Mein Kampf - Adolf Hitler 2021-03-19

'MEIN KAMPF' is the autobiography of Adolf Hitler gives detailed insight into the mission and vision of Adolf Hitler that shook the world. This book is the merger of two volumes. The first volume of MEIN KAMPF' was written while the author was imprisioned in a Bavarian fortress. The book deals with events which brought the author into this blight. It was the hour of Germany's deepest humiliation, when Napolean has dismembered the old German Empire and French soldiers occupied almost the whole of Germony. The books narrates how Hitler was arrested with several of his comrades and imprisoned in the fortress of Landsberg on the river Lech. During this period only the author wrote the first volume of MEIN KAMPF. The Second volume of MEIN KAMPF was written after release of Hitler from prison and it was published after the French had left the Ruhr, the tramp of the invading armies still echoed in German ears and the terrible ravages had plunged the country into a state of social and

economic Chaos. The beauty of the book is, MEIN KAMPF is an historical document which bears the emprint of its own time. Moreover, Hitler has declared that his acts and 'public statements' constitute a partial revision of his book and are to be taken as such. Also, the author has translated Hitler's ideal, the Volkischer Staat, as the People's State. The author has tried his best making German Vocabulary easy to understand. You will never be satisfied until go through the whole book. A must read book, which is one of the most widely circulated and read books worldwide.

David and Goliath - Malcolm Gladwell 2013-10-01

Explore the power of the underdog in Malcolm Gladwell's dazzling examination of success, motivation, and the role of adversity in shaping our lives, from the bestselling author of The Bomber Mafia. Three thousand years ago on a battlefield in ancient Palestine, a shepherd boy felled a mighty warrior with nothing more than a stone and a sling, and ever since then the names of David and Goliath have stood for battles between underdogs and giants. David's victory was improbable and miraculous. He shouldn't have won. Or should he have? In David and Goliath, Malcolm Gladwellchallenges how we think about obstacles and disadvantages, offering a new interpretation of what it means to be discriminated against, or cope with a disability, or lose a parent, or attend a mediocre school, or suffer from any number of other apparent setbacks. Gladwell begins with the real story of what happened between the giant and the shepherd boy those many years ago. From there, David and Goliath examines Northern Ireland's Troubles, the minds of cancer researchers and civil rights leaders, murder and the high costs of revenge, and the dynamics of successful and unsuccessful classrooms—all to demonstrate how much of what is beautiful and important in the world arises from what looks like suffering and adversity. In the tradition of

Gladwell's previous bestsellers—The Tipping Point, Blink, Outliers and What the Dog Saw—David and Goliath draws upon history, psychology, and powerful storytelling to reshape the way we think of the world around us.

Crack the Case System - David Ohrvall 2011 Crack the Case System is a complete training program, covering every aspect of the infamous "case interview" favored by top management consulting firms and a growing number of Fortune 500 companies. Paper Towns - John Green 2013 Quentin Jacobson has spent a lifetime loving Margo Roth Spiegelman from afar. So when she cracks open a window and climbs into his life - dressed like a ninja and summoning him for an ingenious campaign of revenge - he follows. After their all-nighter ends, Q arrives at school to discover that Margo has disappeared.

What Matters Now - Gary Hamel 2012-01-04 This is not a book about one thing. It's not a 250-pagedissertation on leadership, teams or

