**One for the Murphys** - Lynda Mullaly Hunt 2013-05-16

From the author of the New York Times bestselling novel *Fish in a Tree!* Carley uses humor and street smarts to keep her emotional walls high and thick. But the day she becomes a foster child, and moves in with the Murphys, she's blindsided. This loving, bustling family shows Carley the stable family life she never thought existed, and she feels like an alien in their cookie-cutter-perfect household. Despite her resistance, the Murphys eventually show her what it feels like to belong--until her mother wants her back and Carley has to decide where and how to live. She's not really a Murphy, but the gifts they've given her have opened up a new future. "Hunt's writing is fearless and *One For The Murphys* is a story that is at once compassionate, thought-provoking and beautifully told. From the first page, I was drawn into Carley's story. She is a character not to be missed or forgotten." —Jacqueline Woodson, National Book Award-winning author of *Brown Girl Dreaming* Winner of the Tassy Walden Award for New Voice in Children's Literature

**Vittorio De Sica** - Stephen Snyder 2000-01-01

Recognized as a master of Italian cinema, Vittorio De Sica is perhaps best known and most respected for his critically acclaimed neorealist films of the period 1946-55. As this anthology reveals, however, his production was remarkably multifaceted. The essays included here - some newly commissioned, some reprinted, and others in translation - look at De Sica's varied career from many perspectives. Structured chronologically, the volume begins by introducing readers to De Sica's early popularity as an actor and singer during the years of Italian Fascism, and to his initial directorial efforts before the end of World War II. It was not until the postwar era, however, that De Sica made his mark in film history. Special attention is given to this critical phase of his career, which encompasses the neorealist films that made him famous: "Shoeshine", "Bicycle Thieves", "Miracle in Milan", and "Umberto D." When the neorealist movement waned after 1955, De Sica returned to his roots in Neapolitan comedy for a series of commercially successful films starring Sophia Loren and Marcello Mastroianni. Memorable works from this period include "Two Women" and "Marriage Italian Style" as well as "Yesterday, Today, and Tomorrow", which won De Sica an Academy Award in 1965. In one of his final films, "The Garden of the Finzi Continis", he returned to the subject of World War II and to the human tragedy characteristic of his best neorealist productions. This fine anthology offers a comprehensive critical survey that covers the entire scope of De Sica's career, and is an excellent resource for students, critics and film enthusiasts.

**The Mountains Sing** - Que Mai Phan Nguyen 2021-03-16

The International Bestseller A New York Times Editors' Choice Selection A Winner of the 2020 Lannan Literary Awards Fellowship "[An] absorbing, stirring novel . . . that, in more than one sense, remedies history." —The New York Times Book Review "A triumph, a novelistic rendition of one of the most difficult times in Vietnamese history . . . Vast in scope and intimate in its telling . . . Moving and riveting." —VIET THANH NGUYEN, author of *The Sympathizer*, winner of the Pulitzer Prize With the epic sweep of Min Jin Lee's *Pachinko* or Yaa Gyasi's *Homegoing* and the lyrical beauty of Vaddey Ratner's *In the Shadow of the Banyan*, *The Mountains Sing* tells an enveloping, multigenerational tale of the Trần family, set against the backdrop of the Việt Nam War. Trần Diệu Lan, who was born in 1920, was forced to flee her family farm with her six children during the Land Reform as the Communist government rose in the North. Years later in Hà Nội, her young granddaughter, Hương, comes of age as her parents and uncles head off down the Hồ Chí Minh Trail to fight in a conflict that tore apart not just her beloved country, but also her family. Vivid, gripping, and steeped in the language and traditions of Việt Nam, *The Mountains Sing* brings to life the human costs of this conflict from the point of view of the Vietnamese people themselves, while showing us the true power of kindness and hope. *The Mountains Sing* is celebrated Vietnamese poet Nguyễn Phan Quế Mai's first novel in English.

