**The Librarian and the Beast** - S J Sanders  
2020-07-08

Beni has lived a charmed existence in Dunvar Citadel, but one that is coming quickly to an end. When she loses her position as transcriber in the citadel library to a newcomer, she knows that is only a matter of time before the council will insist that she marry. Although she dreads the idea of being one of many wives to her husband, her more immediate and pressing concern is her replacement—a man who is conspiring with the chancellor to weed out non-essential fiction that distract the women workers within the citadel. In attempt to save the books, Beni herself ends up requiring saving when she falls into a river. Her savior, however, is far beyond anything she ever could have imagined. The Mintar is far from human in appearance and social niceties, he isn't even particularly friendly, yet he promises to return her safely home. All that is required is a pretense of mating to keep the other males of his clan from courting her. That is certainly no hardship as far as she is concerned, especially not with so much in the village to keep occupied, alien scrolls to explore, and an opportunity to do what she loves. What she doesn't plan on is falling in love with the stoic male who doesn't want a mate. Faltz carries the scars on his body and heart from losing his parents as a calf. Females are frightened by his appearance and he doesn't consider himself worthy of having a mate and family when his parents died saving him. Caring for a lost human is an annoying inconvenience, but he is determined to see it through and get the feisty female home safely...even if that means deceiving his queen and entire clan by pretending a mating with her. When pretense turns into truth, Faltz's honor is tested when he is forced to face one fact...when

she leaves, how would he continue without her? Book contains graphic sex and violence

A killing machine with the strength of twenty men. He's the only man who could stand up to a triad of Rogue Aurelians. I designed him with one purpose. To protect the weak and helpless from the coming storm. He's the first of his kind, a flawed prototype too beastly to live. I spill my secrets to his unknowing ears, knowing he will never come alive. He will never link to his ward. Auger: My eyes have never opened. The only sound is her voice. Thea is brilliant. A genius, but compared to me, she's weak and helpless. She doesn't know the danger she's in. Every time she touches me I latch onto her being. I feel her inside my spine. She belongs to me. I will find her. I will protect her. She will learn that she is mine. Bonded to the Cyborg Beast is a rework of the novella Auger to match the alien fated mates themes of the Aurelian Empire. It has been expanded 20% and features an overly protective, possessive alien cyborg!

**The Colony Boxed Set 2 - Books 4-6** - Grace Goodwin

*The Colony Boxed Set 2 - Books 4-6 Her Cyborg Beast - Book 4* Caroline Jane (CJ) Ellison has a gift for analysis. When a Wall Street deal goes bad, the choice between prison or the *Interstellar Brides Program* is a no-brainer. She'll go. She'll leave Earth, her past, and her mistakes behind. The decision is logical, not emotional. Until she wakes up on another world

with a huge Atlan Warlord, her matched mate, refusing to claim her. Warlord Rezzor is contaminated. Weak. The Hive captured him and stole his soul, his very beast. A mate is out of the question when he can't become what he was born to be, a beast, her mate, her protector. Forced into the *Brides Program* testing against his will, Rezzor has no intention of claiming the beautiful, sassy female who arrives on the Colony. The Hive stole his beast, but not his honor. He vows to give her to another, a worthy male, a beast who is whole -- one not hunted by the Hive as part of a dangerous new experiment to win the war. CJ takes one look at the wounded warrior before her and knows she will never be able to let him walk away. He's hers now, her perfect match. And if that means she has to seduce the beast or face off with the Hive to save him...that's exactly what she's going to do. She lived her life following the rules. With everything on the line, it's time to break them. *Cyborg Fever - Book 5* Warlord Anghar survives hell as a captive of the evil Hive. Convinced he will never break free, he chooses death over dishonor. When the *Coalition ReCon Team* sent to kill him frees him instead, he begins the long, tortuous journey back to a true Atlan, a warrior proud of his beast, of his service. But no amount of honor, of bravery, or strength of will can save Angh from a life alone, banished with the other "contaminated" warriors on *The Colony*. And no amount of prayer to the gods will save him when the fever in his blood grows beyond his will to control - and the *Atlan Mating Fever* steals his final shards of belief. Imprisoned, awaiting execution, one hope is left; a woman brave enough to tame his beast - and strong enough to fight the demons inside both his head and his heart. Because he may have escaped the Hive...but they aren't finished with him yet. *Rogue Cyborg - Book 6* Makarios of *Kronos* is a rebel, a smuggler who reports to no one, not even those on *Rogue 5*. But one betrayal sends him to a *Coalition brig*, and to a fate worse than death—capture by the Hive. He escapes but exchanges one prison for another. He now lives on the Colony, contaminated and deemed a risk. He'll do anything to regain his freedom, including agree to a bargain with a beautiful, cunning warrior with secrets of her own. Gwendolyn Fernandez volunteered to defend

