The Making of the British Landscape - Nicholas Crane 2017-10-05

Nicholas Crane's new book brilliantly describes the evolution of Britain's countryside and cities. It is part journey, part history, and it concludes with awkward questions about the future of Britain's landscapes. Nick Crane's story begins with the melting tongues of glaciers and the emergence of a gigantic game-park tentatively being explored by a vanguard of Mesolithic adventurers who have taken the long, northward hike across the land bridge from the continent. The Iron Age develops into a pre-Roman 'Golden Era' and Crane looks at what the Romans did (and didn't) contribute to the British landscape. Major landscape 'events' (Black Death, enclosures, urbanisation, recreation, etc.) are fully described and explored, and he weaves in the role played by geology in shaping our cities, industry and recreation, the effect of climate (and the Gulf Stream), and of global economics (the Lancashire valleys were formed by overseas markets). The co-presenter of BBC's *COAST* also covers the extraordinary benefits bestowed by a 6,000-mile coastline. The 12,000-year story of the British landscape culminates in the twenty-first century, which is set to be one of the most extreme centuries of change since the Ice Age.

Farewell, My Subaru - Doug Fine 2009-03-24

Advance praise for Farewell, My Subaru "Fine is Bryson Funny."

—Santa Cruz Sentinel "Fine is an amiable and self-deprecating storyteller in the mold of Douglas Adams. If you're a fan of Hitchhiker's Guide to the Galaxy-style humor -- and also looking to find out how to raise your own livestock to feed your ice-cream fetish -- Farewell may prove a vital tool." — The Washington Post "Fine is an eco-hero for our time.." — Miami Herald "An afterward offers solid advice and sources for learning more." — On Earth Magazine, Natural Resources Defense Fund "This is Green Acres for the smart set—: a witty and educational look at sustainable living. Buy it, read it, compost it." -A. J. Jacobs, author of The Year of Living Biblically "The details of Doug Fine's experiment in green living are great fun—but more important is the spirit, the dawning understanding that living in connection to something more tangible than a computer mouse is what we were built for. It'll make you want to move!" -Bill McKibben, author of Deep Economy: The Wealth of Communities and the Durable Future Like many Americans, Doug Fine enjoys his creature comforts, but he also knows full well they keep him addicted to oil. So he wonders: Is it possible to keep his Netflix and his car, his Wi-Fi and his subwoofers, and still reduce his carbon footprint? In an attempt to find out, Fine up and moves to a remote ranch in New Mexico, where he brazenly vows to grow his own food, use sunlight to power his world, and drive on restaurant grease. Never mind that he's never raised so much as a chicken or a bean. Or that he has no mechanical or electrical skills. Whether installing Japanese solar panels, defending the goats he found on Craigslist against coyotes, or co-opting waste oil from the local Chinese restaurant to try and fill the new "veggie oil" tank in his ROAT (short for Ridiculously Oversized American Truck), Fine's extraordinary undertaking makes one thing clear: It ain't easy being green. In fact, his journey uncovers a slew of surprising facts about alternative energy, organic and locally grown food, and climate change. Both a hilarious romp and an inspiring call to action, Farewell, My Subaru makes a profound statement about trading today's instant gratifications for a deeper, more enduring kind of satisfaction.

'We have all caught fleeting glimpses of them: the monster under the bed, the dark shadow just out of sight, the knot of unexpected terror in the pit of your stomach' - Kahlan Amnell. The world has been forged anew. Tyranny vanquished, the breach between the living and the dead healed, the stars themselves realigned. It is the triumph Richard Rahl and his wife Kahlan Amnell fought so hard, over so many years, for. Ruling a vast realm encompassing lands and peoples unknown, they have vowed to bring a golden age of peace to a world shattered by terror and war. What Richard does not expect is a demand for his immediate, unconditional surrender. Not of D'Hara, but of the entire world... The Scribbly Man is the first episode in Terry Goodkind's new serial novel, The Children of D'Hara. Told in irresistibly intense instalments, this is the story of a world confronted by an apocalyptic nightmare. If you've read Terry Goodkind before, welcome back. If you haven't, there's no better place to start than here. 'I want to introduce everyone to THE CHILDREN OF D'HARA, a new series that continues the story of the lives of Richard and Kahlan. This is a journey that began 25 years ago with the 1994 release of WIZARD'S FIRST RULE, when Richard first met Kahlan that fateful day in the Hartland woods. After the Sword of Truth series ended, I knew there was more to Richard and Kahlan's story. Much more. A whole world more. For years, readers have asked me about Richard and Kahlan's lives after the Sword of Truth series... and importantly, about their children. While my masterwork, Sword of Truth, concluded with WARHEART - 20 languages and 26 million books sold - I was burning to tell readers more about Richard and Kahlan. For that reason, this new series starts immediately after the 'Sword of Truth' books ended. Without skipping a beat, readers will plunge back into Richard and Kahlan's lives, with new episodes releasing every three months. So it

