Extreme Teams - Robert Bruce
Shaw 2022-08-02
It's time to leave old paradigms
behind and embrace a new
intensity and collaboration.

Don't settle for the common
team; create an Extreme Team!
Obvious Adams - Robert R.
Updegraff 2007-01-22
Obvious Adams: The Story of a
Successful Business Man,
originally published in the
Saturday Evening Post in 1916,

is a classic story of a business man in the field of advertising and his journey to business success. It is a story which has lead individuals with business ideas to garner great success in the world of business and in their professions. This Robert Updegraff classic is often used in business schools and by individuals studying entrepreneurship, advertising, and business.

Extreme Teams - Robert Bruce Shaw 2017-02-16

Every manager desires to have great teams around them collaborating together and running with the mission. Unfortunately, most of these teams have been built around decades-old ideas and practices made popular by companies that either no longer exist or haven't been relevant in years. But a new generation of teams has learned to do things differently- things like hiring the right person instead of the best person; focusing on one priority while leaving room to explore new ideas; creating an environment where people are

comfortable dealing with the uncomfortable; and maximizing profit by not making it top priority. And this revitalized look at how teams should work in today's business is driving real growth in some of the world's most innovative firms. In *Extreme Teams*, sneak peeks into top companies and examine the teamwork experiments powering their results, including how: Pixar's teams use constant feedback and debate to transform initially flawed films into billion-dollar hits A culture of radical "freedom and responsibility" helps Netflix execute on the next big thing • Whole Food's super-autonomous teams embrace hard metrics and friendly competition to drive performance Zappos fuels the weirdness and fun that sustains its success And much more! From marketing to design to technology to product demand, everything has changed in business and will continue to do so. Why shouldn't the teams carrying out these changes undergo their own upgrades?

The Man in the Glass Booth

- Robert Shaw 1967

Millionaire Jewish entrepreneur Arthur Goldman rules a financial empire from his Manhattan penthouse. He is given to passionate and capricious ravings on a variety of subjects. His growing paranoia, dismissed by those close to him, is confirmed when he is kidnapped by Israeli agents and brought to trial in Israel for crimes against humanity. Is he Arthur Goldman or is he Adolph Dorf, former SS colonel who headed a Nazi concentration camp? As the trial progresses, the question becomes more confusing.

Don't Let the Bastards Grind

You Down - Robert Sellers

2011-05-12

Alan Bates, Michael Caine, Sean Connery, Tom Courtenay, Albert Finney, Richard Harris, Peter O'Toole, Robert Shaw and Terence Stamp: They are the most formidable acting generation ever to tread the boards or stare into a camera, whose anti-establishment attitude changed the cultural

landscape of Britain. This was a new breed, many culled from the working class industrial towns of Britain, and nothing like them has been seen before or since. Their raw earthy brilliance brought realism to a whole range of groundbreaking theatre from John Osborne's *Look Back in Anger* to Joan Littlewood and Harold Pinter and the creation of the National Theatre. And they ripped apart the staid, middle-class British film industry with kitchen-sink classics like *Saturday Night and Sunday Morning*, *This Sporting Life*, *The Loneliness of the Long Distance Runner*, *A Kind of Loving* and *Billy Liar* before turning their sights on international stardom: Connery with *James Bond*, *O'Toole* as *Lawrence of Arabia*, *Finney* with *Tom Jones* and *Caine* in *Zulu*. *Don't Let the Bastards Grind You Down* brings alive the trail-blazing period of theatre and film from 1956-1964 through the vibrant energy and exploits of this revolutionary generation of stars who bulldozed over

August member of that small band of people, like George Best and Eric Morecambe, who transcended their chosen medium, became too big for it even, and grew into cultural icons. For the first time Reed's close family has agreed to collaborate on a project about the man himself. The result is a fascinating new insight into a man seen by many as merely a brawling, boozing hellraiser. And yet he was so much more than this. For behind that image, which all too often he played up to in public, was a vastly complex individual, a man of deep passions and loyalty but also deep-rooted vulnerability and insecurities. Why was a proud, patriotic, intelligent, successful and erudite man so obsessed about proving himself to others, time and time again? Although the Reed myth is of Homeric proportions, he remains a national treasure and somewhat peculiar icon. Praise for other books by Robert Sellers: Hellraisers: The Life and Inebriated Times of Richard Burton, Richard

