How to Sell Without Selling - Terry Dean
2017-03-10

Are You Ready to Attract Ready-to-Buy Clients, Create Passive Income, and Make More Money While Making a Difference? Good marketing attracts ready-to buy clients. Ethical persuasion is NOT manipulation. These proven methods allow you to guide, encourage, and share value with your customers even before they ever spend a single penny with you. You don't have to wait for someone to become a customer before adding value to their life. This book shows you: - How to identify the top 1% of Clients...and fall in love with them instead of your products and services. Tap into the exact language that motivates your best clients to buy more from you. - 5 Simple Steps to improving the conversion of any ad, website, email, or any other persuasive document. If your website isn't selling, it's missing one of these 5 steps. - How to double or even triple the conversion of visitors into buyers by demonstrating results in advance (this is much stronger than just offering a guarantee). - The #1 mistake entrepreneurs make that sabotages their sales with 'content marketing' whether you're participating on Facebook, publishing a blog, or sharing videos online. - How to create all the online content you need in just 30 minutes per month. And how that content can attract new leads, turn them into buyers, and create long-term passive income.

Lead with a Story - Paul Smith 2012

Storytelling has come of age in the business world. Today, many of the most successful

companies use storytelling as a leadership tool. At Nike, all senior executives are designated "corporate storytellers." 3M banned bullet points years ago and replaced them with a process of writing "strategic narratives." Procter Gamble hired Hollywood directors to teach its executives storytelling techniques. Some forward-thinking business schools have even added storytelling courses to their management curriculum. The reason for this is simple: Stories have the ability to engage an audience the way logic and bullet points alone never could. Whether you are trying to communicate a vision, sell an idea, or inspire commitment, storytelling is a powerful business tool that can mean the difference between mediocre results and phenomenal success. Lead with a Story contains both ready-to-use stories and how-to guidance for readers looking to craft their own. Designed for a wide variety of business challenges, the book shows how narrative can help: * Define culture and values * Engender creativity and innovation * Foster collaboration and build relationships * Provide coaching and feedback * Lead change * And more Whether in a speech or a memo, communicated to one person or a thousand, storytelling is an essential skill for success. Complete with examples from companies like Kellogg's, Merrill-Lynch, Procter Gamble, National Car Rental, Wal-Mart, Pizza Hut, and more, this practical resource gives readers the guidance they need to deliver stories to stunning effect.

Both from the Ears and Mind - Linda Phyllis Austern 2020-07-15

Both from the Ears and Mind offers a bold new understanding of the intellectual and cultural position of music in Tudor and Stuart England. Linda Phyllis Austern brings to life the kinds of educated writings and debates that surrounded musical performance, and the remarkable ways in which English people understood music to inform other endeavors, from astrology and self-care to divinity and poetics. Music was considered both art and science, and discussions of music and musical terminology provided points of contact between otherwise discrete fields of human learning. This book demonstrates how knowledge of music permitted individuals to both reveal and conceal membership in specific social, intellectual, and ideological communities. Attending to materials that go beyond music's conventional limits, these chapters probe the role of music in commonplace books, health-maintenance and marriage manuals, rhetorical and theological treatises, and mathematical dictionaries. Ultimately, Austern illustrates how music was an indispensable frame of reference that became central to the fabric of life during a time of tremendous intellectual, social, and technological change.