Earth from the Hive menace. For four years, she was a valued member of Coalition ReCon, until the Hive caught up with her, and a strange Nexus creature took special interest in her integration. Gwen escaped with super-human strength and a will to live that cannot be broken, until the governor of the Colony demands she choose a mate. A bargain with Makarios seems so simple until he conquers her in a way no other has—body and soul—yet the Hive Nexus who wanted her for himself won't take no for an answer.

But only after my wolf killed my mother making me one of the most famous people in the world. It was at East Tennessee University that I met Cage, a football star with his own dark secrets. There was something about him I couldn't resist. My wolf howled when I was around him. In the Realm of Hungry Ghosts - Gabor Maté, MD 2011-06-28

From bestselling author Gabor Maté, the essential resource for understanding the roots and behaviors of addiction--now with an added introduction by the author. Based on Gabor Maté's two decades of experience as a medical doctor and his groundbreaking work with the severely addicted on Vancouver's skid row, *In the Realm of Hungry Ghosts* radically reenvision this much misunderstood field by taking a holistic approach. Dr. Maté presents addiction not as a discrete phenomenon confined to an unfortunate or weak-willed few, but as a continuum that runs throughout (and perhaps underpins) our society; not a medical "condition" distinct from the lives it affects, rather the result of a complex interplay among personal history,

emotional, and neurological development, brain chemistry, and the drugs (and behaviors) of addiction. Simplifying a wide array of brain and addiction research findings from around the globe, the book avoids glib self-help remedies, instead promoting a thorough and compassionate self-understanding as the first key to healing and wellness. *In the Realm of Hungry Ghosts* argues persuasively against contemporary health, social, and criminal justice policies toward addiction and those impacted by it. The mix of personal stories—including the author's candid discussion of his own "high-status" addictive tendencies—and science with positive solutions makes the book equally useful for lay readers and professionals.

**Falling in Love with the King of Beasts** - AimeeLynn 2021-07-27

Elia is a poor university student until the night she's taken to the world of the Anima—ruled by humans whose ancient hearts pulse with the blood of animals. There she's forced into a battle to the death. But when Elia survives, and refuses to kill her final opponent, the King must either kill Elia himself, or take her as his mate. Reth, the brutal King of the Beasts with the blood of lions, shocks everyone when he chooses the weak, human Elia to become his Queen. He promises her every comfort of his wealth and position—but he is clear: She will not warm his bed. He chose her to defeat those that were trying to corner him into blending his Leonine line with the Wolves. Elia needs the help of the Anima to become stronger and rule them well. But the vengeful Wolves see only a weak human that brought them shame. As Elia and Reth grow closer, the wolves are determined to destroy her. Will Reth and Elia admit their feelings for each in time to fight for the Kingdom—and their lives—against the villainous wolf-tribe? Or will the wolves kill Elia and steal the throne? [Mature content - no sexual violence] \*\*\*\*\* He stalked towards her, chin low so the shadow cast by his hard jaw cut across the thick fur collar of his vest. His hair had fallen over his eyes in the scuffle, so he peered at her through it like a lion in the grass. With each step, his graceful, rolling gait reminded her of a predator stalking its prey. Despite the forest floor littered in twigs and leaves, he didn't make a sound. "Wh-who are you?" Elia stammered, backing away, her hands