motivation. Instead, it's anagenda for building organizations that can flourish in a world ofdiminished hopes, relentless change and ferocious competition. This is not a book about doing better. It's not a manual forpeople who want to tinker at the margins. Instead, it's animpassioned plea to reinvent management as we know it—torethink the fundamental assumptions we have about capitalism,organizational life, and the meaning of work. Leaders today confront a world where the unprecedented is thenorm. Wherever one looks, one sees the exceptional and theextraordinary: Business newspapers decrying the state of capitalism. Once-innovative companies struggling to save offsenescence. Next gen employees shunning blue chips for socialstart-ups. Corporate miscreants getting pilloried in the blogosphere. Entry barriers tumbling in what were once oligopolisticstrongholds. Hundred year-old business models being rendered irrelevantovernight. Newbie organizations crowdsourcing their most creativework. National governments lurching towards bankruptcy. Investors angrily confronting greedy CEOs and complacentboards. Newly omnipotent customers eagerly wielding their power. Social media dramatically transforming the way human beingsconnect, learn and collaborate. Obviously, there are lots of things that matter now. But in aworld of fractured certainties and battered trust, some thingsmatter more than others. While the challenges facing organizationsare limitless; leadership bandwidth isn't. That's why you have tobe clear about what really matters now. What are the fundamental,make-or-break issues that will determine whether your organizationthrives or dives in the years ahead? Hamel identifies five issuesare that are paramount: values, innovation, adaptability, passionand ideology. In doing so he presents an essential agenda forleaders everywhere who are eager to... move from defense to offense reverse

the tide of commoditization defeat bureaucracy astonish their customers foster extraordinary contribution capture the moral high ground outrun change build a company that's truly fit for the future Concise and to the point, the book will inspire you to rethinkyour business, your company and how you lead.

Rewire Your Brain - John B. Arden 2010-03-22 How to rewire your brain to improve virtually every aspect of your life-based on the latest research in neuroscience and psychology on neuroplasticity and evidence-based practices Not long ago, it was thought that the brain you were born with was the brain you would die with, and that the brain cells you had at birth were the most you would ever possess. Your brain was thought to be "hardwired" to function in predetermined ways. It turns out that's not true. Your brain is not hardwired, it's "softwired" by experience. This book shows you how you can rewire parts of the brain to feel more positive about your life, remain calm during stressful times, and improve your social relationships. Written by a leader in the field of Brain-Based Therapy, it teaches you how to activate the parts of your brain that have been underactivated and calm down those areas that have been hyperactivated so that you feel positive about your life and remain calm during stressful times. You will also learn to improve your memory, boost your mood, have better relationships, and get a good night sleep. Reveals how cutting-edge developments in neuroscience, and evidence-based practices can be used to improve your everyday life Other titles by Dr. Arden include: Brain-Based Therapy-Adult, Brain-Based Therapy-Child, Improving Your Memory For Dummies and Heal Your Anxiety Workbook Dr. Arden is a leader in integrating the new developments in neuroscience with psychotherapy and Director of Training in Mental Health for Kaiser Permanente for the Northern California Region Explaining exciting new developments in neuroscience and their

applications to daily living, Rewire Your Brain will guide you through the process of changing your brain so you can change your life and be free of self-imposed limitations.

Crack the Case System - David Ohrvall 2015-10-02

Case in Point 10 - Marc Cosentino 2018-05-16
Featuring the Ivy Case System - including a section on government and nonprofit cases.

Guns, Germs, and Steel: The Fates of Human Societies (20th Anniversary Edition) - Jared Diamond 2017-03-07
"Fascinating.... Lays a foundation for understanding human history."—Bill Gates In this "artful, informative, and delightful" (William H. McNeill, New York Review of Books) book, Jared Diamond convincingly argues that geographical and environmental factors shaped the modern world. Societies that had had a head start in food production advanced beyond the hunter-gatherer stage, and then developed religion --as well as nasty germs and potent weapons of war --and adventured on sea and land to conquer and decimate preliterate cultures. A major advance in our understanding of human societies, Guns, Germs, and Steel chronicles the way that the modern world came to be and stunningly dismantles racially based theories of human history. Winner of the Pulitzer Prize, the Phi Beta Kappa Award in Science, the

Rhone-Poulenc Prize, and the Commonwealth club of California's Gold Medal.

Vault Guide to the Case Interview - Mark Asher 2002
Professional career guide from the Vault Career Library providing detailed case-by-case explanations of the consulting interview and strategies for cracking it.