Doesn't Hurt to Ask - Trey Gowdy 2020-08-18
#1 NEW YORK TIMES BESTSELLER • Former congressman and prosecutor Trey Gowdy teaches you how to effectively communicate and persuade on the issues that matter most to you, drawing on his experience in the courtroom and the halls of Congress. "A must-read for people who want to learn how best to succeed."—Dana Perino, Fox News host and bestselling author of *Everything Will Be Okay* You do not need to be in a courtroom to advocate for others. You do not need to be in Congress to champion a cause. From the boardroom to the kitchen table, opportunities to make your case abound, and *Doesn't Hurt to Ask* shows you how to seize them. By blending gripping case studies from nearly two decades in a courtroom and four terms in national politics with personal stories and practical advice, Trey Gowdy walks you through the tools and the mindset needed to effectively communicate your message. Along the way, Gowdy reflects on the moments in his life when he learned the most about how to argue and convince. He recounts his missteps during his first murder trial, the conversation that changed his view on criminal justice reform, and what he learned while questioning James Comey and Secretary Hillary Clinton. Sharing the techniques he perfected advocating in law and politics, Gowdy helps you identify your objective, understand your personal jury, and engage in the art of questioning so you can be heard, be understood, and, ultimately, move others. Whether it's getting a boss to take a chance on your idea, convincing someone to support your cause, or urging a child to invest more effort in an important task, movement requires persuasion. *Doesn't Hurt to Ask* shows you how to persuade, no matter the jury and no matter the cause.

[Digital Product Blueprint](#) - Nathan George 2017-03-22

Learn How To Make Money Online With Digital Products New opportunities make it easier to start an online business these days. However, there is a lot of confusion out there and the misleading information could leave you overwhelmed with "information overload". *Digital Product Blueprint* cuts through the fluff and heads directly to one of the fastest ways you can start making money online today. You don't

even need to have a website and deal with the challenge of generating your own traffic to start making money online these days. Previous Methods Now Take Longer A few years ago it was easier to start making money online from a blog or a niche website as an affiliate marketer. However, it takes longer now to gain traction as a new affiliate marketer due to oversaturation and constant Google algorithm updates making it harder for new websites to rank and get noticed. A Faster Way To Make Money Online For A Beginner Creating your own information product is currently one of the fastest ways to start making money online. You don't even have to create a website to start earning online these days hence it is actually easier to make money online now, but by doing things differently. Create Assets That Make You Passive Income With a digital product, you create it once and it generates passive income for you for the rest of its lifecycle. With each information product you create, you're adding assets to your portfolio, making you even more passive income. You Don't Need To Be A Guru Or An Expert One of the biggest perceived roadblocks many people face when it comes to creating an information product is the belief that they need to be an "authority" on something. The reality is that the roadblock is just an illusion! To create helpful content you just need to know more about the subject matter than your target audience does and hence they can learn something from you. In fact, they may find it easier to learn from someone like you rather than a "guru" who may be too advanced and unable to relate to their needs. The best people to learn from are those who are just slightly ahead of you on a particular path. What You'll Get From This Book: How to find profitable niches for your information products using proven research and selection methods. This ensures you create products that actually sell. Proven techniques for how to communicate your ideas effectively. How to create your content fast using some of the best techniques and tools in the industry. How to choose a name that sells your information product for you. How to sell information products without creating a website or worrying about generating traffic. A step-by-step guide for how to set up your website, if you choose to sell your information product from your own site.

How to use online marketplaces like ClickBank and JVZoo to process payments and handle all customer orders. How to generate traffic to your website using proven and evergreen methods. Scroll up and click the Look Inside feature on the top left-hand side of the page and get started today!

300 Email Marketing Tips - Meera Kothand 2019-05-20

Does any of this sound familiar to you? 1. You sit down every week staring at that blinking cursor wondering what to send your email list, and then a week becomes two or more, and you can't remember when the last time you emailed them was. 2. You have an opt-in incentive or lead magnet that's pretty much doing nothing for you or your business. 3. You have a haphazardly thrown together email sequence that doesn't bring you sales or engagement. 4. You silently cringe every month as you pay out your email service provider because you're not using any of their features. 5. You're pretty much winging it with email. If you're nodding yes, *300 Email Marketing Tips* will give you more than a bare-bones framework to put in place an email marketing strategy for your business. The premise of this book isn't about growing a big fat email list. Email marketing is NOT list building alone. You need a coherent, holistic strategy to be successful at it. Here's what's packed in this how-to guide: What branding has to do with email marketing and the #1 thing most solopreneurs ignore when it comes to their email list 7 things your welcome email must do (but probably doesn't!) Why your lead magnet has to address THESE two critical points 3 ways to plan your email editorial calendar Answers to the questions and more - I have thirty thousand page views a month but get only forty-two subscribers for an month. What am I doing wrong? (See section 3 for the answer.) - My email sequence gets a lot of engagement and opens. Everyone says they love my stuff, but I