In a garden sit the aged Kublai Khan and the young Marco Polo—Mongol emperor and Venetian traveler. Kublai Khan has sensed the end of his empire coming soon. Marco Polo diverts his host with stories of the cities he has seen in his travels around the empire: cities and memory, cities and desire, cities and designs, cities and the dead, cities and the sky, trading cities, hidden cities. A dark shadow falls over Europe as Adolf Hitler's regime gains momentum, leaving the city of Paris on the brink of occupation. Young Madeleine Levy—granddaughter of Alfred Dreyfus, a Jewish World War I hero—steps bravely into a new wave of resistance and becomes the guardian of lost children. When Madeleine meets a small girl in a tattered coat with the hollow look of one forced to live a nightmare—a young Jewish refugee from Germany named Anna—she knows that she cannot stand idly by. Paris is full of children like Anna—frightened and starving, innocent casualties of a war barely begun. Madeleine offers them comfort and strength while working with other members of the resistance to smuggle them into safer territories. But as the Paris she loves is transformed into a theater of tension and hatred, many people are tempted to abandon the cause—and the country. And amidst the impending horror and doubt, Madeleine's relationship with Claude, a young Jewish Resistance fighter, as passionate about saving vulnerable children as she is, deepens. With a questionable future ahead of them, all Madeleine can do is continue fighting and hope that her spirit—and the nation's—won't be broken. A remarkable, panoramic novel, *The Paris Children* is a story of love and tragedy that illuminates the power of hope and courage in the face of adversity.

[My Life Among the Serial Killers](#) - Dr. Helen Morrison 2009-10-13

Over the course of twenty-five years, Dr. Helen Morrison has profiled more than eighty serial killers around the world. What she learned about them will shatter every assumption you've ever had about the most notorious criminals known to man. Judging by appearances, Dr. Helen

Morrison has an ordinary life in the suburbs of a major city. She has a physician husband, two children, and a thriving psychiatric clinic. But her life is much more than that. She is one of the country's leading experts on serial killers, and has spent as many as four hundred hours alone in a room with depraved murderers, digging deep into killers' psyches in ways no profiler before ever has. In *My Life Among the Serial Killers*, Dr. Morrison relates how she profiled the Mad Biter, Richard Otto Macek, who chewed on his victims' body parts, stalked Dr. Morrison, then believed she was his wife. She did the last interview with Ed Gein, who was the inspiration for Alfred Hitchcock's *Psycho*. John Wayne Gacy, the clown-obsessed killer of young men, sent her crazed Christmas cards and gave her his paintings as presents. Then there was Atlanta child killer Wayne Williams; rapist turned murderer Bobby Joe Long; England's Fred and Rosemary West, who killed girls and women in their "House of Horrors"; and Brazil's deadliest killer of children, Marcelo Costa de Andrade. Dr. Morrison has received hundreds of letters from killers, read their diaries and journals, evaluated crime scenes, testified at their trials, and studied photos of the gruesome carnage. She has interviewed the families of the victims -- and the spouses and parents of the killers -- to gain a deeper understanding of the killer's environment and the public persona he adopts. She has also studied serial killers throughout history and shows how this is not a recent phenomenon with psychological autopsies of the fifteenth-century French war hero Gilles de Rais, the sixteenth-century Hungarian Countess Bathory, H. H. Holmes of the late nineteenth century, and Albert Fish of the Roaring Twenties. Through it all, Dr. Morrison has been on a mission to discover the reasons why serial killers are compelled to murder, how they choose their victims, and what we can do to prevent their crimes in the future. Her provocative conclusions will stun you.

[Captain Papaia and Greta](#) - Beatrice Borromeo

2020-08-05T00:00:00+02:00

"A wonderful gift book to help children understand the importance of respect for the environment starting with Greta Thunberg's trip. The book tells the journey of the young Swedish activist, who has become a symbol of the mobilization of boys and girls around the world around the serious issue of climate change, to reach New York and attend the UN summit on climate issues. The crossing of the Atlantic, departing from Plymouth, took place on the yacht owned by Pierre Casiraghi, son of Carolina of Monaco and the offshore champion Stefano Casiraghi, who accepted the invitation of the little warrior Greta, offering to accompany her to America on a journey with a very low environmental impact. Through the poetic illustrations by Maddalena Gerli, the book tells the story from the point of view of the family of the protagonist, Captain Papaia, Pierre Casiraghi's alter ego: the father talks to his two little children, who complain that he will be absent from home for some time, explaining to them the value of his journey and the importance of the issue of climate change, which directly affects us all."

