It should be easy: He's spending his summer in the Hamptons, adding girls in tiny bikinis to his list of broken hearts. Guarantee he won't be telling them they're like his little sisters. This summer, Emilia won't stay awake at night thinking about him. She'll need flawless ballet movements to have a shot at next year's showcase, and she's finally ready to search for her birth parents. But when Nick decides to stay in the city, Emilia's resolve disappears in a pirouette. Maybe it's the spin they needed to be together. As long as she doesn't get stuck believing in happily ever after... Nick is tired of pretending to be the happy, let's-have-fun guy. His father wants him to change his career from professional dancer to...lawyer. He needs to put all of his focus on dancing to prove to Daddy Dearest he's good enough to make it big. And he may have a case of the bluest balls in history courtesy of Emilia. She's off-limits: The bro code with Roberto even forbids the dirty thoughts he has about her. Besides, he's not boyfriend material. He only has time for flings, for girls who don't expect much, for girls he doesn't want to kiss goodnight. He knows he should resist her, but he's not sure he wants to... At least for this summer. It's going to be a summer like no other.

Obsolete Objects in the Literary Imagination - Francesco Orlando 2008-10-01

Translated here into English for the first time is a monumental work of literary history and criticism comparable in scope and achievement to Eric Auerbach's *Mimesis*. Italian critic Francesco Orlando explores Western literature's obsession with outmoded and nonfunctional objects (ruins, obsolete machinery, broken things, trash, etc.). Combining the insights of psychoanalysis and literary-political history, Orlando traces this obsession to a turning point in history, at the end of eighteenth-century industrialization, when the functional becomes the dominant value of Western culture. Roaming through every genre and much of the history of Western literature, the author identifies distinct categories into which obsolete images can be classified and provides myriad examples. The function of literature, he concludes, is to remind us of what we have lost and what we are losing as we rush toward the future.

TACCLE - Graham Attwell 2009

This book is written for classroom teachers who want to know more about e-learning and who would like to experiment with designing e-learning material to use in their own classrooms. It is primarily targeted at secondary teachers but there is no reason why primary school teachers and adult education teachers should not find it useful too. The other group we had in mind were those of you still undertaking initial teacher training. Although there are some exemplary courses, a depressing number of trainee teachers continue to arrive in the classroom having barely heard the words 'e-learning', still less have hands on experience of it.

An Advanced English Grammar - George Lyman Kittredge 1913

Edgar Allan Poe - Charles Baudelaire 1973-12-15

The earliest foreign study of the life and works of Edgar Allan Poe, the text presented in this volume is something of a landmark in the history of comparative literature. Baudelaire's first and longest essay on Poe was published in the *Revue de Paris* in 1852; it was revised and abridged for use as the preface of the first volume of his translation of Poe's tales, *Histoires extraordinaires*. This study was significant especially in the area of Franco-American literary relations because it was the basis of not only the French attitude toward Poe, but of his reputation throughout Europe—one might almost say, throughout the world. The essay on Poe has never been the subject of a separate publication. This edition reveals for the first time the sources of information used by Baudelaire. It shows that a considerable part of the study was translated literally from articles by John M. Daniel and John R. Thompson in the *Southern Literary Messenger* (1849-50). Previous editions vary widely in excellence because almost all suffered from the mistaken belief that Baudelaire was acquainted with the American edition of Poe's works when he wrote the 1852 essay and that it was largely based on Rufus Griswold's *Memoir* contained in that edition. This led to the commentary and notes that were unconsciously misleading and in many cases false. The introduction to this edition presents a complete and accurate account of the genesis of Baudelaire's essay, with supporting documents showing his indebtedness to American, French, and British sources. It enables the reader to distinguish clearly between what Baudelaire himself knew or thought about Poe and what he borrowed from other writers.

The Italians - Luigi Barzini 1991-05-30

The 'fatal charm of Italy' has held Lord Byron - and millions of tourists ever since - in its spell. Yet, beneath 'the brilliant and vivacious surface', what are the realities of Italian life? Few writers have ever painted a portrait of their compatriots as crisp, frank and fearless as Luigi Barzini's. Cutting through the familiar clichés, he instructs us with a cascade of anecdotes and provides a marvellous guided tour through centuries of history. He examines Machiavelli and Mussolini, popes, pilgrims and prostitutes, cliques and conspiracies, Casanova and the crippling power of the Church. Yet alongside the Baroque exuberance and spectacular display, the love of life and the life of love, he also shows us a divided nation, injustice, ignorance, poverty and fear. All this is Italy, a country of dazzling achievement and an uncanny aptitude for getting round problems; both its virtues and its vices are celebrated in this sparkling book

Bright Star - Elido Fazi 2012-06-26T00:00:00+02:00

On the heels of a renewed global interest in the figure and writing of 19th century British poet John Keats (as attested by Jane Campion's acclaimed film by the same title), Elido Fazi's *Bright Star* retraces the last period of the young poet's life, as he struggles with financial hardship and family drama. Through a fragmented, non sequential narrative, in line with Keats' complex style and character, the book brings to life the personality of a man who dared to tackle life's deepest contradictions. In this intimate portrait, Keats' encounters with some of the foremost personalities of his time - Shelley, Wordsworth, Coleridge - are viewed through the eyes of a man of humble origins, yet imbued with a unique sensibility. In the book, Keats' struggle to give a literary voice to his powerful vision is intertwined with the tragic fate of the poet's brothers, and ultimately of Keats himself, struck down by an illness at the age of 26. In his search for the ultimate meaning of things, even his relationship with Fanny acquired a transcendental importance: a matter non simply of affection, but of spiritual communion. Elido Fazi draws heavily - and liberally - not only on Keats' poetic production, but also on his ample and humorous correspondence, shedding light on some of the most quirky and least-known details of the poet's life. In dedicating his life to a never-ending meditation on concepts which our modern sensibility holds so dear - but which often fell on deaf ears with his contemporaries - such as Good, Beauty and Truth, Keats proved to be a mystical and visionary modern hero, who was centuries ahead of his time, and will be remembered for centuries to come.
