Merely said, the Goode On Commercial Law Fourth Edition By Ewan Mckendrick 2010 01 28 is universally compatible past any devices to read.

*Transnational Commercial Law: International Instruments and Commentary* - Roy Goode

2012-03-29

Transnational commercial law represents the

outcome of work undertaken to harmonize national laws affecting domestic and cross-border transactions and is upheld by a diverse spectrum of instruments. Now in its second edition, this authoritative work brings together the major instruments in this field, dividing them into thirteen groups: Treaty Law, Contracts, Electronic Commerce, International Sales, Agency and Distribution, International Credit Transfers and Bank Payment Undertakings, International Secured Transactions, Cross-Border Insolvency, Securities Custody, Clearing and Settlement and Securities Collateral, Conflict of Laws, Civil Procedure, Commercial Arbitration, and a new section on Carriage of Goods. Each group of instruments is preceded by linking text which provides important context by identifying the key instruments in each group, discussing their purposes and relationships, and explaining the major provisions of each instrument, thus setting them in their commercial context. This volume is

unique in providing the full text of international conventions, including the preamble - which is important for interpretation - and the final clauses and any annexes. In addition, each instrument is accompanied by a complete list of dates of signature and ratification by all contracting states, all easily navigated through the detailed tables of contents which precedes it. This fully-indexed work provides an indispensable guide for the practitioner or academic to the primary transnational commercial law instruments.

Jurists Uprooted - J. Beatson 2004

As a result of the Nazi-regime, German law faculties lost just over a quarter of their members. Recent years have seen a growing body of literature on the contribution of scientists, historians, and literary and artistic figures who were forced to leave Germany and Austria after Hitler came to power. This volume is the first study of the important contribution of refugee and emigre legal scholars to the

development of English law. It considers nineteen legal scholars originally trained in Germany or Austria, (fifteen of whom were expelled from their posts in the 1930s) and who made their home in England, and assesses their contribution to scholarship in a very different legal system from that which they left.

*Principles of English Commercial Law* - Andrew Burrows 2016-12-15

*Principles of English Commercial Law* provides students with a high-quality overview of this key area of English law. Drawing together updated chapters from the third edition of *English Private Law*, the subjects covered include the law on agency, sale of goods, carriage of goods by sea, carriage of goods by air and land, insurance, banking, bailment, security, and insolvency. Written by a team of acknowledged experts, the chapters give a clear, simple, and accurate overview of the guiding principles and rules of English commercial law, a vital topic in law degrees and on professional courses.

Whether looking for an accessible, conceptual introduction to the area or a handy revision reference, students will find this book invaluable.

*Common Law and Modern Society* - Mary Arden 2015

Law is a lasting social institution, but it must also be responsive to change. In this volume Mary Arden draws upon her experience to examine how judge-made law adapts to the evolving demands of society, how law reform works in practice, and the future of the judiciary in our diverse modern culture.

*Commercial and Consumer Law* - M. P. Furmston 2010

This volume contains summaries of the essential cases & extracts from key legislative provisions that you will need to draw upon when answering problem or essay questions. Debate & issue boxes are included to highlight contentious areas of the law & help you refine your critical analysis skills.

## **Principles of Corporate Insolvency Law -**

Royston Miles Goode 2005-01-01

This text explores in depth the fundamental principles of corporate insolvency law and the many conceptual and analytical problems posed by the legislation and offers both theoretical and practical solutions.

## **The Future of the Commercial Contract in Scholarship and Law Reform -**

Maren Heidemann 2018-11-02

This book explores commercial contract law in scholarship and legal practice, suggests new research agendas and provides a forum for debate of typical issues that might benefit from further attention by scholarship and legislatures. The authors from over ten different jurisdictions take an international and comparative approach. Not confined to EU law it re-opens the debate internationally and seeks to reclaim the wider meaning of European law as rooted in geography and cultural legal heritage. There is a need to focus on commercial contracts in more

detail in research and legislation. The transactional approach, the role of recent law reform, including the new French Civil Code, cross-border dealings, substantive contract law in public international law and ICSID arbitration as well as current contractual practices like OEM, CSR, contractual co-operation, sustainability and intra-corporate arbitration contribute to a wider regulatory outlook for commercial transactions.

