Protecting Your Internet Identity - Ted Claypoole 2016-11-16

People research everything online - shopping, school, jobs, travel - and other people. Your online persona is your new front door. It is likely the first thing that new friends and colleagues learn about you. In the years since this book was first published, the Internet profile and reputation have grown more important in the vital human activities of work, school and relationships. This updated edition explores the various ways that people may use your Internet identity, including the ways bad guys can bully, stalk or steal from you aided by the information they find about you online. The authors look into the Edward Snowden revelations and the government's voracious appetite for personal data. A new chapter on the right to be forgotten explores the origins and current effects of this new legal concept, and shows how the new right could affect us all. Timely information helping to protect your children on the Internet and guarding your business's online reputation has also been added. The state of Internet anonymity has been exposed to scrutiny lately, and the authors explore how anonymous you can really choose to be when conducting activity on the web. The growth of social networks is also addressed as a way to project your best image and to protect yourself from embarrassing statements. Building on the first book, this new edition has everything you need to know to protect yourself, your family, and your reputation online.

If you are willing, then you can definitely create the kind of life you say you want."

Lateral Thinking - Edward De Bono 2010-09-07

"This could be a very useful book for teachers and non-teachers alike. Dr. DeBono does not claim to be able to turn us all into Miltons, Davincis, and Einsteins...but his techniques provide an alternative to just sitting around waiting for the Muse to appear. The Muse never appears to most of us—hence the value of this book."— David Cohen, Times Educational Supplement The first practical explanation of how creativity works, this results-oriented bestseller trains listeners to move beyond a "vertical" mode of thought to tap the potential of lateral thinking "The underlying argument of the book is that there are two kinds of thinking—vertical and lateral. Most of us are educated to think vertically, to go from one logical step to the next, moving all the time towards the one correct solution of our problem. We are not usually educated to be creative, to generate idea after idea.... "Dr. DeBono argues that the function of vertical, logical thinking is to argue what is wrong. It is a very useful way of thinking, but it is not the only useful way. To claim it is, is the sort of intellectual arrogance that makes creative thinking unlikely....

The Goldfish Boy - Lisa Thompson 2017-02-28

Lisa Thompson's debut novel is a page-turning mystery with an emotionally-driven, complex character study at its core -- like *Rear Window* meets *The Curious Incident of the Dog in the Night-Time*. Matthew Corbin suffers from severe obsessive-compulsive disorder. He hasn't been to school in weeks. His hands are cracked and bleeding from cleaning. He refuses to leave his bedroom. To pass the time, he observes his neighbors from his bedroom window, making mundane notes about their habits as they bustle about the cul-de-sac. When a toddler staying next door goes missing, it becomes apparent that Matthew was the last person to see him alive. Suddenly, Matthew finds himself at the center of a high-stakes mystery, and every one of his neighbors is a suspect. Matthew is the key to figuring out what happened and potentially saving a child's life... but is he able to do so if it means exposing his own secrets, and stepping out from the safety of his home?

[Il gioco intelligente. Centouno giochi facili per stimolare l'intelligenza del bambino](#) - Barbara Sher 2008

Translation and Localisation in Video Games - Miguel Á. Bernal-Merino 2014-09-19

This book is a multidisciplinary study of the translation and localisation of video games. It offers a descriptive analysis of the industry - understood as a global phenomenon in entertainment - and aims to explain the norms governing present industry practices, as well as game localisation processes. Additionally, it discusses particular translation issues that are unique to the multichannel nature of video games, in which verbal and nonverbal signs must be cohesively combined with interactivity to achieve maximum playability and immerse players in the game's virtual world. Although positioned within the theoretical framework of descriptive translation studies, Bernal-Merino incorporates research from audiovisual translation, software localisation, computer assisted translation, comparative literature, and video game production. Moving beyond this framework, *Translation and Localisation in Video Games* challenges some of the basic tenets of translation studies and proposes changes to established and unsatisfactory processes in the video game and language services industries.

