The Everything Tween Book - Linda Sonna 2003-05-01

Has your daughter started wearing makeup and thinking about boys - years before you dreamed it could happen? Are you concerned that your son has been acting up and talking back - while you're sure you should still be his hero? As you know, the "tween" years, which fall between the ages of eight and twelve, can often be a challenging time for both you and your child. The Everything Tween Book, written by child psychologist Dr. Linda Sonna, helps you navigate the trying years between childhood and adolescence. From addressing such serious issues as eating disorders and school violence to learning tolerance for pink and blue hair, The Everything Tween Book helps you understand and cope with your child's psychological, social, and emotional needs. The Everything Tween Book provides sound, professional advice on: Understanding - and dealing with - rebellion Improving communication Disciplining Managing sibling spats Helping your tween face peer pressure Ensuring good health Teaching sex education Packed with practical advice and reliable tips to help you get through the worst conflicts, The Everything Tween Book ensures that you stay sane while your tween blossoms into a healthy, happy, and mature young adult.

From planning and survival tips to youth hostels, restaurants, camping, language, and renting homes, this guide makes it possible to take the kids to Europe safely and, perhaps more importantly, sanely.

The Myth of the ADHD Child, Revised Edition - Thomas Armstrong 2017-08-29

A fully revised and updated edition of the groundbreaking book on tackling the root causes of children's attention and behavior problems rather than masking the symptoms with medication. More than twenty years after Dr. Thomas Armstrong's Myth of the A.D.D. Child first published, he presents much needed updates and insights in this substantially revised edition. When The Myth of the A.D.D. Child was first published in 1995, Dr. Thomas Armstrong made the controversial argument that many behaviors labeled as ADD or ADHD are simply a child's active response to complex social, emotional, and educational influences. In this fully revised and updated edition, Dr. Armstrong shows readers how to address the underlying causes of a child's attention and behavior problems in order to help their children implement positive changes in their lives. The rate of ADHD diagnosis has increased sharply, along with the prescription of medications to treat it. Now needed more than ever, this book includes fifty-one new non-drug strategies to help children overcome attention and behavior problems, as well as updates to the original fifty proven strategies.

Grand Canyon National Park - 2008

The Last One - Alexandra Oliva 2017-08-15

Wilderness survival is the name of the game as the line blurs between reality TV and reality itself in this fast-paced novel of suspense in the vein of Yellowjackets. "Taut, tense, and at times almost unbearably real."—Ruth Ware, author of One by One She wanted an adventure. She never imagined it would go this far. It begins with a reality TV show. Twelve contestants are sent into the woods to face challenges that will test the limits of their endurance. While they are out there, something terrible happens—but how widespread is the destruction, and has it occurred naturally or is it man-made? Cut off from society, the contestants know nothing of it. When one of them—a young woman the show's producers call Zoo—stumbles across the devastation, she can imagine only that it is part of the game. Alone and disoriented, Zoo is heavy with doubt regarding the life—and husband—she left behind, but she refuses to quit. Staggering countless miles across unfamiliar territory, Zoo must summon all her survival skills—and learn new ones as she goes. But as her emotional and physical reserves dwindle, she grasps that the real world might have been altered in terrifying ways—and her ability to parse the charade will be either her triumph or her undoing. Sophisticated and provocative, The Last One is a novel that forces us to confront the role that media plays in our perception of what is real: how readily we cast our judgments, how easily we are manipulated. Praise for The Last One "[Alexandra] Oliva brilliantly scrutinizes the recorded (and heavily revised) narratives we believe, and the last one hundred pages will have the reader constantly guessing just what Zoo is capable of doing to find her way back home."—Washington Post "A high-concept, high-octane affair . . . The conceit is undoubtedly clever and . . . well executed, but what makes The Last One such a page-turner is Zoo herself: practical, tough-minded and appealing."—The Guardian "Oliva takes this (possibly) post-apocalyptic setting, grafts on a knowledgeable skewering of the inner workings of

reality television and gives us a gripping story of survival. . . . This is the genius of Oliva's storytelling. . . . [She] makes a stunning debut with this page turner, and becomes a writer to watch."—Seattle Times "Oliva delivers a pulse-pounding psychological tale of survival. . . . [She] masterfully manipulates her characters and the setting, creating a mash-up of popular TV genres: Survivor meets The Walking Dead."—Bookpage [So You're Going to Be a Dad, revised edition](#) - Peter Downey 2016-03-01

