This book gives an up-close look at Mercedes-Benz roadsters, convertibles, and two-and four-seat coupes from the mid-1950s to present. With roadsters, starting with the 300SL's from the mid-1950 and continuing through the current SLK's - up to the 2003 model year. Coupes and Cabrios, this book details the 220SEb/300SE cars of 1960 and continues on up to the current CLK's to the 2003 model year. This approach better serves those who are in the market for "personal cars" by not spreading the book too thin to cover the entire Mercedes-Benz lineup.

Explore all the traditional elements of the Buyer's Guide series, such as the basic histories of each model or model type, Garage Watch photos with inset photo callouts, tables of common replacement parts, quotes from contemporary magazine reviews, owner testimonials, rating charts, and specification tables.