Harris, Peter O'Toole, and Oliver Reed: 'So wonderfully captures the wanton belligerence of both binging and stardom you almost feel the guys themselves are telling the tales.' GQ. Vic Armstrong: The True Adventures of the World's Greatest Stuntman: 'This is the best and most original behind-the-scenes book I have read in years, gripping and revealing.' Roger Lewis, Daily Mail. Don't Let the Bastards Grind You Down: '...a rollicking good read... Sellers has done well to capture a vivid snapshot of this exciting time.' Lynn Barber, Sunday Times.
The Sun Doctor - Robert Shaw 1973-01-01

Robert Shaw - John French 2015-03-02
Robert Shaw is most celebrated today as the Oscar-nominated star in movies like From Russia with Love, A Man For All Seasons, The Sting and - most memorably of all - as Quint in the record-breaking Jaws. His breakthrough came when Hollywood was experiencing something of a

British Invasion. Sean Connery, Peter O'Toole, Vanessa Redgrave and Richard Burton were among the new stars. But Shaw was arguably more talented than any, a figure of extraordinary and wide-ranging promise. More than just a mesmerising actor on stage and screen, he was also a gifted writer. He wrote no less than six published novels (winning the Hawthornden Prize), while his plays include the acclaimed Man in The Glass Booth. The flipside to Shaw's diverse abilities was his well-earned reputation as a hellraiser. A fiercely competitive man in all areas of his life, whether playing table tennis or drinking whisky, he emptied mini-bars, crashed Aston Martins, fathered nine children by three different women, made (and spent) a fortune, and set fire to Orson Welles' house. He died at 51, having driven himself too hard, too fast, but unable to get over his father's suicide when Shaw was just 11. John French, Shaw's biographer, knew him well, professionally and

personally. Robert Shaw: The Price of Success is a perceptive, sympathetic, but unsparring portrait of the blessings and curses endowing this mercurial, enigmatic and deeply engaging man. This edition features a new foreword written by Richard Dreyfuss. Praise 'Both impressive and immaculate, a tremendously skilled biography... chillingly well told.' Sheridan Morley 'I liked Robert Shaw: The Price of Success tremendously, and applaud its digital rebirth.' Robert Sellers, author of Hellraisers and Don't Let The Bastards Grind You Down *Blank Verse* - Robert Burns Shaw 2007

With its compact but inclusive survey of more than four centuries of poetry, *Blank Verse* is filled with practical advice for poets of our own day who may wish to attempt the form or enhance their mastery of it. Enriched with numerous examples, Shaw's discussions of verse technique are lively and accessible, inviting to all.

Writing the Nonfiction Book

- Eva Shaw 1999

Methods outlined in this book are easy-to-follow steps for formatting, completing, and marketing a nonfiction book. The most popular subjects for nonfiction books are covered, along with writing instructions and painless tips for self-publishing. Included is information on finding an agent and book publisher.

Not A Number - Rupert Booth
2011-11-04

When Patrick McGoohan first starred in "Danger Man" in 1960 and as 'Number 6' in cult show "The Prisoner", industry insiders hailed the arrival of an enigmatic genius and Hollywood beckoned. But who was this man who worked as a chicken farmer and bank clerk before becoming a hugely successful actor simply by chance? In this up-to-date biography Rupert Booth reveals the true character of a man whose off-screen behaviour matched his fiery on-screen persona. Why was he so puritanical, refusing even to kiss a woman for any part he played? Why was he so

controlling over his work in “The Prisoner” and other productions? A timely exploration of the man whose declaration ‘I will not be pushed, filed, stamped, indexed, briefed, de-briefed or numbered!’ continues to resonate with audiences decades after it was first uttered with such conviction.