Germany, 1943: Twenty-six-year-old Rosa Sauer's parents are gone, and her husband Gregor is far away, fighting on the front lines of World War II. Impoverished and alone, she makes the fateful decision to leave war-torn Berlin to live with her in-laws in the countryside, thinking she'll find refuge there. But one morning, the SS come to tell her she has been conscripted to be one of Hitler's tasters: three times a day, she and nine other women go to his secret headquarters, the Wolf's Lair, to eat his meals before he does. **Pussypedia** - Zoe Mendelson 2021-08-03

Written by the creators of the popular website, this rigorously fact-checked, accessible, and fully illustrated guide is essential for anyone with a pussy. If the clitoris and penis are the same size on average, why is the word "small" in the definition of clitoris but strangely missing from the definition of penis? Sex probably doesn't cause yeast infections? But racism probably does cause BV? Why is masturbating so awesome? How hairy are butt cracks . . . generally? Why is labiaplasty on a global astronomical rise? Does egg freezing really work? Should I stick an egg-shaped rock up there or nah? There is still a shocking lack of accurate, accessible information about pussies and many esteemed medical sources seem to contradict each other. Pussypedia solves that with extensive reviews of peer-reviewed science that address old myths, confusing inconsistencies, and the influence of gender narratives on scientific research--always in simple, joyful language. Through over 30 chapters, Pussypedia not only gives the reader information, but teaches them how to read science, how to consider information in its context, and how to accept what we don't know rather than search for conclusions. It also weaves in personal anecdotes from the authors and their friends--sometimes funny, sometimes sad, often cringe-worthy, and always extremely personal--to do away with shame and encourage curiosity, exploration, and agency. A gift for your shy niece, your angsty teenager, your confused boyfriend, or yourself. Our generation's Our Bodies, Ourselves, with a healthy dose of fun.

*Obsolete Objects in the Literary Imagination* - Francesco Orlando 2008-10-01

Translated here into English for the first time is a monumental work of literary history and criticism comparable in scope and achievement to Eric Auerbach's *Mimesis*. Italian critic Francesco Orlando explores Western literature's obsession with outmoded and nonfunctional objects (ruins, obsolete machinery, broken things, trash, etc.). Combining the insights of psychoanalysis and literary-political history, Orlando traces this obsession to a turning point in history, at the end of eighteenth-century industrialization, when the functional becomes the dominant value of Western culture. Roaming through every genre and much of the history of Western literature, the author identifies distinct categories into which obsolete images can be classified and provides myriad examples. The function of literature, he concludes, is to remind us of what we have lost and what we are losing as we rush toward the future.

*Woman at Sea* - Catherine Poulain 2018-02-15

\*\*SHORTLISTED FOR THE SCOTT MONCRIEFF PRIZE 2019\*\*

\*\*NOMINATED FOR THE MÉDICIS PRIZE 2018\*\* 'A tale of travel and adventure, the story of a body utterly surrendered to pain and joy. It is mind-blowing, a delight.' *Le Monde* Lili is a runaway. She's left behind her native France to go in search of freedom, of adventure, of life. Her search takes her to Kodiak, Alaska, home to a ragtag community of fishermen, army vets and drifters who man the island's fishing fleet. Despite her tiny frame, faltering English and lack of experience, Lili lands a job on board the *Rebel*, the only woman on the boat. Out on the open sea, everything is heightened: colours are more vivid, sounds are louder and the work is harder than anything she's ever known. The terrifying intensity of the ocean is addictive to the point of danger. But Lili is not alone: in her fellow crewmembers she finds kindred spirits - men living on the edge, drawn to extremes. Based on Catherine Poulain's own experiences, and written in taut, muscular prose, *Woman at Sea* cuts through the noise of life and straight to the heart of our innermost longings.

**Island Flame** - Karen Robards 2012-01-31

Dear Reader, It is difficult for an author to choose a favorite from among her own books, especially when she has been lucky enough—as I have—to make a career out of doing what she loves. But some stories are memorable because they mark an important milestone in an author's life, and for me, perhaps none is more special than *Island Flame*—my very first book. I was thrilled when it was published, and now, more than thirty years later, I am just as excited to share it again with you. *Island Flame* is a classic tale of romance on the high seas, featuring two extraordinary characters: the headstrong Lady Catherine Aldley and the legendary pirate Jonathan Hale. I don't have to tell you that their tumultuous escapade sizzles with passion (lots of passion!), but what I hope you will take away most from Cathy and Jonathan is that dreams do come true—in love and in life. Mine did, and I hope yours will too. I look forward to sharing many more adventures together in the future. Enjoy! Karen Robards
