Mary Azarian Gift Cards - Mary Azarian 2012-10-31

People still appreciate a good-looking note card on which to write personal messages. Here is a selection of images from A Farmer's Alphabet, sure to delight that lunatic fringe that still believes that a handwritten note, on good paper and contained in a classy envelope, says something about the sender and is more welcomed, absorbed, and remembered than an e-mail. Twelve cards, containing six images per box, printed in two colors, selected from among our favorites: Apple, Dog, Farm, Jump, Neighbor, and (well, who could resist it?) Underwear.

The Lost Words - 2022-05

The Lost Words by composer James Burton takes its inspiration and text from the award-winning 'cultural phenomenon' and book of the same name by Robert Macfarlane and Jackie Morris: a book that was, in turn, a creative response to the removal of everyday nature words like acorn, newt and otter from a new edition of a widely used children's dictionary. Both the book and Burton's 32-minute work, which is written in 12 short movements for upper-voice choir in up to 3 voice parts (with either orchestral or piano accompaniment), celebrates each lost word with a beautiful poem or 'spell', magically brought to life in Burton's music. At its heart, the work delivers a powerful message about the need to close the gap between childhood and the natural world. Burton's piece was co-commissioned by the Hallé Concerts Society for the Hallé Children's Choir and the Boston Symphony Orchestra. The piano accompaniment version was premiered at the Tanglewood Festival in 2019 by the Boston Symphony Children's Choir, of which Burton is founder and director. The Hallé Children's Choir will premiere the orchestral version of the full work in Manchester, UK, post-pandemic. Vocal Score Co-commission by Boston Symphony and Hallé Concerts Society for their respective Children's Choirs. Two versions - with orchestral or with piano accompaniment. The vocal score is the same for both versions. James Burton is a composer but also a conductor. He is conductor of the Tanglewood Festival Chorus and choral director of the Boston Symphony. The book *The Lost Words*, exquisitely designed, has won multiple awards and is an international best-seller. The vocal score includes Jackie Morris's beautiful imagery in its cover design.

Wisconsin Arts & Crafts - 1991

The Conference of the Birds - Farīd al-Dīn Muḥammad b. Ibrāhīm 'Aṭṭār 1985

Hokusai - Matthi Forrer 1991

Hokusai was one of the great masters of the Japanese woodblock print. His exquisite compositions and dynamic use of color set him apart from other printmakers, and his unequalled genius influenced both Japanese and a whole generation of Western artists. Now available for the first time in paperback, this book reproduces the artist's finest works in plates that convey the full variety of his invention, each of which is provided with an informative commentary. In his introduction, Hokusai expert Matthi Forrer traces the artist's career and defines his place in relation to his contemporaries and to the history of Japanese art. Examining all genres of the artist's prolific output -- including images of city life, maritime scenes, landscapes, views of Mount Fuji, bird and flower illustrations, literary scenes, waterfalls and bridges -- Hokusai, Prints and Drawings provides a detailed account of the artist's genius.

Poppies Note Cards - Peter Pauper Press, Inc. 2011-01-15

Gloss highlights, embossed. 14 cards/15 matching designer envelopes.

The Artful Bird - Abigail Patner Glassenberg 2011-01-18

Origami projects include: Flapping Bird Envelope Pillow Note Twist Note Hashi Wrapper Note And many more... Sending cards and personal notes has never been so much more fun with Origami Stationery!

Ginkgo - Peter Crane 2013-03-19

DIVPerhaps the world's most distinctive tree, ginkgo has remained stubbornly unchanged for more than two hundred million years. A living link to the age of dinosaurs, it survived the great ice ages as a relic in China, but it earned its reprieve when people first found it useful about a thousand years ago. Today ginkgo is beloved for the elegance of its leaves, prized for its edible nuts, and revered for its longevity. This engaging book tells the full and fascinating story of a tree that people saved from extinction—a story that offers hope for other botanical biographies that are still being written. /divDIV /divDIVInspired by the historic ginkgo that has thrived in London's Kew Gardens since the 1760s, renowned botanist Peter Crane explores the evolutionary history of the species from its mysterious origin through its proliferation, drastic decline, and ultimate resurgence. Crane also highlights the cultural and social significance of the ginkgo: its medicinal and nutritional uses, its power as a source of artistic and religious inspiration, and its importance as one of the world's most popular street trees. Readers of this extraordinarily interesting book will be drawn to the nearest ginkgo,

where they can experience firsthand the timeless beauty of the oldest tree on Earth./div

Sturdy bookbound-style hardcover binding. Journal is a larger size: 7-1/4" wide x 9" high.