Interview Logic - David Ohrvall 2018-08

Our America - José Martí 1977
Presents the celebrated Cuban revolutionary's thoughts on "Nuestra America," the Latin America Martí fought to make free.

How to Fight a Bear . . . and Win - Bathroom Readers' Institute 2015-10-01
A humorous guide to surviving in the wilderness, that also might make you want to avoid the wilderness forever. For more than twenty-five years, Uncle John's Bathroom Reader has helped you learn amazing things you didn't know. Now, Uncle John will show you how to do things you didn't know how to do . . . and probably should never, never, never actually do, unless you're in a survival situation and really, really, really need to do. It's How to Fight a Bear . . . and Win. A new approach to survival guides and how-to books, this book provides step-by-step instructions for how to make do in any rugged terrain. But if you're expecting "how to start a fire," think again. This isn't the kind of book that will tell you how to make a fire by rubbing two sticks together—it will tell you how to make a fire using a car battery. It will also tell you: · How to swing from a vine like Tarzan · How to land an airplane in an emergency · How to fight a bear . . . and win · How to perform emergency surgery in the woods · How to identify what insects you can—and cannot—eat And lots, lots more

Case Interview Secrets - Victor Cheng 2012
Cheng, a former McKinsey management consultant, reveals his proven, insider'smethod for acing the case interview.

Be Fearless - Jean Case 2019-01-08
Be Fearless is researched-based call to action for those seeking to live extraordinary lives and bring about transformational change. LOS ANGELES TIMES BESTSELLER * NATIONAL BESTSELLER Weaving together storytelling, practical tips and inspiration, the book will teach you how to put the five fearless principles to work so that you too can spark the sorts of remarkable breakthroughs that can impact the world. Philanthropist, investor, and technology pioneer Jean Case brings to life the five Be Fearless principles common to the people and organizations that bring about transformational change. When National Geographic Chairman Jean Case set out to investigate the core qualities of great change makers, past and present, from inventors to revolutionaries, she found five surprising traits they all had in common. These weren't wealth, privilege, or even genius. What all of these exceptional men and women shared was that they had chosen to make a "big bet," take bold risks, learn from their failures, reach beyond their bubbles, and let urgency conquer fear. Throughout Be Fearless, Jean vividly illustrates these principles through storytelling—from her own transformational life experiences, to Jane Goodall's remarkable breakthroughs in understanding and protecting chimpanzees, to celebrity chef José Andrés' decision to be a "first responder" and take his kitchen to the sites of devastating hurricanes to feed the hungry, to Madame C.J. Walker's vision to build a hair care empire that would employ thousands across the country, and more. She shares new insights to stories you might think you know—like Airbnb's tale of starting from scratch to transform the hospitality industry, to John F. Kennedy's history-making moonshot—and gems from changemakers you've never heard of.

25 Need-to-Know MBA Models - Julian Birkinshaw 2017-01-24
25 Need-to-Know MBA Models provides easy

access to the most useful models, tools and concepts that are covered on MBA programmes. Grokking Algorithms - Aditya Bhargava 2016-05-12

Summary Grokking Algorithms is a fully illustrated, friendly guide that teaches you how to apply common algorithms to the practical problems you face every day as a programmer. You'll start with sorting and searching and, as you build up your skills in thinking algorithmically, you'll tackle more complex concerns such as data compression and artificial intelligence. Each carefully presented example includes helpful diagrams and fully annotated code samples in Python. Learning about algorithms doesn't have to be boring! Get a sneak peek at the fun, illustrated, and friendly examples you'll find in Grokking Algorithms on Manning Publications' YouTube channel. Continue your journey into the world of algorithms with Algorithms in Motion, a practical, hands-on video course available exclusively at Manning.com (www.manning.com/livevideo/algorithms-in-motion). Purchase of the print book includes a free eBook in PDF, Kindle, and ePub formats from Manning Publications. About the Technology An algorithm is nothing more than a step-by-step procedure for solving a problem. The algorithms you'll use most often as a programmer have already been discovered, tested, and proven. If you want to understand them but refuse to slog through dense multipage

