This epoch-making and monumental work on Vedic Mathematics unfolds a new method of approach. It relates to the truth of numbers and magnitudes equally applicable to all sciences and arts. The ancient Indian method and its secret techniques are examined and shown to be capable of solving various problems of mathematics. The universe we live in has a basic mathematical structure obeying the rules of mathematical measures and relations. All the subjects in mathematics-Multiplication, Division, Factorization, Equations, Calculus, Analytical Conics, etc.-are dealt with in forty chapters, vividly working out all problems, in the easiest ever method discovered so far. The volume, more a 'magic', is the result of intuitional visualization of fundamental mathematical truths born after eight years of highly concentrated endeavour of Jagadguru Sri Bharati Krsna Tirtha.

The Parsis of India - Jesse S. Palsetia 2001-01-01

"The Parsis of India" examines a much-neglected area of Asian Studies. In tracing keypoints in the development of the Parsi community, it depicts the Parsis' history, and accounts for their ability to preserve, maintain and construct a distinct identity. For a great part the story is told in the colonial setting of Bombay city. Ample attention is given to the Parsis' evolution from an insular minority group to a modern community of pluralistic outlook. Filling the obvious lacunae in the literature on British "colonialism," Indian society and history, and, last but not least, "Zoroastrianism," this book broadens our knowledge of the interaction of colonialism and colonial groups, and elucidates the significant role of the Parsis in the commercial, educational, and civic milieu of Bombay colonial society.

From Nature to Creation (The Church and Postmodern Culture) -

Norman Wirzba 2015-09-23

How does Christianity change the way we view the natural world? In this addition to a critically acclaimed series, renowned theologian Norman Wirzba engages philosophers, environmentalists, and cultural critics to show how the modern concept of nature has been deeply problematic. He explains that understanding the world as creation rather than as nature or the environment makes possible an imagination shaped by practices of responsibility and gratitude, which can help bring healing to our lands and communities. By learning to give thanks for creation as

God's gift of life, Christians bear witness to the divine love that is reconciling all things to God. Named a "Best Theology Book of 2015," Englewood Review of Books "Best Example of Theology in Conversation with Urgent Contemporary Concerns" for 2015, Hearts & Minds Bookstore

This is a description of contemporary India and some of its recent history in the form of an autobiography. Rajmata Scindia is a member of the Indian Parliament. Kharemaster - Malati Vishram Bedekar 1998

An extraordinary story of Anant Khare who appeared to be an ordinary drawing teacher, living and working near Pune at the turn of the century. He decided that his contribution to the nationalist movement would be to educate his daughters to the highest level. By the 1920s, his daughters were independent, single career women at a time when their peers had been married off at the age of ten. His wife too was running a flourishing dairy. Yet Kharemaster felt inadequate beside his educated daughters and sons, all adept in a world seemingly out of his reach. Writing about her father at the age of 88, his daughter Balutai, using her penname 'Vibhavari Shirurkar', is as unflinchingly honest about herself as she is about her father.

Analytical Mechanics - J.L. Lagrange 2013-04-17

The Mécanique analytique presents a comprehensive account of Lagrangian mechanics. In this work, Lagrange used the Principle of Virtual Work in conjunction with the Lagrangian Multiplier to solve all problems of statics. For the treatment of dynamics, a third concept had to be added to the first two - d'Alembert's Principle - in order to develop the Lagrangian equations of motion. Hence, Lagrange was able to unify the entire science of mechanics using only three concepts and algebraic operations.

The House Of Kanooru - Kuvempu 2000-10-14

From Kannada's first Jnanpith award winner, a landmark of modern fiction that documents a vanishing world. When Hoovayya and Ramayya return from their studies in the city to their ancestral home, much has changed, throwing the even tenor of village life out of joint. The entry of Subbamma, the young wife of much-married Chandrayya Gowda into the House of Kanooru, sets in motion an irrevocable chain of events which signify the coming of age of a resolutely traditional society. Acutely conscious of the burden of their education amidst the torpor of manorial life, the brothers are forced to witness the descent into cruelty of Chandrayya Gowda, who breaks old familial ties, and demands an impossible fealty. The petty meanness of the Gowda's old age and the idealistic vitality of youth confront each other when Hoovayya and Ramayya both fall in love with Seethe, their childhood playmate, with disastrous consequences for the manor house of Kanooru. The epic conflicts of a decaying feudal order are seen through a multiplicity of characters, and voices that refuse to be silenced. The first stirrings of change in the lives of the Belas, the highland plantation workers and their labouring women, the proud Shudra landowners, the secretive and predatory Agrahara of the Brahmins, are dramatized by a humane eye sensitive to the slightest nuance. The House of Kanooru is ultimately a moving tribute by one of Kannada's greatest writers to the spirit of modernity. Translated from the Kannada by B.C. Ramachandra Sharma and Padma Ramachandra Sharma.

