A for Anything - Damon Knight 2011-09-29

We call it a gismo. That's right, a gismo. A bit difficult to describe. Like a cross, I suppose, without the top part. Sort of two arms on a stand. What happens is this. You hang something on one arm. Anything at all. A watch, a bracelet, money, anything. I supposed you could hang a locomotive on, only it's a bit heavy. But anyway you hang something on and there on the opposite arm appears an exact replica. And I mean exact. You can't tell the difference. So nobody need make anything any more. What you need you hang on the gismo. No work. No want. No starvation. No nothing. When you've got a gismo, you've got everything.

Anime Explosion! - Patrick Drazen 2014-04-01

One of the best overviews of the anime phenomenon, its history and cultural significance, ideal for surveys and in-depth study.

The Routledge History of Childhood in the Western World - Paula S. Fass 2013

The Routledge History of Childhood in the Western World provides an important overview of the main themes surrounding the history of childhood in the West from antiquity to the present day. By broadly incorporating the research in the field of Childhood Studies, the book explores the major advances that have taken place in the past few decades in this crucial field. This important collection from a leading international group of scholars presents a comprehensive survey of the current state of the field. It will be essential reading for all those interested in the history of childhood.

Math Makes Sense - Peggy Morrow 2006

Betty Crocker Kids Cook - Betty Crocker 2015-09-29

Whether starting from scratch with the basics of measuring and kitchen safety or creating a meal for the family, Betty Crocker Kids Cook is both teacher and creative outlet. Betty Crocker has been helping kids in the kitchen since 1957 with the publication of Betty Crocker's Boys and Girls Cookbook. Betty CrockerKids Cook provides the same blend of teaching and creativity, helping today's kids learn to cook and have fun at the same time. The book has 66 I-want-to-make-that recipes, plus engaging illustrations and photos of each recipe that blend whimsy and practicality. The book covers Breakfast, Lunch, Snacks, Dinner and Desserts as well as kitchen essentials, including cooking safety and nutrition basics. This is the book that will teach kids to feel comfortable in the kitchen, whether assembling a healthy snack like Strawberry-Orange Smoothies or whipping up a dinner of Impossibly Easy Mini Chicken Pot Pies with Fresh Fruit Frozen Yogurt Pops for dessert.

**A Wind Named Amnesia** - Hideyuki Kikuchi 2008

The Apocalypse didn't end with a BANG, but with a whimper. Silently, the 'amnesia wind' swept away all of

mankind's knowledge. Thousands of years of human civilization vanished overnight as people forgot how to use the tools of modern civilization; who they were, how to speak - everything! Technology decayed as mankind was reduced to an extremely primitive level. Two years after the devastation, a young man explores a nation reduced to barbarism: America. Miraculously re-educated after the cataclysm, he is accompanied by a young woman - somehow spared the obliterating effects of the amnesia wind. Pursued by a relentless killing machine, they search for those responsible for stealing their memories.

The Art of Studio Gainax - Dani Cavallaro 2015-01-27

Formed by a small group of university students in the early 1980s, Studio Gainax is now one of the most adventurous and widely esteemed anime companies on the scene. And it is fascinating for its unique approach to animation. Formal experimentation, genre-straddling, self-reflexivity, unpredictable plot twists, a gourmet palate for stylishness, proverbially controversial endings, and a singularly iconoclastic worldview are some of the hallmarks. This documentation of the studio's achievements provides a critical overview of both the company and its films: in-depth examinations of particular titles that best represent the company's overall work, including television series such as Nadia: The Secret of Blue Water and Neon Genesis Evangelion, and feature films such as Royal Space Force: The Wings of Honneamise and Gunbuster vs. Diebuster. Each chapter highlights the contribution made by a specific production to the company's progress.

