Airborn - Kenneth Oppel 2009-09-22

Sailing toward dawn, and I was perched atop the crow's nest, being the ship's eyes. We were two nights out of Sydney, and there'd been no weather to speak of so far. I was keeping watch on a dark stack of nimbus clouds off to the northwest, but we were leaving it far behind, and it looked to be smooth going all the way back to Lionsgate City. Like riding a cloud. . . . Matt Cruse is a cabin boy on the Aurora, a huge airship that sails hundreds of feet above the ocean, ferrying wealthy passengers from city to city. It is the life Matt's always wanted; convinced he's lighter than air, he imagines himself as buoyant as the hydrium gas that powers his ship. One night he meets a dying balloonist who speaks of beautiful creatures drifting through the skies. It is only after Matt meets the balloonist's granddaughter that he realizes that the man's ravings may, in fact, have been true, and that the creatures are completely real and utterly mysterious. In a swashbuckling adventure reminiscent of Jules Verne and Robert Louis Stevenson, Kenneth Oppel, author of the best-selling Silverwing trilogy, creates an imagined world in which the air is populated by transcontinental voyagers, pirates, and beings never before dreamed of by the humans who sail the skies.

The Last Voyage of the Andrea Doria - Greg King 2020-04-07

In the tradition of Erik Larson's Dead Wake comes The Last Voyage of the Andrea Doria, about the sinking of the glamorous Italian ocean liner, including never-before-seen photos of the wreck today. In 1956, a stunned world watched as the famous Italian ocean liner Andrea Doria sank after being struck by a Swedish vessel off the coast of Nantucket. Unlike the tragedy of the Titanic, this sinking played out in real time across radios and televisions, the first disaster of the modern age. Audiences witnessed everything that ensued after the unthinkable collision of two modern vessels equipped with radar: perilous hours of uncertainty; the heroic rescue of passengers; and the final gasp as the pride of the Italian fleet slipped beneath the Atlantic, taking some fifty lives with her. Her loss signaled the end of the golden age of ocean liner travel. Now, Greg King and Penny Wilson offer a fresh look at this legendary liner and her tragic fate. Andrea Doria represented the romance of travel, the possibility of new lives in the new world, and the glamour of 1950s art, culture, and life. Set against a glorious backdrop of celebrity and La Dolce Vita, Andrea Doria's last voyage comes vividly to life in a narrative tightly focused on her passengers - Cary Grant's wife; Philadelphia's flamboyant mayor; the heiress to the Marshall Field fortune; and many brave Italian emigrants - who found themselves plunged into a desperate struggle to survive. The Last Voyage of the Andrea Doria follows the effect this trauma had on their lives, and brings the story up-to-date with the latest expeditions to the wreck. Drawing on in-depth research, interviews with survivors, and never-before-seen photos of the wreck as it is today, The Last Voyage of the Andrea Doria is a vibrant story of fatal errors, shattered lives, and the triumph of the human spirit.

Collision Course - Alvin Moscow 2016-03-01

The definitive New York Times--bestselling account: "One of the most intriguing and thought-provoking books about shipwreck since A Night to Remember" (The Detroit News). One of the largest, fastest, and most beautiful ships in the world, the Andrea Doria was on her way to New York from her home port in Genoa. Departing from the United States was the much smaller Stockholm. On the foggy night of July 25, 1956, fifty-three miles southeast of Nantucket in the North Atlantic, the Stockholm sliced through the Doria's steel hull. Within minutes, water was pouring into the Italian liner. Eleven hours later, she capsized and sank into the ocean. In this "electrifying book," Associated Press journalist Alvin Moscow, who covered the court hearings that sought to explain the causes of the tragedy and interviewed all the principals, re-creates with compelling accuracy the actions of the ships' officers and crews, and the terrifying experiences of the Doria's passengers as they struggled to evacuate a craft listing so severely that only half of its lifeboats could be launched (Newsweek). Recounting the heroic, rapid response of other ships—which averted a catastrophe of the same scale as that of the Titanic—and the official inquest, Moscow delivers a fact-filled, fascinating drama of this infamous maritime disaster, and explains how a supposedly unsinkable ship ended up at the bottom of the sea. In the New York Times Book Review, Walter Lord, author of A Night to Remember, said of Collision Course: "More than a magnificent analysis of the accident and sinking; it is a warmly compassionate document, full of understanding for the people on each side."

Violet Jessop's life is an inspiring story of survival. Born in 1887 in Argentina, the eldest child of Irish immigrants, at the age of 21 she became the breadwinner for her widowed mother and five siblings when she commenced a career as a stewardess and nurse on some of the most famous ocean going vessels of the day. Throughout her 40 year time at sea she survived an unbelievable series of events including the sinking of the TITANIC. "One awful moment of empty, misty blackness enveloped us in its loneliness, then an unforgettable, agonizing cry went up from 1500 despairing throats, a long wail and then silence and our tiny craft tossing about at the mercy of the ice field." For most people one sinking would be enough. But four years later Violet, now a nurse with the British Red Cross, was on board the World War I hospital ship BRITANNIC when it struck a mine and sank to the bottom of the Aegean. To her, this disaster was even more horrifying-- "Just as life seeming nothing but a whirling, choking ache, I rose to the light of day, my nose barely above the little lapping waves. I opened my eyes on an indescribable scene of slaughter, which made me shut them again to keep it out." By the end of her story we have a met a woman who could handle whatever life threw at her with determination and good humor. She knew that only by her own strength of character would she survive. But Titanic Survivor is much more. A unique autobiography for those who want to know how it really felt, a story that could be told only by a Titanic Survivor.

Building the Titanic - Rod Green 2005

Once the outer shell was complete, the luxurious passenger accommodation was fitted out, the dining rooms, the squash court, gymnasium, libraries, smoking rooms and even Turkish baths. The men that built her knew every bolt and rivet, every dove-tail joint, every new-fangled piece of kit, every vibration of the engine. For them, Titanic would always be the world's greatest ship. SOS Titanic - Eve Bunting 1996-04-01

This tale of an Irish teenager aboard the doomed ship, from a Caldecott Medal winner, is a "taut disaster story . . . nearly impossible to put down" (Publishers Weekly). Fifteen-year-old Barry O'Neill is journeying to New York to reunite with his parents on the maiden voyage of the great ship *Titanic*. He's homesick, and worried about the Flynn boys traveling in steerage, who have threatened to throw him overboard. Little does Barry know that a struggle with the Flynns is the least of the dangers that await him. This "fast-paced" and suspenseful young adult adventure story is based on the true and terrible events that occurred as the *Titanic* sank, and "immerses readers in the many human tragedies" (Booklist).