[Six Thinking Hats](#) - Edward De Bono 2016-01

Meetings are a crucial part of all our lives, but too often they go nowhere and waste valuable time. In *Six Thinking Hats*, Edward de Bono shows how meetings can be transformed to produce quick, decisive results every time. The Six Hats method is a devastatingly simple technique based on the brain's different modes of thinking. The intelligence, experience and information of everyone is harnessed to reach the right conclusions quickly. These principles fundamentally change the way you work and interact. They have been adopted by businesses and governments around the world to end conflict and confusion in favour of harmony and productivity.

Bebè a costo zero - Giorgia Cozza 2009-12-01

III EDIZIONE AGGIORNATA Qualcuno sa quanto costa diventare genitori oggi? Passeggini, omogeneizzati, pannolini, carrozzine... Le ultime statistiche parlano di un investimento di diverse migliaia di euro solo nel primo anno di vita del bebè. Ovviamente c'è poco da stupirsi, chi infatti vorrebbe far mancare qualcosa al proprio bambino? Per i nostri figli, si sa, solo il meglio del meglio! Ma qual è il meglio per un bebè? Che cosa servirà davvero al bimbo che sta per nascere? *Bebè a costo zero* si addentra nell'affollato mondo dei prodotti per l'infanzia aiutandoti a capire cos'è realmente necessario durante la gravidanza e nei primi anni di vita di tuo figlio, permettendoti di distinguere tra le reali esigenze di mamma e bebè e bisogni inutili indotti dal bombardamento pubblicitario. Il risultato di questo "viaggio" è una vastissima selezione di proposte e mille consigli pratici per evitare spese inutili e inessenziali e garantire al proprio piccino solo quello che può realmente favorire uno sviluppo psico-fisico sereno e una crescita equilibrata e armoniosa, il tutto nutrito ad un continuo richiamo alla salvaguardia dell'ambiente in cui i nostri (e i vostri) figli devono crescere. I pareri di numerosi esperti del settore - pedagogisti, ostetriche, psicologi e pediatri -, insieme alle testimonianze di decine di mamme e papà su gravidanza, alimentazione, igiene del neonato, abbigliamento, giochi, nanna, ecc.) fanno di questo piccolo manuale uno strumento prezioso per tutti i futuri genitori. Giorgia Cozza, giornalista comasca e madre di quattro figli, collabora a varie riviste specializzate occupandosi di gravidanza, allattamento al seno, psicologia e salute della mamma e del bambino. Per *Il leone verde* ha pubblicato "*Bebè a costo zero*" (anche in Mondadori 2012, in uscita in Spagna e in Polonia), "*Quando l'attesa si interrompe*", "*Me lo leggi?*", "*Benvenuto Fratellino, Benvenuta sorellina*", "*Latte di mamma...tutte tranne me!*", "*Pannolini lavabili*" e "*Le Storie di Alice*" (libri illustrati per bimbi da 0 a 6 anni), nonché "*Allattare è facile!*", "*La pappa è facile!*", "*La nanna è facile!*" e "*Neomamma è facile!*". Assassin's Creed Valhalla: Song of Glory - Cavan Scott 2021-04-20

Fearless Vikings confront their destiny in this glory-seeking prequel to Ubisoft's next hit video game, *Assassin's Creed Valhalla*. Tensions escalate when a village caught between two rival kingdoms is brutally raided. Eivor, warrior and daughter of wise King Styrbjorn, dispatches the raiders, rescues the villagers, and claims the settlement for her father. She also seizes a prisoner--a woman, Gull, left behind by the rivals--who declares she possesses the secrets of Asgard itself. But there is more to Gull than meets the eye, and her capture will bring death and destruction to Eivor's family. In disgrace and lured by the promise of treasures and glory, Eivor undergoes a dangerous quest to regain her honor, but what terror awaits in the forgotten temple of a powerful god? All the time, her brother Sigurd forges his own legend while searching for fortune in the lands of the East. Far from home, he finds new weapons and fresh plunder, making a discovery that will change his destiny forever . . . The *Assassin's Creed* universe expands with a Viking epic brought to you by writer Cavan Scott (*Star Wars: The High Republic*, *Doctor Who*, *Shadow Service*) with art by Martin Tunica (*Crossed Plus One Hundred*), and colors by Michael Atiyeh (*Star Wars*, *The Division*, *Dragon Age*)! [Practicing the Power of Now](#) - Eckart Tolle 2010-09-03

