This book presents extraordinary stories of extraordinary people who confront the best and worst of humanity every day. These people accomplish big things with few resources, prioritise progress over personal comfort and prevail over seemingly impossible odds. Their lessons contain multitudes for those who aspire to be great leaders — and the very best version of themselves. Learn the secrets of effective leadership through the frontline humanitarian lens Master the art of storytelling to build morale, strengthen teamwork and define problem solving paradigms See everyday situations in a new way, discover new possibilities and unearth new solutions Learn how extraordinary people confront fear, face death and find joy in the most difficult circumstances Whether on the frontline or in the boardroom, the objective is the same: to achieve goals and exceed expectations. *Leading on the Frontline* equips leaders with the skills and perspective they need to emerge victorious in a relentlessly volatile, constantly changing world.

Lead with Humility - Jeffrey Krames 2014-09-09

How did a relatively unknown priest from Argentina rise so quickly from obscurity to one of the top leaders of the twenty-first century? The answer lies in his humility, as well as the simple principles that have sprung from it. In the years since his election to the highest position in the Catholic Church, Pope Francis has breathed life into an aging institution, reinvigorated a global base, and created real hope for the future. His early accomplishments have been so remarkable that in 2014, *Fortune* magazine awarded the top spot of their coveted World's Greatest Leaders list not to a captain of industry or political leader but to

the new pontiff. *Lead with Humility* explores 12 of these principles and shows how other leaders and managers across a broad spectrum can adapt them for the workplace with just as impressive results as our great pope has. These invaluable principles include: Don't stand over your employees--sit down with them Don't judge—assess Take care of people, not lobbies Go where you are needed Temper ideology with pragmatism Don't change--reinvent! Even just a few years in, it is clear to all that Pope Francis's ability to inspire the world is unprecedented in modern times. *Lead with Humility* reveals the power of his methods, and helps anyone lead with the humility, grace, and authenticity that has elevated the pope to where he is today and had a direct impact in inspiring everyone and everything around him.

Dare to Lead - Brené Brown 2018-10-09

#1 NEW YORK TIMES BESTSELLER • Brené Brown has taught us what it means to dare greatly, rise strong, and brave the wilderness. Now, based on new research conducted with leaders, change makers, and culture shifters, she's showing us how to put those ideas into practice so we can step up and lead. Don't miss the five-part HBO Max docuseries Brené Brown: Atlas of the Heart! NAMED ONE OF THE BEST BOOKS OF THE YEAR BY BLOOMBERG Leadership is not about titles, status, and wielding power. A leader is anyone who takes responsibility for recognizing the potential in people and ideas, and has the courage to develop that potential. When we dare to lead, we don't pretend to have the right answers; we stay curious and ask the right questions. We don't see power as finite and hoard it; we know that power becomes infinite when we share it with others. We don't avoid difficult conversations and situations; we lean into vulnerability when it's necessary to do good work. But daring leadership in a culture defined by scarcity, fear, and uncertainty requires skill-building around traits that are deeply and uniquely human. The irony is that we're choosing not to invest in developing the hearts and minds of leaders at the exact same time as we're scrambling to figure out what we have to offer that machines and AI can't do better and faster. What can we do better? Empathy, connection, and courage, to start. Four-time #1 New York Times bestselling author Brené Brown has spent the past two decades studying the emotions and experiences that give meaning to our lives, and the past seven years working with transformative leaders and teams spanning the globe. She found that leaders in organizations ranging from small entrepreneurial startups and family-owned businesses to

nonprofits, civic organizations, and Fortune 50 companies all ask the same question: How do you cultivate braver, more daring leaders, and how do you embed the value of courage in your culture? In this new book, Brown uses research, stories, and examples to answer these questions in the no-BS style that millions of readers have come to expect and love. Brown writes, "One of the most important findings of my career is that daring leadership is a collection of four skill sets that are 100 percent teachable, observable, and measurable. It's learning and unlearning that requires brave work, tough conversations, and showing up with your whole heart. Easy? No. Because choosing courage over comfort is not always our default. Worth it? Always. We want to be brave with our lives and our work. It's why we're here." Whether you've read Daring Greatly and Rising Strong or you're new to Brené Brown's work, this book is for anyone who wants to step up and into brave leadership.
