Topsy and Tim: Go to London Ladybird Readers Level 1 - Ladybird 2017-08-22

Ladybird Readers is an ELT graded reader series for children aged 3-11 learning English as a foreign or second language. The series includes traditional tales, popular characters, modern stories, and non-fiction. - Beautifully illustrated books, carefully written by language learning experts. - Structured language progression to develop children's reading,

writing, speaking, listening and critical thinking skills. - Eight levels follow the Common European Framework of Reference for language learning (CEFR). - Language activities provide preparation for the Cambridge English Pre-A1 to A2 (YLE) tests. - A unique code in each printed book provides access to online audio, extra activities and learning resources. Topsy and Tim: Go to London, a Level 1 Reader, is Pre-A1 in the CEFR framework and supports YLE Starters exams. Short sentences contain a maximum of two clauses, using the present tense and some simple adjectives. Topsy and Tim are going to London with Mommy and Dad. They see the Tower of London and go on a boat. London is great! Visit the Ladybird Education website for more information.

The Great Moon Confusion - Richard Byrne 2014-05-01

In the pine forest, there's a perplexing puzzle. The moon is getting smaller every day and Rabbit wants to know why. She asks her friend Aldrin, the raccoon. Although he doesn't have the answer to her question, Aldrin decides the issue needs a 'proper investigation'. And, because he's a bit of a know-it-all, over the course of the next few days, Aldrin dreams up a far-fetched explanation for the shrinking moon that points the finger of blame at two bumbling bears called Hubble and Lovell. In fact the bears turn out to be rather smart and it's thanks to them that the other animals learn their first fun lesson in astronomy. Join Aldrin and friends for a whodunit of astronomical proportions!

The Undercover Economist - Tim Harford 2007-01-30

"The economy [isn't] a bunch of rather dull statistics with names like GDP (gross domestic product)," notes Tim Harford, columnist and regular guest on NPR's Marketplace, "economics is about who gets what and why." In this acclaimed and riveting book-part exposé, part user's manual-the astute and entertaining columnist from the Financial Times demystifies the ways in which money works in the world. From why the coffee in your cup costs so much to why efficiency is not necessarily the answer to ensuring a fair society, from improving health care to curing crosstown traffic-all the dirty little secrets of dollars and cents are delightfully revealed by *The Undercover Economist*. "A rare specimen: a book on economics that will enthrall its readers . . . It brings the power of economics to life." -Steven D. Levitt, coauthor of *Freakonomics* "A playful guide to the economics of everyday life, and as such is something of an elder sibling to Steven Levitt's wild child, the hugely successful *Freakonomics*." -The Economist "A tour de force . . . If you need to be convinced of the everrelevant and fascinating nature of economics, read this insightful and witty book." -Jagdish Bhagwati, author of *In Defense of Globalization* "This is a book to savor." -The New York Times "Harford writes like a dream. From his book I found out why there's a Starbucks on every corner [and] how not to get duped in an auction. Reading *The Undercover Economist* is like spending an ordinary day wearing X-ray goggles." -David Bodanis, author of *Electric Universe* "Much wit and wisdom." -The Houston Chronicle From Publishers Weekly Nattily packaged-the cover sports a Roy Lichtensteinesque image of an economist in Dick Tracy garb-and cleverly written, this book applies basic economic theory to such modern phenomena as Starbucks' pricing system and Microsoft's stock values. While the concepts explored are those encountered in *Microeconomics 101*, Harford gracefully explains abstruse ideas like pricing along the demand curve and game theory using real world examples without relying on graphs or jargon. The book addresses free market economic theory, but Harford is not a complete

apologist for capitalism; he shows how companies from Amazon.com to Whole Foods to Starbucks have gouged consumers through guerrilla pricing techniques and explains the high rents in London (it has more to do with agriculture than one might think). Harford comes down soft on Chinese sweatshops, acknowledging "conditions in factories are terrible," but "sweatshops are better than the horrors that came before them, and a step on the road to something better." Perhaps, but Harford doesn't question whether communism or a capitalist-style industrial revolution are the only two choices available in modern economies. That aside, the book is unequalled in its accessibility and ability to show how free market economic forces affect readers' day-to-day. Copyright © Reed Business Information, a division of Reed Elsevier Inc. All rights reserved. From Bookmarks Magazine Harford exposes the dark underbelly of capitalism in *Undercover Economist*. Compared with Steven Levitt's and Stephen J. Dubner's popular *Freakonomics* (***) July/Aug 2005), the book uses simple, playful examples (written in plain English) to elucidate complex economic theories. Critics agree that the book will grip readers interested in understanding free-market forces but disagree about Harford's approach. Some thought the author mastered the small ideas while keeping in sight the larger context of globalization; others faulted Harford for failing to criticize certain economic theories and to ground his arguments in political, organizational structures. Either way, his case studies—some entertaining, others indicative of times to come—will make you think twice about that cup of coffee. Copyright © 2004 Phillips & Nelson Media, Inc.

Until, that is, she eats too many cakes and sweets... The latest adventure for the naughty Little Princess, who also stars in her own award-winning TV series.

Topsy and Tim at the Wedding - Jean Adamson 1997-05

Topsy and Tim Go to the Zoo - Jean Adamson 2013

An adaptation of the classic Topsy and Tim story by Jean and Gareth Adamson. Topsy and Tim have fun visiting the zoo and soon decide that all the zoo animals would make great pets. Mummy and Dad have other ideas, though! Read it yourself with Ladybird is one of Ladybird's best-selling series. For over thirty-five years it has helped young children who

are learning to read develop and improve their reading skills. Each Read it yourself book is very carefully written to include many key, high-frequency words that are vital for learning to read, as well as a limited number of story words that are introduced and practised throughout. Simple sentences and frequently repeated words help to build the confidence of beginner readers and the four different levels of books support children all the way from very first reading practice through to independent, fluent reading. Each book has been carefully checked by educational consultants and can be read independently at home or used in a guided reading session at school. Further content includes comprehension puzzles, helpful notes for parents, carers and teachers, and book band information for use in schools. Topsy and Tim Go to the Zoo is a Level 1 Read it yourself title, suitable for very early readers who have had some initial reading instruction and are ready to take their first steps in reading real stories. Each story is told very simply, using a small number of frequently repeated words.

Topsy + Tim and the New Baby - Jean Adamson 1998

This book is a special little storybook all about the adventures of Topsy and Tim. There are also activity books for children to join in the fun.
