The Flower of the Witch - Enrico Orlandi 2020-09-29

Tami has traveled long and far from his home in the south, forbidden to return until he has become a man, in this coming-of-age story. Defeating monsters and saving princesses has not been enough, and now he must find the fabled flower of the witch, but in his quest Tami inadvertently sparks a feud between the villagers who shelter him and the demon Yabra! And when the conflict comes to a head, Tami will have to choose between proving himself as a man, and protecting the villagers he's come to love. Available for the first time in English, Enrico Orlandi's exciting tale of adventure and compassion is a timely reflection on identity, responsibility, and the true meaning of maturity. "My intention when I created Tami and the world of *Il fiore della strega*, was to tell a fantastic story that would capture the reader's imagination and inspire them to lose themselves in the cold forests of the far north, to feel the icy gaze of the spirits and the warmth of the hearths in each tent. Tami's journey, his difficulties and mistakes, are in essence what every child must face as they grow into adulthood. To those who read this book, I would like to say that a girl can go on adventures, that a boy can cry if he needs to, that there is no right way to grow up. You just have to take the time to understand who you want to be." -- Enrico Orlandi

Miami Blues - Charles Willeford 2009-08-19

After a brutal day investigating a quadruple homicide, Detective Hoke Moseley settles into his room at the un-illustrious El Dorado Hotel and nurses a glass of brandy. With his guard down, he doesn't think twice when he hears a knock on the door. The next day, he finds himself in the hospital, badly bruised and with his jaw wired shut. He thinks back over ten years of cases wondering who would want to beat him into unconsciousness, steal his gun and badge, and most importantly, make off with his prized dentures. But the pieces never quite add up to revenge, and the few clues he has keep connecting to a dimwitted

hooker, and her ex-con boyfriend and the bizarre murder of a Hare Krishna pimp. Chronically depressed, constantly strapped for money, always willing to bend the rules a bit, Hoke Moseley is hardly what you think of as the perfect cop, but he is one of the the greatest detective creations of all time.

I Love You Always... - Astrid Desbordes 2016-04

I Love You When is an ode to motherly love that approaches a timeless topic with elegant simplicity and refreshing honesty. With a simple question, "Mom, will you love me my whole life?" Archibald sparks the most honest and relatable of answers from his mother, who goes on to tell her son about all the moments in life through which she loves him. "I love you when you behave and when your good behavior doesn't last" and "I love you when you look your best and when you're feeling your worst" are some of the scenes author Astrid Desbordes and illustrator Pauline Martin succeed in depicting with heartwarming candidness. A refreshing take on a timeless subject, *I Love You When* beautifully recounts a mother's unconditional love for her child."

In the Sea There are Crocodiles - Fabio Geda 2011-08-09

When ten-year-old Enaiatollah Akbari's small village in Afghanistan falls prey to Taliban rule in early 2000, his mother shepherds the boy across the border into Pakistan but has to leave him there all alone to fend for himself. Thus begins Enaiat's remarkable and often punishing five-year ordeal, which takes him through Iran, Turkey, and Greece before he seeks political asylum in Italy at the age of fifteen. Along the way, Enaiat endures the crippling physical and emotional agony of dangerous border crossings, trekking across bitterly cold mountain pathways for days on end or being stuffed into the false bottom of a truck. But not everyone is as resourceful, resilient, or lucky as Enaiat, and there are many heart-wrenching casualties along the way. Based on Enaiat's close collaboration with Italian novelist Fabio Geda and expertly rendered in English by an award-winning translator, this novel reconstructs the young boy's memories, perfectly preserving the childlike perspective and rhythms of an intimate oral history. Told with humor and humanity, *In the Sea There Are Crocodiles* brilliantly captures Enaiat's moving and engaging voice and lends urgency to an epic story of hope and survival. Christopher Columbus, the Last Templar - Ruggero Marino 2007-09-11

The untold story of the secret alliance behind the "discovery" of America

- Reveals how a utopian dream of brotherhood among Christians, Muslims, and Jews fueled a murderous power struggle involving secret societies, popes, and kings
- Explains why King Ferdinand of Spain supported Columbus's voyages openly, but, secretly, sought to undermine their purpose
- Shows how Columbus knew, sailing west, he would find the "New World," not Asia Was Columbus a Templar?

According to the historic documents and maps revealed by Ruggero Marino, Columbus shared their dream of Christians, Muslims, and Jews living in peace in a New Jerusalem, and his voyage across the Atlantic was both to find a new passage to Asia and to find the place where the New Jerusalem could be built. Marino draws parallels between Marco Polo's journey east over the Silk Route and Columbus's sea voyages and reveals that Columbus studied ancient texts and maps from the Vatican Library, access to which was granted by Pope Innocent VIII--who Marino shows to be Columbus's true father. Innocent VIII (whose own father was Jewish and grandmother was Muslim) was the perfect individual to

further the Templars' plan to create a universal religion combining the spiritual wisdom of the three faiths. Marino shows that Innocent's "disappearance" and the story that Columbus merely stumbled onto the New World were part of a calculated political and theological cover-up. While King Ferdinand (the model for Machiavelli's The Prince) and Queen Isabella of Spain are heralded with funding Columbus's "discovery" of America, it was Innocent VIII who was the main sponsor and master-mind of the expedition. To obscure the purpose of the voyages, and give Spain the credit for the New World discovery, Ferdinand and his agent Pope Alexander VI (Rodrigo Borgia), Pope Innocent VIII's successor, initiated the disinformation campaign that has lasted for over 500 years.