## **Principles, Definitions and Model Rules of European Private Law -**

Study Group on a European Civil Code 2008  
In this volume, the Study Group and the Acquis Group present the first academic Draft of a Common Frame of Reference (DCFR). The Draft is based in part on a revised version of the Principles of European Contract Law (PECL) and contains Principles, Definitions and Model Rules of European Private Law in an interim outline edition. It covers the books on contracts and other juridical acts, obligations and

corresponding rights, certain specific contracts, and non-contractual obligations. One purpose of the text is to provide material for a possible "political" Common Frame of Reference (CFR) which was called for by the European Commission's Action Plan on a More Coherent European Contract Law of January 2003.

**Remedies for Torts and Breach of Contract** - Andrew S. Burrows 2004

Now in its third edition this popular text has been comprehensively rewritten to take account of all new developments in the law, as well as Law Commission reports and academic writings. The book has also been restructured and divided into parts which correspond to the primary functions of the remedies for torts and breach of contract, namely compensation, restitution and punishment, compelling performance or preventing (or compelling the undoing of) a wrong, and declaring rights. Reflecting their increased importance in practice, and the considerable recent academic attention devoted

to them, there is also a new chapter on remedies for equitable wrongs such as breach of fiduciary duty and reach of confidence.

**Goode on Payment Obligations in Commercial and Financial Transactions** - Royston Miles Goode 2009

Aims to provide explanations of the specialist terms and the context in which they are used, regarding the introduction of the Single European Market and the move towards full economic and political integration. This volume considers the implications of politico-economic integration for Italy

*Human Resources in Healthcare* - Bruce Fried 2015

Instructor Resources: PowerPoint slides, chapter overviews, suggested class activities and assignments, and a transition guide to the new edition. Chapter 13 Excel Model for Students (click here for access) *Human Resources in Healthcare: Managing for Success*, Fourth Edition, presents the techniques and practices

behind effective management of people--the healthcare profession's most important asset. It provides the concepts and practical tools necessary for meeting the unique challenges in today's healthcare environment. This edition has been thoroughly revised and includes the following new content: An expanded chapter on employment law and employee relations A new chapter on credentialing of healthcare providers A thorough update on staff recruitment, selection, and retention practices An expanded section on performance management, including workplace bullying A new chapter on workforce planning in a rapidly changing healthcare system A new chapter on nurse staffing in healthcare organizations New problem-based learning cases to engage students and expand learning comprehension Updated short cases, discussion questions, and exercises throughout *International Business Law and the Legal Environment* - Larry A. DiMatteo 2021-01-29 The fourth edition of International Business Law

and the Legal Environment: A Transactional Approach gives business and law students a clear understanding of the legal principles that govern international business. This book goes beyond compliance by emphasizing how to use the law to create value and competitive advantage. DiMatteo's transactional approach walks students through key business transactions—from import and export, contracts, and finance to countertrade, dispute resolution, licensing, and more—giving them both context and providing real-world applications. More concise than previous editions, this new edition also features:

- Added coverage of new technologies, such as smart contracts, digital platforms, and blockchain technology
- Discussion of businesses and sustainability, climate change, and creating a circular economy
- Greater focus on UNIDROIT Principles and a review of INCOTERMS 2020
- Expansion of common carrier coverage to include CMI trucking and CMR railway conventions

International perspective and use of a variety of national and international law materials • Great coverage of EU substantive law Upper-level undergraduate and postgraduate students of business law and international business will appreciate DiMatteo's lucid writing style, and professionals will find this book to be a comprehensive resource. Online resources include an instructor's manual, PowerPoint slides, test bank, and other tools to provide additional support for students and instructors.

Transnational Commercial Law - Maren Heidemann 2018-11-14

Transnational Commercial Law is a textbook that deals predominantly with substantive legal contract rules that apply across borders and are designed to govern cross-border business transactions. This is an emerging field of research, teaching and practical interest in international trade and commercial law, requiring reference to multiple areas of law, including both private and public international

law, the law of specific commercial transactions and arbitration. For the first time Transnational Commercial Law combines all these relevant issues in one book, and provides a basis for further study as well as detailed, cutting edge academic analyses. It provides a compact yet accessible guide to the most important cornerstones of this evolving legal discipline. Transnational Commercial Law is aimed primarily for use on LLM courses and master's programmes in commercial law. Students are presented with the actual contractual rules in the wider context of the general legal framework, and situates it within the theoretical debate, providing a truly international perspective on transnational commercial law in a globalised world.