New York Times bestselling author Eckhart Tolle — A key to happiness is

living in the now Practice The Power of Now: If you, like many others, have benefited from the transformative experience of reading The Power of Now, you will want to own and read Practicing the Power of Now. Eckhart Tolle: Eckhart Tolle, a spiritual teacher and author who was born in Germany and educated at the Universities of London and Cambridge, is rapidly emerging as one of the world's most inspiring spiritual teachers. His views go beyond any particular religion, doctrine, or guru. In The Power of Now and his subsequent book Practicing the Power of Now, Eckhart shares the enlightenment he himself experienced after a profound inner transformation radically changed the course of his life. Your path to enlightenment: Practicing the Power of Now extracts the essence from Eckhart's teachings in his New York Times bestseller, The Power of Now (translated into 33 languages). Practicing the Power of Now shows us how to free ourselves from "enslavement to the mind." The aim is to be able to enter into and sustain an awakened state of consciousness throughout everyday life. Through meditations and simple techniques, Eckhart shows us how to quiet our thoughts, see the world in the present moment, and find a path to "a life of grace, ease, and lightness." The next step in human evolution: Eckhart's profound yet simple teachings have already helped countless people throughout the world find inner peace and greater fulfillment in their lives. At the core of the teachings lies the transformation of consciousness, a spiritual awakening that he sees as the next step in human evolution. An essential aspect of this awakening involves transcending our ego-based state of consciousness. This is a prerequisite not only for personal happiness but also for the ending of violence on our planet. Readers of other transformational self-help books such as The Four Agreements, The Miracle Morning, Braving the Wilderness, and The Book of Joy will want to read Practicing the Power of Now.

101 giochi intelligenti e creativi da fare con il tuo bambino. Da 0 a 5 anni - Mariaelena La Banca 2010

Pragmatism and Social Theory - Hans Joas 1993-03-15

Rising concerns among scholars about the intellectual and cultural foundations of democracy have led to a revival of interest in the American philosophical tradition of pragmatism. In this book, Hans Joas shows how pragmatism can link divergent intellectual efforts to understand the social contexts of human knowledge, individual freedom, and democratic culture. Along with pragmatism's impact on American sociology and social research from 1895 to the 1940s, Joas traces its reception by French and German traditions during this century. He explores the influences of pragmatism—often misunderstood—on Emile Durkheim's sociology of knowledge, and on German thought, with particularly enlightening references to its appropriation by Nazism and its rejection by neo-Marxism. He also explores new currents of social theory in the work of Habermas, Castoriadis, Giddens, and Alexander, fashioning a bridge between Continental thought, American philosophy, and contemporary sociology; he shows how the misapprehension and neglect of pragmatism has led to systematic deficiencies in contemporary social theory. From this skillful historical and theoretical analysis, Joas creates a powerful case for the enduring legacy of Peirce, James, Dewey, and Mead for social theorists today.

It does no good at first, but then... A splendid picture book about letting go in a loving way.

Mein Kampf (English) - Adolf Hitler 2016-06-26

In Mein Kampf, Hitler used the main thesis of "the Jewish peril", which posits a Jewish conspiracy to gain world leadership. The narrative describes the process by which he became increasingly antisemitic and militaristic, especially during his years in Vienna. He speaks of not having met a Jew until he arrived in Vienna, and that at first his attitude was liberal and tolerant. When he first encountered the anti-semitic press, he says, he dismissed it as unworthy of serious consideration. Later he accepted the same anti-semitic views, which became crucial in his program of national reconstruction of Germany. Mein Kampf has also been studied as a work on political theory. For example, Hitler announces his hatred of what he believed to be the world's two evils: Communism and Judaism. During his work, Hitler blamed Germany's chief woes on the parliament of the Weimar Republic, the Jews, and Social Democrats, as well as Marxists, though he believed that Marxists, Social Democrats, and the parliament were all working for Jewish interests. He announced that he wanted to completely destroy the parliamentary system, believing it to be corrupt in principle, as those who reach power are inherent opportunists.

