**Moses** - Avivah Gottlieb Zornberg 2016-11-22

An unprecedented portrait of Moses's inner world and perplexing character, by a distinguished biblical scholar No figure looms larger in Jewish culture than Moses, and few have stories more enigmatic. Avivah Gottlieb Zornberg, acclaimed for her many books on Jewish thought, turns her attention to Moses in this remarkably rich, evocative book. Drawing on a broad range of sources—literary as well as psychoanalytic, a wealth of classical Jewish texts alongside George Eliot, W. G. Sebald, and Werner Herzog—Zornberg offers a vivid and original portrait of the biblical Moses. Moses's vexing personality, his uncertain origins, and his turbulent relations with his own people are acutely explored by Zornberg, who sees this story, told and retold, as crucial not only to the biblical past but also to the future of Jewish history.

*Kabbalah and Meditation for the Nations* - Yitshak Ginzburg 2007

Ours is the first generation in modern times to understand the truly universal human condition and to seek to bring all peoples of the earth together in peace and harmony. We are the first generation to truly understand that we are faced with the challenge of either inhabiting our planet harmoniously or not inhabiting it at all. Filling our future is the fundamentalism that threatens to pit one religion against another. But, our different relationships and understandings of G-d should not be the reason for conflict but the source of goodwill in building our relationships with one another and our ability to understand others. The covenant with the Jewish people was not the first made between the Almighty and mankind. Before the revelation at Mt. Sinai, G-d commanded Adam and then made a covenant with Noah, giving them the guidelines for the universal religion of mankind. The most well-known part of this covenant is the seven universal commandments, or the Seven Noahide Laws. For this reason, Judaism and Jews do not proselytize, but rather seek to guide the nations of the world in developing their own relationship with the Almighty and implementing these potentially unifying laws of basic human nature. This book offers you a glimpse into

the tremendous mystical power and meaning of G-d's covenant with humanity and the Seven Noahide Laws, as explained in Kabbalah. It focuses on their spiritual and inner dimensions and inspires a deeper look at our best hope for achieving world peace and a better future for all beings.

1666 Redemption Through Sin - Robert Sepher 2015-05-13

In 1666, a man by the name of Sabbatai Zevi declared himself to be the Messiah. Followers of his heretical cult believed that sin is holy and should be practised for its own sake. Sabbateans and their successors, the Frankists, have indulged in religious orgies, ritual sacrifice, incest, adultery and homosexuality for 350 years. Using secret societies such as the Masons, this diabolical sect has infiltrated into the highest echelons of political power. They covertly rule as the unelected hidden hand shaping history behind a veil of conspiracy.

History of Non-dual Meditation Methods - Javier Alvarado Planas 2014-08-29

The aim of this book is to study certain meditation methods followed not only by religious traditions or metaphysical movements that are still alive nowadays like Advaita Vedanta, Kabbalah (within the Jewish tradition), Christianity or Islam (particularly Sufism), but also practiced by other currents or schools that, even though already gone, significantly influenced the West. This is the case of Neoplatonism or Stoicism, whose influence was felt by ancient and medieval Christianity, or Greco-Egyptian Hermetism, which played an important role in the European cultural Renaissance from the 15th century on. A special consideration has been given to Christian tradition, introducing some of the most representative authors of recollection and their meditation methods. Este libro tiene por finalidad el estudio de ciertos métodos de meditación seguidos no solo por tradiciones religiosas o movimientos metafísicos que continúan vivos actualmente como el vedanta advaita, la cábala (en la tradición judía), el cristianismo o el islám (particularmente el sufismo), sino practicados también por otras corrientes o escuelas que, aunque ya

desaparecidas, influyeron significativamente en Occidente. Es el caso del neoplatonismo o del estoicismo cuya influencia se dejó sentir en el cristianismo antiguo y medieval, o del hermetismo greco-egipcio que tuvo un papel destacado en el Renacimiento cultural europeo a partir del siglo XV. Especial consideración se ha dado a la tradición cristiana mostrando algunos de los autores más representativos del recogimiento y de su método de meditación.

**Sefer Yetzirah** - Meira Epstein 2018-08-21

Sefer Yetzirah is one of the oldest Jewish esoteric texts, which inspired mystics throughout the centuries, and it is hard to exaggerate its importance in the development of spiritual thought. In a concise style it describes the Divine Primordial Creation of the World --the Ten Sefirot, Physical Space, Calendric Time, the Human Body and Life Conditions-- by combining the primary Elements of Air, Fire and Water, with the creative power of Numbers and the 22 Letters of the Hebrew Alphabet as the Prima Materia.

