*The Damsel* - Victoria Vale 2019-03-11

The Honourable Mr. Robert Stanley is heartbroken ... After losing the love of his life to another man, he stumbles into a public house looking to drown his sorrows. The last thing he expects is to be approached with a scandalous proposition. When Lady Cassandra Lane offers him one night in an upstairs room with her, he leaps at the chance despite her stipulation that he submit to her every whim. He wants nothing more than to lose himself and forget his pain; allowing someone else control seems a small price to pay for it. Little does he know that one night will have the power to change everything. Lady Cassandra Lane is in a constant state of rage... After her brutal assault at the hands of a lord, she's had her name and reputation dragged through the mud. Her family and friends have turned their back on her, and she's become a social outcast. In the midst of it all, the anger and fear caused by the theft of her innocence rules her existence, and Cassandra has had enough. Deciding to take control of her circumstances, she sets out to find a man with whom she can overcome her anxiety over physical intimacy. Robert Stanley seems like an ideal choice—someone she can use for her own ends and discard once she is done. However, she never anticipates that their one encounter will lead to a craving for more. Even when she fights him, all he wants is to save her from herself ... Robert cannot understand why he responds so readily to Cassandra's dominant nature, or the cruelty fueled by her anger. Nevertheless, he is drawn to her like a moth to a flame—despite the possibility that she will only hurt him in the end. As he falls rapidly under her spell, he begins to uncover Cassandra's deep, dark secrets, as well as her hidden pain. Even though she pushes him away at every turn, he finds himself unable to walk away—especially when it becomes clear that one of her secrets might just be the death of her. She doesn't need a hero ... but if she'd let him, he might just be her saving grace.

*Fire in the Minds of Men* - James H. Billington 1999

This book traces the origins of a faith—perhaps the faith of the century. Modern revolutionaries are believers, no less committed and intense than were Christians or Muslims of an earlier era. What is new is the belief that a perfect secular order will emerge from forcible overthrow of traditional authority. This inherently implausible idea energized Europe in the nineteenth century, and became the most pronounced ideological export of the West to the rest of the world in the twentieth century. Billington is interested in revolutionaries—the innovative creators of a new tradition. His historical frame extends from the waning of the French Revolution in the late eighteenth century to the beginnings of the Russian Revolution in the early twentieth century. The theater was Europe of the industrial era; the main stage was the journalistic offices within great cities such as Paris, Berlin, London, and St. Petersburg. Billington claims with considerable evidence that revolutionary ideologies were shaped as much by the occultism and proto-romanticism of Germany as the critical rationalism of the French Enlightenment. The conversion of social theory to political practice was essentially the work of three Russian revolutions: in 1905, March 1917, and November 1917. Events in the outer rim of the European world brought discussions about revolution out of the school rooms and press rooms of Paris and Berlin into the halls of power. Despite his hard realism about the adverse practical consequences of revolutionary dogma, Billington appreciates the identity of its best sponsors, people who preached social justice transcending traditional national, ethnic, and gender boundaries. When this book originally appeared *The New Republic* hailed it as "remarkable, learned and lively," while *The New Yorker* noted that Billington "pays great attention to the lives and emotions of individuals and this makes his book absorbing." It is an invaluable work of history and contribution

to our understanding of political life.

