**To Be Cared For** - Nathaniel Roberts 2016-04-26

To Be Cared For offers a unique view into the conceptual and moral world of slum-bound Dalits (ÔuntouchablesÓ) in the South Indian city of Chennai. Focusing on the decision by many women to embrace locally specific forms of Pentecostal Christianity, Nathaniel Roberts challenges dominant anthropological understandings of religion as a matter of culture and identity, as well as Indian nationalist narratives of Christianity as a ÔforeignÓ ideology that disrupts local communities. Far from being a divisive force,ÊconversionÊintegrates the slum communityÑChristians and Hindus alikeÑby addressing hidden moral fault lines that subtly pitÊresidentsÊagainst one another in a national context that renders Dalits outsiders in their own land."

**Creation, the Sacred Universe** - Gyeorgos C. Hatonn 1994-09

**How to Find, Follow, Fulfill God's Will** - Andrew Wommack 2013-04-09

Have you ever wondered what you were created to do? You may think you have an idea, but aren't positive that you are fulfilling the purpose for which God created you. First of all, you have to find the unique purpose that He created you for. In his new book, Andrew Wommack teaches you how to do just that. Once you find the will of God for your life, then you will have the assurance and joy that comes from knowing exactly where God wants you to be. As you follow the will of God for your life, it allows you to set goals and purposely seek after what God has created you to do. Andrew teaches you that the number one way that we learn to follow God's will is to simply put God first. When you put Him first then the desire of your heart changes to match up with His. Lastly, Andrew teaches how to fulfill the will of God in your life. It's one thing to find God's will and start moving in the right direction, but it's something else to stay at it over the long haul. Anybody can start, but it's the people who finish that really make a difference. Finishing is more important than starting, and it is only through faith and patience that you inherit God's promises.

[Religion in Calabar](#) - Rosalind I. J. Hackett 1988-01-01

The series Religion and Society (RS) contributes to the exploration of religions as social systems - both in Western and non-Western societies; in particular, it examines religions in their differentiation from, and intersection with, other cultural systems, such as art, economy, law and politics. Due attention is given to paradigmatic case or comparative studies that exhibit a clear theoretical orientation with the empirical and historical data of religion and such aspects of religion as ritual, the religious imagination, constructions of tradition, iconography, or media. In addition, the formation of religious communities, their construction of identity, and their relation to society and the wider public are key issues of this series.

**The T.B. Joshua I Know** - Bisola Johnson 2018-05-30

This is a compilation of true-life accounts that took place in a Cult Community called The Synagogue,

'church' of all Nations, Ikotun-Egbe, Nigeria; where the author was trapped for over a decade with other devotees through hypnotism and brainwashing. She had documented her journey into this community, who uses religious garb to cover their nefarious operation to lure the innocent into occultism. She wrote how they lived, how they were systemic initiated into the dark world of deceit, and terrorized to swear secrecy allegiance. Finally, her escape was a grand style of Jehovah. This is to EDUCATE people and to give ALL THE GLORY back to God, for His Amazing Saving Grace, His constant Love and His abiding Presence. She said, "If I should denied the world this truth, I became a partaker of evil and Hellfire would have been my eternal abode. I am under obligation and indebted to share; I cannot keep it to myself; it burns in my bones. I will also like to use this as a means of restoring the souls of those who have fallen away due to this global deception of T.B. Joshua." This Book is a societal mirror for everyday people, it is saying that, each person has ability to discover who God is individually, without depending on another man. This is to stand as a guide to the blind, as a warning to the gullible, and as a light to the simple; because what causes people to panic, and run helter skelter in search of an intermediary between them and their Creator is still prevalent in the world, such as sickness, affliction, trouble, confusion, disease, barrenness, joblessness, etcetera. What drives people to run from one prophet to another prophetess both false and genuine, which can cause them to eventually fall into error is still at large. Those things that pressurizes people daily, and can cause them to be knocking on the doors of prayer contractors and spiritual arrangers, intending to cut deals with 'God' if possible; rather than to go on their knees and be calling upon their Creator for Mercy and a turnaround is still thriving in the world today. Evil seems to run rampant everywhere. What we need is Peace in God and holding unto His Word. These agents of satan are only having breakthrough at your breakdown. Beware of miracle peddlers, Beware of false prophets, and Beware of false teachers, Jesus warned. This is their time, Run for your life!

How Asia Works - Joe Studwell 2013-07-02

"A good read for anyone who wants to understand what actually determines whether a developing economy will succeed" (Bill Gates, "Top 5 Books of the Year"). An Economist Best Book of the Year from a reporter who has spent two decades in the region, and who The Financial Times said "should be named chief myth-buster for Asian business." In *How Asia Works*, Joe Studwell distills his extensive research into the economies of nine countries—Japan, South Korea, Taiwan, Indonesia, Malaysia, Thailand, the Philippines, Vietnam, and China—into an accessible, readable narrative that debunks Western misconceptions, shows what really happened in Asia and why, and for once makes clear why some countries have boomed while others have languished. Studwell's in-depth analysis focuses on three main areas: land policy, manufacturing, and finance. Land reform has been essential to the success of Asian economies, giving a kick-start to development by utilizing a large workforce and providing capital for growth. With manufacturing, industrial development alone is not sufficient, Studwell argues. Instead, countries need "export discipline," a government that forces companies to compete on the global scale. And in finance, effective regulation is essential for fostering, and sustaining growth. To explore all of these subjects, Studwell journeys far and wide, drawing on fascinating examples from a Philippine sugar baron's stifling of reform to the explosive growth at a Korean steel mill. "Provocative . . . *How Asia Works* is a striking and enlightening book . . . A lively mix of scholarship, reporting and polemic." —The Economist

*Messenger* - Ayodeji Abodunde 2016

*Messenger* is a study of the life, ministry, and theology of Sydney Granville Elton, a man who believed he had an apostolic message for the church in Nigeria and who stopped at nothing to deliver it. It will inspire you to find your place in prophetic destiny and fulfil it. Elton played the most significant role in shaping Pentecostalism in Nigeria during its first half-century. His impact on the movement was nothing short of revolutionary and his story is crucial to rediscovering the essence that created one of the most vibrant Pentecostal movements in the world. *Messenger* explores the beginnings of Pentecostalism in Nigeria, bringing alive the stories of its major characters, the passion that catapulted the outpouring into a national phenomenon, and the first major crisis that marked the turning point in its early history. Elton's pivotal role from these early days, and in virtually every significant initiative crucial to its development for fifty years is told in riveting detail. At no other time when the foundations of Pentecostal Christianity in Nigeria are being vigorously shaken, and when both the church and the nation are in desperate need of a new breed of visionary and courageous leadership—does Elton's bold prophetic vision hold greater significance to our collective spiritual experience. *Messenger* will impart to you a fresh vision of God's purpose and stir you to be a part of it.

**Breast Cancer Classification Using Machine Learning. An Empirical Study** - Akor Ugwu 2021-05-11  
Diploma Thesis from the year 2020 in the subject Medicine - Diagnostics, grade: 3.55, , course: Computer Science, language: English, abstract: The study will classify breast cancers into foremost problems: (Benign tumor and Malignant tumor). A benign tumor is a most cancers does now not invade its surrounding tissue or spread around the host. A malignant tumor is another kind of cancers which can invade its surrounding tissue or spread around the frame of the host. Benign cancers on uncommon event can also surely result in someone's death, but as a fashionable rule they're no longer nearly as horrific because the malignant cancers. The malignant cancers at the contrary are like those killer bees. In this situation, you do not need to be doing something to them or maybe be everywhere near their hive, they will just spread out and attack you en masse - they could even kill the individual if they are extreme enough. Manual manner of cancer category into benign and malignant may be very tedious, susceptible to human error and unnecessarily time consuming. The proposed system while constructed can robotically classify the sort of most cancers into the safe (benign) and also the risky (malignant). This machine plays this role through the usage of machine getting to know algorithm. The following is the extensive of this new system: Classification mistakes could be notably removed, early analysis of disorder, removal of possible human mistakes and the device does no longer die. However, the researcher seeks to detect and assess the class of breast using Machine learning.

Fire in My Bones - Glenn Hinson 2010-11-24

Glenn Hinson focuses on a single gospel program and offers a major contribution to our understanding not just of gospel but of the nature of religious experience. A key feature of African American performance is the layering of performative voices and the constant shifting of performative focus. To capture this layering, Hinson demonstrates how all the parts of the gospel program work together to shape a single whole, joining speech and song, performer and audience, testimony, prayer, preaching, and singing into a seamless and multifaceted service of worship. Personal stories ground the discussion at every turn, while experiential testimony fuels the unfolding arguments. *Fire in My Bones* is an original exploration of experience and belief in a community of African American Christians, but it is also an exploration of African American aesthetics, the study of belief, and the ethnographic enterprise.

**African Initiated Christianity and the Decolonisation of Development** - Philipp Öhlmann 2020-01-07  
This book investigates the substantial and growing contribution which African Independent and Pentecostal Churches are making to sustainable development in all its manifold forms. Moreover, this volume seeks to elucidate how these churches reshape the very notion of sustainable development and contribute to the

decolonisation of development. Fostering both overarching and comparative perspectives, the book includes chapters on West Africa (Nigeria, Ghana, and Burkina Faso) and Southern Africa (Zimbabwe and South Africa). It aims to open up a subfield focused on African Initiated Christianity within the religion and development discourse, substantially broadening the scope of the existing literature. Written predominantly by scholars from the African continent, the chapters in this volume illuminate potentials and perspectives of African Initiated Christianity, combining theoretical contributions, essays by renowned church leaders, and case studies focusing on particular churches or regional contexts. While the contributions in this book focus on the African continent, the notion of development underlying the concept of the volume is deliberately wide and multidimensional, covering economic, social, ecological, political, and cultural dimensions. Therefore, the book will be useful for the community of scholars interested in religion and development as well as researchers within African studies, anthropology, development studies, political science, religious studies, sociology of religion, and theology. It will also be a key resource for development policymakers and practitioners.

