[Sleeping With My White Boss](#) - Aaliyah Jackson 2017-05-07

Curvy, black and independent: Kisha definitely isn't the average woman working for the high fashion icon Mark Nobles, and she's reminded every day by the sideways glances and hateful glares of the skinny skanks she works with. The only good part of her job is when Mark's around, since his dominating and powerful presence leaves no room for any trifling attitudes so she can focus on her work. When Mark sets his eyes on her though, the last thing on his mind is work. He likes his woman thick, smart and with chocolate skin, and he's the type of man to get exactly what he wants. When he calls Kisha into his office it's for one reason and one reason only, and Kisha can't help but give in as he pushes her to her absolute limit right then and there in the middle of the work day - without a condom.

[Finding Mr. Darcy](#) - Amanda Hooton 2012-12-01

"It is a truth universally acknowledged that a single man in possession of a good fortune must be in want of a wife. Unless, of course, he's gay. Or has a girlfriend. Or is neck-deep in twice-weekly psychoanalysis and

entirely unfit for public consumption." How does the modern young woman negotiate her dating way in a world where the rules change as fast as you can update your status on Facebook? How to know if the man you've just met in the chatroom is married with three children, if you should be going out in a short skirt with no undies, or if texting your deepest desires to the stranger you met last night is entirely sensible. Luckily, Jane Austen is there, as she has been for three centuries, advising us to keep a sense of humour and our dignity intact. Amply aided and somewhat updated by former intrepid dater and award-winning journalist Amanda Hooton, Jane shows us how we can save ourselves heartbreak by following the examples of her famous heroines. We learn that cleverness is no barrier to romance, beauty is within and that you can't actually meet a man unless you go to places where men dwell. Best of all, we learn how to wade through the heaving mass of commitment-phobic masculine humanity out there to discover our very own Mr Darcy.

[My Black FemDom Mistress](#) - Dominique Paige 2017-05-04

Lip Service - K.C. Cave 2015-04-21

After taking seven horny steelworkers on a busted pool table, Alison was ready for something different. She pulled a mashed-up business card out of her purse, the one that she got from the cop she seduced a couple of weeks before. She was a cute female cop who had pulled her over on the interstate just as Alison was about to climax, thanks to her remote-controlled vibrator. The seduction was in an interstate motel?and it was the best sex she had ever had. Now, Alison wanted that sexy cop again. She made the call, and Alison's new affair kicked off with a long weekend of sex?in a movie theater ladies room, in Alison's bedroom, in a grocery store, at the mall, with a three-way with another gorgeous woman ? you get the idea. Lip Service is 15,000 words of explicit, panty-wetting, woman-on-woman erotica that you won't forget. ~~~~~
Excerpt ~~~~~ A peal of ear-splitting thunder echoed throughout the room. The atmosphere felt charged as the sky opened up and heavy splats of rain fell on the stones of the patio outside the glass doors. Our eyes locked. I moved toward Moriah and ran my finger down her cheek and on to her lips. Her mouth opened and she sucked my finger, twirling her tongue around it. I slipped a cuff on each wrist and raised her arms. She was just short enough that her hands didn't reach the ceiling. I ran the rope through the hook and pulled it taut. She stood almost in the middle of the room, her arms stretched high, standing almost on tiptoe. ?What are you going to do to me?? she whispered. I stood behind her as I made a knot on the hook and lowered my mouth to her ear. ?Give me a safe word. Give me a word that, when you say it, I'll stop whatever I'm doing and let you go.?? ?Stop??? ?No, I want you to be able to say ?stop? without really meaning it. Something else.? ?Calliope.? Her hands now secured above her head, I walked in front of her. Reaching down, I rolled her cotton ribbed sweater up above her breasts, revealing a pretty lace bra. Her eyes widened. The rain was coming down hard, and the room darkened from the storm clouds. I undid the button on her jeans, slowly lowered the zipper, and pulled her pants down toward her knees. She shook one foot, then the other, sending her slip-ons across the room. I pulled her jeans off her. All that was left were her bra, panties and socks. And her sweater scrunched up to her chin above her small breasts. Moriah had a look of wild passion in her eyes as she watched my every move. I left her there and looked around the room for some inspiration. In the corner were my walking sticks, high-tech poles made of carbon fiber, with rubber-coated tips and leather-wrapped handles with loops