proofs, this is the book for you. This fully illustrated and engaging guide makes it easy to learn how to use the most important algorithms effectively in your own programs. About the Book Grokking Algorithms is a friendly take on this core computer science topic. In it, you'll learn how to apply common algorithms to the practical programming problems you face every day. You'll start with tasks like sorting and searching. As you build up your skills, you'll tackle more complex problems like data compression and artificial intelligence. Each carefully presented example includes helpful diagrams and fully annotated code samples in Python. By the end of this book, you will have mastered widely applicable algorithms as well as how and when to use them. What's Inside Covers search, sort, and graph algorithms Over 400 pictures with detailed walkthroughs Performance trade-offs between algorithms Python-based code samples About the Reader This easy-to-read, picture-heavy introduction is suitable for self-taught programmers, engineers, or anyone who wants to brush up on algorithms. About the Author Aditya Bhargava is a Software Engineer with a dual background in Computer Science and Fine Arts. He blogs on programming at adit.io. Table of Contents Introduction to algorithms Selection sort Recursion Quicksort Hash tables Breadth-first search Dijkstra's algorithm Greedy algorithms Dynamic programming K-nearest neighbors

Start with Why - Simon Sinek 2011-12-27 The inspirational bestseller that ignited a movement and asked us to find our WHY Discover the book that is captivating millions on TikTok and that served as the basis for one of the most popular TED Talks of all time—with more than 56 million views and counting. Over a decade ago, Simon Sinek started a movement that inspired millions to demand purpose at work, to ask what was the WHY of their organization. Since then, millions have been touched by the power of his ideas, and these ideas remain as relevant and timely as ever. START WITH WHY asks (and answers) the questions: why are some people and organizations more innovative, more influential, and more profitable than others? Why do some command greater loyalty from customers and employees alike? Even among the successful, why are so few able to repeat their success over and over? People like Martin Luther King Jr., Steve Jobs, and the Wright Brothers had little in common, but they all started with WHY. They realized that people won't truly buy into a product, service, movement, or idea until they understand the WHY behind it. START WITH WHY shows that the leaders who have had the greatest influence in the world all think, act and communicate the same way—and it's the opposite of what everyone else does. Sinek calls this powerful idea The Golden Circle, and it provides a framework upon which organizations can be built, movements can be led, and people can be inspired. And it all starts with WHY. *Cracking the PM Interview* - Gayle Laakmann

McDowell 2013-12
How many pizzas are delivered in Manhattan?
How do you design an alarm clock for the blind?
What is your favorite piece of software and why?
How would you launch a video rental service in
India? This book will teach you how to answer
these questions and more. Cracking the PM
Interview is a comprehensive book about landing
a product management role in a startup or
bigger tech company. Learn how the
ambiguously-named "PM" (product manager /
program manager) role varies across companies,
what experience you need, how to make your
existing experience translate, what a great PM
resume and cover letter look like, and finally,
how to master the interview: estimation
questions, behavioral questions, case questions,
product questions, technical questions, and the
super important "pitch."
The Conquest of Bread - Peter Kropotkin
2013-04-10
Written by a Russian prince who renounced his

title, this work promotes an anarchist market
economy — a system of autonomous cooperative
collectives. A century after its initial publication,
it remains fresh and relevant.
Crack the Case - David Ohrvall 2006-09

Laakmann McDowell 2011
Now in the 5th edition, Cracking the Coding
Interview gives you the interview preparation
you need to get the top software developer jobs.
This book provides: 150 Programming Interview
Questions and Solutions: From binary trees to
binary search, this list of 150 questions includes
the most common and most useful questions in
data structures, algorithms, and knowledge
based questions. 5 Algorithm Approaches: Stop
being blind-sided by tough algorithm questions,
and learn these five approaches to tackle the
trickiest problems. Behind the Scenes of the
interview processes at Google, Amazon,
Microsoft, Facebook, Yahoo, and Apple: Learn

