I'm Coming To Take You To Lunch - Simon Napier-Bell 2013-04-30

Pop manager extraordinaire Simon Napier-Bell had had enough. He'd had enough of pop groups. He'd had enough of the constant grief at home with his two ex-boyfriends bickering and bleeding him dry; and most of all he'd had enough of the music biz. But then he fell in love with a new

passion - the Far East; and a dynamic new duo - George and Andrew - jointly called Wham! Soon, in an audacious attempt to have the best of both worlds, he found himself offering to arrange for Wham! to be the first ever Western pop group to play in communist China - a masterstroke of PR which, in one swift stroke, would make them one of the biggest groups in the world. What follows is an exciting, unpredictable and hilarious romp around the more curious corners of the world as Napier-Bell dives into the unknown, attempting to achieve the unachievable. We soon find ourselves in the company of a wonderful cast of petulant pop stars, shady international 'businessmen', and a hilarious confusion of spies, students and institutionalised officials and ministers as he edges ever closer to inadvertently becoming one of the first Westerners to break down the walls of communist China.

The Komedie Stamboel -
Matthew Isaac Cohen 2006
Matthew Isaac Cohen's

evocative social history situates the Komedie Stamboel in the culture of empire and in late nineteenth-century itinerant entertainment. He shows how the theater was used as a symbol of cross-ethnic integration in postcolonial Indonesia and as an emblem of Eurasian cultural accomplishment by Indische Nederlanders. A pioneering study of nineteenth-century Southeast Asian popular culture, *The Komedie Stamboel* gives a new picture of the region's arts and culture and explores the interplay of currents in global culture, theatrical innovation, and movement in colonial Indonesia.

Her Again - Michael Schulman
2016-04-26

A portrait of a woman, an era, and a profession: the first thoroughly researched biography of Meryl Streep that explores her beginnings as a young woman of the 1970s grappling with love, feminism, and her astonishing talent In 1975 Meryl Streep, a promising young graduate of

the Yale School of Drama, was finding her place in the New York theater scene. Burning with talent and ambition, she was like dozens of aspiring actors of the time—a twenty-something beauty who rode her bike everywhere, kept a diary, napped before performances, and stayed out late “talking about acting with actors in actors’ bars.” Yet Meryl stood apart from her peers. In her first season in New York, she won attention-getting parts in back-to-back Broadway plays, a Tony Award nomination, and two roles in Shakespeare in the Park productions. Even then, people said, “Her. Again.” Her Again is an intimate look at the artistic coming-of-age of the greatest actress of her generation, from the homecoming float at her suburban New Jersey high school, through her early days on the stage at Vassar College and the Yale School of Drama during its golden years, to her star-making roles in The Deer Hunter, Manhattan, and Kramer vs. Kramer. New Yorker contributor Michael

Schulman brings into focus Meryl’s heady rise to stardom on the New York stage; her passionate, tragically short-lived love affair with fellow actor John Cazale; her marriage to sculptor Don Gummer; and her evolution as a young woman of the 1970s wrestling with changing ideas of feminism, marriage, love, and sacrifice. Featuring eight pages of black-and-white photos, this captivating story of the making of one of the most revered artistic careers of our time reveals a gifted young woman coming into her extraordinary talents at a time of immense transformation, offering a rare glimpse into the life of the actress long before she became an icon.

Music and the Child - Natalie Sarrazin 2016-06-14

Children are inherently musical. They respond to music and learn through music.

Music expresses children's identity and heritage, teaches them to belong to a culture, and develops their cognitive well-being and inner self worth. As professional instructors, childcare workers, or students looking forward to a career working with children, we should continuously search for ways to tap into children's natural reservoir of enthusiasm for singing, moving and experimenting with instruments. But how, you might ask? What music is appropriate for the children I'm

working with? How can music help inspire a well-rounded child? How do I reach and teach children musically? Most importantly perhaps, how can I incorporate music into a curriculum that marginalizes the arts? This book explores a holistic, artistic, and integrated approach to understanding the developmental connections between music and children.

This book guides professionals to work through music, harnessing the processes that underlie music learning, and outlining developmentally appropriate methods to understand the role of music in children's lives through play, games, creativity, and movement. Additionally, the book explores ways of applying music-making to benefit the whole child, i.e., socially, emotionally, physically, cognitively, and linguistically.

The Borden Murders - Sarah Miller 2019-05-07

With murder, court battles, and sensational newspaper headlines, the story of Lizzie Borden is compulsively readable and perfect for the Common Core. Lizzie Borden took an axe, gave her mother forty whacks. When she saw what she had done, she gave her father forty-one. In a compelling, linear narrative,

Miller takes readers along as she investigates a brutal crime: the August 4, 1892, murders of wealthy and prominent Andrew and Abby Borden. The accused? Mild-mannered and highly respected Lizzie Borden, daughter of Andrew and stepdaughter of Abby. Most of what is known about Lizzie's arrest and subsequent trial (and acquittal) comes from sensationalized newspaper reports; as Miller sorts fact from fiction, and as a legal battle gets underway, a gripping portrait of a woman and a town emerges. With inserts featuring period photos and newspaper clippings—and, yes, images from the murder scene—readers will devour this nonfiction book that reads like fiction. A School Library Journal Best Book of the Year “Sure to be a hit with true crime fans everywhere.”