still get no sales for my e-book. Why? (See section 5 for the answer.) - I have a sequence of emails set up in my evergreen funnel, but I'm not getting any sales. Is my product terrible? Should I just scrap it altogether? (See section 7 for the answer.) Rather than flit from week to week wondering what to email your list...

Imagine creating an email strategy that enables you to take the weekend off and still see your list grow, rake in testimonials, and make sales.

Imagine having endless email content ideas...

Imagine creating an opt-in offer with all the right ingredients that has readers clamoring to get their hands on it... Imagine sending emails with confidence knowing exactly the impact that particular email will have on your subscribers...

That's the power of an email marketing strategy!

If you think email marketing is complicated and something you can't do, my goal with this book is to change that opinion. If you're struggling with any particular aspect of email marketing, this book will give you a fresh perspective on how you can tackle it too. Intrigued yet? Then scroll to the top and click or tap "Buy Now."

The New Email Revolution - Robert W. Bly
2018-06-19

Practices, strategies, and templates for optimizing your email use. The average business employee spends more than thirteen hours a week reading and responding to email. - Find templates you can use to create emails for dozens of different situations.
- Know the right wording and optimal word length for email communication.
- Get recipients to read and respond to your email messages.
- Understand when it is legal and not legal to send email to a person you do not know.
- Incorporate photos, graphics, sound, and video into your email messages.
- Measure the deliverability, bounce rate, open rate, and response rate to every email you send.
- Write clearer, more engaging, more persuasive email copy for every occasion.

Get better results in less time with *The New Email Revolution*.

Google Adwords for Beginners - Corey

Rabazinski 2015-01-05

Learn how to increase web traffic and sales using Google AdWords. Google's AdWords platform enables you to create pay-per-click advertisements that appear as 'sponsored links' when someone searches for content related to your product or service. You bid for the position to place your ad, and you only pay when someone clicks. It's that simple. If used correctly, AdWords can garner higher targeted traffic, which in turn will increase your conversion rates and profits. So, AdWords will definitely help your business, but you have no idea how to utilize them. What should you do? Take a couple of hours to read this book. *Google AdWords for Beginners* is designed to teach you the fundamentals of AdWords, how it works, why it works, and the proven techniques that you can use to make it work for you and your business. Additionally, this book details an eight-step blueprint that has consistently delivered positive results for companies. Upon completion, you'll be armed with the knowledge to launch profitable campaigns or drastically improve an existing one.

The SaaS Email Marketing Playbook - Étienne Garbugli 2020-04-23

"A great no-BS resource where you are guaranteed to pick up useful tips and approaches, whether you're an email pro or just starting out." - Andrus Purde, Founder & CEO, Outfunnel - - No matter how great your product is, it's very likely that 40-60% of free trials never see your product a second time. This means that you stand to lose up to 60% of your hard-earned signups. Do you just let them go? Email marketing is one of the highest leverage activities in a SaaS business. It can help:

- increase onboarding and trial conversions;
- reduce churn; and
- grow monthly recurring revenue (MRR).

By introducing a single campaign today, you could significantly increase your conversions, and get the benefits of that increase predictably and repeatedly, week after week. That's the beauty of automation. It's also how we created an upsell program at LANDR that was generating up to 42% of weekly subscription conversions. When I joined LANDR, we were only sending 3 automated emails (and only 1 of those was performing). By focusing on sending the right email to the right user at the right time, performance jumped up, with increases in:

- product onboarding completion;
- engagement;
- sales; and
- upgrades to annual subscriptions.