what really goes on during your interview day and how decisions get made. Ten Mistakes Candidates Make -- And How to Avoid Them: Don't lose your dream job by making these common mistakes. Learn what many candidates do wrong, and how to avoid these issues. Steps to Prepare for Behavioral and Technical Questions: Stop meandering through an endless set of questions, while missing some of the most important preparation techniques. Follow these steps to more thoroughly prepare in less time.
The New Jim Crow - Michelle Alexander 2020-01-07
Named one of the most important nonfiction books of the 21st century by Entertainment Weekly, Slate, Chronicle of Higher Eduction, Literary Hub, Book Riot, and Zora A tenth-anniversary edition of the iconic bestseller—"one of the most influential books of the past 20 years," according to the Chronicle of Higher Education—with a new preface by the author "It is in no small part thanks to Alexander's account that civil rights organizations such as Black Lives Matter have focused so much of their energy on the criminal justice system." —Adam Shatz, London Review of Books Seldom does a book have the impact of Michelle Alexander's The New Jim Crow. Since it was first published in 2010, it has been cited in judicial decisions and has been adopted in campus-wide and community-wide reads; it helped inspire the creation of the Marshall Project and the new $100 million Art for Justice Fund; it has been the winner of numerous prizes, including the prestigious NAACP Image Award; and it has spent nearly 250 weeks on the New York Times bestseller list. Most important of all, it has spawned a whole generation of criminal justice reform activists and organizations motivated by Michelle Alexander's unforgettable argument that "we have not ended racial caste in America; we have merely redesigned it." As the Birmingham News proclaimed, it is "undoubtedly the most important book published

in this century about the U.S." Now, ten years after it was first published, The New Press is proud to issue a tenth-anniversary edition with a new preface by Michelle Alexander that discusses the impact the book has had and the state of the criminal justice reform movement today.

The Happiness Hypothesis - Jonathan Haidt 2006-12-26
The bestselling author of The Righteous Mind and The Coddling of the American Mind draws on philosophical wisdom and scientific research to show how the meaningful life is closer than you think The Happiness Hypothesis is a book about ten Great Ideas. Each chapter is an attempt to savor one idea that has been discovered by several of the world's civilizations -- to question it in light of what we now know from scientific research, and to extract from it the lessons that still apply to our modern lives and illuminate the causes of human flourishing. Award-winning psychologist Jonathan Haidt, the author of The Righteous Mind and The Coddling of the American Mind, shows how a deeper understanding of the world's philosophical wisdom and its enduring maxims -- like "do unto others as you would have others do unto you," or "what doesn't kill you makes you stronger" -- can enrich and even transform our lives.

They were very similar to the ones I received in my first and final round interviews." -McKinsey Consultant, Wharton MBA Candidate "I had very little time before my next BCG interview. This book provided me with plenty of practice that I could do by myself. After working through these cases, I felt excited going into my interviews." -BCG Associate, Experienced Hire "These cases were much higher quality than those found in other case books. The explanations were detailed and

thorough and I got to practice thinking like a true consultant." -Bain Consultant, Stanford Undergraduate Also visit HackingTheCaseInterview.com for a one-week online crash course to pass your upcoming interview.

Can't Hurt Me - David Goggins 2021-04-01 New York Times Bestseller Over 2.5 million copies sold For David Goggins, childhood was a nightmare - poverty, prejudice, and physical abuse colored his days and haunted his nights. But through self-discipline, mental toughness, and hard work, Goggins transformed himself from a depressed, overweight young man with no future into a U.S. Armed Forces icon and one of the world's top endurance athletes. The only man in history to complete elite training as a Navy SEAL, Army Ranger, and Air Force Tactical Air Controller, he went on to set records in numerous endurance events, inspiring Outside magazine to name him The Fittest (Real) Man in America. In this curse-word-free edition of Can't Hurt Me, he shares his astonishing life story and reveals that most of us tap into only 40% of our capabilities. Goggins calls this The 40% Rule, and his story illuminates a path that anyone can follow to push past pain, demolish fear, and reach their full potential.