The 80/20 Principle, Expanded and Updated -

Richard Koch 1999-10-19
Be more effective with less effort by learning how to identify and leverage the 80/20 principle: that 80 percent of all our results in business and in life stem from a mere 20 percent of our efforts. The 80/20 principle is one of the great secrets of highly effective people and organizations. Did you know, for example, that 20 percent of customers account for 80 percent of revenues? That 20 percent of our time accounts for 80 percent of the work we accomplish? The 80/20 Principle shows how we can achieve much more with much less effort, time, and resources, simply by

identifying and focusing our efforts on the 20 percent that really counts. Although the 80/20 principle has long influenced today's business world, author Richard Koch reveals how the principle works and shows how we can use it in a systematic and practical way to vastly increase our effectiveness, and improve our careers and our companies. The unspoken corollary to the 80/20 principle is that little of what we spend our time on actually counts. But by concentrating on those things that do, we can unlock the enormous potential of the magic 20 percent, and transform our effectiveness in our jobs, our careers, our businesses, and our lives.

Project Communications -

Connie Plowman 2020-07-24
This book presents a new way to look at communication within projects. It combines real-world examples and practical tips with theory, research, and professional standards you can apply to any size and type of project. Communication is vital for

project success. Experts know it. Industry-wide research verifies it. Yet projects continue to fail because of poor communication. As a result, stakeholders and organizations don't realize the benefits of their projects and project teams. This book presents a new way to look at communication within projects. It combines real-world examples and practical tips with theory, research, and professional standards you can apply to any size and type of project. Gain actionable insights into identifying your audience, choosing the right tools, managing change, and handling conflict. Expand your professional toolkit with templates, activities, and resources. Develop your project communications expertise with reflective questions and recommendations. Whether you are a project manager, team member, project sponsor, or stakeholder, this book is for you. For educators, the book is ideal for students studying project management and

related fields. Make your project communications a critical factor in your project success!

The Great Terror - Robert Conquest 2008

"The definitive work on Stalin's purges, the author's *The Great Terror* was universally acclaimed when it first appeared in 1968. Provides accounts of on everything from the three great 'Moscow Trials' to methods of obtaining confessions, the purge of writers and other members of the intelligentsia, on life in the labor camps, and many other key matters. On the fortieth anniversary of the first edition, it is remarkable how many of the most disturbing conclusions have borne up under the light of fresh evidence." --

The Two Georges - Richard Dreyfuss 1997-09-29

A story of murder, intrigue, and a stolen painting portrays America as it might have been, had George Washington surrendered to George III

Leadership Blindspots - Robert B. Shaw 2014-03-25

Downloaded from
test.uni.caribe.edu.doon
by guest

Good leaders become great by skillfully managing their own vulnerabilities Leadership Blindspots: How Successful Leaders Identify and Overcome the Weaknesses That Matter is a comprehensive guide to recognizing and acting on the weak points that can impair effectiveness, diminish results, and harm a career. Written by a 30-year veteran of the leadership consulting industry and author of Trust in the Balance, the book contains examples, worksheets and surveys that illustrate the practical application of the advice presented. An online questionnaire helps readers discover their own leadership vulnerabilities, and the book provides a roadmap for creating a targeted plan to increase their awareness in the areas that truly matter. The blindspot risk is that leaders fail to respond to weaknesses or threats due to a variety of factors including the complexity of their organizations, over-confidence in their own capabilities, and being surrounded by

deferential subordinates. Leadership Blindspots provides a useful model for understanding how blindspots operate and why they persist, but at the same time suggests real, actionable steps to improvement. The book details a range of techniques that make blindspots stand out in sharp relief, so action can be taken before severe damage occurs - to a leader or his or her company. Topics include: A framework to understand the threats posed by blindspots The four most important types of blindspots - self, team, company and markets Detailed case studies of blindspots in leaders across a variety of industries A summary of the most common leadership blindspots Corrective practices that help mitigate the risks that blindspots pose The one characteristic great leaders share is the constant desire for self-improvement. Good can always be better. These weaknesses and threats are called blindspots because they are invisible to the individual but have the potential to wreak

havoc on one's reputation and long-term success. Identifying and fixing crucial problems is the leader's job, and sometimes the most debilitating problems are with the leaders themselves. Leadership Blindspots: How Successful Leaders Identify and Overcome the Weaknesses That Matter is the first step toward owning and addressing one's vulnerabilities and, as a result, becoming a more effective leader.

