*Valedictorians at the Gate* - Becky Munsterer Sabky 2021-08-03

Named one of Grown & Flown's "Best Book on College Admissions and Paying for College" "The most honest, most helpful book I've ever read on applying to college" —New York Times bestselling author Adam Grant A former Ivy League Admissions Officer offers an inspiring

battle cry for sanity in the college application process that looks beyond the rankings to successfully determine what's truly the best school for you or your child. After spending years as a college admissions director at Dartmouth, Becky Munsterer Sabky had seen it all. The perfect grades, the perfect scores, and the perfect extracurriculars. Valedictorians were knocking at the gate, but Becky realized that in their quest for admission many of these students were missing something. Their transcripts were golden, their interviews polished, but they weren't applying for college, they were competing for it—and in the end they didn't know what prize they were really striving for. In *Valedictorians at the Gate*, Sabky looks beyond

the smoke and mirrors of the intimidating admissions gauntlet and places the power firmly where it should be: in the hands of the students themselves. Offering prescriptive, actionable advice for students and their (hopefully not helicoptering) parents, Sabky illuminates the pathway to finding the school that is the ideal match. Witty and warm, informative and inspiring, *Valedictorians at the Gate* is the needed tonic for overstressed, overworked, and overwhelmed students on their way to the perfect college for them.

**Pieces of the Frame** - John McPhee 2011-04-01  
*Pieces of the Frame* is a gathering of memorable writings by one of the greatest journalists and storytellers of our time. They take the reader from the backwoods roads of Georgia, to the high altitude of Ruidoso Downs in New Mexico; from the social decay of Atlantic City, to Scotland, where a pilgrimage for art's sake leads to a surprising encounter with history on a hilltop with a view of a fifth of the entire

country. McPhee's writing is more than informative; these are stories, artful and full of character, that make compelling reading. They play with and against one another, so that *Pieces of the Frame* is distinguished as much by its unity as by its variety. Subjects familiar to McPhee's readers—sports, Scotland, conservation—are treated here with intimacy and a sense of the writer at work.

Write Your Way In - Rachel Toor 2017-08-03  
Writing, for most of us, is bound up with anxiety. It's even worse when it feels like your whole future—or at least where you'll spend the next four years in college—is on the line. It's easy to understand why so many high school seniors put off working on their applications until the last minute or end up with a generic and clichéd essay. The good news? You already have the

“secret sauce” for crafting a compelling personal essay: your own experiences and your unique voice. The best essays rarely catalog how students have succeeded or achieved. Good writing shows the reader how you’ve struggled and describes mistakes you’ve made. Excellent essays express what you’re fired up about, illustrate how you think, and illuminate the ways you’ve grown. More than twenty million students apply to college every year; many of them look similar in terms of test scores, grades, courses taken, extracurricular activities. Admissions officers wade through piles of files. As an applicant, you need to think about what will interest an exhausted reader. What can you write that will make her argue to admit you instead of the thousands of other applicants? A good essay will be conversational and rich in vivid details, and it could only be written by one person—you. This book will help you figure out how to find and present the best in yourself. You’ll acquire some useful tools for writing

well—and may even have fun—in the process.

*A Life of H.L.A. Hart* - Nicola Lacey 2006 Shortlisted for the 2005 British Academy Book prize, Nicola Lacey's entrancing biography recounts the life of H.L.A. Hart, the pre-eminent legal philosopher of the twentieth century. Following Hart's life from modest origins as the son of Jewish tailor parents in Yorkshire to worldwide fame as the most influential English-speaking legal theorist of the post-War era, the

book traces his successive metamorphoses; from Yorkshire schoolboy to Oxford scholar, from government intelligence officer to Professor of Jurisprudence, from awkward batchelor to family figurehead. In the tradition of Ray Monk's biography of Wittgenstein, Nicola Lacey paints an absorbing picture of intellectual and psychological development, of a mind struggling to cope with intellectual self-doubt, uncertain sexuality, a difficult marriage and an anti-semitic society. In depicting the evolution of Hart's life and mind, Lacey provides a vivid recreation of both the intellectual and social climate of Oxford in the post-War era.

**A Wealth of Common Sense** - Ben Carlson  
2015-06-22

A simple guide to a smarter strategy for the individual investor A Wealth of Common Sense sheds a refreshing light on investing, and shows you how a simplicity-based framework can lead to better investment decisions. The financial market is a complex system, but that doesn't mean it requires a complex strategy; in fact, this false premise is the driving force behind many investors' market "mistakes." Information is important, but understanding and perspective are the keys to better decision-making. This book describes the proper way to view the markets and your portfolio, and show you the simple strategies that make investing more profitable, less confusing, and less time-consuming. Without the burden of short-term

performance benchmarks, individual investors have the advantage of focusing on the long view, and the freedom to construct the kind of portfolio that will serve their investment goals best. This book proves how complex strategies essentially waste these advantages, and provides an alternative game plan for those ready to simplify. Complexity is often used as a mechanism for talking investors into unnecessary purchases, when all most need is a deeper understanding of conventional options. This book explains which issues you actually should pay attention to, and which ones are simply used for an illusion of intelligence and control. Keep up with—or beat—professional money managers Exploit stock market volatility to your utmost advantage Learn where advisors and consultants fit into smart strategy Build a portfolio that makes sense for your particular situation You don't have to outsmart the market if you can simply outperform it. Cut through the confusion and noise and focus on what actually

matters. A Wealth of Common Sense clears the air, and gives you the insight you need to become a smarter, more successful investor.