The Contemporary Torah - David E. S. Stein 2010-01-01

This adaptation of the JPS translation of the Torah (1962) will appeal to readers who are interested in a historically based picture of social gender roles in the Bible as well as those who have become accustomed to gender-sensitive English in other aspects of their lives. Many contemporary Bible scholars contend that the Bible's original audience understood that the references to God as male simply reflected gendered social roles at the time. However, evidence for this implicit assumption is ambiguous. Accordingly, in preparing this new edition, the editors sought language that was more sensitive to gender nuances, to reflect more accurately the perceptions of the original Bible readers. In places where the ancient audience probably would not have construed gender

as pertinent to the text's plain sense, the editors changed words into gender-neutral terms; where gender was probably understood to be at stake, they left the text as originally translated, or even introduced gendered language where none existed before. They made these changes regardless of whether words referred to God, angels, or human beings. For example, the phrase originally translated in the 1962 JPS Torah as "every man as he pleases" has been rendered here "each of us as we please" (Deut. 12:8). Similarly, "man and beast" now reads "human and beast" (Exod. 8:14), since the Hebrew word adam is meant to refer to all human beings, not only to males. Conversely, the phrase "the persons enrolled" has been changed to "the men enrolled" (Num. 26:7), to reflect the fact that only men were counted in census-taking at this time. In most cases, references to God are rendered in gender neutral language. A special case in point: the unpronounceable four-letter name for the Divine, the Tetragrammaton, is written in unvocalized Hebrew, conveying to the reader that the Name is something totally "other"-- beyond our speech and understanding. Readers can choose to substitute for this unpronounceable Name any of the numerous divine names offered by Jewish tradition, as generations have before our time. In some instances, however, male imagery depicting God is preserved because it reflects ancient society's view of gender roles. David Stein's preface provides an explanation of the methodology used, and a table delineates typical ways that God language is handled, with sample verses. Occasional notes applied to the Bible text explain how gender is treated; longer supplementary notes at the end of the volume comment on special topics related to this edition. In preparing this work, the editors undertook a thorough and comprehensive analysis of the Torah's gender ascriptions. The result is a carefully rendered alternative to the traditional JPS translation. The single most innovative aspect of the gender-sensitive translation offered in The Contemporary Torah is its treatment of the Hebrew word 'ish as a term of affiliation more than of gender. Scholars seeking a fuller explanation of that treatment are invited to read David E.S. Stein's articles in the Journal of Hebrew Scriptures (2008) and in Hebrew Studies (2008).

*The Bahir* - Aryeh Kaplan 2001-01-15

The Bahir is one of the oldest and most influential of all classical Kabbalah texts. Until the publication of the Zohar, the Bahir was the most widely quoted primary source of Kabbalistic teachings. The Bahir is quoted in every major book on Kabbalah, the earliest being the Raavad's commentary on Sefer Yetzirah, and it is cited numerous times by Rabbi Moshe ben Nachman (Ramban) in his commentary on the Torah. It is also quoted many times in the Zohar. It was first published around 1176 by the Provence school of Kabbalists; the first printed edition appeared in Amsterdam in 1651. The name Bahir is derived from the first verse quoted in the text (Job 37:21), "And now they do not see light, it is brilliant (Bahir) in the skies." It is also called the "Midrash of Rabbi Nehuniah ben HaKana," particularly by the Ramban. The reason might be that Rabbi Nehuniah's name is at the very beginning of the book, but most Kabbalists actually attribute the Bahir to him and his school. Some consider it the oldest kabbalistic text ever written. Although the Bahir is a fairly small book, some 12,000 words in all, it was very highly esteemed among those who probed its mysteries. Rabbi Judah Chayit, a prominent fifteenth-century Kabbalist, writes, "Make this book a crown for your head." Much of the text is very difficult to understand, and Rabbi Moshe Cordevero (1522-1570), head of the Safed school of Kabbalah, says, "The words of this text are bright (Bahir) and sparkling, but their brilliance can blind the eye." One of the most important concepts revealed in the Bahir is that of the Ten Sefirot, and careful analysis of these discussions yields much of what will be found in later kabbalistic works, as well as their relation to anthropomorphism and the reason for the commandments. Also included is a discussion of reincarnation, or Gilgul, an interpretation of the letters of the Hebrew alphabet, the Thirty-two Paths of Wisdom, and the concept of Tzimtzum.