Mastering the Art of Success - Nick Nanton
2017-05-02

The starting point of all achievement is desire. Napoleon Hill Mastering a job means we are proficient at performing that particular task successfully. It is also useful to note here that the word "success" has different meanings to different people. Success can mean, among other things: fame, fortune, emotional or skillful achievement. Proceeding through our growth years to maturity, we spend time and effort accumulating knowledge

and resources, assessing our strengths and limitations, and taking action based on what we have learned. As we grow, so does our appetite for adventure and success. So, fortified with our initial progress, we set out to test our strength against the world. For those who achieve mastery of one job, the taste of success and the confidence it generates often propels them to attempt to master other tasks. To accomplish a chosen undertaking is synonymous with success; however, learning to master more significant tasks is often our real challenge. That's where the Celebrity Experts(R) in this book come in. They have achieved mastery in their various fields and are willing to share their secrets and methods of mastery with you. An integral quality of successful people is their willingness to help others succeed. One of the finest secrets for Mastering the Art of Success can be found in the following quote: I have not failed. I've just found 10,000 ways that won't work. Thomas

Robert Shaw - John French

2016-09-05

Robert Shaw is most celebrated today as the Oscar-nominated star in movies like *From Russia with Love*, *A Man For All Seasons*, *The Sting* and - most memorably of all - as Quint in the record-breaking *Jaws*. His breakthrough came when Hollywood was experiencing something of a British Invasion. Sean Connery, Peter O'Toole, Vanessa Redgrave and Richard Burton were among the new stars. But Shaw was arguably more talented than any, a figure of extraordinary and wide-ranging promise. More than just a mesmerising actor on stage and screen, he was also a gifted writer. He wrote no less than six published novels (winning the Hawthornden Prize), while his plays include the acclaimed *Man in The Glass Booth*. The flipside to Shaw's diverse abilities was his well-earned reputation as a hellraiser. A fiercely competitive man in all areas of his life, whether playing table

tennis or drinking whisky, he emptied mini-bars, crashed Aston Martins, fathered nine children by three different women, made (and spent) a fortune, and set fire to Orson Welles' house. He died at 51, having driven himself too hard, too fast, but unable to get past the tortured relationship to his father who had committed suicide when Shaw was just 11. Though his life ended tragically, it is fortunate that Shaw's biographer is someone who knew him well, professionally and personally.

Robert Shaw: The Price of Success is a perceptive, sympathetic, but unsparing portrait of the blessings and curses endowing this mercurial, enigmatic but deeply engaging man.

Shaw Industries - Randall L. Patton 2002
Shaw Industries, which is based in Dalton, Georgia, is the nation's leading textile manufacturer and the world's largest producer of carpets. This history focuses on the evolution of Shaw's business strategy and its adaptations to

Downloaded from
test.uni.caribe.edu.doon
by guest

changing economic conditions. Randall L. Patton chronicles Shaw's rise to dominance by drawing on corporate records, industry data, and interviews with Shaw employees and management, including Robert E. Shaw, the only CEO the company has known in its more than thirty years. Patton situates Shaw within both the overall context of Sunbelt economic development and the unique circumstances behind the success of the tufted carpet industry in northwest Georgia. After surveying the state of the carpet industry nationwide at the end of World War II, Patton then tells the Shaw story from the boom years of 1955-1973, through the transitional decade of 1973-1982, the consolidation phase of the 1980s and early 1990s, and the "new economy" of the mid- to late 1990s. Throughout, Patton shows, Shaw's drive has always been toward vertical integration--controlling the outside forces that could affect its bottom line. He tells, for instance, how Shaw built its own trucking fleet and became its own yarn

supplier, all to the company's advantage. He also relates less successful ventures, most notably Shaw's attempt at direct retailing. The picture emerges of a company proud of its image as a steady and profitable business surviving in a competitive industry. Patton traces the history of Shaw Industries from its start as a family-owned operation through its growth into a multinational corporation that recently joined Warren Buffett's holding company, Berkshire-Hathaway. The Shaw saga has much to tell us about the continuing vitality of "old economy" manufacturers.