#### Write It: The NRMP Personal Statement Workbook - Myers R. Hurt III 2019-08-18

As a fourth-year medical student, you know what comes next: the NRMP Match. For the bulk of your residency application package, your accomplishments will boil down to objective numbers—test scores, grades, and class

rank. Though these hard stats are important, unfortunately, they do not reflect you as an individual. By contrast, your personal statement—the only subjective piece of your application truly within your control—is your one chance to tell program directors who you are and why they should hire you. Yet for many, writing their statement is daunting and is far too easy to gloss over amid the tidal wave of stats. While the 2018 NRMP Program Director Survey shows that your USMLE Step 1 score remains the single most important factor in securing a residency interview, your personal statement ranks fifth out of almost three-dozen factors. In fact, a stellar statement could mean the difference between Matching with your first-choice program and scrubbing into SOAP. Luckily, *Write It Here to Help*. In this book, Dr. Myers Hurt, a board-certified physician and former University of Texas faculty member, outlines a step-by-step approach for writing an exceptional statement that will make you stand out. With his engaging

blend of sound advice and light humor, Dr. Hurt's methods will help you land the residency that's perfect for you

There is a crisis that millions of families face each fall: how to get their child into highly selective colleges. In 2015, the Ivy League received almost 250,000 applications for 14,000 spots, while one of the top public universities, UCLA, received over 92,000 applications for 5,800 spots in its freshman class. This crisis spirals out of control as the number of applicants from the U.S. and abroad skyrockets. Whether your child dreams of attending Harvard or Berkeley, Earning Admission is the blueprint that empowers your child to use strategic planning and marketing to stand out amongst a sea of applicants and earn admission. This step-by-step guide to earning admission teaches: \*  
How your child can select and take classes in

high school to stand out from other straight 'A' students. \* How your child can dramatically increase her odds of admission by strategically choosing a major. \* How your child can write a personal statement that sets her apart from other applicants by demonstrating perspective, passion, and maturity. \* How your child can build a slate of extracurricular activities that admissions officers value. \* How your child can secure hundreds of thousands of dollars of merit scholarships or need-based grants even if your family earns over \$100,000 per year. "Earning Admission taught us everything we needed to know about making our daughter a unique and competitive applicant It helped us get our daughter get into Yale." -Jay C., parent of a Yale undergrad.

How to Write a Personal Statement will revolutionise the way you think about your university application. Written in collaboration

with teachers, private tutors, and Cambridge University admissions staff, this book provides the ultimate guide to mastering your university personal statement. Our simple yet highly effective personal statement template, the 'five step formula', will ensure you achieve your highest potential in your UCAS application. Whilst this book concentrates on the UCAS personal statement and UK university applications, the formula will be equally as effective when applying for most US and other international universities. Personal Statement Examples The most unique aspect of this book is the way in which it presents real personal statement examples. The example personal statements presented here allowed the students that wrote them to achieve offers from some of the world's best universities, including Cambridge, UCL, and LSE. However, this does not simply present example statements, but it critically analyses them, showing exactly what each student did well, and what each student

failed to do. Through the combination of personal statement structure and real student examples, we believe this book offers a quick and easy guide to personal statement writing. Personal Statement Template The '5 Step Formula' template in this book is based around the 5 paragraphs every personal statement should have in order to be successful. Each of these paragraphs is covered in a different chapter of the book, with chapter 9 offering a summary of the '5 Step Formula' to ensure you are using the best personal statement structure. PostSecret - Frank Warren 2005-11-29

The project that captured a nation's imagination. The instructions were simple, but the results were extraordinary. "You are invited to anonymously contribute a secret to a group art project. Your secret can be a regret, fear, betrayal, desire, confession, or childhood

humiliation. Reveal anything -- as long as it is true and you have never shared it with anyone before. Be brief. Be legible. Be creative." It all began with an idea Frank Warren had for a community art project. He began handing out postcards to strangers and leaving them in public places -- asking people to write down a secret they had never told anyone and mail it to him, anonymously. The response was overwhelming. The secrets were both provocative and profound, and the cards themselves were works of art -- carefully and creatively constructed by hand. Addictively compelling, the cards reveal our deepest fears, desires, regrets, and obsessions. Frank calls them "graphic haiku," beautiful, elegant, and small in structure but powerfully emotional. As Frank began posting the cards on his website, PostSecret took on a life of its own, becoming much more than a simple art project. It has grown into a global phenomenon, exposing our individual aspirations, fantasies, and frailties --

our common humanity. Every day dozens of postcards still make their way to Frank, with postmarks from around the world, touching on every aspect of human experience. This

extraordinary collection brings together the most powerful, personal, and beautifully intimate secrets Frank Warren has received -- and brilliantly illuminates that human emotions can be unique and universal at the same time.
