*A Year in the Life of the Yorkshire Shepherdess* - Amanda Owen 2016-05-05

The Sunday Times bestseller full of inspiring tales of life as a shepherdess, by the star of Channel 5's Our Yorkshire Farm. From bestselling author Amanda Owen come more stories of life at Ravenseat, the remote Yorkshire hill farm she shares with husband Clive, eight children and 1,000 sheep. In *A Year in the Life of the Yorkshire Shepherdess* she describes the age-old cycles of a farming year and the constant challenges the family faces, from being cut off in winter to tending their flock on some of Yorkshire's highest, bleakest moors - land so inaccessible that in places it can only be reached on foot. Writing with her trademark warmth and humour, Amanda takes us into her life as nine-year-old Miles gets his first flock, Reuben takes up the flugelhorn and she gives birth to a new baby girl. She is touched by the epic two-day journey of a mother sheep determined to find her lamb and gives a new home to an ageing and neglected horse. Meanwhile Clive is almost arrested on a midnight stakeout to catch a sheep-worrying dog and becomes the object of affection for a randy young bull. Funny, poignant and charming, *A Year in the Life of the Yorkshire Shepherdess* is a must for anyone interested in the countryside and those who farm it. 'Amanda Owen is like a breath of fresh air. Amanda's life is one of old-fashioned values, hard graft and plenty of love. She, like her life, is extraordinary.' - Ben Fogle

**Kouduo richao. Li Jiubiao's Diary of Oral Admonitions. A Late Ming Christian Journal** - Erik Zürcher 2020-11-26

The *Diary of Oral Admonitions* (Kouduo richao) is an invaluable mirror of early Chinese Christianity, as it stands out as the only source that allows a glimpse of Jesuit missionary

practice in China on a local level - "accommodation in action" - and of the various responses of the Chinese audience, both converts and interested outsiders. It is a compilation of some five hundred notes "about everything" made by Li Jiubiao and other Christian literati during their conversations with Jesuit missionaries in Fujian between 1630 and 1640. These notes are arranged in chronological order and divided into eight books. The most important Western protagonist in the Diary is the Italian Jesuit Giulio Aleni (1589-1642), called "Master Ai (Rulüe)" in Chinese. The present study and translation of the Diary of Oral Admonitions can be seen as a companion volume to the proceedings of an international conference that was held on Aleni in his native place Brescia in 1994, also published in the Monumenta Serica Monograph Series XLII: "Scholar from the West." Giulio Aleni S.J. (1582-1649) and the Dialogue between China and Christianity, 1997. The present work in two volumes is meant to be a tool for further research. Volume 1 presents a comprehensive introduction to the Diary and its historical context, followed by the annotated translation, both by Erik Zürcher (Leiden), a renowned specialist for the study of Christianity in China. It is enhanced by illustrations, partly in colour, and maps. Volume 2 includes a facsimile of the Chinese text (reproducing a copy held in the Roman Archives of the Society of Jesus), a bibliography of Chinese and Western sources as well as secondary literature, and an analytical index with glossary that will enable the reader to trace specific data in the text.

**Anglicans in Natal** - B. B. Burnett 1959  
Collectors of Africana will know that diocesan histories are distinct rarities in South African literature, and it is over fifty years since a complete work on the Diocese of Natal was last published. "Anglicans in Natal", therefore, comes to fill a long vacant gap, and the book is recommended for the attention of everyone who is interested in the past and the present of the South African affairs. The book tells a story of many vicissitudes; of great achievements and of great failures. In this the history of the Diocese has much that corresponds with the history of the Province of Natal, with which indeed it is so closely interwoven. The coincidence of several civic and ecclesiastical Centenaries in recent years adds illustration to this fact. The Reverend B.B. Burnett undertook the writing of this volume as one of the commemorative projects of the Diocese Centenary of 1853-1953. He has fulfilled his task with skill, tact and accuracy, and the Diocesan shares with the readers an immense gratitude for his having succeeded so excellently in the midst of a very strenuous and full life as the Chaplain of Michaelhouse.