We made a lot of mistakes along the way (including sending 85,000 emails to the wrong users). It took a lot of trial and error, long hours, and exhaustive internet searches, but the results were obvious. Email was more effective at generating revenue than:

- Investing in more ads;
- Building new features hoping they'll drive engagement;
- Redesigning at the cost of trial and error.

You can learn SaaS email marketing the way we did (through hard work), or jump to the front of the line. The SaaS Email Marketing Playbook includes everything I would have loved to know about email before I got started at

LANDR:

- how and when to create new emails or In-App messages to influence your users' behaviors and purchase decisions;
- how to double, triple, or quadruple the performance of every single email you send;
- how to stand out in an increasingly more crowded inbox; and
- how to create processes and structure to systematically grow the performance of an email marketing program.

The book also includes seven deep dives to help you implement your onboarding, upsell, retention, referral, and behavioral sequences, among others. You don't need to be a master copywriter (or have one on your team) to send effective emails. You just need the right processes and knowledge to start growing your business with email. The SaaS Email Marketing Playbook contains everything you need to plan, build, and optimize your email marketing program. - - The SaaS Email Marketing Playbook was written for businesses with clear signs of Product-Market Fit, that are:

- selling to consumers or businesses;
- charging monthly or yearly subscription fees;
- generating more than \$2k MRR; and
- adding at least 200 email signups per week.

[Think Like a Monk](#) - Jay Shetty 2020-09-08

Jay Shetty, social media superstar and host of the #1 podcast *On Purpose*, distills the timeless wisdom he learned as a monk into practical steps anyone can take every day to live a less anxious, more meaningful life. When you think like a monk, you'll understand: -How to overcome negativity -How to stop overthinking - Why comparison kills love -How to use your fear -Why you can't find happiness by looking for it - How to learn from everyone you meet -Why you are not your thoughts -How to find your purpose -Why kindness is crucial to success -And much more... Shetty grew up in a family where you could become one of three things—a doctor, a lawyer, or a failure. His family was convinced he had chosen option three: instead of attending his college graduation ceremony, he headed to India to become a monk, to meditate every day for four to eight hours, and devote his life to helping others. After three years, one of his teachers told him that he would have more impact on the world if he left the monk's path to share his experience and wisdom with others. Heavily in debt, and with no recognizable skills on his résumé, he moved back home in north London with his parents. Shetty reconnected with old school friends—many working for some of the world's largest corporations—who were experiencing tremendous stress, pressure, and unhappiness, and they invited Shetty to coach them on well-being, purpose, and mindfulness. Since then, Shetty has become one of the world's most popular influencers. In 2017, he was named in the *Forbes* magazine 30-under-30 for being a game-changer in the world of media. In 2018, he had the #1 video on Facebook with over 360 million views. His social media following totals over 38 million, he has produced over 400 viral videos which have amassed more than 8 billion views, and his podcast, *On Purpose*, is consistently ranked the world's #1 Health and Wellness podcast. In this inspiring, empowering book, Shetty draws on his time as a monk to show us how we can clear the roadblocks to our potential and power. Combining ancient wisdom and his own rich experiences in the ashram, *Think Like a Monk*

reveals how to overcome negative thoughts and habits, and access the calm and purpose that lie within all of us. He transforms abstract lessons into advice and exercises we can all apply to reduce stress, improve relationships, and give the gifts we find in ourselves to the world.

Shetty proves that everyone can—and should—think like a monk.