Trust in the Balance - Robert B. Shaw 1997-03-25

Acquire the best asset of all
Your business is either
enhanced by the presence of
trust or held back by the
presence of distrust. Robert
Shaw gives conviction and
advice to the leader who
recognizes that trust becomes
a performance multiplier only
when the leader is prepared to
go first. -- Craig E. Weatherup,
president, PepsiCo, Inc. If

*Downloaded from

you've never examined how trust affects your organization, maybe you should. In this engaging book, Robert Shaw moves past the right thing to do argument and focuses on trust as a critical issue successful managers cannot take for granted. He shows how lack of trust is compromising more and more organizations in today's highly competitive environment. And he offers a way out. Drawing on a variety of examples from real business situations, Shaw explains trust's increasing importance at four key levels: individual credibility, one-to-one collaboration, team effectiveness, and organizational vitality. He then provides an assessment survey to help you determine how you and your organization measures up trust-wise, and offers action steps for overcoming trust dilemmas such as those that arise during reinvention efforts. A vital handbook for leaders, change agents, and anyone interested in building high trust for high performance.

Good Leaders Learn - Gerard Seijts 2013-11-07

How do leaders learn to lead? How do leaders set themselves up for success? This book explores the real-life experiences of a wide variety of leaders from different industries, sectors, and countries to bring to light new lessons on the importance of life-long learning. Consisting primarily of a series of probing interviews, Good Leaders Learn presents the challenges, triumphs, and reflections of 31 senior and high-profile leaders, offering insight into how they learned to lead during their careers. The book pulls important and useful perspectives into a robust theoretical framework that includes the importance of innate curiosity, challenging oneself, risk-taking, and other key elements of good leadership. With practical insights complemented by the latest leadership research and theory, this book will help current and potential leaders to build a solid foundation of the leadership qualities vital to

their continuing success. Good Strategy/Bad Strategy - Richard Rumelt 2011-06-09 When Richard Rumelt's Good Strategy/Bad Strategy was published in 2011, it immediately struck a chord, calling out as bad strategy the mish-mash of pop culture, motivational slogans and business buzz speak so often and misleadingly masquerading as the real thing. Since then, his original and pragmatic ideas have won fans around the world and continue to help readers to recognise and avoid the elements of bad strategy and adopt good, action-oriented strategies that honestly acknowledge the challenges being faced and offer straightforward approaches to overcoming them. Strategy should not be equated with ambition, leadership, vision or planning; rather, it is coherent action backed by an argument. For Rumelt, the heart of good strategy is insight into the hidden power in any situation, and into an appropriate response - whether launching a

new product, fighting a war or putting a man on the moon. Drawing on examples of the good and the bad from across all sectors and all ages, he shows how this insight can be cultivated with a wide variety of tools that lead to better thinking and better strategy, strategy that cuts through the hype and gets results.

Stein On Writing - Sol Stein 2014-02-11

Your future as a writer is in your hands. Whether you are a newcomer or an accomplished professional, a novelist, story writer, or a writer of nonfiction, you will find this book a wealth of immediately useful guidance not available anywhere else. As Sol Stein, renowned editor, author, and instructor, explains, "This is not a book of theory. It is a book of useable solutions-- how to fix writing that is flawed, how to improve writing that is good, how to create interesting writing in the first place." You will find one of the great unspoken secrets of craftsmanship in Chapter 5, called "Markers: The Key to

