he's to have any chance of stopping Herobrine and bringing his old world back. But can these versions of his friends really be trusted? What is his old commander really planning? And what happens to Winston if this world survives, but his doesn't? Book 3: Friends or Foes My thoughts were more conflicted now than ever before. I wanted to grab Herobrine's Gauntlet from Romero and make the jump back to the Battle of Overwatch. I wanted to fix what I'd messed up before. I wanted one last chance at making the future right. But seeing this... was our future really worth saving? Two worlds collide, but only one will survive. Winston, trapped within a timeline rewritten by Herobrine, must change the past once again if he's to return to his old world. But former friends have turned to foes, and now Winston must fight his closest allies if he wants to succeed. But a frightening truth awaits the Champion, for he's about to learn just how far some are willing to go to save their world... Author's Note: This short story is for your reading pleasure.