Resonate - Nancy Duarte 2013-07-02

Reveals the underlying story form of all great presentations that will not only create impact, but will move people to action. Presentations are meant to inform, inspire, and persuade audiences. So why then do so many audiences leave feeling like they've wasted their time? All too often, presentations don't resonate with the audience and move them to transformative action. Just as the author's first book helped presenters become visual communicators, *Resonate* helps you make a strong connection with your audience and lead them to purposeful action. The author's approach is simple: building a presentation today is a bit like writing a documentary. Using this approach, you'll convey your content with passion, persuasion, and impact. Author has a proven track record, including having created the slides in Al Gore's Oscar-winning *An Inconvenient Truth*. Focuses on content development methodologies that are not only fundamental but will move people to action. Upends the usual paradigm by making the audience the hero and the presenter the mentor. Shows how to use story techniques of conflict and resolution. Presentations don't have to be boring ordeals. You can make them fun, exciting, and full of meaning. Leave your audiences energized and ready to take action with *Resonate*.

The Presentation Secrets of Steve Jobs: How to Be Insanely Great in Front of Any Audience - Carmine Gallo 2009-10-02

The Wall Street Journal Bestseller! Updated to include Steve Jobs's iPad and iPad2 launch presentations "The Presentation Secrets of Steve Jobs reveals the operating system behind any great presentation and provides you with a quick-start guide to design your own passionate interfaces with your audiences." —Cliff Atkinson, author of *Beyond Bullet Points* and *The Activist Audience*. Former Apple CEO Steve Jobs's wildly popular presentations have set a new global gold

standard—and now this step-by-step guide shows you exactly how to use his crowd-pleasing techniques in your own presentations. The Presentation Secrets of Steve Jobs is as close as you'll ever get to having the master presenter himself speak directly in your ear.

Communications expert Carmine Gallo has studied and analyzed the very best of Jobs's performances, offering point-by-point examples, tried-and-true techniques, and proven presentation secrets in 18 "scenes," including: Develop a messianic sense of purpose Reveal the Conquering hero Channel your inner Zen Stage your presentation with props Make it look effortless With this revolutionary approach, you'll be surprised at how easy it is to sell your ideas, share your enthusiasm, and wow your audience the Steve Jobs way. "No other leader captures an audience like Steve Jobs does and, like no other book, The Presentation Secrets of Steve Jobs captures the formula Steve uses to enthrall audiences." —Rob Enderle, The Enderle Group "Now you can learn from the best there is—both Jobs and Gallo. No matter whether you are a novice presenter or a professional speaker like me, you will read and reread this book with the same enthusiasm that people bring to their iPods." —David Meerman Scott, bestselling author of The New Rules of Marketing & PR and World Wide Rave

StoryBranding - Jim Signorelli 2012-01-01
Until this book was written, the phrase "brands are stories" was merely a marketing cliché. Having delved into how stories influence our behavior, however, the author asserts that the association between stories and brands deserves far more than that stock phrase. Among the many books about branding directed toward marketing and advertising practitioners and students, none is like StoryBranding. Modeled after the way stories work, this book provides a unique planning process for creating authentic brand identities. It also reveals a number of concealed traps that other branding approaches often overlook. Drawing on the persuasive power of stories, the author argues that a great deal of

wasted effort is put into creating advertising messages that do too much "telling" and too little "showing." To help brands resonate with their audiences, the author takes you step-by-step through StoryBranding's six C's—a process that shows how to approach the development of all brand communications the way story writers approach their characters, plots, and themes. He includes sample "Story Briefs" and "I AM" statements that help brands achieve a greater degree of authenticity than traditional creative or brand briefs have.

Email and the Everyday - Esther Milne
2021-02-09

An exploration of how email is experienced, understood, and materially structured as a practice spanning our everyday domestic and work lives. Despite its many obituaries, email is not dead. As a global mode of business and personal communication, email outstrips newer technologies of online interaction; it is deeply embedded in our everyday lives. And yet--perhaps because the ubiquity of email has obscured its study--this is the first scholarly book devoted to email as a key historical, social, and commercial site of digital communication in our everyday lives. In *Email and the Everyday*, Esther Milne examines how email is experienced, understood, and materially

structured as a practice spanning the domestic and institutional spaces of daily life.

