**Caught in the Act** - Mignon Mykel 2018-03-22

If you love scene stealing

children, an alpha male who has a soft heart for the one he wants, and a little bit of instalove, Caught in the Act, a sweet and sexy romance, is for you! Liam Hardt, radio personality for an award-winning hits station in San Diego, is known for his sexy voice and pretty face—but also for the increasingly popular segment Caught In The Act, where he helps people corner their cheating significant others. It's all fun and games though until one call—one caller—hits him in inexplicable ways. "This is incredibly forward, and...probably a lot crazy..." When Kensley Cole calls into the show, it's because she's finished. She's through with Mark's frequent trips, his inability to care for their daughters, and with what she's sure has been a dead relationship for the last four years. But with the help of Caught, she gets more than Mark's mistress's name—she gets an earful of all that was wrong with her. She doesn't expect to fall so quickly for the man with the dog. The very

man who had a front-row seat to the nasty things her ex shared with San Diego. But Liam is everything Mark never was—for both her and her babies. Still, having lived with Mark for eight years, she knows he won't go down without a fight. She can't very well ask Liam to sign up for that. Two callers a day. Ten callers a week. Over four-hundred in a year. ...and one has the power to change his life. **Hot Dudes Reading** - Hot Dudes Reading 2016-04-26 Humans of New York meets Porn for Women in this collection of candid photos, clever captions, and hilarious hashtags about one of the most important subjects of our time: hot dudes reading. Based on the viral Instagram account of the same name, Hot Dudes Reading takes its readers on a ride through all five boroughs of New York City, with each section covering a different subway line. Using their expert photography skills (covert iPhone shots) and journalistic ethics (#NoKindles), the authors capture the most beautiful bibliophiles in all of New York—and take a few detours to interview some of the most popular hot dudes from the early days of the Instagram account. Fun, irreverent, and wittily-observed, this book is tailor-

made for book lovers in search of their own happy endings—and those who just want to get lost between the covers for a while.

*The Irish Affair* - Linda Christian Diver 2018-10 With the terrifying and seemingly inevitable war between Britain, France and Germany looming like storm clouds on the horizon, Scottish architect Lawrence McKellan uproots his Edinburgh household and moves his wife, two children, and brother to the safety of Ireland's controversial neutrality. He purchases properties in the rural setting of County Mayo, and sets his wife, Helen, up as a hotelier and his brother, Harry, as a gentleman farmer. While somewhat jarred by Lawrence's compulsory resettlement, the family adjust quickly to the beauty of their surroundings and the charm and culture of the Irish people. Unfortunately, even Ireland's verdant countryside is marred by shades of grey. And, when Lawrence joins British Intelligence, a shroud of

secrecy soon entangles him leaving Helen to battle inner turmoil and Harry to pursue his own agenda with severe consequences. Cooper O'Neil is Irish through and through. When he was only a child, his Catholic father—an ardent IRA supporter—was brutally killed for his beliefs and his sister, Sophie, was marred for life in an ambush by a group of Protestant schoolgirls. The British had been a thorn in the side of Ireland for generations, causing Cooper more anguish by the time he reaches his teens than most people face in a lifetime. Now a hardened man with a steely determination to scrape British shite from Ireland's weathered boots, Cooper has more power than a man of his nature should probably yield. Shaped by his past, Cooper takes his pain and anger and sharpens them into a thorn of his own. When temptation and ambition pair with distance and deceit, the innocent and guilty are both driven to acts they never thought possible and consequences they never

imagined.

*The White Darkness* - David Grann 2018-10-30

By the #1 New York Times bestselling author of *Killers of the Flower Moon*, a powerful true story of adventure and obsession in the Antarctic, lavishly illustrated with color photographs Henry Worsley was a devoted husband and father and a decorated British special forces officer who believed in honor and sacrifice. He was also a man obsessed. He spent his life idolizing Ernest Shackleton, the nineteenth-century polar explorer, who tried to become the first person to reach the South Pole, and later sought to cross Antarctica on foot. Shackleton never completed his journeys, but he repeatedly rescued his men from certain death, and emerged as one of the greatest leaders in history. Worsley felt an overpowering connection to those expeditions. He was related to one of Shackleton's men, Frank Worsley, and spent a fortune collecting artifacts from their epic treks across the continent.