The secret to permanent weight loss revealed. The real reason diets fail has nothing to do with calories and everything to do with the balance of bacteria in your gut. A simple guide to show you how to finally achieve your ideal weight. The 100 trillion bacteria that live in your digestive tract—which make up 90 percent of the cells in your body—are the real reason you gain or lose weight. When those microbes are out of balance, chronic health conditions can occur, including irritable bowel syndrome, fatigue, and obesity. By balancing the good and bad bacteria, you can finally achieve your ideal weight—for good. In *The Skinny Gut Diet*, New York Times bestselling author, public television icon, certified nutritional consultant, and digestive health expert Brenda Watson offers an insightful perspective on the little-known connection between weight gain and an underlying imbalance of bacteria in the gut, or what she calls the "gut factor"—the overlooked root cause of weight gain. Drawing upon the latest scientific research, Brenda illuminates the inner workings of the digestive system and provides instructions for achieving a healthy bacterial ecosystem that spurs weight loss by enabling the body to absorb fewer calories from food, experience reduced cravings, and store less fat. The premise is simple: curtail sugar consumption (and its surprising sources) and eat more healthy fats, living foods, and protein to balance the gut bacteria. The result? A skinny gut. *The Skinny Gut Diet* centers around an easy-to-follow diet plan. A 14-day eating plan, dozens of delicious recipes and sage advice help you achieve—and maintain—digestive balance and sustained weight loss. The White Christmas Inn - Colleen Wright 2019-10-29

In this heartwarming, feel-good novel, a snowstorm brings a cast of very different characters together at a sleepy New England inn, just in time for Christmas—and maybe even in time for a Christmas miracle. A New England inn seems like the picture-perfect place to spend the holidays. But when a snowstorm shuts the roads and keeps them all inside, the guests find themselves worrying that this Christmas may not be exactly what they dreamed of. Molly just needs to keep her head down and finish her latest book, but her writer's block is crippling. The arrival of Marcus, a handsome widower with two young girls, is exactly the distraction she doesn't need. Hannah was hoping for a picturesque winter wedding, but her plans come crashing down when her fiancé calls everything off. She reconnects with her childhood friend, Luke, when he comes to check on his grandmother before the storm. Jeanne and Tim don't know how they're going to keep the inn open another year—or how to bridge the distance between them in their marriage. With a flurry of unexpected guests, they'll have to work together to fix all the problems that crop up. But will it be enough to rekindle their relationship? With faith, and a

little bit of Christmas magic, the inn—and its inhabitants—might just make it through the holidays after all in this “beautiful story about strangers becoming friends...and having an unexpectedly joyous time” (Publishers Weekly).

Secrets of the Baby Whisperer - Tracy Hogg 2001-06-01

“TRACY HOGG HAS GIVEN PARENTS A GREAT GIFT—the ability to develop early insight into their child’s temperament.” -Los Angeles Family When Tracy Hogg’s Secrets of the Baby Whisperer was first published, it soared onto bestseller lists across the country. Parents everywhere became “whisperers” to their newborns, amazed that they could actually communicate with their baby within weeks of their child’s

birth. Tracy gave parents what for some amounted to a miracle: the ability to understand their baby’s every coo and cry so that they could tell immediately if the baby was hungry, tired, in real distress, or just in need of a little TLC. Tracy also dispelled the insidious myth that parents must go sleepless for the first year of a baby’s life—because a happy baby sleeps through the night. Now you too can benefit from Tracy’s more than twenty years’ experience. In this groundbreaking book, she shares simple, accessible programs in which you will learn: • E.A.S.Y.—how to get baby to eat, play, and sleep on a schedule that will make every member of the household’s life easier and happier. • S.L.O.W.—how to interpret what your baby is trying to tell you (so you don’t try to feed him when he really wants a nap). • How to identify which type of baby yours is—Angel, Textbook, Touchy, Spirited, or Grumpy—and then learn the best way to interact with that type. • Tracy’s Three Day Magic—how to change any and all bad habits (yours and the baby’s) in just three days. At the heart of Tracy’s simple but profound message: treat the baby as you would like to be treated yourself. Reassuring, down-to-earth, and often flying in the face of conventional wisdom, Secrets of the Baby Whisperer promises parents not only a healthier, happier baby but a more relaxed and happy household as well.