is that I want to welcome you all back into the Sword of Truth world with many of the characters besides Richard and Kahlan, such as the Mord-Sith, that we have come to love. Learn what the star shift has done to their world and what monsters now lurk in shadows. I promise an arresting, beautiful, and sometimes tragic adventure that will keep you glued to this irresistible story.' - Terry Goodkind.

A NEW YORK TIMES BESTSELLER! AS HEARD ON NPR MORNING EDITION AND ON BEING WITH KRISTA TIPPETT "Katherine May opens up exactly what I and so many need to hear but haven't known how to name." —Krista Tippett, *On Being* "Every bit as beautiful and healing as the season itself. . . . This is truly a beautiful book." —Elizabeth Gilbert "Proves that there is grace in letting go, stepping back and giving yourself time to repair in the dark...May is a clear-eyed observer and her language is steady, honest and accurate—capturing the sense, the beauty and the latent power of our resting landscapes." —Wall Street Journal An intimate, revelatory book exploring the ways we can care for and repair ourselves when life knocks us down. Sometimes you slip through the cracks: unforeseen circumstances like an abrupt illness, the death of a loved one, a break up, or a job loss can derail a life. These periods of dislocation can be lonely and unexpected. For May, her husband fell ill, her son stopped attending school, and her own medical issues led her to leave a demanding job. *Wintering* explores how she not only endured this

painful time, but embraced the singular opportunities it offered. A moving personal narrative shot through with lessons from literature, mythology, and the natural world, May's story offers instruction on the transformative power of rest and retreat. Illumination emerges from many sources: solstice celebrations and dormice hibernation, C.S. Lewis and Sylvia Plath, swimming in icy waters and sailing arctic seas. Ultimately *Wintering* invites us to change how we relate to our own fallow times. May models an active acceptance of sadness and finds nourishment in deep retreat, joy in the hushed beauty of winter, and encouragement in understanding life as cyclical, not linear. A secular mystic, May forms a guiding philosophy for transforming the hardships that arise before the ushering in of a new season.

The Redemption of Althalus - David Eddings 2001-01-23

David and Leigh Eddings were mythmakers and world builders of the first order. With *The Redemption of Althalus*, the authors of the Belgariad and Malloreon sagas created a thrilling stand-alone epic—boldly written and brilliantly imagined. It would be sheer folly to try to conceal the true nature of Althalus, for his flaws are the stuff of legend. He is, as all men know, a thief, a liar, an occasional murderer, an outrageous braggart, and a man devoid of even the slightest hint of honor. Yet of all the men in the world, it is Althalus, unrepentant rogue and scoundrel, who will become the champion of humanity in its desperate struggle against the forces of an ancient god determined to return the universe to nothingness. On his way to steal *The Book* from the House at the End of the World, Althalus is confronted by a cat—a cat with eyes like emeralds, the voice of a woman, and the powers of a goddess. She is Dweia, sister to The Gods and a greater thief even than Althalus. She must be: for in no time at all, she has stolen his heart. And more. She has stolen time itself. For when Althalus leaves the House at the End of the World, much wiser but not a day older than when he'd first entered it, thousands of years have gone by. But Dweia is not the only one able to manipulate time. Her evil brother shares the power, and while Dweia has been teaching Althalus the secrets of *The Book*, the ancient God has been using the dark magic of his own *Book* to rewrite history. Yet all is not lost. But only if Althalus, still a thief at heart, can bring together a ragtag group of men, women, and children with no reason to trust him or each other. Praise for *The Redemption of Althalus* "Highly recommended . . . Featuring a cast of engaging characters, some fanciful plot twists, and a light-hearted atmosphere that should appeal strongly to fans and first-time readers alike."—Library Journal "The story takes off. The interactions between characters, straightforward plotting, and doses of wry humor keep the tale humming."—Booklist "An engaging young reprobate hero . . . [A] magical realm of good-natured fun."—Publishers Weekly "A compelling, involving story."—Science Fiction Chronicle