He modeled his military command on Shackleton's legendary skills and was determined to measure his own powers of endurance against them. He would succeed where Shackleton had failed, in the most brutal landscape in the world. In 2008, Worsley set out across Antarctica with two other descendants of Shackleton's crew, battling the freezing, desolate landscape, life-threatening physical exhaustion, and hidden crevasses. Yet when he returned home he felt compelled to go back. On November 13, 2015, at age 55, Worsley bid farewell to his family and embarked on his most perilous quest: to walk across Antarctica alone. David Grann tells Worsley's remarkable story with the intensity and power that have led him to be called "simply the best narrative nonfiction writer working today." Illustrated with more than fifty stunning photographs from Worsley's and Shackleton's journeys, *The White Darkness* is both a gorgeous keepsake volume and

a spellbinding story of courage, love, and a man pushing himself to the extremes of human capacity.

### **Dog Shaming** - Pascale

Lemire 2013-09-24

Based on the runaway web phenomenon (dogshamingdotcom), Dog Shaming features the most hilarious, most shameful, and never-before-seen doggie misdeeds. Our dogs are our best friends. They are always happy to see us. They comfort us in our times of need. They also eat our shoes, stain our carpets, and embarrass us in front of our guests. Dog owners everywhere have found their outlet in Dog Shaming, where they can confess their dogs' biggest (and often grossest!) sins, which turn out to be recognizably universal—complete with snapshots of ridiculously cute but shamed pups who don't

seem capable of humping humans, pooping on pillows, or snagging steak straight from a grill. So share in the shaming and laugh through your frustration as Dog Shaming reminds us that unconditional love goes both ways.

### **Another Good Dog: One Family and Fifty Foster Dogs**

- Cara Sue Achterberg

2018-08-07

A warm and entertaining memoir about what happens when you foster fifty dogs in less than two years—and how the dogs save you as much as you save them. When Cara felt her teenaged children slipping away and saw an empty nest on the horizon, she decided the best way to fill that void was with dogs—lots of them—and so her foster journey began. In 2015, her Pennsylvania farm became a haven for Operation Paws for Homes. There were the nine puppies at once, which arrived with less than a day's notice; a heart- worm positive dog; a deeply traumatized stray pup from Iraq; and countless others who just needed a gentle touch and a warm place

to sleep. Operation Paws for Homes rescues dogs from high-kill shelters in the rural south and shuttles them north to foster homes like Cara's on the way to their forever homes. What started as a search for a good dog, led to an epiphany that there wasn't just one that could fill the hole left in her heart from her children gaining independence—she could save dozens along the way. The stories of these remarkable dogs— including an eighty-pound bloodhound who sang arias for the neighbors—and the joy they bring to Cara and her family (along with a few chewed sofa cushions) fill the pages of this touching and inspiring new book that reveals the wonderful rewards of fostering. When asked how she can possibly say goodbye to that many loveable pups, Cara says, "If I don't give this one away, I can't possibly save another." Filled with humanity and hope, *Another Good Dog* will take the reader on an journey of smiles, laughs, and tears—and lead us to wonder how many other good dogs are

out there and what we can do to help.

Preventing Bullying Through Science, Policy, and Practice - National Academies of Sciences, Engineering, and Medicine 2016-09-14

Bullying has long been tolerated as a rite of passage among children and adolescents. There is an implication that individuals who are bullied must have "asked for" this type of treatment, or deserved it. Sometimes, even the child who is bullied begins to internalize this idea. For many years, there has been a general acceptance and collective shrug when it comes to a child or adolescent with greater social capital or power pushing around a child perceived as subordinate. But bullying is not developmentally appropriate; it should not be considered a normal part of the typical social grouping that occurs throughout a child's life. Although bullying behavior endures through generations,

the milieu is changing. Historically, bullying has occurred at school, the physical setting in which most of childhood is centered and the primary source for peer group formation. In recent years, however, the physical setting is not the only place bullying is occurring. Technology allows for an entirely new type of digital electronic aggression, cyberbullying, which takes place through chat rooms, instant messaging, social media, and other forms of digital electronic communication. Composition of peer groups, shifting demographics, changing societal norms, and modern technology are contextual factors that must be considered to understand and effectively react to bullying in the United States. Youth are embedded in multiple contexts and each of these contexts interacts with individual characteristics of youth in ways that either exacerbate or attenuate the association between these individual characteristics and bullying perpetration or

victimization. Recognizing that bullying behavior is a major public health problem that demands the concerted and coordinated time and attention of parents, educators and school administrators, health care providers, policy makers, families, and others concerned with the care of children, this report evaluates the state of the science on biological and psychosocial consequences of peer victimization and the risk and protective factors that either increase or decrease peer victimization behavior and consequences.