Children and Childhood in Classical Athens - Mark Golden 2015-06-30

A thoroughly revised and updated edition of Mark Golden's groundbreaking study of childhood in ancient Greece. First published in 1990, *Children and Childhood in Classical Athens* was the first book in English to explore the lives of children in ancient Athens. Drawing on literary, artistic, and archaeological sources as well as on comparative studies of family history, Mark Golden offers a vivid portrait of the public and private lives of children from about 500 to 300 B.C. Golden discusses how the Athenians viewed children and childhood, describes everyday activities of children at home and in the community, and explores the differences in the social lives of boys and girls. He details the complex bonds among children, parents, siblings, and household slaves, and he shows how a growing child's changing roles often led to conflict between the demands of family and the demands of community. In this thoroughly revised edition, Golden places particular emphasis on the problem of identifying change over time and the relationship of children to adults. He also explores three dominant topics in the recent historiography of childhood: the agency of children, the archaeology of childhood, and representations of children in art. The book includes a completely new final chapter, text and notes rewritten throughout to incorporate evidence and scholarship that has appeared over the past twenty-five years, and an index of ancient sources.

**Childhood in History** - Reidar Aasgaard 2017-07-20

Inquiring into childhood is one of the most appropriate ways to address the perennial and essential question of what it is that makes human beings - each of us - human. In *Childhood in History: Perceptions of Children in the Ancient and Medieval Worlds*, Aasgaard, Horn, and Cojocarú bring together the groundbreaking work of nineteen leading scholars in order to advance interdisciplinary historical research into ideas about children and childhood in the premodern history of European civilization. The volume gathers rich insights from fields as varied as pedagogy and medicine, and literature and history. Drawing on a range of sources in genres that extend from philosophical, theological, and educational treatises to

law, art, and poetry, from hagiography and autobiography to school lessons and sagas, these studies aim to bring together these diverse fields and source materials, and to allow the development of new conversations. This book will have fulfilled its unifying and explicit goal if it provides an impetus to further research in social and intellectual history, and if it prompts both researchers and the interested wider public to ask new questions about the experiences of children, and to listen to their voices.

**Shuna's Journey** - Hayao Miyazaki 2022-11

From legendary animator Hayao Miyazaki comes *Shuna's Journey*, a new manga classic about a prince on a quest for a golden grain that would save his land, never before published in English! Shuna, the prince of a poor land, watches in despair as his people work themselves to death harvesting the little grain that grows there. And so, when a traveler presents him with a sample of seeds from a mysterious western land, he sets out to find the source of the golden grain, dreaming of a better life for his subjects. It is not long before he meets a proud girl named Thea. After freeing her from captivity, he is pursued by her enemies, and while Thea escapes north, Shuna continues toward the west, finally reaching the Land of the God-Folk. Will Shuna ever see Thea again? And will he make it back home from his quest for the golden grain?

**Carmen** - Sheetmusic Publishing 2019-10-30

Moreover, single-side pages can be framed to display your masterpieces. Professional design. Premium glossy cover design, large 8.5 "x 11" format.

**Sorry Not Sorry** - Naya Rivera 2016-09-13

Funny and deeply personal, *Sorry Not Sorry* recounts Glee star Naya Rivera's successes and missteps, urging young women to pursue their dreams and to refuse to let past mistakes define them. Navigating through youth and young adulthood isn't easy, and in *Sorry Not Sorry*, Naya Rivera shows us that we're not alone in the highs, lows, and in-betweens. Whether it's with love and dating, career and ambition, friends, or gossip, Naya inspires us to follow our own destiny and step over--or plod through--all the crap along the way. After her rise and fall from early childhood stardom, barely eking her way through high school, a brief stint as a Hooters waitress, going through thick and thin with her mom/manager, and resurrecting her acting career as Santana Lopez on *Glee*, Naya emerged from these experiences with some key life lessons: Sorry: - All those times I scrawled "I HATE MY MOM" in my journal. So many moms and teenage daughters don't get along--we just have to realize it's nothing personal on either side. - At-home highlights and DIY hair extensions. Some things are best left to the experts, and hair dye is one of them. - Falling in love with the idea of a person, instead of the actual person. Not Sorry: - That I don't always get along with everyone. Having people not like you is a risk you have to take to be real, and I'll take that over being fake any day. - Laughing at the gossip instead of getting upset by it. - Getting my financial disasters out of the way early--before I was married or had a family--so that the only credit score that I wrecked was my own. Even with a

successful career and a family that she loves more than anything else, Naya says, "There's still a thirteen-year-old girl inside of me making detailed lists of how I can improve, who's never sure of my own self-worth." *Sorry Not Sorry* is for that thirteen-year-old in all of us.