Command Of The Air - General Giulio Douhet 2014-08-15 In the pantheon of air power spokesmen, Giulio Douhet holds center stage. His writings, more often cited than perhaps actually read, appear as excerpts and aphorisms in the writings of numerous other air power spokesmen, advocates-and critics. Though a highly controversial figure, the very controversy that surrounds him offers to us a testimonial of the value and depth of his work, and the need for airmen today to become familiar with his thought. The progressive development of air power to the point where, today, it is more correct to refer to aerospace power has not outdated the notions of Douhet in the slightest

In fact, in many ways, the kinds of technological capabilities that we enjoy as a global air power provider attest to the breadth of his vision. Douhet, together with Hugh "Boom" Trenchard of Great Britain and William "Billy" Mitchell of the United States, is justly recognized as one of the three great spokesmen of the early air power era. This reprint is offered in the spirit of continuing the dialogue that Douhet himself so perceptively began with the first edition of this book, published in 1921. Readers may well find much that they disagree with in this book, but also much that is of enduring value. The vital necessity of Douhet's central vision-that command of the air is all important in modern warfare-has been proven throughout the history of wars in this century, from the fighting over the Somme to the air war over Kuwait and Iraq.

Decide and Conquer - David Siegel 2022-03-08 Success boils down to one thing: making good decisions. Learn the right framework now that can make all the difference later when faced with terrible options, deep anxiety and fear of failure. Access the decision framework David Siegel used when he took over as CEO of Meetup, the world's leading platform for making connections and finding your community. Let David's success during one of the most tumultuous times in his company's history help guide you on your own path. Decide and Conquer helps all leaders navigate the big decisions that will impact their future and make their organizations a success. David outlines the 44 challenges leaders face when starting a new position, then shows you the decision framework he applied to overcome challenges in his own role. David takes you on an epic journey of corporate and personal survival that includes industry titans like Adam Neumann, Barry Diller, Jack Welch, Bill Ackman, and other leaders. In Decide and Conquer, you will learn to: Apply principles like open communication, transparency, and kindness to inform great decision making. Set yourself up to succeed,

even before you start, by removing potential roadblocks before they become a problem. Be a bold and decisive leader and not succumb to fear. By applying the principles he had learned in previous leadership positions, David was able to make the many critical decisions that would mean life or death for Meetup when WeWork decided to sell the company. From deciding to accept the position and negotiating terms to managing a seemingly endless series of crises during the sale and global pandemic, Decide and Conquer walks readers through the key decisions they will face with invaluable advice for each one.

Case Interviews for Beginners - Stephen Pidgeon 2014-09-17
Need to learn case interviews but don't know where to start? This book is designed to get you up and running. By using scripted examples and interviews with experienced recruiters it gives readers an understanding of what a case actually is, and how they can start to prepare.

Case interviews are used extensively by most major recruiters, including McKinsey, Bain, BCG, Amazon, Google and many more, and this book contains interviews with recruiters from all of the above companies. The author, Stephen Pidgeon, is a former McKinsey consultant and interviewer who now works as a career coach at the Tuck School of Business. He coaches hundreds of candidates every year, many of whom are successful in their goal of landing their dream job. He is also the author of 'How to get a job in consulting'.