The Psychology of Fake News - Rainer Greifeneder 2020-08-13

This volume examines the phenomenon of fake news by bringing together leading experts from different fields within psychology and related areas, and explores what has become a prominent feature of public discourse since the first Brexit referendum and the 2016 US election campaign. Dealing with misinformation is important in many areas of daily life, including politics, the marketplace, health communication, journalism, education, and science. In a general climate where facts and misinformation blur, and are intentionally blurred, this book asks what determines whether people accept and share (mis)information, and what can be done to counter misinformation? All three of these aspects need to be understood in the context of online social networks, which have fundamentally changed the way information is produced, consumed, and transmitted. The contributions within this volume summarize the most up-to-date empirical findings, theories, and applications and discuss cutting-edge ideas and future directions of interventions to counter fake news. Also providing guidance on how to handle misinformation in an age of "alternative facts", this is a fascinating and vital reading for students and academics in psychology, communication, and political science and for professionals including policy makers and journalists.

The Book of Vagabonds and Beggars - Martin Luther 1860

Captivate - Vanessa Van Edwards 2017-04-25

Do you feel awkward at networking events? Do you wonder what your date really thinks of you? Do you wish you could decode people? You need to learn the science of people. As a human behavior hacker, Vanessa Van Edwards created a research lab to study the hidden forces that drive us. And she's cracked the code. In *Captivate*, she shares shortcuts, systems, and secrets for taking charge of your interactions at work, at home, and in any social situation. These aren't the people skills you learned in school. This is the first comprehensive, science backed, real life manual on how to captivate anyone—and a completely new approach to building connections. Just like knowing the formulas to use in a chemistry lab, or the right programming language to build an app, *Captivate* provides simple ways to solve people problems. You'll learn, for example...

- How to work a room: Every party, networking event, and social situation has a predictable map. Discover the sweet spot for making the most connections.
- How to read faces: It's easier than you think to speed-read facial expressions and use them to predict people's emotions.
- How to talk to anyone: Every conversation can be memorable—once you learn how certain words generate the pleasure hormone dopamine in listeners. When you understand the laws of human behavior, your influence, impact, and income will increase significantly. What's more, you will improve your interpersonal intelligence, make a killer first impression, and build rapport quickly and authentically in any situation—negotiations, interviews, parties, and pitches. You'll never interact the same way again.

Hack E-mail - Danny Flood 2016-03

Become an Unstoppable Force with E-mail If you have a business or brand that you want to bring to the light, then this is the book for you. In

"Hack E-mail," I share my best strategies for turning e-mail into a marketing weapon. From e-mail outreach campaigns I've been able to: 1) Book between 40-50 podcast and radio interviews across the world, promoting my first book ("Buy Your Own Island) to a best-seller 2) Build an extensive network of mentors and affiliate partners 3) Increase my blog traffic by 400% in a one month period (from 4,262 to 16,688) 4) Connect with influential people 5) Pick up new coaching and freelance clients Before I began to use these techniques for my own brand, I honed them in campaigns for clients. From fashion companies in Toronto to skin care lines in Malta, business owners have paid me thousands to generate leads for their business through cold e-mail. This stuff works. The best part is, the things I've done with e-mail, anyone can do! In this book, I lay out everything I've learned, and share my best strategies and most valuable techniques to get a response from someone and finally get the results you seek. Among other things, you will learn: *

- How to create positive NLP "anchors" in your e-mails - so that people welcome correspondence from you (pages 26 - 27) - 7 mistakes of horrible e-mail outreach and how to fix them (page 18) - How to name drop your way to the top (page 31) - How to occupy the moral high ground, and enchant people with your story (pages 28 - 30) - What to do if someone doesn't respond - and get a response 90% of the time - How to send follow-ups automatically - and "drip feed" your outreach (page 39) - How to conduct professional CRM campaigns within Gmail (chapter five) - The "Hidden in Plain Sight" technique to find the top people in any niche, and discover their address - Plus other unconventional, but effective techniques Plus, in this book I've included more than two dozen apps and powerful resources to make your e-mails more effective, efficient, more personable, and more powerful. Are you ready to learn some powerful e-mail outreach techniques and become an unstoppable force? Hope you enjoy the book. *Note that page numbers are from the web edition of the book, and may appear at different locations in your print version.