**The Diary of Dawid Sierakowiak** - Dawid Sierakowiak 1998-05-14

"In the evening I had to prepare food and cook supper, which exhausted me totally. In politics there's absolutely nothing new. Again, out of impatience I feel myself beginning to fall into melancholy. There is really no way out of this for

us." This is Dawid Sierakowiak's final diary entry. Soon after writing it, the young author died of tuberculosis, exhaustion, and starvation--the Holocaust syndrome known as "ghetto disease." After the liberation of the /Lód'z Ghetto, his notebooks were found stacked on a cookstove, ready to be burned for heat. Young Sierakowiak was one of more than 60,000 Jews who perished in that notorious urban slave camp, a man-made hell which was the longest surviving concentration of Jews in Nazi Europe. The diary comprises a remarkable legacy left to humanity by its teenage author. It is one of the most fastidiously detailed accounts ever rendered of modern life in human bondage. Off mountain climbing and studying in southern Poland during the summer of 1939, Dawid begins his diary with a heady enthusiasm to experience life, learn languages, and read great literature. He returns home under the quickly gathering clouds of war. Abruptly /Lód'z is occupied by the Nazis, and the Sierakowiak family is among the city's 200,000 Jews who are soon forced into a sealed ghetto, completely cut off from the outside world. With intimate, undefended prose, the diary's young author begins to describe the relentless horror of their predicament: his daily struggle to obtain food to survive; trying to make reason out of a world gone mad; coping with the plagues of death and deportation. Repeatedly he rallies himself against fear and pessimism, fighting the cold, disease, and exhaustion which finally consume him. Physical pain and emotional woe hold him constantly at the edge of endurance. Hunger tears Dawid's family apart, turning his father into a thief who steals bread from his wife and children. The wonder of the diary is that every bit of hardship yields wisdom from Dawid's remarkable intellect. Reading it, you become a prisoner with him in the ghetto, and with discomfiting intimacy you begin to experience the incredible process by which the vast majority of the Jews of Europe were annihilated in World War II. Significantly, the youth has no doubt about the consequence of deportation out of the ghetto: "Deportation into lard," he calls it. A committed communist and the unit leader of an underground organization, he crusades for more food for the ghetto's school children. But when invited to pledge his life to a suicide resistance

squad, he writes that he cannot become a "professional revolutionary." He owes his strength and life to the care of his family.

**The Heavenly Writing** - Francesca Rochberg  
2004-09-27

In antiquity, the expertise of the Babylonians in matters of the heavens was legendary and the roots of both western astronomy and astrology are traceable in cuneiform tablets going back to the second and first millennia BC. The Heavenly Writing, first published in 2004, discusses the place of Babylonian celestial divination, horoscopy, and astronomy in Mesopotamian intellectual culture. Focusing chiefly on celestial divination and horoscopes, it traces the emergence of personal astrology from the tradition of celestial divination and the use of astronomical methods in horoscopes. It further takes up the historiographical and philosophical issue of the nature of these Mesopotamian 'celestial sciences' by examining elements traditionally of concern to the philosophy of science, without sacrificing the ancient methods, goals, and interests to a modern image of science. This book will be of particular interest to those concerned with the early history of science.

**Travel Diary - Bolivia** - Michael Hilburn 2004  
Travel Diary: Bolivia is a travel guidebook with a

slant. It uses personal travelogues from people's trips to Bolivia. By reading these travelogues, one can gain a greater perspective on the culture and customs of a country and they can also see the places that the author enjoyed (or didn't enjoy) visiting. The book is best used in conjunction with a 'regular' travel guide, which provides the basic information for travelers, like hotel and restaurant information. But *Travel Diary: Bolivia* will give you information on actual visits to some restaurants and hotels and can steer you towards good places to dine and sleep and it can help you avoid the bad places. Many people enjoy reading travelogues before visiting foreign countries, but it is very difficult to print and carry this information with you. *Travel Diary: Bolivia* allows you to have access to the information found only in those travelogues by printing the travelogues in a paperback format, which is easy to carry and convenient for the traveler.