up. He met her step for step until she came up hard against the tree behind her—and didn't stop until he loomed over her, so broad his shoulders and chest made a wall in front of her. She could feel the heat rising off his skin in the cool, night air. "I am the Leonine King." His voice was a dark, husky gravel. Behind him a chorus of wheezes, howls, and chirps of agreement rose from the people watching. "And you are?" "Elia," she breathed. "Elia," he growled, leaning in closer, bringing with him the scent of pine and rain and the musk of something distinctly male. "I am Reth." He said the name with a strange, guttural roll in his throat. "I am King of Beasts. I am Clan Leader, and I am Alpha of WildWood." Several snarls rose from the crowds behind him then, but he ignored them. Elia swallowed as he leaned in until the scruff on his jaw rasped her cheek. "I am the King," he said, "And you will be my mate." The forest behind him erupted. (Cover Art used by permission. ### **Her Cyborg Beast** - Grace Goodwin

Caroline Jane (CJ) Ellison has a gift for analysis. When a Wall Street deal goes bad, the choice between prison or the Interstellar Brides Program is a no-brainer. She'll go. She'll leave Earth, her past, and her mistakes behind. The decision is logical, not emotional. Until she wakes up on another world with a huge Atlan Warlord, her matched mate, refusing to claim her. Warlord Rezzer is contaminated. Weak. The Hive captured him and stole his soul, his very beast. A mate is out of the question when he can't become what he was born to be, a beast, her mate, her protector. Forced into the Brides Program testing against his will, Rezzer has no intention of claiming the beautiful, sassy female who arrives on the Colony. The Hive stole his beast, but not his honor. He vows to give her to another, a worthy male, a beast who is whole -- one not hunted by the Hive as part of a dangerous new experiment to win the war. CJ takes one look at the wounded warrior before her and knows she will never be able to let him walk away. He's hers now, her perfect match. And if that means she has to seduce the beast or face off with the Hive to save him...that's exactly what she's going to do. She lived her life following the rules. With everything on the line, it's time to break them. If you love romance in the style of Nalini Singh, Christine Feehan, J.R. Ward, Lara Adrian, S. E. **Starfighter Command** - Grace Goodwin 2021-04-14

I'm obsessed with the game. I spend so many hours playing that I dream about dangerous missions on other worlds...and my gorgeous, in-game training partner, Kassius. That is, until I win. I beat the Starfighter Training Academy. But is it a game? Or alien software designed to recruit new, unsuspecting soldiers for a war in

another star system? Because when my hot as heck alien shows up at my workplace demanding I leave Earth and travel to the Vega system? What? When he informs me it's my duty to fight Queen Raya and the Dark Fleet? Claims he wants me as much as I've craved him? Let's just say things get crazy. Facing the truth is never easy, but when I arrive at the Elite Starfighter base I learn that Kassius cheated the system, hacked into the game, and lied to everyone on two worlds to make me his. My BFFs went missing after beating the hottest new multi-player game on the planet, Starfighter Training Academy. They won. They celebrated. They vanished. So what's the girl left behind supposed to do? Beat the damn game, that's what. Find out the truth, even if that includes being recruited to fight in an alien war, lusting after the hottest alien I've ever seen, and marching into a battle there's little chance of winning. I will find my friends. I will learn what the heck is going on. And I will kiss the alien hunk I've been staring at for weeks. **The Monarch's Mate** - Miranda Bridges  
2019-11-11

My life sucks. All the other human breeders have males who are head over heels for them, but do I get that? Nope. Not even close. My alien is the future king of the Dravian race and believe me, he acts like a royal jerk. Yeah, sure, he's hot as hell, but that is not the point. Anyway, I'm still trying to figure out how to get him to do what I want when I stumble onto plans for an assassination. I decide to get involved because if anyone is going to kill the sexy prince it's going to be me. Especially if he calls me his "namori" one more time. Whatever that means. So now I'm trying to keep us alive, but he's making everything difficult with his kisses and his... well let's just say I better keep my mind focused and my legs, er... mouth closed.