Pride and Prejudice - Jane Austen 2013-03

Pride and Prejudice by Jane Austen, is considered as one of the worlds top book

classics. It was initially published in 1813 and was the author's second novel which also became her most popular novel. The scene is set in England in early 19th century with 20 year old Elizabeth Bennett, the second eldest of five daughters developing a relationship with the single, handsome and wealthy gentleman, Mr Darcy. Elizabeth endures issues of upbringing, independence, social manners, morality, education and marriage within a high aristocrat society. As their love unfolds, Mr Darcy overcomes his pride of being with someone of a lower social class and Elizabeth overcomes her prejudice of Mr Darcy. A classic love story and one of the most famous novels in English literature. This digital edition is beautifully formatted with an active Table of Contents that goes directly to each chapter. Mermaids Classics, an imprint of Mermaids Publishing brings the very best of old book classics to a modern era of digital reading by producing high quality books in ebook format.

Hypnotic Writing - Joe Vitale 2006-12-22

Discover the secrets of written persuasion! "The principles of hypnosis, when applied to copywriting, add a new spin to selling. Joe Vitale has taken hypnotic words to set the perfect sales environment and then shows us how to use those words to motivate a prospect to take the action you want. This is truly a new and effective approach to copywriting, which I strongly recommend you learn. It's pure genius." - Joseph Sugarman, author of Triggers "I've read countless book on persuasion, but none come close to this one in showing you exactly how to put your readers into a buying trance that makes whatever you are offering them irresistible." - David Garfinkel, author of Advertising Headlines That Make You Rich "I am a huge fan of Vitale and his books, and Hypnotic Writing (first published more than twenty years ago), is my absolute favorite. Updated with additional text and fresh examples, especially from e-mail writing, Joe's specialty, Hypnotic Writing is the most important book on copywriting (yes, that's really what it is about) to be published in this century. Read it. It will make you a better copywriter, period." -Bob Bly, copywriter and author of The Copywriter's Handbook "I couldn't put this book down. It's eye opening and filled with genuinely new stuff about writing and

persuading better. And it communicates it brilliantly and teaches it brilliantly-exemplifying the techniques by the writing of the book itself as you go along." -David Deutsch, author of Think Inside the Box, www.thinkinginside.com "Hypnotic Writing is packed with so much great information it's hard to know where to start. The insights, strategies, and tactics in the book are easy to apply yet deliver one heck of a punch. And in case there's any question how to apply them, the before-and-after case studies drive the points home like nothing else can. Hypnotic Writing is not just about hypnotic writing. It is hypnotic writing. On the count of three, you're going to love it. Just watch and see." -Blair Warren, author of The Forbidden Keys to Persuasion

The Email Lifeline - Anik Singal 2016-07-01

Managing Electronic Media - Joan Van Tassel 2012-09-10

This college-level media management textbook reflects the changes in the media industries that have occurred in the past decade. Today's managers must address new issues that their predecessors never faced, from the threats of professional piracy and casual copying of digital media products, to global networks, on-demand consumption, and changing business models. The book explains the new new vocabulary of media moguls, such as bandwidth, digital rights management, customer relations management, distributed work groups, centralized broadcast operations, automated playlists, server-based playout, repurposing, mobisodes, TV-to-DVD, and content management. The chapters logically unfold the ways that managers are evolving their practices to make content, market it, and deliver it to consumers in a competitive, global digital marketplace. In addition to media companies, this book covers management processes that extend to all content-producing organizations, because today's students are as likely to produce high-quality video and Web video for ABC Computer Sales as they are for the ABC Entertainment Television Network.