For the first-time dad, useful and practical information about pregnancy, childbirth, and baby care, including: what to say -- and what not to say--when you hear the news; taking care of moms-to-be; what childbirth feels like; crying, diapers, and bathtime; and baby-proofing the home.

Don't Make Me Pull Over! - Richard Ratay 2019-05-14

"A lighthearted, entertaining trip down Memory Lane" (Kirkus Reviews), *Don't Make Me Pull Over!* offers a nostalgic look at the golden age of family road trips—before portable DVD players, smartphones, and Google Maps. The birth of America's first interstate highways in the 1950s hit the gas pedal on the road trip phenomenon and families were soon streaming—sans seatbelts!—to a range of sometimes stirring, sometimes wacky locations. In the days before cheap air travel, families didn't so much take vacations as survive them. Between home and destination lay thousands of miles and dozens of annoyances, and with his family Richard Ratay experienced all of them—from being crowded into the backseat with noogie-happy older brothers, to picking out a souvenir only to find that a better one might have been had at the next attraction, to dealing with a dad who didn't believe in bathroom breaks. Now, decades later, Ratay offers "an amiable guide...fun and informative" (New York Newsday) that "goes down like a cold lemonade on a hot summer's day" (The Wall Street Journal). In hundreds of amusing ways, he reminds us of what once made the Great American Family Road Trip so great, including twenty-foot "land yachts," oasis-like Holiday Inn "Holidomes," "Smokey"-spotting Fuzzbusters, twenty-eight glorious flavors of Howard Johnson's ice cream, and the thrill of finding a "good buddy" on the CB radio. An "informative, often hilarious family narrative [that] perfectly captures the love-hate relationship many have with road trips" (Publishers Weekly), *Don't Make Me Pull Over!* reveals how the family road trip came to be, how its evolution mirrored the country's, and why those magical journeys that once brought families together—for better and worse—have largely disappeared.

The Mommy Myth - Susan Jeanne Douglas 2004

Challenges idealized concepts about motherhood that compromise women's rights and empowerment, citing unrealistic parenting standards, media scare tactics, and negative attitudes that victimize both working and stay-at-home moms.

Kids Travel - 1994

Working Mother - 1994-08

The magazine that helps career moms balance their personal and professional lives.

Fun with the Family in Southern California - Laura Kath Fraser 2000-05

Overground Railroad - Candacy A. Taylor 2020-01-07

This historical exploration of the Green Book offers "a fascinating [and] sweeping story of black travel within Jim Crow America across four decades" (The New York Times Book Review). Published from 1936 to 1966, the Green Book was hailed as the "black travel guide to America." At that time, it was very dangerous and difficult for African-Americans to travel because they couldn't eat, sleep, or buy gas at most white-owned businesses. The Green Book listed hotels, restaurants, gas stations, and other businesses that were safe for black travelers. It was a resourceful and innovative solution to a horrific problem. It took courage

to be listed in the Green Book, and Overground Railroad celebrates the stories of those who put their names in the book and stood up against segregation. Author Candacy A. Taylor shows the history of the Green Book, how we arrived at our present historical moment, and how far we still have to go when it comes to race relations in America. A New York Times Notable Book of 2020

Children's Books in Print - R R Bowker Publishing 1999-12

The Amazing Book-a-Ma-Thing for the Backseat - Klutz Press 1998

A "book-a-ma-thing" is the Swiss army knife of books--a hands-on book that kids can push, pull, write on, puzzle over, and even twang over a little bit (the front cover is a sliding block puzzle and the back cover is a pinball machine). Perfect for restless passengers, the book-a-ma-thing is certain to warrant all-quiet-on-the-backseat miles. Full color.