The Product Manager Interview - Lewis C. Lin 2017-11-06

management (PM) proficiency and master the PM interview including: Google Facebook Amazon Uber Dropbox Microsoft Fully Solved Solutions The book contains fully solved solutions so readers can learn, improve and do their best at the PM interview. Here are questions and sample answers you'll find in the book: Product Design How would you design an ATM for elderly people? Should Google build a Comcast-like TV cable service? Instagram currently supports 3 to 15 second videos. We're considering supporting videos of unlimited length. How would you modify the UX to accommodate this? Pricing How would you go about pricing UberX or any other new Uber product? Let's say Google created a teleporting device: which market segments would you go after? How would you price it? Metrics Imagine you are the Amazon Web Services (AWS) PM in Sydney. What are the top three metrics you'd look at? Facebook users have declined 20 percent week over week. Diagnose the problem. How would you fix the issue? Ideal Complement to Decode and Conquer Many of you have read the PM interview frameworks revealed in Decode and Conquer, including the CIRCLES(TM), AARM(TM) and DIGS(TM) Methods. The Product Manager Interview is the perfect complement to Decode and Conquer. With over 160 practice questions, you'll see what the best PM interview responses look and feel like. Brand New Third Edition Many of the sample answers have been re-written from scratch. The sample answers are now stronger and easier to follow. In total, thousands of changes have made in this brand new third edition of the book. Preferred by the World's Top Universities Here's what students and staff have to say about the Lewis C. Lin: DUKE UNIVERSITY I was so touched by your presentation this morning. It was really helpful. UNIVERSITY OF MICHIGAN I can say your class is the best that I have ever attended. I will definitely use knowledge I learned today for

future interviews. COLUMBIA UNIVERSITY I'd like to let you know that your workshop today is super awesome! It's the best workshop I have been to since I came to Columbia Business School. Thank you very much for the tips, frameworks, and the very clear and well-structured instruction! UNIVERSITY OF TEXAS AT AUSTIN I wanted to reiterate how much I enjoyed your workshops today. Thank you so much for taking time out and teaching us about these much-needed principles and frameworks. I actually plan to print out a few slides and paste them on my walls! CARNEGIE MELLON UNIVERSITY I'm a very big admirer of your work. We, at Tepper, follow your books like the Bible. As a former associate product manager, I was able to connect your concepts back to my work experience back and Pragmatic Marketing training. I'm really looking forward to apply your teachings.

The Consulting Interview Bible - Jenny Rae Le Roux 2014

Red Rising - Pierce Brown 2014-01-28 NEW YORK TIMES BESTSELLER • Pierce Brown's relentlessly entertaining debut channels the excitement of The Hunger Games by Suzanne Collins and Ender's Game by Orson Scott Card. "Red Rising ascends above a crowded dystopian field."—USA Today ONE OF THE BEST BOOKS OF THE YEAR—Entertainment Weekly, BuzzFeed, Shelf Awareness "I live for the dream that my children will be born free," she says. "That they will be what they like. That they will own the land their father gave them." "I live for you," I say sadly. Eo kisses my cheek. "Then you must live for more." Darrow is a Red, a member of the lowest caste in the color-coded society of the future. Like his fellow Reds, he works all day, believing that he and his people are making the surface of Mars livable for future generations. Yet he toils willingly, trusting that his blood and sweat will one day result in a better world for his children. But Darrow and his kind have been betrayed.

Soon he discovers that humanity reached the surface generations ago. Vast cities and lush wilds spread across the planet. Darrow—and Reds like him—are nothing more than slaves to a decadent ruling class. Inspired by a longing for justice, and driven by the memory of lost love, Darrow sacrifices everything to infiltrate the legendary Institute, a proving ground for the dominant Gold caste, where the next generation of humanity's overlords struggle for power. He will be forced to compete for his life and the very future of civilization against the best and most brutal of Society's ruling class. There, he will stop at nothing to bring down his enemies . . . even if it means he has to become one of them to do so. Praise for Red Rising "[A] spectacular adventure . . . one heart-pounding ride . . . Pierce Brown's dizzyingly good debut novel evokes The Hunger Games, Lord of the Flies, and Ender's Game. . . . [Red Rising] has everything it needs to become meteoric."—Entertainment Weekly "Ender, Katniss, and now Darrow."—Scott Sigler "Red Rising is a sophisticated vision. . . . Brown will find a devoted audience."—Richmond Times-Dispatch Don't miss any of Pierce Brown's Red Rising Saga: RED RISING • GOLDEN SON • MORNING STAR • IRON GOLD • DARK AGE