Bobbie the Wonder Dog: A True Story - Tricia Brown 2016-04-12

Bob was an average-looking collie puppy in every way, except for his

bobbed tail . . . and maybe that's why the Brazier family named him Bob, or Bobbie. But he was average in no other way. In 1923, Bobbie joined Frank and Elizabeth Brazier for a cross-country drive from Silverton, Oregon, to Indiana, Frank's home state, where they planned to visit family. During a stop in Indiana, Bobbie was chased off by loose dogs, and after a week of searching and placing newspaper ads, the broken-hearted Braziers had to give up and start the drive home. Six months to the day after he was lost in Indiana, a very thin Bobbie was spotted on a Silverton sidewalk, his coat matted, his paws raw from wear.

Unbelievable as it seemed, the three-year-old dog had WALKED almost 2,800 miles to get back home. Though weak and tired, Bobbie went berserk with joy when he was reunited with his family, and from that day, all of their lives changed. In the weeks and months that followed, his story tore across the country in newspapers and even in a hardcover collection of pet stories. He was the main attraction at an Oregon home-builders convention in Portland, where thousands lined up to pet him, and he starred in a short feature film. Also, the Braziers eventually heard from people along Bobbie's homeward-bound route, places where he'd stopped long enough to recoup, and then he was gone again. These stories verified their thinking. Bobbie had done the impossible. When Bobbie died, he was buried in Portland, Oregon, by the Oregon Humane Society. Rin Tin-Tin was there to lay a wreath at his funeral, which was officiated by the mayor of Portland. This incredible story is all true, and the origins of Lassie Come Home are said to be traced to the story of Bob of Silverton, also known as Bobbie, the Wonder Dog, a Scotch collie mix. *Nest* - Janine Burke 2012

We tend to take birds for granted, in the landscape or in our neighbourhoods. The presence of birds communicates the health of a place. When they're gone, it's as though there's a hole in the sky, in the air, an absence of beauty and grace, and vivid chatter or haunting cries are replaced with eerie silence. As an amateur naturalist and nature lover, Janine Burke, art historian and author, has spent many years observing birds. *Nest: The Art of Birds* is the story of her passion, a personal, wide-ranging and intimate book - part natural history, part folklore, part exploration of art and aesthetics, part memoir - that will appeal to all those who love nature, literature and art. What are nests if not art created by nature? If a nest is not art, how can we account for those exquisite, painstakingly constructed creations that are decorated, or woven through with feathers, or studded with objects of a particular colour or sheen? *Nest* reveals both the art and mystery found in nature and celebrates them with lyricism, insight and great affection. In the tradition of *Longitude*, *Cod* or *The Cello Suites*, *Nest: The Art of Birds* is a short education that encompasses celebration and theory, investigation and memoir, the familiar and the revelatory - as surprising and enticing as any beautiful, intricately constructed nest.

Little Letters of Thanks - Lea Redmond 2018-04-03

These 75 tiny tear-out letters are perfect for expressing gratitude. Simply fold into adorably small envelopes and seal with the enclosed stickers to create the perfect way to show your friend, child, coworker, bus driver, barista, neighbor, teacher, or hero how much you care.

Self-Portrait in a Convex Mirror - John Ashbery 1990-01-01

John Ashbery's most renowned collection of poetry -- Winner of The Pulitzer Prize, the National Book Award, and the National Book Critics Circle Award First released in 1975, *Self-Portrait in a Convex Mirror* is today regarded as one of the most important collections of poetry published in the last fifty years. Not only in the title poem, which the critic John Russell called "one of the finest long poems of our period," but throughout the entire volume, Ashbery reaffirms the poetic power that made him an outstanding figure in contemporary literature. These are poems "of breathtaking freshness and adventure in which dazzling orchestrations of language open up whole areas of consciousness no other American poet as ever begun to explore" (The New York Times).

Bird Watcher's Digest - 1993

I Know Why the Caged Bird Sings - Maya Angelou 2010-07-21

Here is a book as joyous and painful, as mysterious and memorable, as

childhood itself. *I Know Why the Caged Bird Sings* captures the longing of lonely children, the brute insult of bigotry, and the wonder of words that can make the world right. Maya Angelou's debut memoir is a modern American classic beloved worldwide. Sent by their mother to live with their devout, self-sufficient grandmother in a small Southern town, Maya and her brother, Bailey, endure the ache of abandonment and the prejudice of the local "powhitetrash." At eight years old and back at her mother's side in St. Louis, Maya is attacked by a man many times her age—and has to live with the consequences for a lifetime. Years later, in San Francisco, Maya learns that love for herself, the kindness of others, her own strong spirit, and the ideas of great authors ("I met and fell in love with William Shakespeare") will allow her to be free instead of imprisoned. Poetic and powerful, *I Know Why the Caged Bird Sings* will touch hearts and change minds for as long as people read. "I Know Why the Caged Bird Sings liberates the reader into life simply because Maya Angelou confronts her own life with such a moving wonder, such a luminous dignity."—James Baldwin From the Paperback edition.

The World Book Encyclopedia - 2002

An encyclopedia designed especially to meet the needs of elementary, junior high, and senior high school students.
