Our Portland - Mary Jane Cody 2003

Nature is not just close at hand to the residents of and visitors to Portland, Oregon; its fundamental to the city and to the way of life. From salmon fishing in the Willamette and the Columbia rivers to skiing majestic Mt. Hood and Cascade Mountain ranges; from biking in Forest Park to beach combing on Cannon, Portland offers something for every outdoor enthusiast. But this popular city also boasts a rich cultural life: the Portland Art Museum, the zoo, the Oregon Museum of Science and Industry, the Oregon Symphony, and Powells Bookstores all call Portland home. M. J. Cody and Rick Schafers "Our Portland" celebrates this popular and "very livable" Pacific Northwest city by combining spectacular photographs of major attractions and lush

nature scapes with detailed captions. Rick Schafer is a Portland-based freelance photographer who specializes in large and medium format scenic photography. His work has appeared internationally in a variety of advertising and editorial applications.

Responsible Business Operations - Jayashankar M. Swaminathan 2021-02-09

This book presents state-of-the-

art research on responsible operations practices. The book identifies the challenges and opportunities arising from the shift towards responsible business operations and examines these issues through the lenses of operations management, emphasizing the supply chain transformations associated with these changes. Developing a responsible business model presents a great opportunity for firms to differentiate in the marketplace through innovative models and insights around responsible operations and supply chain management. To do so, companies in many industries are changing their practices around sourcing materials, supplier compliance around processes and labor, scientific and sustainable approaches to farming in emerging countries, managing counterfeiting risks, and public health management. Responsible Business Operations: Challenges and Opportunities is divided into three sections. Section 1 focuses on environmental

responsibility for companies. It also explores alternative energy solutions for both the developed and developing world, as well as worldwide carbon footprint reduction efforts. Section 2 is dedicated to social responsibility, with chapters covering topics including improving agricultural food chains and humanitarian challenges for businesses. Finally Section 3 promotes ethical responsibility, analyzing ways to improve supplier compliance to product, process and ethical standards. Some Every-day Folks - Eden Phillpotts 1895

Global Business Strategy -

Kazuyuki Motohashi

2015-03-25

This book presents theories and case studies for corporations in developed nations, including Japan, for

designing strategies to maximize opportunities and minimize threats in business expansion into developing nations. The case studies featured here focus on Asia, including China and India, and use examples of Japanese manufacturers. Five case studies are provided, including Hitachi Construction Machinery and Shiseido in China and Maruti Suzuki in India. These cases facilitate the reader's understanding of the business environments in emerging economies. This volume is especially recommended for business people responsible for international business development, particularly in China and India. In addition, the book serves as a useful resource for students in graduate-level courses in international management.