**World War I in Mesopotamia** - Nadia Atia 2015-01-12

The Mesopotamian campaign during World War I was a critical moment in Britain's position in the Middle East. With British and British Indian troops fighting in places which have become well-known in the wake of the 2003 invasion of Iraq, such as Basra, the campaign led to the establishment of the British Mandate in Iraq in 1921. Nadia Atia believes that in order to fully understand Britain's policies in creating the nascent state of Iraq, we must first look at how the war shaped Britons' conceptions of the region. Atia does this through a cultural and

military history of the changing British perceptions of Mesopotamia since the period before World War I when it was under Ottoman rule. Drawing on a wide variety of historical and literary sources, including the writing of key figures such as Gertrude Bell, Mark Sykes and Arnold Wilson, but focusing mainly on the views and experiences of ordinary men and women whose stories and experiences of the war have less frequently been told, Atia examines the cultural and social legacy of World War I in the Middle East and how this affected British attempts to exert influence in the region.

**The House of Tshatshu** - Anne Kelk Mager 2018-08-30

In rural South Africa today, there are signs that chieftaincies are resurging after having been disbanded in colonial times. Among these is the amaTshatshu of the Eastern Cape, which was dis-established in 1852 by the British, and recognised once more under the democratic ANC dispensation, in 2003. Bawana, leader of the amaTshatshu, was the first Thembu chief to cross the Kei River, in the mid-1820s, to open up the northeastern frontier of the Cape Colony. His successors and followers fought the British in the frontier wars but were defeated. In tracing his history and that of his descendants this book explores the meaning of chieftainship in South Africa—at the time of colonial conquest, under apartheid's bantustans, and now, post apartheid. It illustrates not only the story of a beleaguered and dispossessed people but also the ways in which power is constructed. In addition, it is about gender and land, about belonging, identity and naming. The book unsettles accounts of chiefly authority, unpacks conflicts between royal families, municipalities and government departments, and explores the impasse created by these quarrels. It retrieves evidence that the colonial state sought to obliterate and draws the disempowered back into the process of making history. The authors are both closely associated with the land and the people of the amaTshatshu. One is a historian, who grew up on their land, and the other is counsellor to the chief. As such, they bring their knowledge and respective skills to bear in this book. The collaboration of a black and a white author sets up a creative tension which animates the text and is a powerful element of the book.

## **Sharing and Hiding Religious Knowledge in Early Judaism, Christianity, and Islam -**

Mladen Popović 2018-08-21

Few studies focus on the modes of knowledge transmission (or concealment), or the trends of continuity or change from the Ancient to the Late Antique worlds. In Antiquity, knowledge was cherished as a scarce good, cultivated through the close teacher-student relationship and often preserved in the closed circle of the initiated. From Assyrian and Babylonian cuneiform texts to a Shi'ite Islamic tradition, this volume explores how and why knowledge was shared or concealed by diverse communities in a range of Ancient and Late Antique cultural contexts. From caves by the Dead Sea to Alexandria, both normative and heterodox approaches to knowledge in Jewish, Christian and Muslim communities are explored. Biblical and qur'anic passages, as well as gnostic, rabbinic and esoteric Islamic approaches are discussed. In this volume, a range of scholars from Assyrian studies to Jewish, Christian and Islamic studies examine diverse approaches to, and modes of, knowledge transmission and concealment, shedding new light on both the interconnectedness, as well as the unique aspects, of the monotheistic faiths, and their relationship to the ancient civilisations of the Fertile Crescent.

## **The Microgenre** - Anne H. Stevens 2020-01-23

Everybody knows, and maybe even loves, a microgenre. Plague romances and mommy memoirs. Nudie-cutie movies, Nazi zombies, and dinosaur erotica. Baby burlesks, Minecraft fiction, grindcore, premature ejaculation poetry...microgenres come in all varieties and turn up in every form of media under the sun, tailor-made for enthusiasts of all walks of life. Coming into use in the last decade or so, the term "microgenre" classifies increasingly niche-marketed worlds in popular music, fiction, television, and the Internet. Netflix has recently highlighted our fascination with the ultra-niche genre with hilariously specific classifications -- independent supernatural dramedy featuring a strong female lead -- that can sometimes hit a little too close to home. Each contribution in this collection introduces readers to a different microgenre, drawn from a range of historical periods and from a variety of media. The Microgenre presents a previously untreated point of cultural curiosity, revealing the profound truth that humanity's desire to classify is often only matched by the unsustainability of the obscure and hyper-specific. It also affirms, in colorful detail, what most people suspect but have trouble fathoming in an increasingly homogenized and commercial West: that imaginative projects are just that, imaginative, diverse, and sometimes completely and hilariously inexplicable.