My Journey with Guruji - Raman RAMAN 2011

On 29 th June 2010 at 2: 05 p.m. Maangi Hai Uske Dar Par, Uski Meher, Bikhaari Bankar. Gayi ThiKhaali Haat, AayiVaaniyan Mere Saath, UskiSougaat Bankar. This book, "MY JOURNEY WITH GURUJI, Telepathic Connection with the Light of Divinity" is based on a telepathic connection with the onelight. It is about 'Raman' being an Observer to the Divine Voice which was guiding the Author in poetic form and the manifestation of the Divine words in the physical plane (i.e. The author has been receiving guidance's in poetic form telepathically and then incidents related to it have materialized on the physical plane. So the miracles have been proved with photographs attached to it.) Divine Nirmal Guruji Maharaj made 'Raman' along with the Devotees (namely the Sangat), become aware of one God i.e. the light and 'Ek Omkar', and experience the manifestations as and when the Divine words were dictated to 'Raman' all the while throughout her Journey of life thus proving to 'Raman' and the Sangat that they were not hallucinating by providing them with photographs and hence blessed all of them and bless all who read about them, THE MIND CAN HALLUCINATE BUT A CAMERA DOES NOT. Raman's Telepathic Connection began with her Divine Nirmal Guruji Maharaj when he was Alive and remained even after he took 'MahaSamadhi' and also appeared in front of her proving himself to be THE DEATHLESS GURU. These 'Vaanis' have been dictated to Raman from both the sides of the Beloved and the Lover. Raman started Realizing that the lyrics were expressing the true feelings of her soul for her Divine Nirmal Guruji Maharaj in the most beautiful manner. Raman began having a strong feeling of recognition and connectivity with the feelings related to these Lyrics leaving her in an amazed state of mind every time a 'Vaani' was dictated to her. Raman finally falls in love with the Divine himself not realizing when and how love overtook all her questioning and confused senses. Further it is mentioned in the book where required that the readers can see videos of the incidents as explained in the book on the webpage gurujimharaj-ki-vani.info

Lesser Breeds - Nayantara Sahgal 2005-10-03

In 1932, Nurullah, a teacher aged twenty-three, comes to the city of Akbarabad. He teaches literature to first-years at the university and encounters a non-violent resistance movement against British rule. It seems to him a bizarre way for an occupied country to confront an empire in a violent unequal world - one more wrong turn, among others, that Indian history has taken. During the ten years from 1932 that he lives with a non-violent family in the 'national monument' that their doomed mansion has become, Akbarabad educates him in varied ways, leaving him stubbornly resistant to non-violence. The book ends in 1968 with a look-back and a reconsideration by the man Nurullah has now become.

Travels Through History - France - Julian Worker 2019-07-16

The south-eastern part of France has an abundance of historical interest. From the Roman theatres of Arles and Orange to the Cathar castles in the foothills of The Pyrenees there is much to see and remember. There are mysteries too. Why would the Roman Catholic Church create a crusade against the Cathar 'heretics' when these people were following such a devout life? How did the Romans build the Pont du Gard so quickly as part of a 40-mile water channel to provide water to Nimes? What did Bérenger Saunière discover in Rennes-le-Chateau that made him so wealthy? Added to the history and the mystery are a host of natural wonders, beautiful scenery, and familiar names appearing in unfamiliar places.

The Scope of Happiness - Vijaya Lakshmi Pandit 2018-06-10

The Scope of Happiness is the autobiography of an outstanding world figure who was the sister, confidante, and lifelong political associate of India's first prime minister, Jawaharlal Nehru and the aunt of Indira Gandhi. Vijaya Lakshmi Pandit participated in the Indian national struggle for freedom from its inception and was imprisoned three times. In this very personal view of the struggle for independence, she gives an evocative picture of the cultured and protected world in which she grew up in Anand Bhavan in Allahabad, conveying even the textures, aromas and sounds of her childhood home. She offers an unprecedented picture of life in India under British rule, with its rigorous restrictions and racial bigotry. A compelling strength of this book is the intimate picture the author draws of many great figures: the searching and affectionate view of her brother, the insight into her niece Indira, a personal record of Mahatma Gandhi that no one else could give--and penetrating and entertaining anecdotes of world figures such as Krishna Menon, Earl Mountbatten of Burma, Chester Bowles, Dag Hammarskjold, Eleanor Roosevelt, President Tito and Prince Charles. No other living individual could draw the sweeping historical picture that Mrs Pandit has given us in her memoir, making it a book of rare significance that will speak lastingly for generations to come.