Gunpowder & Glory - Harry Smees
2020-04-15

The thrilling biography of the brilliant British inventor and daredevil war hero whose

efforts saved countless lives during WWI. Though he only lived to be 33, Wing Commander Frank Brock had accomplished much in his short life. The scion of the world-famous Brock Fireworks company, he is best known as the inventor of the Brock Bullet—the explosive bullet used to destroy German Zeppelins. He also invented the Dover Flares which lit up the sea at night and forced U-boats into deep mine fields. But his exploits went far beyond the engineering lab. As a secret agent Brock dashed to France on his wedding day, snuck into Switzerland, rowed across Lake Constance into enemy territory, and orchestrated the world's first strategic bombing raid at the zeppelin factory in Friedrichshafen, Germany. On the day of his untimely death, he led the charge in a surprise naval attack on Zeebrugge, Belgium, only made possible by the smoke screen he invented to mask their approach. Co-authored by his grandson, *Gunpowder and Glory* tells more than Brock's amazing life

of invention and heroism. Woven into the narrative is the dazzling history of C.T. Brock & Company Fireworks, the world-famous firm started by Frank's five-times great-grandfather.

Ukelyptus - Music in Minutes - Gerard 2012-09

Music In Minutes, is a method book, designed to both learn ukulele as well as teach music through song. It has been developed with even the most novice musician in mind and is suitable for ages 10-110. Our approach to achieving fantastic results is based on many years of experience in composition and performance, along with sound pedagogical and psychological principle. Fast-track your musical progress. You will be literally playing and singing (plinging) along in just minutes to the accompanying musical tracks as you work your way through the progressively ordered tunes. There are even heaps of songs that exclusively utilise chord shapes (finger positions on the fret board) requiring just one finger! To make things even

easier, the first 30 songs are based on a simple repeated chord pattern. It's just so simple, but this by no means compromises any musicality. We believe that there is great sophistication in simplicity, and where confusion is eliminated, both understanding and joy are increased.

Murder, Mayhem and Music

Hall - Barry Anthony
2015-02-27

The Strand is one of London's most iconic streets - today the bustling and thriving home of West End theatres and the luxurious Savoy hotel; in the Victorian era, the Strand was a much more seedy and destitute part of the city. Barry Anthony here explores the criminal and socially subversive behaviour which abounded in and around the Victorian Strand. He introduces us to a vast range of personalities - from prostitutes, confidence tricksters, vagrants and cadgers to the actors, comedians and music hall stars who trod the boards of the Strand's early theatres.

Third Grade Angels - Jerry Spinelli 2012-09-01

The long-awaited prequel to the bestseller *FOURTH GRADE RATS* George, aka "Suds," has just entered third grade, and he's heard the rhyme about "first grade babies/second grade cats/third grade angels/fourth grade rats," but what does this mean for his school year? It means that his teacher, Mrs. Simms, will hold

a competition every month to see which student deserves to be awarded "the halo" - which student is best-behaved, kindest to others, and, in short, perfect. Suds is determined to be the first to earn the halo, but he's finding the challenge of always being good to be more stressful than he had anticipated. Does he have to be good even outside of school? (Does he have to be nice to his annoying little sister?) And if Mrs. Simms doesn't actually see him doing a good deed, does it even count? A warm, funny return to elementary school from master storyteller Spinelli.

Satan's Circus - Mike Dash
2007-06-12

They called it Satan's Circus—a square mile of Midtown Manhattan where vice ruled, sin flourished, and depravity danced in every doorway. At the turn of the twentieth century, it was a place where everyone from the chorus girls to the beat cops was on the take and where bad boys became wicked men; a place where an upstanding young policeman such as Charley Becker could become the crookedest cop who ever stood behind a shield. Murder was so common in the vice district that few people were surprised when the loudmouthed owner of a shabby casino was gunned down on the steps of its best hotel. But when, two weeks later, an ambitious district attorney charged Becker with ordering the murder, even the denizens of Satan's Circus were surprised. The handsome

lieutenant was a decorated hero, the renowned leader of New York's vice-busting Special Squad. Was he a bad cop leading a double life, or a pawn felled by the sinister rogues who ran Manhattan's underworld? With appearances by the legendary and the notorious—including Big Tim Sullivan, the election-rigging vice lord of Tammany Hall; future president Theodore Roosevelt; beloved gangster Jack Zelig; and the newly famous author Stephen Crane—Satan's Circus brings to life an almost-forgotten Gotham. Chronicling Charley Becker's rise and fall, the book tells of the raucous, gaudy, and utterly corrupt city that made him, and recounts not one but two sensational murder trials that landed him in the electric chair.