**Payment Obligations in Commercial and Financial Transactions** - Royston Miles Goode 1983

Presents an account of the legal issues relevant to Scottish psychiatric practice, explaining how

the Scottish legal system deals with mental health issues, and outlines psychiatric care systems. Meant for those involved with mental health and the law in Scotland, this title provides analysis of the Mental Health legislation.

Contract Law Minimalism - Jonathan Morgan  
2013-11-07

Commercial contract law is in every sense optional given the choice between legal systems and law and arbitration. Its 'doctrines' are in fact virtually all default rules. Contract Law Minimalism advances the thesis that commercial parties prefer a minimalist law that sets out to enforce what they have decided - but does nothing else. The limited capacity of the legal process is the key to this 'minimalist' stance. This book considers evidence that such minimalism is indeed what commercial parties choose to govern their transactions. It critically engages with alternative schools of thought, that call for active regulation of contracts to promote either economic efficiency or the trust and co-

operation necessary for 'relational contracting'. The book also necessarily argues against the view that private law should be understood non-instrumentally (whether through promissory morality, corrective justice, taxonomic rationality, or otherwise). It sketches a restatement of English contract law in line with the thesis.

**Sealy and Hooley's Commercial Law** - David (Professor of Common Law Fox, University of Edinburgh) 2020-07-02

Sealy and Hooley's Commercial Law: Text, Cases, and Materials provides students with an extensive and valuable range of extracts from key cases and writings in this most dynamic field of law. The authors' expert commentary and questions enliven each topic while emphasizing the practical application of the law in its business context. Five renowned experts in the field continue the legacy of Richard Hooley and Len Sealy, capturing the essence of this fascinating topic at a time of significant legislative,

regulatory, and political change.

JC Smith's the Law of Contract - Paul S. Davies  
2021

'JC Smith's The Law of Contract' provides a superb overview of all the key areas of contract law making this book ideal for use on all undergraduate courses. A focus on key cases acts a springboard into analysis and critical discussion enabling students to really understand the fundamentals of the subject.

*Commercial Law (77-500653 & 24-6125-00L)* -  
2018

**Commercial Law** - M. A. Clarke 2017

Commercial Law: Text, Cases, and Materials provides students with an extensive and valuable range of extracts from key cases and writings in this most dynamic field of law. The authors' expert commentary and questions enliven each topic while emphasizing the practical application of the law in its business context. Len Sealy and Richard Hooley have been joined by four

renowned experts in the field for the preparation of this edition. The authors have captured the essence of this fascinating topic at a time of significant legislative, regulatory, and political change.

**Atiyah and Adams' Sale of Goods** - Christian Twigg-Flesner 2021

"Once more, we were delighted to take on the task of updating this text for its 14th edition, having taken over editorial responsibilities from the late John Adams from the 13th edition. In our preface to the previous edition, we recorded the sudden passing of Professor Adams. Sadly, in this preface, we must note another passing: on 30 March 2018, Patrick Atiyah, who wrote the 1st-8th editions of this book and continues to give the book its name, passed away at the age of 87. Patrick was one of those giants of academic contract law whose contributions continue to be read and to inspire scholars everywhere. We are both mindful of our task to maintain the scholarly rigour which he gave to

this book as we take it into the future. This edition is also the first time since the 9th edition without a Scottish editor. Professor Hector MacQueen had been responsible for adding Scottish content since the 10th edition (2001), but decided that he would discontinue this role after the 13th edition was published in 2016. We are very grateful for Hector's contributions to the work. On the advice of the book's publishers, this edition has been put together without the benefit of a Scottish editor, although we have, of course, continued to take decisions from the Scottish courts into account in updating the various chapters. Since the last edition was published, there have been few major developments in the law on the sale of goods, aside from the difficult ruling by the Supreme Court in *PST Energy 7 Shipping LLC v OW Bunker Malta Ltd* [2016] UKSC 23 (which arrived too late for proper consideration in the previous edition). We have updated the text in light of recent cases and academic writings

where appropriate. Furthermore, we have continued our task of streamlining the running order of the chapters, and we have sought to make gentle updates to the language of the book, preserving its rigour but ensuring it remains accessible to a contemporary audience. In some instances, we have curtailed or removed altogether the detailed discussion of the pre-1994 case-law which had become redundant as a result of the changes made to the Sale of Goods Act at that time. The rise of digital technology and new business models in the digital economy will invariably have an impact on the law concerning the sale of goods, but at this point, the real impact is not yet known. In some places, we have alluded to the possible significance of digital technology, and this could well become a more significant theme in future editions"--