Setting out to woo her and convince her he's changed, he never expects competition in the form of his best friend, Edmond Ingham. With both men out to steal her heart, a jaded Penelope begins a game of intrigues and passion—one that the members of the ton would be shocked to know she indulged in. But will he be able to tame the untameable Sarah?-----Warnings: This title contains erotic situations, graphic language, BDSM elements (domination, submission) and a sexy menage a trois (MFF threesome) that gives new meaning to the word "sandwich."-----EXCERPT: We found our way to her apartment, which was as familiar to me as home now. Sarah told David to make himself comfortable and we went to change. Her work clothes gave way to a pair of blue sweats and a U of M t-shirt. I noticed she wasn't wearing a bra, and her nipples were still hard from her run through the rain. She offered me her robe while my clothes dried. I was struck with an eerie sense of déjà vu as I slipped on her old terrycloth robe, pale pink and fraying at the edges, the most un-sexy thing I could imagine. I sighed as I tossed my blouse and skirt—which I'd been so sure would entice home some young hottie tonight—into the dryer. Sarah slipped her hands under my robe before I tied it, one hand kneading the sensitive flesh of my belly just above my pubic hair, the other slipping behind me to my lower back. I knew everything I was feeling showed in my eyes because I could see it reflected in her own, and she kissed my eyelids closed and then kissed my mouth, a gentle, tender and reassuring kiss. I breathed a shaky sigh and she spent a moment feathering kisses on the sweet spot on my neck, just below and behind my ear, which she knew made me instantly wet. Her hand on my belly kneaded lower, slipping under the elastic of my panties and through my pubic hair. I heard and felt her breath quicken with my own when she found and parted my pussy lips, slipping two fingers through my slit, one on each side of my already swollen clit. I moaned when she wiggled her fingers and she stopped the sound with her mouth against mine. I wondered at her boldness, and glanced toward the door, which was open, but out of the line of sight of the living room where we'd left David. Her two fingers moved easily—so wet already!—and found the thin and sensitive sheath of skin covering my clit. The sensation was exquisite, her touch practiced and deft. She applied just a small amount of pressure to the tiny bud of flesh, not so much directly on my clit, just allowing that sweet layer of skin to do the work, rubbing it in slow and easy circles with the flat of her fingers. Her hand on my lower back allowed her to guide me, support me, and I let my head fall back, pushing my hips forward to meet her hand. She pushed me back against the wall, making faster circles now, easing me gently upward. She pressed her mouth to my ear so I could feel her breath and I

whimpered. My nipples rubbed against the terrycloth as I rocked my hips, and I sighed when she slipped both fingers down and pressed them into me as deeply as she could. "He's got a big, hard cock for you, Lizzie," she whispered, stretching me open even further with both fingers, and then slowly sliding in a third. My eyes flew open at the sensation and the thought. "Do you want it?"

He was too surprised to draw back and when he tried, she had already placed her unexpectedly strong arms around his neck and he lacked the strength to pry them away. In fact, he felt strangely helpless, like it was someone else who acted instead of him, as he kissed her back. His hands involuntarily reached her waist and pulled her closer." - From the short story "View of a cemetery" "This, this is not really happening, is it?" Agnes whispered, breathless as Catherine started to undo her corset. "No, of course it is not," Catherine agreed, suppressing a small moan of delight as she pulled down the upper part of the linen undergarment and very attentively and experimentally kissed Agnes' soft round breasts. - From the short story "Wildflowers" "No, no, none of that..." he said teasingly, but reluctantly, as he moved her hands away. "Not yet," he added and smiled roguish at her disappointed sigh. I stayed petrified in front of the window as the scene continued before me. I felt feverish and out of breath myself, wishing with all my heart that someone would make love to me like that, but also keenly aware of that I was watching something entirely private and that it was both wicked and wrong of me to stay and look. - From the short story "Booklover" Product details: #9 on the Top 10 list of Victorian Erotica Romance (Amazon US) #86 on the Top 100 list of Erotica Fiction (Amazon UK) Category: Victorian Romance and Erotica Format: Kindle eBook Written and published: 2011 Length: ~ 20800 words (each story is short and sweet ~2500 words) Proofread by Nicolas Ambrose Publisher: My Secret Quill About the author: Lady T. Jacob - Kris Michaels 2017-07-03

Victoria Marshall didn't cooperate by dying in the Afghani hell-hole as the CIA expected. Defying all probability, a privately-funded black ops group led by a handsome, sexy-as-sin southerner pulled her out of the warlord's prison cell and brought her home. Even half out of her mind with pain Tori knew this man was special. She made a date with the commander to meet one year later at a restaurant of his choice. Keeping that date was the best thing she ever did. Jacob King was attracted to the personality of the woman he saved from the warlord's camp. Although it was hard to see what lay under the filth and suppurating wounds she suffered from countless beating, he admired her brave humor in the face of her agonizing injuries. This kind of tough-minded woman was someone he'd like to know, admittedly he never expected the leggy, blond bombshell in the red dress who showed up for their date. But then he never expected she would save his life, either. In a world of shadows, deceit, and dangerous covert missions, where people routinely vanish and living one more day was never a given, Tori and Jacob fight to build their happily ever after.