that secured them to your wrists while hiking. I picked one up and walked back to Moriah. She licked her dry lips. Lightning flashed, followed quickly by the crash of thunder. The fresh smell of ozone filled the air. The excitement was palpable. The atmosphere was charged with electricity, both literal and metaphorical.

Used as a HuCow (Human Cow Erotica) - Madison Laine 2021-01-25

When Angie gets a paid summer internship at prestigious Harlow Pharmaceuticals, she is thrilled...until she finds out her first project is to personally test a milk-inducing serum! Even worse, she has to present the success of the serum to Harlow Pharmaceuticals' investors, two men who really want a closeup and hands-on demonstration. Will Angie allow herself to be used as a human cow for two eager businessmen? This 6200 word short story contains explicit sexual content including milking, suckling, lots of hot milky sex, and two eager men making a woman into their personal human cow! This story is for adults only. Excerpt: "Lock the door, Sam," Mr. Calvin went on. "We don't want to be disturbed." Angie saw the gaze of the younger man on her chest when he walked by and got the impression there was more than business investing on his mind. It unnerved her, but she said nothing. "I know this is probably embarrassing," Mr. Calvin said when the door was locked. "But Dr. Powell indicated you would show us the effects of the serum." Angie let out a slow breath as she contemplated what she was being asked. She wanted things over as quickly as possible, however, to get back to the laboratory and decided to get it done. "Sure," she agreed. She watched Sam move to stand beside his boss and her hands trembled as she took off her coat then unbuttoned her blouse to remove it. The gazes of the two men fixed on her as she slowly unwrapped the scarf to expose her engorged breasts and she couldn't bring herself to look at them. "That is impressive," Mr. Calvin said and stepped forward. Something in the tone of his voice made Angie lift her gaze from the floor and she saw both men advancing. Her apprehension flared, but she remained standing where she was. "Does it hurt?" Sam asked. "It's a bit sore," Angie admitted. "But I think it's because they're so full." "What does it taste like?" Mr. Calvin asked. The question caught Angie off guard and her mouth flopped open. It was something she hadn't considered.

Avalon - Anya Seton 2013-09-06

A novel of England during the Viking era, from an author who "has vividly and colorfully portrayed life during the tumultuous Dark Ages" (Historical Novels Review). The last quarter of the tenth century was a time of conflict and exploration—while the Anglo-Saxons fought against the Vikings, Norsemen voyaged into the unknown looking for new lands to pillage, and so discovered America. Prince Rumon of France, descendant of Charlemagne and King Alfred, was a searcher. He had visions of the Islands of the Blessed, perhaps King Arthur's Avalon, "where falls not hail, or rain, or any snow." Merewyn grew up in savage Cornwall—a lonely girl, sustained by stubborn courage and belief in her descent from great King Arthur. Chance—or fate—in the form of a shipwreck off the Cornish coast brought Rumon and Merewyn together, and from that hour their lives were intertwined. Bound by his vow to her dying mother, Rumon brings Merewyn safely to England, keeping hidden the shameful secret of her birth. He considers his responsibility ended. At court, he is dazzled by the beautiful Queen Alfrida—but when a murderous truth is revealed, he turns to Merewyn, only to discover that he may have lost her. And he will journey across the Atlantic to find her again . . . From the beloved bestselling author of Katherine and Dragonwyck, this is a romantic tale of history and adventure "characterized by an authentic sense of time" (The New York Times Book Review).