**The Trustee's Handbook** - Vicki Ammundsen  
2015

"This fourth edition includes more than 120

precedent minutes and resolutions - all reproduced on an accompanying CD. The precedents reflect the sorts of decisions that trustees most often make and matters that trustees need to take into consideration. In addition, the book includes comprehensive and practical checklists (also on the CD) to guide trustees as they go about the day to day business of being a trustee"--Publisher information.  
Boundaries of Commercial and Trade Law - Gonzalo Villalta Puig 2011-11-14

*Comparative Company Law* - Carsten Gerner-Beuerle 2019-05-06  
Comparative Company Law provides a systematic and coherent exposition of company law across jurisdictions, augmented by extracts taken from key judgments, legislation, and scholarly works. It provides an overview of the legal framework of company law in the US, the UK, Germany, and France, as well as the legislative measures adopted by the EU and the

relevant case law of the Court of Justice. The comparative analysis of legal frameworks is firmly grounded in legal history and legal and economic theory and bolstered by numerous extracts (including extracts in translation) that offer the reader an invaluable insight into how the law operates in context. The book is an essential guide to how company law cuts across borders, and how different jurisdictions shape the corporate lifespan from its formation by way of incorporation to its demise (corporate insolvency) and eventual dissolution. In addition, it offers an introduction to the nature of the corporation, the framework of EU company law, incorporation and corporate representation, agency problems in the firm, rights of stakeholders and shareholders, neutrality and defensive measures in corporate control transactions, legal capital, piercing the corporate veil, and corporate insolvency and restructuring law.

**Principles of Banking Law** - Ross Cranston

2018-02-08

This third edition of the Principles of Banking Law provides an authoritative treatment of both domestic and international banking law. This edition contains expanded coverage of developments in other comparable jurisdictions, internet banking services and money laundering.

Understanding and Negotiating Commercial Contracts - Aditya Tripathi 2022-03-28

“If cash is the bloodline, contracts are the veins for business through which this blood flows.” Commercial business contracts sometimes are a mirage for legal professionals and more so for law students and other professionals. They are the main source of value creation or destruction for any organization. This book offers guidance to understand and navigate through all topics in a commercial B2B contract and enable the readers to negotiate and draft better commercial contracts so that contracts became a source of value generation and lasting business relationship because “strong boundary walls

make neighbours gel better and longer”. If you are worried that your contracts may have “landmines” that could affect your business and margins and you wanted to use commercial contracts as a tool for value generation, then this book is for you. This book helps you avoid the “landmines” and create or spot “goldmines” in commercial contracts. The book is written and designed in a non-legal vocabulary so that both legal and non-legal professionals can use this book and extract the benefits of efficient commercial contracts.

**Research Handbook on EU Private**

**International Law** - Peter Stone 2015-05-29

The harmonisation of private international law in Europe has advanced rapidly since the entry into force of the Treaty of Amsterdam. Most aspects of private international law are now governed or at least affected by EU legislation, and there is a subst

**Goode on Commercial Law** - Royston Miles  
Goode 2010

THE MOST UP-TO-DATE, COMPREHENSIVE BOOK ON THE THEORY AND PRACTICE OF COMMERCIAL TRANSACTIONS. This classic work lays out both the theoretical framework of commercial law and the application of fundamental principles to typical business and financial transactions, explaining complex ideas with great clarity. With its unique combination of theory and practice, it is widely acclaimed by practising lawyers in many countries, and by law teachers and students, and it has been extensively cited in judicial decisions, from the House of Lords downwards. This new edition has been revised to bring the work completely up to date, incorporating a treatment of a significant number of leading cases in commercial law, as well as numerous important new developments affecting international commercial transactions. 'Searching analysis and meticulous exposition coupled with a lucid clarity of style and a relaxed lightness of touch combine to make the book not only compulsory but compulsive reading for

anyone interested in its field' LAW QUARTERLY REVIEW 'A work of immense scholarship . . . Professor Goode's work must be as nearly exhaustive as can be possible and as produced by Penguin is a triumph of paperback publishing' SOLICITOR'S JOURNAL 'Clear and comprehensive . . . The student and practitioner will find it indispensable; the interested layperson too will benefit from it as a work of reference' BRITISH BUSINESS 'A veritable tour de force' BUSINESS LAW REVIEW New Features in Contract Law - Reiner Schulze 2007-01-01

Economic change, globalisation and harmonisation of European Law have brought new challenges to contract law. The contributions in this Volume by prominent legal scholars deal with current trends and perspectives in European and International Contract Law and their impact on the various domestic legal systems. The Compendium provides an analysis of new developments in

formation of contract, performance and remedies, consumer contract law and the particularly controversial area of anti-discrimination law. Experts in their field examine the underlying legal principles and problems arising in legal practice in Common Law and Civil Law. The essays written in English, German and French are the product of a series of lectures held in 2006 at the Centre for European Private Law (CEP) at the University of Münster, Germany. The contributing authors are: John Adams, Hugh Beale, Giuditta Cordero-Moss, Barbara Dauner-Lieb, Michele Graziadei, Thomas Gutmann, Geraint Howells, Simon James, Paul Lagarde, Matthias Lehmann, Peter Møgelvang-Hansen, Salvatore Patti, Thomas Pfeiffer, John C. Reitz, Judith Rochfeld, Martin Schmidt-Kessel, Jürgen Schmidt-Räntsch, Alessandro Somma, Stefano Troiano, Christian Twigg-Flesner, Antoni Vaquer Aloy and Fryderyk Zoll.

### **Non-State Rules in International**

### **Commercial Law - Johanna Hoekstra**

2021-03-16

Through further technological development and increased globalization, conducting business abroad has become easier, especially for Small and Medium Enterprises (SME). However, the legal issues associated with international commerce have not lessened in complexity, including the role of non-state rules. The book provides a comprehensive analysis of non-state rules in international commercial contracts. Non-state rules have legal authority in the national and international sphere, but the key question is how this legal authority can be understood and established. To answer this question this book examines first what non-state rules are and how their legal authority can be measured, it then analyses how non-state rules are applied in different scenarios, including as the applicable law, as a source of law, or to interpret either the law or the contract. Throughout this analysis three other important

questions are also answered: when can non-state rules be applied? when are they applied? and how are they applied? The book concludes with a framework and classification that leads to a deeper understanding of the legal authority of non-state rules. Providing a transnational perspective on this important topic, this book will appeal to anyone researching international commercial law. It will also be a valuable resource for arbitrators and anyone working in international commercial litigation.

**Searching and Seizing Computers and Obtaining Electronic Evidence in Criminal Investigations** - Orin S. Kerr 2001

**Goode and McKendrick on Commercial Law**  
- Roy Goode 2021-03-25

The sixth edition of the authoritative and acclaimed commercial law text 'A great book ... will be equally useful to legal practitioners, students and business people' Financial Times  
This sixth edition of Goode on Commercial Law,

now retitled Goode and McKendrick on Commercial Law, remains the first port of call for the modern day practitioner with its theoretical and practical coverage of commercial law in both a national and an international context. Now updated to cover the most recent legal and technical changes, this highly acclaimed and authoritative text, which is regularly cited by all courts from the Supreme Court downwards, combines a deep theoretical analysis of foundational principles with a practical approach in the context of typical commercial and financial transactions. It is also replete with diagrams and specimen forms covering a wide range of transactions.

'Searching analysis and meticulous exposition coupled with a lucid clarity of style and a relaxed lightness of touch combine to make the book not only compulsory but compulsive reading for anyone interested in its field' Law Quarterly Review 'A work of immense scholarship ... Professor Goode's work must be as nearly

exhaustive as can be possible and as produced by Penguin is a triumph of paperback publishing' Solicitor's Journal 'Clear and comprehensive ... The student and practitioner will find it indispensable; the interested layperson too will benefit from it as a work of reference' British Business 'A veritable tour de force' Business Law Review

**BARRONS ACT STUDY GUIDE.** - Brian Stewart 2021

Benjamin's Sale of Goods - Anthony Gordon Guest 1987

*Lex Mercatoria* - Francis D. Rose 2000  
This collection of essays has been written in honour of Francis Reynolds upon his retirement, in recognition of his great service to the law during his distinguished career. They cover the areas in which Francis Reynolds has been most active - English commercial and maritime law in an international context. Topics covered include

contract law, the law of agency, carriage of goods by sea, international sale of goods, bankers' commercial credits and conflict of laws.

**Uniformity of Transport Law through International Regimes** - Olena Bokareva 2019  
Uniformity of Transport Law through International Regimes addresses the problem of uniformity of transport law and the potential solutions at international and EU levels. It concerns transport conventions and other instruments dealing mainly with carriage of goods by sea and multimodal transport as well as examining the Rotterdam Rules as one of the solutions towards uniformity in carriage of goods law. The discussion on international uniformity in transport law is complemented by an examination of regional harmonization in the context of EU law-making and jurisprudence in the field of international transport. The comparison between international and regional regimes reveals the complexities in application and interpretation of the certain transport

conventions which is detrimental to achieving uniformity.

*Philosophical Foundations of the Law of Unjust Enrichment* - Robert Chambers 2009

Introduction /Robert Chambers, Charles Mitchell, and James Penner --Correctively unjust enrichment /Ernest J Weinrib --Restitution's realism /Hanoch Dagan --The normative foundations of unjust enrichment /Dennis Klimchuk --Resisting temptations to 'justice' /Mitchell McInnes --The nature of responsibility for gain : gain, harm, and keeping the lid on Pandora's box /Kit Barker --Unjust enrichment : nearer to tort than contract /Stephen A. Smith -- The meaning of loss and enrichment /James Edelman --Two kinds of enrichment /Robert Chambers --Philosophical foundations of proprietary remedies /Lionel Smith --Value, property, and unjust enrichment : trusts of traceable proceeds /James Penner --Property, unjust enrichment and defective transfers /Charlie Webb --'Mistakes of law' and legal

reasoning : interpreting *Kleinwort Benson v Lincoln City Council* /Aruna Nair --Unjust enrichment and the idea of public law /Charles Mitchell and Peter Oliver --Unconscionable enrichment? /Prince Saprai.

*Proactive Policing* - National Academies of Sciences, Engineering, and Medicine 2018-03-23  
Proactive policing, as a strategic approach used by police agencies to prevent crime, is a relatively new phenomenon in the United States. It developed from a crisis in confidence in policing that began to emerge in the 1960s because of social unrest, rising crime rates, and growing skepticism regarding the effectiveness of standard approaches to policing. In response, beginning in the 1980s and 1990s, innovative police practices and policies that took a more proactive approach began to develop. This report uses the term "proactive policing" to refer to all policing strategies that have as one of their goals the prevention or reduction of crime and disorder and that are not reactive in terms of

focusing primarily on uncovering ongoing crime or on investigating or responding to crimes once they have occurred. Proactive policing is distinguished from the everyday decisions of police officers to be proactive in specific situations and instead refers to a strategic decision by police agencies to use proactive police responses in a programmatic way to reduce crime. Today, proactive policing strategies are used widely in the United States. They are not isolated programs used by a select group of agencies but rather a set of ideas that have spread across the landscape of policing. Proactive Policing reviews the evidence and discusses the data and methodological gaps on: (1) the effects of different forms of proactive policing on crime; (2) whether they are applied in a discriminatory manner; (3) whether they are being used in a legal fashion; and (4) community reaction. This report offers a comprehensive evaluation of proactive policing that includes not only its crime prevention impacts but also its

broader implications for justice and U.S. communities.

### **Trade Usages and Implied Terms in the Age of Arbitration** - Fabien Gélinas 2016

In 'Trade Usages and Implied Terms in the Age of Arbitration', Fabien Gélinas, along with a distinguished group of leaders from the international community, provide a clear explanation of how usages, and more generally the implicit or implied content of international commercial contracts, are approached by some of the most influential legal systems in the world.

### **Goode on Legal Problems of Credit and Security** - Heather Keating 2014-07-28

The new 5th edition of this acclaimed work provides a concise and lucid explanation of the law and regulation of credit and security.

### Commercial Law - Eric Baskind 2019-04-11

Commercial Law offers a fresh, modern, and stimulating exploration of this diverse and fascinating area of law. The text provides

thorough coverage of all key aspects of the syllabus, including the law of agency, the sale of goods, international trade, and methods of payment, finance, and security. This coverage is enhanced through a range of novel learning features, including examples, definitions, and diagrams, that encourage understanding and demonstrate how the principles behind the law are applied in practical transactions. Online

Resources This text is accompanied by online resources, including bonus chapters on insurance law, consumer credit, competition law, commercial ADR, and the Convention on the International Sale of Goods, multiple choice questions, answer guidance for the questions in the textbook, further reading, glossary flashcards, a referencing guide