**Sepher Yetzirah** - Tarl Warwick 2018-06-07

The Sepher Yetzirah is one of the main and most important works of

Kabbalah. Referenced by other works such as the Bahir, it is broken apart into a series of statements on the Hebrew alphabet and numeric systems. Among other concepts it expounds the concept of creation via the three mothers; Alef, Mem, and Shin, and their relative powers. It is one of the most integral works from which such types of occultism stem.

**Sefer Yetzirah** - Akiba Ben Joseph 2019-09-25

2019 Reprint of 1923 Edition. Full facsimile of the original edition, not reproduced with Optical Recognition software. Sefer, Book of Formation, or Book of Creation is the title of the earliest extant book on Jewish esotericism, although some early commentators treated it as a treatise on mathematical and linguistic theory as opposed to Kabbalah. Yetzirah is more literally translated as "Formation"; the word Bria is used for "Creation". The book is traditionally ascribed to the patriarch Abraham, although others attribute its writing to Rabbi Akiva. Modern scholars have not reached consensus on the question of its origins. According to Rabbi Saadia Gaon, the objective of the book's author was to convey in writing from a Jewish perspective how the things of our universe came into existence. Translated from the Hebrew, with annotations by Knut

Stenring. Includes the 32 paths of wisdom, their correspondence with the Hebrew alphabet and the Tarot symbols and with an introduction by Arthur Edward Waite.

**Sepher Rezial Hemelach** - Steve Savedow 2000-12-01

Sepher Rezial Hemelach is the long-awaited first English translation of this famous magical text a translation from the ancient Hebrew in the rare and complete 1701 Amsterdam edition. According to Hebrew legend, the Sepher Rezial was presented to Adam in the Garden of Eden, given by the hand of God, and delivered by the angel Rezial. The myth thus suggests that this is the first book ever written, and of direct divine provenance. A diverse compendium of ancient Hebrew magical lore, this book was quite possibly the original source for later, traditional literature on angelic hierarchy, astrology, Qabalah, and Gematria. Moses Gaster mentions this in his introduction to *The Sword of Moses* (1896) suggesting that the Sepher Rezial could be a primary source for many magic and qabalistic books of the Middle Ages. Sepher Rezial Hemelach is a compilation of five books: "The Book of the Vestment," "The Book of the Great Rezial," "The Holy Names," "The Book of the Mysteries," and "The Book of the Signs of the Zodiac." It includes extensive explanatory text on the holy names of God, the divisions of Heaven and Hell, the names and hierarchy of the angels and spirits, as well as symbolic interpretations of both the Book of Genesis and Sepher Yetzirah. It also includes material on astronomy, astrology, gematria, and various magical talismans, most notably those used for protection during childbirth. In his introduction, Steve Savedow details the history, bibliographical citations, and lineage of this famous work. He lists the old and rare manuscripts still in existence, and provides a bibliography of other reference works for study of the Western esoteric tradition.

**The Book of Formation or Sepher Yetzirah** - A. E. Waite 2004-06-01  
The Sepher Yetzirah, or Book of Formation, although very short, is probably the most important of the Kabbalistic texts. Its secrets were

passed on in the Hebrew oral tradition until it was written down in the 2nd century b.c.e. It lays out the principles of Kabbalistic cosmology and the Tree of Life, how humankind (the microcosm) reflects the Divine (the macrocosm). It also sets forth the Hebrew doctrine of Logos--the creation of the world in numbers, letters, and sound. As such, it is a seminal text for all serious magicians. Stenring has made a word-for-word translation from several texts, choosing only those parts which he believed to be authentic. He reveals the text's secrets in his diagrams, tables, and extensive notes. His "Master Key to the Theoretical and Practical Kabala" is a diagram of the correspondences between the English and Hebrew alphabets and is not found in other translations of the Sepher Yetzirah. Also unique in this translation is Stenring's assignment of certain tarot cards to the paths on the Tree of Life. Several authors have done this before, but Stenring asserts that he arrived at his correspondences on his own. The introduction by Waite surveys the historical background of the Sepher Yetzirah translations and the import of this foundational Kabbalistic text.