Swift Characterization." In Chapter 7, Stein reveals for the first time in print the wonderful system for creating instant conflict developed in the Playwrights Group of the Actors Studio, of which he was a founder. In "Secrets of Good Dialogue," the premier teacher of dialogue gives you the instantly useable techniques that not only make verbal exchanges exciting but that move the story forward immediately. You won't need to struggle with flashbacks or background material after you've read Chapter 14, which shows you how to bring background into the foreground. Writers of both fiction and nonfiction will relish the amphetamines for speeding up pace, and the many ways to liposuction flab, as well as how to tap originality and recognize what successful titles have in common. You'll discover literary values that enhance writing, providing depth and resonance. You'll bless the day you read Chapters 32 and 33 and discover why revising by starting at page one can be a

serious mistake, and how to revise without growing cold on your manuscript. In the pages of this book, nonfiction writers will find a passport to the new revolution in journalism and a guide to using the techniques of fiction to enhance nonfiction. Fresh, useful, informative, and fun to read and reread, Stein on Writing is a book you will mark up, dog-ear, and cherish. *When Harry Met Cubby* - Robert Sellers 2019-09-23 'Enthralling . . . an essential read, particularly for fans of 007.' - Cinema Retro. 'When Harry Met Cubby is a fitting tribute to two extraordinary men. If you love behind the scenes stories about the making of movies, there's plenty of drama to sate you here.' - Entertainment Focus. Albert R. 'Cubby' Broccoli and Harry Saltzman remain the most successful producing partnership in movie history. Together they were responsible for the phenomenally successful James Bond series; separately they brought kitchen-sink drama to the screen, made a star out of

Michael Caine in the Harry Palmer films and were responsible for the children's classic Chitty Chitty Bang Bang. But their relationship was fraught almost from the very beginning. With such contrasting personalities, their interactions often span out of control. They managed to drive away their coveted star, Sean Connery, and ultimately each other. Loved and hated in equal measure, respected and feared by their contemporaries, few people have loomed as large over the film industry as Broccoli and Saltzman, yet their lives went in very different directions. Broccoli was feted as Hollywood royalty, whereas Saltzman ended up a forgotten recluse. When Harry Met Cubby charts the changing fortunes and clashing personalities of two titans of the big screen.

The ONE Thing - Gary Keller

fewer promotions--and lots of stress. AND YOU WANT MORE. You want more productivity from your work. More income for a better lifestyle. You want more satisfaction from life, and more time for yourself, your family, and your friends. NOW YOU CAN HAVE BOTH — LESS AND MORE. In The ONE Thing, you'll learn to * cut through the clutter * achieve better results in less time * build momentum toward your goal* dial down the stress * overcome that overwhelmed feeling * revive your energy * stay on track * master what matters to you The ONE Thing delivers extraordinary results in every area of your life--work, personal, family, and spiritual. WHAT'S YOUR ONE THING?

The Man Who Solved the Market - Gregory Zuckerman
2019-11-05

NEW YORK TIMES
BESTSELLER Shortlisted for the Financial Times/McKinsey Business Book of the Year Award The unbelievable story of a secretive mathematician who pioneered the era of the

algorithm--and made \$23 billion doing it. Jim Simons is the greatest money maker in modern financial history. No other investor--Warren Buffett, Peter Lynch, Ray Dalio, Steve Cohen, or George Soros--can touch his record. Since 1988, Renaissance's signature Medallion fund has generated average annual returns of 66 percent. The firm has earned profits of more than \$100 billion; Simons is worth twenty-three billion dollars. Drawing on unprecedented access to Simons and dozens of current and former employees, Zuckerman, a veteran Wall Street Journal investigative reporter, tells the gripping story of how a world-class mathematician and former code breaker mastered the market. Simons pioneered a data-driven, algorithmic approach that's sweeping the world. As Renaissance became a market force, its executives began influencing the world beyond finance. Simons became a major figure in scientific research, education, and liberal politics. Senior

says, a person moves beyond the first half of the game of life. It's halftime, a time of revitalization and for catching new vision for living the second, most rewarding half of life. As Buford explains, 'My passion is to multiply all that God has given me, and in the process, give it back.' That requires asking important questions: What am I really good at? What do I want to do? What is most important to me? What do I want to be remembered for? If my life were absolutely perfect, what would it look like? Buford fills Halftime with a blend of personal insight, true-life examples, and quotes from those who have successfully navigated the exhilarating and potentially dangerous shoals of midlife. Complete with a discussion guide, Halftime provides the encouragement and wisdom to propel your life on a new course away from mere success to true significance--and the best years of your life.