It covers developments in music and society in Senegal, in West Africa and around the continent during the post-independence years and right up to the present day. Jenny Cathcart, drawing on her personal experience in Senegal and her work alongside Youssou N’Dour, offers stories and portraits of daily life in Africa. **Eternity Invading Time** - Renny G. Mcclean 2005-07

In the Old Testament, God's people saw Him in a cloud by day and a pillar of fire by night. In the New Testament, the religious world thought they had God in a box behind the veil. When Jesus died, the veil was rent and God went public. In an ever changing world where the darkness prides itself by proclaiming they have psychic insights for every person, the church has become anemic, without as much as a sign, a miracle or a wonder. Where do we go from here? Faith is at a level the church has never known before. It is a faith being seen in the "here and now." We must understand what Jesus meant when He said, "I only do what I hear and what I see My Father do and say." You are about to enter that eternal zone, where time is losing its grip on the earth. Eternity is Invading Time.

20 Pentecostal Pioneers in Nigeria - Israel O. Olofinjana 2011-02-04

Ever so often a book comes along that I feel should have been written years ago, and this book is one of them. As a Christian who found faith in Nigeria in the 80s, I was intrigued by stories about 'God Generals', those men and women that led 20th century revivals across the world (most of them in the West). Now I have in my hands, a book that shares some of the stories of some of my fellow countrymen who shaped the faith landscape in Nigeria. I am really impressed with the diversity of the leaders identified and the depth of the research undertaken. This book, in my view, should be a must read for anyone interested in origins of Pentecostalism in Nigeria. Keno Ogbo, Co-editor, The Black Church in the 21st Century "The Lord joined us to the ministry of Benson Idahosa for 20 years and we saw firsthand the reality and power of the gospel in

Africa that has touched the world. The Lord's sovereign work in the continent is going to impact the globe for generations to come. Thank God for the African church of Jesus Christ. Millions of strong and faithful believers are coming forth at this critical time as God builds His church." Dr Kent & Ruth Hodge, President of Christian Faith Institute, Jos, Nigeria. Christianity has been recognised to be a growing religion in Sub Sahara Africa. The expression of Christianity that is expanding in Africa is Pentecostalism. One reason for this growth is the renewal factor which has engulfed the whole continent. Nigeria is one of the countries that has and is still experiencing revival that is contributing to local and global Christianity. What is the origin of Pentecostalism in Nigeria? What contributions did the late Archbishop Benson Idahosa make to the Pentecostal scene in Africa? Why is RCCG one of the fastest growing Churches in the World? This book considers the history of Pentecostalism in Nigeria by looking at the pioneering efforts of men and women who laid the foundation of the Movement.

**Political Spiritualities** - Ruth Marshall 2009-08-01

After an explosion of conversions to Pentecostalism over the past three decades, tens of millions of Nigerians now claim that "Jesus is the answer." But if Jesus is the answer, what is the question? What led to the movement's dramatic rise and how can we make sense of its social and political significance? In this ambitiously interdisciplinary study, Ruth Marshall draws on years of fieldwork and grapples with a host of important thinkers—including Foucault, Agamben, Arendt, and Benjamin—to answer these questions. To account for the movement's success, Marshall explores how Pentecostalism presents the experience of being born again as a chance for Nigerians to realize the promises of political and religious salvation made during the colonial and postcolonial eras. Her astute analysis of this religious trend sheds light on Nigeria's contemporary politics, postcolonial statecraft, and the everyday struggles of ordinary citizens coping with poverty, corruption, and inequality. Pentecostalism's rise is truly global, and *Political Spiritualities* persuasively argues that Nigeria is a key case in this phenomenon while calling for new ways of thinking about the place of religion in contemporary politics.

*Jesus Wants to Save Christians* - Rob Bell 2009-03-17

There is a church not too far from us that recently added a \$25 million addition to their building. Our local newspaper ran a front-page story not too long ago about a study revealing that one in five people in our city lives in poverty. This is a book about those two numbers. *Jesus Wants to Save Christians* is a book about faith and fear, wealth and war, poverty, power, safety, terror, Bibles, bombs, and homeland insecurity. It's about empty empires and the truth that everybody's a priest. It's about oppression, occupation, and what happens when Christians support, animate and participate in the very things Jesus came to set people free from. It's about what it means to be a part of the church of Jesus in a world where some people fly planes into buildings while others pick up groceries in Hummers.