101 cose da fare a Roma con il tuo bambino - Elisabetta Putini 2011-04-01

Facciamo un gioco facile, possibile e divertente: cerchiamo di scoprire una Roma insolita e colorata, una Roma dove il caos e lo smog lasciano il passo alla fantasia e all'invenzione. La nostra amata metropoli può diventare un luogo a dimensione di bambino, dove anche gli adulti riscoprono il lato allegro e spensierato della città. È sufficiente osservare la Capitale, culla di storia e di cultura, con gli occhi dei figli e allora sarà facile trasformare l'ambiente urbano in un luogo vivace e gioioso, dove poter chiacchierare con le statue di antichi eroi, accompagnare la Barbie a fare la conoscenza di un'antica bambola romana, viaggiare in 3D nell'antica Roma, mettersi a tavola con gli animali del Bioparco, riscoprire a Trastevere qualche vecchio gioco di strada e tirare la coda ai corazzieri per scoprire di che cosa è fatta, oppure organizzare una super festa di compleanno nella città più bella del mondo. Elisabetta Putini, in 101 itinerari condivisi da grandi e piccini, prende per mano i genitori e i loro figli e mostra una Roma genuina e istintiva. Una Roma da vedere e da vivere, ma anche da immaginare. Perché, come direbbe tuo figlio, «facciamo che la città oggi è un grande parco giochi?». Elisabetta Putini romana, è autrice di libri per l'infanzia e di guide per bambini. È socia fondatrice della Cooperativa ArteinGioco che da anni progetta e conduce laboratori e itinerari didattici "in gioco" per i piccoli visitatori dei musei e dei luoghi della Capitale. Per il Comune di Roma ha realizzato molti opuscoli divulgativi storico-artistici.

The Absorbent Mind - Maria Montessori 2013-03-25

The Absorbent Mind was Maria Montessori's most in-depth work on her educational theory, based on decades of scientific observation of children. Her view on children and their absorbent minds was a landmark departure from the educational model at the time. This book helped start a revolution in education. Since this book first appeared there have been both cognitive and neurological studies that have confirmed what Maria Montessori knew decades ago.

The How Cool Are Your Parents? (Or Not) - Françoise Boucher 2014-03-04

The Ransom of Dond - Siobhan Dowd 2013-11-07

Darra is an omen of unluck: a thirteenth child. To appease the dark god, Dond, and bring good fortune to her small island community, Darra must be sacrificed at the age of thirteen - by drowning. On the eve of her final birthday, Darra begins to dream of the twin brother she has watched from afar but never met, and dares to hope that she might escape her fate . . . The scouring wind and remorseless waves which beat against Darra's island world are matched in Pam Smy's powerful, wild and emotive illustrations. *The Ransom of Dond* is our final story from Siobhan, and a book to be treasured.

Seeing Voices - Oliver Sacks 2011-03-04

Like *The Man Who Mistook His Wife for a Hat*, this is a fascinating voyage into a strange and wonderful land, a provocative meditation on communication, biology, adaptation, and culture. In *Seeing Voices*, Oliver Sacks turns his attention to the subject of deafness, and the result is a deeply felt portrait of a minority struggling for recognition and respect — a minority with its own rich, sometimes astonishing, culture and unique visual language, an extraordinary mode of communication that tells us much about the basis of language in hearing people as well. *Seeing Voices* is, as Studs Terkel has written, "an exquisite, as well as revelatory, work."

The Sources of a Science of Education - John Dewey 2013-04-16

Many of the earliest books, particularly those dating back to the 1900s and before, are now extremely scarce and increasingly expensive. Pomona Press are republishing these classic works in affordable, high quality, modern editions, using the original text and artwork.