The Outsiders - William Thorndike 2012

It's time to redefine the CEO success story. Meet eight iconoclastic leaders who helmed firms where returns on average outperformed the S&P 500 by more than 20 times.

practical guide takes you through the core building tools of self-awareness, influence and execution. With thought-provoking exercises and action points throughout, plus handy chapter summaries for when you need to access information, this book is your roadmap to becoming a better leader. This definitive guide to leadership includes: What good leadership looks like How to build your own leadership style Techniques to lead and influence others How to build and execute your vision Everything you need to know to become an authentic and dynamic leader. "My shelves groan under stacks of leadership books. But just a very few stand out as solid gold. The Financial Times Guide to Leadership merits inclusion in that select company. There is simply no excuse for not applying its very practical steps. I'd urge you to start or continue your journey here!" Tom Peters, author of In Search of Excellence "Finally, a first-class leadership book that focuses on the 'how' and 'what'

as well as the 'why' and 'when'. Full of practical steps to take you to the next level." Doug Richard, entrepreneur and founder of School for Startups "Leadership is at the intersection of competence, charisma and the ability to think big for yourself and for others. The Financial Times Guide to Leadership gives you the tools you need to navigate this junction with success."

Mercedes Erra, Executive President of Havas Worldwide

Sharing Success - Owning Failure: Preparing to Command in the Twenty-First Century Air Force -

Colonel Usaf David L Goldfein
2012-08-17

Command is the ultimate service. It is a time when we have the singular responsibility to create and lead strong Air Force units. A time when our passion for our Air Force and our vision for its future must be overwhelmingly clear. Early in the "Developing Aerospace Leaders" initiative, we began to focus on the way in which the institution teaches leadership and prepares airmen for

command. What we found was a wide range of practices and a wide range of expectations - a complicating factor in today's Expeditionary Aerospace Force. We realize that preparing our officers to command effective, mission-oriented units must be a deliberate process. It must develop our unique airman perspective, creating commanders who are able to communicate the vision, have credibility in the mission area, and can lead our people with inspiration and heart. The foundation of our institution's effectiveness has always been its leaders. Colonel Goldfein's work provides valuable lessons learned and serves as a worthwhile tool to optimize your effectiveness as a squadron commander. This book is a must-read, not only for those selected to command a squadron but for all our young officers, helping them understand what the requirements of squadron command will be. Remember, command is a unique privilege - a demanding and crucial

position in our Air Force. "Sharing Success - Owning Failure" takes you a step closer to successfully meeting that challenge.

Lee Marvin - Dwayne Epstein
2013-01-01

The first full-length, authoritative, and detailed story of the iconic actor's life to go beyond the Hollywood scandal-sheet reporting of earlier books, this account offers an appreciation for the man and his acting career and the classic films he starred in, painting a portrait of an individual who took great risks in his acting and career. Although Lee Marvin is best known for his icy tough guy roles—such as his chilling titular villain in *The Man Who Shot Liberty Valance* or the paternal yet brutally realistic platoon leader in *The Big Red One*—very little is known of his personal life; his family background; his experiences in WWII; his relationship with his father, family, friends, wives; and his ongoing battles with alcoholism, rage, and depression, occasioned by his

postwar PTSD. Now, after years of researching and compiling interviews with family members, friends, and colleagues; rare photographs; and illustrative material, Hollywood writer Dwayne Epstein provides a full understanding and appreciation of this acting titan's place in the Hollywood pantheon in spite of his very real and human struggles.

International Dictionary of

Films and Filmmakers:
