2017-02-07

New Realities of the Twenty-first Century, Part 1 by Prophet Wildman
The psychic/parapsychic experience in the supernatural is one that is not readily understood or accepted by the masses. After enjoying the gift of psychic future predictive awareness for more than fifty years, Prophet Wildman had a deep understanding of the psychic and parapsychic experience. However, it wasn't until 2008 when he began receiving Holy subject (Tribulation) awareness as a precognitive psychic medium that he really began to delve deeper into this relatively unknown subject and explore psychic and parapsychic experiences as they related to the supernatural and Christianity. Prophet Wildman wows his readers with first-hand experiences, both from the perspective of being Christian and of being a psychic medium, while also providing a comprehensive dissection and decoding of the Tribulation event as it relates to the prophecy. Wildman's deeply personal experiences, along with factual statements and others' first-hand experiences, provide the reader with a comprehensive read that will strengthen one's faith in Christ and Christianity, while opening up rarely explored doors to the supernatural, psychic and parapsychic worlds. Explore the unknown with Prophet Wildman as he weaves his unwavering Christian beliefs with everything from extraterrestrials and ultraterrestrials to vampires, U.F.Os, and government cover-ups. An open mind and a strong religious conviction are all that's needed to begin searching and discovering some of the biggest mysteries of our time.

Historical Dictionary of Saudi Arabia - J. E. Peterson 2020-03-15

The Kingdom of Saudi Arabia now has been under the spotlight of Western curiosity for more than 80 years. More than 15% of the world's total oil reserves lie underneath Saudi Arabia and, in the early 1990s, the kingdom became the world's largest crude oil producer. Not surprisingly, a world highly dependent on oil regards the desert kingdom as an area of intense strategic concern, as reflected in the coalition of forces assembled on Saudi soil to oust Iraq from Kuwait in 1991. Also, it played a major role in the invasion of Saddam Husayn's Iraq in 2003 and shares concern with the West over Iran's nuclear intentions throughout the 21st century. This third edition of Historical Dictionary of Saudi Arabia contains a chronology, an introduction, and an extensive bibliography. The dictionary section has over 1,000 cross-referenced entries on important personalities, politics, economy, foreign relations, religion, and culture. This book is an excellent resource for students, researchers, and anyone wanting to know more about Saudi Arabia.

Saints of the Roman Calendar: Including Recent Feasts Proper to the English-Speaking World - Enzo Lodi 2018-03-20

The Catholic Church has always placed before the eyes of the faithful the example of holiness set by the saints. In the first Preface of the Mass for Holy Men and Women we read: "In their lives on earth you give us an example. In our communion with them you give us their friendship. In their prayer for the Church you give us strength and protection." Moreover, as the Second Vatican Council put it, "every act of love offered by us to those who are in heaven tends to and terminates in Christ, 'the crown of all the saints,' and through him in God who is wonderful in his saints and is glorified in them." This book, then, should be a welcome addition to the ever increasing number of volumes that treat of the lives of the saints. With the addition of feast days proper to the United States, it is offered to the English-speaking public in the hope that it will foster greater devotion to the saintly men and women who are not only historical figures worthy of our veneration but models worthy of our imitation.

The Angelic Origins of the Soul - Tricia McCannon 2017-10-24

A journey into the immortal nature of the Soul, the landscapes of Heaven, and the purpose behind your incarnation on Earth • Reveals the connection between the soul and the orders of Angels and provides a roadmap to the realms of Heaven and Hell • Explains the six stages of Soul Evolution and the Nine Orders of Angels • Describes the many dimensions between the highest celestial realms and the lower Astral plane and the Genesis Matrix, our angelic place of origin Your Soul is a divine light originating within the Angelic Orders of Heaven. The Tibetan Book of the Dead speaks about the seven Lokas, or dimensions, the Soul travels through after death, while the Egyptian Book of the Dead refers to the Soul becoming one with the ever-renewing phoenix. Yet what is the phoenix but a symbol of our own Angelic Twin who resides in the highest realms, the essence of our Soul? In this book, Tricia McCannon explains how to discover the angelic realms where the highest parts of yourself reside and become the catalyst for your own path of ascension. Exploring the Soul's angelic origins, the Nine Orders of Angels, and the multi-dimensional landscapes of Heaven, McCannon takes you on the journey each Soul makes as it descends from the higher vibrational realms to arrive in the world of form. Drawing from the perennial wisdom of the Gnostics, Tibetans, Egyptians, Buddhists, Hindus, Hebrew mystics, and the ancient Mystery traditions, she looks at what our

ancient ancestors have to say about the nature and history of the Soul. She reveals how, once embodied, the Soul loses its ability to vibrate with the highest celestial levels causing it to forget its purpose. She addresses how our illusion of separation from Divine Oneness arises, causing us to move away from the Light and become wrapped up in the Shadow of fear and suffering. She explains the six stages of Soul Evolution we must pass through to heal the wounds of separation, reawaken to higher vibrations, and remember our Soul's purpose, the reason your Soul chose this incarnation. McCannon shares stories from those who have returned from the Otherside, tales of revelation, temples of learning, and crystal cities of light. Presenting the great Course Curriculum of the Soul, the lessons we must master to complete our missions on Earth, the author shows that by remembering our divine essence we can move beyond conflict and struggle to embrace the love and joy that reside eternally at the core of our being.

The Book of Revelation - Martin M. Culy 2017-10-06

Revelation, by any modern standard, is a strange book. It has intrigued and perplexed readers through the centuries, and all too often has fallen victim to fanciful interpretations. Although it may seem mysterious and impenetrable to us today, it represents a distinct message in language and imagery that was familiar to the original readers, woven together into a beautiful tapestry of twenty-two interconnected chapters. The *Book of Revelation: The Rest of the Story* demonstrates that the key to understanding the message of Revelation is found in this intricate relationship between the seven "letters" and the rest of the book, with the visions of Revelation 4-22 building on, fleshing out, and driving home each of the messages to the seven churches in Revelation 2-3. In the end, Revelation proves to be not primarily a guide to how things are going to unfold at the end of the age, but rather a profound call to a life of radical devotion to Jesus regardless of one's circumstances.
