Because Life is a Gift - Disha 2014
He is ten years old and confined to a wheelchair. But that's not his identity. To the world, he is India's youngest patent holder for inventing variants of chess for six, twelve and sixty players. Have you heard of the Army Major who was declared dead in the Kargil war, but is India's first blade runner today? Do you think a woman without hands can be one of India's leading painters? What is the first thought that comes to your mind when you see a differently-abled person? Pity? Sympathy? The real-life success stories of fifteen differently-abled people charted in Because Life is a Gift will make you think otherwise. You will sense pride replace all feelings of pity and sympathy for they have fought against all odds to achieve their dreams. This book is a tribute to their courage, passion and zest for life. They will challenge your notion of the impossible. They will inspire you to live lifeto the fullest, because life is truly a gift.