Life—and death—may be hard; but joy is simple. Lannette Cornell Bloom, a typical, overworked nurse, wife, and mom of two, was forty-three when her mother was diagnosed with pulmonary fibrosis. She quit her job and dove headlong into the familiar role of caretaking. This choice—to slow down and be present for the hardest year of her life—resulted in an

awakening. In unexpected moments, as childhood memories flooded into the present, Lannette glimpsed bits of magic that existed just beyond the pain. Without knowing it, she was experiencing a mindful dying process with her mother—and it was a journey that would change the way she lived the rest of her life. A touching and soulful memoir that gracefully uncovers the beauty that is often lost within the dying process, *Memories in Dragonflies* is a beautiful portrait of what it means to be human and a gentle reminder to enjoy every moment, because even the simplest ones bring lasting joy.

demystifies the most important thing you can do for your puppy: socialization. The authors don't just tell you what you need to know about socialization. They show you with dozens of photographs and exclusive linked videos (a live internet connection is needed to view the videos). You'll see other owners socialize their puppies under the guidance of a nationally certified dog trainer and behavior consultant. These real-life examples of socialization show you what to do when things go well and when they don't go so well. You'll learn about: • The magical time. Did you know that there is a special time in a puppy's life when he is primed to accept new things? The authors tell you when that time is, when that socialization window starts closing, and how a little effort by an owner during that time can save heartache later. • Canine body language. Puppies and dogs are talking all the time—with their body language. Learn to tell when a puppy or dog is

relaxed and happy, a bit nervous about something, or outright fearful. • Myth-busting. There's a lot of advice out there about socialization and not all of it is good. Some common myths can actually cause a puppy harm. The authors give you the most up-to-date information on puppy socialization and put some harmful myths to rest. • Socializing a puppy during COVID-19. Puppies have so much to get used to: people, environments, noises, and more. The authors provide strategies for keeping humans and puppies safe while socializing puppies, even during the COVID-19 pandemic. • What supplies are needed during socialization. The authors provide checklists of things owners need when socializing a puppy at home and away from home. 2006-08-08

Cesar Millan—nationally recognized dog expert—helps you see the world through the eyes of your dog so you can finally eliminate problem behaviors. From his appearances on The Oprah Winfrey Show to his roster of celebrity clients to his reality television series, Cesar Millan is America's most sought-after dog-behavior expert. But Cesar is not a trainer in the traditional sense—his expertise lies in his unique ability to comprehend dog psychology. Tracing his own amazing journey from a clay-walled farm in Mexico to the celebrity palaces of Los Angeles, Cesar recounts how he learned what makes dogs tick. In *Cesar's Way*, he shares this wisdom, laying the groundwork for you to have stronger, more satisfying relationships with your canine companions. Cesar's formula for a contented and balanced dog seems impossibly simple: exercise, discipline, and affection, in that order. Taking readers through the basics of dog psychology

and behavior, Cesar shares the inside details of some of his most fascinating cases, using them to illustrate how common behavior issues develop and, more important, how they can be corrected. You'll learn:

- What your dog really needs may not be what you're giving him
- Why a dog's natural pack instincts are the key to your happy relationship
- How to relate to your dog on a canine level
- There are no "problem breeds," just problem owners
- How to choose a dog who's right for you and your family
- The difference between discipline and punishment
- And much more!

Filled with fascinating anecdotes about Cesar's longtime clients, and including forewords by the president of the International Association of Canine Professionals and Jada Pinkett Smith, this is the only book you'll need to forge a stronger, more rewarding connection with your four-legged companion.