**Plain Roots** - Becki Willis 2018-11

Taryn Clark thought she'd outgrown the need to find her birth mother. She thought that a successful career and a comfortable life in the city were enough to be happy. Did she really need to know about the woman who had given her away? Adopted at birth, her first few years were happy. It hadn't mattered that she didn't know her heritage; she had parents who loved her and wanted her. But divorce, and then death, ripped their tiny family apart, and at the tender age of six, she entered the foster care system. Over the next dozen years, she shuffled from home to home. Finding her roots seemed an impossible dream. But dreams are resilient. An unexpected discovery awakens old yearnings of belonging to a family, of being part of something bigger than herself. Finding the brief, ambiguous note from her birth mother is enough to unfurl the ribbons of hope still binding her heart. Her quest takes her to Lancaster County, Pennsylvania and the heart of the Plain community. Aided by her unique eye color, a healthy dose of luck, and the private investigator she hires, Taryn finds her birth family easily enough, but finding the truth is another matter. In all her musings, she never imagined a scenario where her mother might be Amish. She never imagined that the fabric of her life might be a patchwork of faith and fear, stitched together with a dark family secret. Taryn is determined to trace her roots, even if it means digging in the mud to do so. Now she's caught in the quicksand of a shocking discovery and the consequences of choices made, almost forty years ago. She'll risk everything to uncover the truth and to claim the family--and the roots--she so desperately craves.

**The Nun** - Simonetta Agnello Hornby 2012-09-10

August 15, 1839. Messina, Italy. In the home of Marshall don Peppino Padellani di Opiri, preparations for the feast of the Ascension are underway. But for Agata, the Marshall's daughter, there are more important matters at hand. She and the wealthy Giacomo Lepre have fallen in love, and her mother is determined to obstruct the consummation of their love. When Marshall don Peppino dies, Agata's mother decides to ferry her daughter away from Messina, to Naples, where she hopes to garner a stipend from the King and keep her daughter far from trouble. The only boat leaving Messina that day is captained by the young Englishman, James Garson. Following a tempestuous passage to Naples, during which Agata confesses her troubles to James, Agata and her mother find themselves rebuffed by the king and Agata is forced to join a convent. The Benedictine monastery of San Giorgio Stilita is rife with rancor and jealousy, illicit passions and ancient feuds. Agata remains aloof, devoting herself to the cultivation of medicinal herbs, calmed by the steady rhythms of monastic life. She reads all the books James Garson sends her and follows the news of the various factions struggling to bring unity to Italy. Though she hasn't chosen to enter a convent, and is divided between her yearnings for purity and religiosity and her desire to be part of the world, something about the cloistered life reverberates within her. Agata is increasingly torn when she realizes that her feelings for James Garson, though he is only a distant presence in her life, have eclipsed those for Lepre.

**Anime from Akira to Princess Mononoke** - S. Napier 2003-05-02

With the popularity of *Pokemon* still far from waning, Japanese animation, known as anime to its fans, has a firm hold on American pop culture. However, anime is much more than children's cartoons. It runs the gamut from historical epics to sci-fi sexual thrillers. Often dismissed as fanciful entertainment, anime is actually quite adept at portraying important social and cultural issues like alienation, gender inequality, and teenage angst. This book investigates the ways that anime presents these issues in an in-depth and sophisticated manner, uncovering the identity conflicts, fears over rapid technological advancement, and other key themes present in much of Japanese animation.

**Mechademia 5** - Frenchy Lunning 2013-11-30

Passionate fans of anime and manga, known in Japan as otaku and active around the world, play a significant role in the creation and interpretation of this pervasive popular culture. Routinely appropriating and remixing favorite characters, narratives, imagery, and settings, otaku take control of the anime characters they consume. *Fanthropologies*—the fifth volume in the *Mechademia* series, an annual forum devoted to Japanese anime and manga—focuses on fans, fan activities, and the otaku phenomenon. The zones of activity discussed in these essays range from fan-sub (fan-subtitled versions of anime and manga)

and copyright issues to gender and nationality in fandom, dolls, and other forms of consumption that fandom offers. Individual pieces include a remarkable photo essay on the emerging art of cosplay photography; an original manga about an obsessive doll-fan; and a tour of Akihabara, Tokyo's discount electronics shopping district, by a scholar disguised as a fuzzy animal. Contributors: Madeline Ashby; Jodie Beck, McGill U; Christopher Bolton, Williams College; Naitō Chizuko, Otsuna U; Ian Condry, Massachusetts Institute of Technology; Martha Cornog; Kathryn Dunlap, U of Central Florida; Ōtsuka Eiji, Kobe Design U; Gerald Figal, Vanderbilt U; Patrick W. **Basquiat** - 2019-05-14

...a beautifully illustrated hardcover book... Inside you'll find the story of Basquiat's life relayed in a quick-to-read, visually dazzling fashion. - Forbes.com Cool, talented, and transgressive, Jean-Michel Basquiat's life is just as fascinating as the work he produced. Delve into 1980s New York as this vivid graphic novel takes you on Basquiat's journey from street-art legend SAMO to international art-scene darling, up until his sudden death. Told through cinematic scenes, this is Basquiat as seen through the eyes of those who knew him, including his father, Suzanne Mallouk, Larry Gagosian, and, most importantly, the man himself. Basquiat is a moving depiction of a troubled artist's life for those interested in both the art and the man who made it. - More Praise for Basquiat: A Graphic Novel - Loving the shit out of Black culture, Italian illustrator Paolo Parisi is paying homage to some of the most prolific Black artists of the 20th century with a series of graphic novels. Inspired totally by Basquiat's own aesthetic, the graphic novel is depicted through the use of primary and secondary colors - a favorite of JMB's and his contemporaries at the time." Afropunk "Those unfamiliar with Basquiat will eagerly seek out his work upon completion of the book." Booklist "Parisi's visuals are powerful - sometimes jarringly so, as with the image of the artist in chains - and his design choices effective. In other spreads, comics are juxtaposed with facsimile notebook pages of Jean-Michel's writings. It's this type of visual, verbal, textural play that makes the graphic novel an interesting form for the Basquiat story." Hyperallergic "Parisi offers a vibrant biography of iconic New York artist Jean-Michel Basquiat, briefly touching on his childhood and examining how he struggled, achieved fame, and made a lasting legacy in the art world. A mesmerizing account of a creative phenomenon." School Library Journal "In vividly drawn panels of red, electric yellow, green, and indigo, Paolo Parisi's Basquiat makes striking use of the graphic novel medium to immerse readers in the story of how a young graffiti artist from Brooklyn emerged to become one of the rising stars of the 1980s art scene. With searing images and sharp captions that give life to Jean-Michel Basquiat's frenetic drug-fueled creativity, keen sense of irony, and celebrity flare, the author chronicles how the artist parlayed attention-grabbing spray-paint designs clandestinely placed all over downtown New York." The Millions "...an engrossing chronicle of one of the world's most celebrated artists, one gone too soon. The story by Paolo Parisi is heartbreaking, epic and intense. The art by Parisi is very much in the spirit of its subject, giving the reader a surreal kaleidoscopic vision. Altogether, a biography of an artist whose story has not been given justice until now with Parisi's deft hands and vision." Graphic Policy

**School Memories** - Cristina Yanes-Cabrera 2016-09-15

This book reveals how school memories offer not only a tool for accessing the school of the past, but also a key to understanding what people today know (or think they know) about the school of the past. It describes, in fact, how historians' work does not purely and simply consist in exploring school as it really was, but also in the complex process of defining the memory of school as one developed and revisited over time at both the individual and collective level. Further, it investigates the extent to which what people "know" reflects the reality or is in fact a product of stereotypes that are deeply rooted in common

perceptions and thus exceedingly difficult to do away with. The book includes fifteen peer-reviewed contributions that were presented and discussed during the International Symposium "School Memories. New Trends in Historical Research into Education: Heuristic Perspectives and Methodological Issues" (Seville, 22-23 September, 2015).

**I Prelibri** - Bruno Munari 2002

*From Childhood to Chivalry* - Nicholas Orme 2017-09-29

Originally published in 1984, this is a study of the kings and the aristocracy who ruled England between the Conquest and the Reformation. Not, as usual, about their adult lives, but how they became the people they were through childhood and education. The first such study of its kind, it follows noble boys and girls from birth through the care of their nurses, masters and mistresses, until they left home for further training in noble households, monasteries and universities. The author examines the theories and treatises on noble education, again for the first time. The rest of the book broadens into a wide cultural survey as Dr Orme describes the skills and ideas which noble children learnt. He explains how they mastered speech and literacy; worship and behaviour; dancing, music and applied art; athletics and training for war. This part of the study is a handbook of noble pursuits in medieval times. In his final chapter the author considers the nature of noble education in the middle ages, and examines how and whether it changed at the Renaissance. Nicholas Orme has written a comprehensive study, spanning 450 years of English history and making a major contribution to social and cultural history, as well as the history of education. His book will be invaluable to historians and medievalists of all disciplines, and essential reading from those who study the Renaissance.

*Childhood in the Middle Ages and the Renaissance* - Albrecht Classen 2011-12-22

Earlier theses on the history of childhood can now be laid to rest and a fundamental paradigm shift initiated, as there is an overwhelming body of evidence to show that in medieval and early modern times too there were close emotional relations between parents and children. The contributors to this volume demonstrate conclusively on the one hand how intensively parents concerned themselves with their children in the pre-modern era, and on the other which social, political and religious conditions shaped these relationships. These studies in emotional history demonstrate how easy it is for a subjective choice of sources, coupled with faulty interpretations - caused mainly by modern prejudices toward the Middle Ages in particular - to lead to the view that in the past children were regarded as small adults. The contributors demonstrate convincingly that intense feelings - admittedly often different in nature - shaped the relationship between adults and children.

*Forgotten Children* - Linda A. Pollock 1983-11-24

'The history of childhood is an area so full of errors, distortion and misinterpretation that I thought it vital, if progress were to be made, to supply a clear review of the information on childhood contained in such sources as diaries and autobiographies.' Dr Pollock's statement in her Preface will startle readers who have not questioned the validity of recent theories on the evolution of childhood and the treatment of children, theories which see a movement from a situation where the concept of childhood was almost absent, and children were cruelly treated, to our present western recognition that children are different and should be treated with love and affection. Linda examines this thesis particularly through the close and careful analysis of some hundreds of English and American primary sources. Through these sources, she has been able to reconstruct, probably for the first time, a genuine picture of childhood in the past, and it is a much more humane and optimistic picture than the current stereotype. Her book contains a mass of novel and original material on child-rearing practices and the relations of parents and children, and sets this in the wider framework of developmental psychology, socio-biology and social anthropology. *Forgotten Children* admirably fulfils the aim of its author. In the face of this scholarly and elegant account of the continuity of parental care, few will now be able to argue for dramatic transformations in the twentieth century.

*The Ballad of Mila* - Matteo Strukul 2014-02-25

Pray the cops find you first... Imagine Elmore Leonard behind the wheel of a car in Grand Theft Auto as one Italian woman sets out to cut the mafia down to size - one limb at a time... Two perfectly matched gangs are fighting for control of the north-east Italian region of Venetia. But a formidable young woman with

vengeance on her mind has plans to upset the balance. Abandoned by her mother and violated by a gang of criminals just after they slaughtered her father, Mila Zago is a cold-blooded killer, a deadly assassin. Brought up by her grandfather on the Sette Comuni plateau under a rigid martial code, she returns home to seek her revenge, conspiring to create a spectacular showdown reminiscent of *A Fistful of Dollars*. The *Ballad of Mila* is the first novel in an ongoing series focused on the formidable female Italian bounty hunter Mila Zago, a.k.a. Red Dread. As well as being shortlisted for the Premio Scerbanenco / La Stampa prize, it won the Premio Speciale Valpolicella 2011, and in its graphic novel format was awarded the Premio Leone di Narnia as "Best Italian comic book series of the year".

*A Cultural History of Childhood and Family in Antiquity* - Mary Harlow 2014-03-13

Childhood and families had a ubiquitous and central presence in the ancient world, but one which is often hidden from us. Underlying our understanding of childhood and the family in Antiquity are the key thinkers and writers of the period. Their ideas on children, growing up, and the stages of life have shaped thinking on these subjects right up to the present day. Focusing on the cultures of the Mediterranean from 800 BCE to 800 CE, *A Cultural History of Childhood and Family in Antiquity* covers the rise of democratic Athens, the Hellenistic World, and the evolution and transformation of the Roman Empire. As with all the volumes in the illustrated *Cultural History of Childhood and Family* set, this volume presents essays on family relations, community, economy, geography and environment, education, life cycle, the state, faith and religion, health and science, and world contexts.

*Dreamland Japan* - Frederik L. Schodt 2011-06-14

A classic work praised for its scope and intelligence, now in a gift edition for fans, with a new Foreword

**Gill Tarot Deck** - Elizabeth Josephine Gill 1990-12

Gill's tarot pack is based on the structure of "The Tree of Life". Much of the imagery in "The Gill Tarot Deck" draws from passages in classical religious literature. "The Gill Tarot" by Elizabeth Josephine Gill presents 78 stunning full-color pictures which enable the reader to see his or her own reflection of life.

*The Flower of the Witch* - Enrico Orlandi 2020-09-29

Tami has traveled long and far from his home in the south, forbidden to return until he has become a man, in this coming-of-age story. Defeating monsters and saving princesses has not been enough, and now he must find the fabled flower of the witch, but in his quest Tami inadvertently sparks a feud between the villagers who shelter him and the demon Yabra! And when the conflict comes to a head, Tami will have to choose between proving himself as a man, and protecting the villagers he's come to love. Available for the first time in English, Enrico Orlandi's exciting tale of adventure and compassion is a timely reflection on identity, responsibility, and the true meaning of maturity. "My intention when I created Tami and the world of *Il fiore della strega*, was to tell a fantastic story that would capture the reader's imagination and inspire them to lose themselves in the cold forests of the far north, to feel the icy gaze of the spirits and the warmth of the hearths in each tent. Tami's journey, his difficulties and mistakes, are in essence what every child must face as they grow into adulthood. To those who read this book, I would like to say that a girl can go on adventures, that a boy can cry if he needs to, that there is no right way to grow up. You just have to take the time to understand who you want to be." -- Enrico Orlandi

*How to Draw Lapland* - Amit Offir 2015-08-24

Travel with your kids? learn how to draw with DRAWING EASILY TECHNIQUE and find out that anyone can draw and enjoy it - and you can do it too! If you are looking for the Swedish Lapland travel guide this book will teach you how to draw the Sami people and Lapland animals and characters. A great activity for the kids and the whole family. With Drawing Easily Technique you will find out that you too can enjoy the wonderful magical world of drawing and comics. "When I tried to learn how to draw, I quickly realized that I'm actually being taught how to copy. I searched and searched but I couldn't find simple technique that would help me to draw the characters I had in mind. After years of experimentation I developed a technique that enables me to draw any characters I want. Since then I continue to travel around the world teaching millions of people how to use my technique. My purpose in life is to show people that only when you believe in yourself, can you succeed as well. When I read from people and hear their stories, I learn that the Drawing Easily technique not only improves drawing skills but enables parents to have fun quality time with their kids, it helps kids express themselves, and even strengthens their self-confidence. Try this book

and you would be amazed to see what you and your kids are capable of doing and creating with your hands and mind. please leave a review and share your experience with others best regards Amit Offir p.s - Did you

know that I have developed the Drawing Easily Technique after drawing on more than half a million Pebbles!". It was an amazing experience and now I am sharing it with the whole world! please contact me for further information
