A Touch of Darkness - Scarlett St Clair
2021-08-13

"Persephone is the Goddess of Spring in title only. Since she was a little girl, flowers have only shriveled at her touch. After moving to New Athens, she hoped to lead an unassuming life disguised as a mortal journalist. All of that changes when she sits down in a forbidden nightclub to play a hand of cards with a hypnotic

and mysterious stranger. Hades, God of the Dead, has built a gambling empire in the mortal world and his favorite bets are rumored to be impossible. But nothing has ever intrigued him as much as the goddess offering him a bargain he can't resist. After her encounter with Hades, Persephone finds herself in a contract with the God of the Dead, and his terms are impossible: Persephone must create life in the Underworld or lose her freedom forever. The bet does more than expose Persephone's failure as a goddess, however. As she struggles to sow the seeds of her freedom, love for the God of the Dead grows-- a love that is both captivating and forbidden"--

Atomic Habits - James Clear 2018-10-16

The #1 New York Times bestseller. Over 4 million copies sold! Tiny Changes, Remarkable Results No matter your goals, Atomic Habits offers a proven framework for improving--every day. James Clear, one of the world's leading experts on habit formation, reveals practical strategies that will teach you exactly how to

form good habits, break bad ones, and master the tiny behaviors that lead to remarkable results. If you're having trouble changing your habits, the problem isn't you. The problem is your system. Bad habits repeat themselves again and again not because you don't want to change, but because you have the wrong system for change. You do not rise to the level of your goals. You fall to the level of your systems. Here, you'll get a proven system that can take you to new heights. Clear is known for his ability to distill complex topics into simple behaviors that can be easily applied to daily life and work. Here, he draws on the most proven ideas from biology, psychology, and neuroscience to create an easy-to-understand guide for making good habits inevitable and bad habits impossible. Along the way, readers will be inspired and entertained with true stories from Olympic gold medalists, award-winning artists, business leaders, life-saving physicians, and star comedians who have used the science of small

habits to master their craft and vault to the top of their field. Learn how to: make time for new habits (even when life gets crazy); overcome a lack of motivation and willpower; design your environment to make success easier; get back on track when you fall off course; ...and much more. Atomic Habits will reshape the way you think about progress and success, and give you the tools and strategies you need to transform your habits--whether you are a team looking to win a championship, an organization hoping to redefine an industry, or simply an individual who wishes to quit smoking, lose weight, reduce stress, or achieve any other goal.

Metaphysical Animals - Clare Mac Cumhaill

2022-05-10

A vibrant portrait of four college friends—Iris Murdoch, Philippa Foot, Elizabeth Anscombe, and Mary Midgley—who formed a new

philosophical tradition while Oxford's men were away fighting World War II. The history of European philosophy is usually constructed from the work of men. In *Metaphysical Animals*, a pioneering group biography, Clare Mac Cumhaill and Rachael Wiseman offer a compelling alternative. In the mid-twentieth century Elizabeth Anscombe, Mary Midgley, Philippa Foot, and Iris Murdoch were philosophy students at Oxford when most male undergraduates and many tutors were conscripted away to fight in the Second World War. Together, these young women, all friends, developed a philosophy that could respond to the war's darkest revelations. Neither the great Enlightenment thinkers of the past, the logical innovators of the early twentieth century, or the new Existentialist philosophy trickling across the Channel, could make sense of this new human reality of limitless depravity and destructive power, the women felt. Their answer was to bring philosophy back to life. We are metaphysical animals, they realized,

creatures that can question their very being. Who am I? What is freedom? What is human goodness? The answers we give, they believed, shape what we will become. Written with expertise and flair, *Metaphysical Animals* is a lively portrait of women who shared ideas, but also apartments, clothes and even lovers. Mac Cumhaill and Wiseman show how from the disorder and despair of the war, four brilliant friends created a way of ethical thinking that is there for us today.

The Retreat - Kelly St. Clare 2016-07-15

For fans of *The 100* and *The 5th Wave* comes a science-fiction story for young adults by internationally best-selling author Kelly St. Clare. *Keepers of Earth*. One hundred and fifty years ago, global warming brought humankind to the edge of extinction. In a desperate bid for survival, four thousand genetically enhanced soldiers--the last slice of humanity--were sent to eight space stations. To serve. To protect. Then the Critamal arrived, uninvited. Waves of aliens now work to break through the Orbitos'

defences, the black-shelled creatures seeking to colonise the vacated and barren world. War is their reality. All Romy can do is fight alongside her knot and watch from the mocking midst of the stars as Earth rises and falls in the distance. She dreams of a different life--one free from the mark of death and the never-ending touch of loss. Be careful what you wish for. . . . When a technical glitch during battle leaves Romy and the four other members of Knot 27 hurtling through orbit towards Planet Earth, Romy knows they are dead one way or another. If the crash doesn't kill them, post-global warming conditions will. Yet days pass as Romy wanders injured and aimless through the bush. Alone. Every second, every day she continues to breathe disputes what they have been told. As Romy desperately searches for her knot, she comes across a grey-eyed man--a mysterious and close-lipped presence she is not certain she can trust. Especially when he shouldn't even exist. Secrets are unmasked. A different version of

Earth bursts to the surface. Will Romy survive the betrayal and lies threatening to shatter her mind like glass? Earth was ruined. Humankind destroyed. Or so they were told. . . . Buy now to experience the first book in an action-packed, dystopian trilogy that focuses on the strength of friendship, the burn of betrayal, and the cutting corruption of power. Set in a realistic future Earth.