Right-he has amber eyes and a wily heart. There's only one catch . . . he has four legs and a tail. Relatively indifferent to the natural world, allergic to dogs, and happily independent, writer Louise Bernikow never had a pet and knew nothing about caring for one. But one day while running along Manhattan's Hudson River, she came across an abandoned boxer. He had a gimpy leg and a dim past, but Bernikow instantly, bewilderingly, did the one thing her mother always warned her not to do-she brought the strange male home. Here is the comical and offbeat story of their first year together. Libro, as she comes to call him (for "book," in Spanish), introduces her to the curious world of dog runs and dog people, and to a local dive where the bartender pulls pints from the tap and dog biscuits from the drawer. Bernikow, in turn, introduces Libro to the eccentric neighbors and to life as a media hound. When they meet a handsome man and his equally handsome dachshund, life takes an unexpected turn

for both of them. Wonderfully written and captivating to the last, this is a remarkable tale of companionship.

My Old Dog - Laura T. Coffey 2015-09-18

"No Dog Should Die Alone" was the attention-grabbing — and heart-stirring — headline of journalist Laura T. Coffey's TODAY show website story about photographer Lori Fusaro's work with senior shelter pets. While generally calm, easy, and already house-trained, these animals often represent the highest-risk population at shelters. With gorgeous, joyful photographs and sweet, funny, true tales of

"old dogs learning new tricks," Coffey and Fusaro show that adopting a senior can be even more rewarding than choosing a younger dog. You'll meet endearing elders like Marnie, the irresistible shih tzu who has posed for selfies with Tina Fey, James Franco, and Betty White; Remy, a soulful nine-year-old dog adopted by elderly nuns; George Clooney's cocker spaniel, Einstein; and Bretagne, the last known surviving search dog from Ground Zero. They may be slower moving and a tad less exuberant than puppies, but these pooches prove that adopting a senior brings immeasurable joy, earnest devotion, and unconditional love.

*A Night to Remember* - Walter Lord 1997

**Underwater Dogs** - Seth Casteel 2012-10-23

The exuberant, exhilarating photographs of dogs underwater that have become a sensation From the water's surface, it's a simple exercise: a dog's leap, a splash, and then a wet head surfacing with a ball, triumphant. But beneath the water is a chaotic ballet of bared teeth and bubbles, paddling paws, fur and ears

billowing in the currents. From leaping Lab to diving Dachshund, the water is where a dog's distinct personality shines through; some lounge in the current, paddling slowly, but others arch their bodies to cut through the water with the focus and determination of a shark. In more than eighty portraits, award-winning pet photographer and animal rights activist Seth Casteel captures new sides of our old friends with vibrant underwater photography that makes it impossible to look away. Each image bubbles with exuberance and life, a striking reminder that even in the most loveable and domesticated dog, there are more primal forces at work. In *Underwater Dogs*, Seth Casteel gives playful and energetic testament to the rough-and-tumble joy that our dogs bring into our lives.

[Pit Bull Flower Power](#) - Sophie Gamand 2018

For decades, pit bulls have been demonized by society and portrayed as hellhounds. They've become the most feared, hated, and abused of all

companion animals. Some cities and even entire countries ban them, while the media persist in associating them with viciousness. This unjust reputation has sealed the fate of millions of dogs, who face prejudice around the world and languish in shelters, where they are the most euthanized. In America alone, hundreds of thousands of pit bulls are put to sleep every year. Since 2014, French photographer Sophie Gamand has been composing portraits of adoptable pit bulls from more than thirty shelters and rescues throughout the United States. Many had been waiting for years for a home. Adorning her models with handmade flower-crowns, Gamand tells each dog's story and celebrates their inherent personality, vulnerability, and individuality. Posted and shared widely on social media, the portraits--at once charming, candid, and deeply affecting--have not only led to hundreds of dogs finding loving, forever homes, but have also spurred efforts to destigmatize an animal whose

reputation for violence says more about us than it does the character of the dogs themselves. Full of moving, honest, and inspiring stories of individual dogs and their lives (and deaths), Pit Bull Flower Power presents a vivid, beautifully composed cross-section of Gamand's

extraordinary work. The book also serves as a testament to the caring people who work in animal rescue, the passion and dedication of those who provide homes for these animals, and the dignity, forbearance, and love of these dogs, who are at the mercy of humans.
