Gym Candy - Carl Deuker 2008-09-22

“Look, Mick,” he said, “you’re going to find out from somebody in the gym, so you might as well find out from me. Those supplements you’re taking? They might get you a little bigger, but just a little. If

you’re after serious results, there’s other stuff that produces better results much faster, stuff that a lot of guys in the gym use.” “What other stuff?” “You know what I’m talking about—gym candy.” Runningback Mick Johnson has dreams: dreams of cutting back, finding the hole, breaking into the open, and running free with nothing but green grass ahead. He has dreams of winning and of being the best. But football is a cruel sport. It requires power, grace, speed, quickness, and knowledge of the game. It takes luck, too. One crazy bounce can turn a likely victory into sudden defeat. What elite athlete wouldn’t look for an edge? A way to make him bigger, stronger, faster? This novel explores the dark corners of the heart of a young football player as he struggles for success under the always glaring—and often unforgiving—stadium lights.

Bury Her Deep - Catriona McPherson 2012-01-19

Dear Alec, Remember my engagement yesterday? The annual duty luncheon for the Reverend Mr Tait from which and whom I expected only

boredom? I could hardly have been more wrong, Alec dear, and I am this minute packing to follow the Reverend home to his manse in Fife, there to attend a meeting of the Rural Womens' Institute. Hardly a house party at which one would usually leap, I grant you, but not only is the man himself a perfect darling - imagine Father Christmas shaved clean and draped in tweed - but his parish, it seems, heaves with more violent passions than a Buenos Aires bordello. A stranger, you see, is roaming the night and pouncing on the ladies of the Rural. At least that's the tale they're telling and the one that Mr Tait told me, but since half the village think he's a figment and he only ever strikes at the full moon, I cannot help but wonder if there's something even odder going on . . . Much love and remember me fondly if the dark stranger gets me, Dandy xx Catriona

McPherson's latest novel in the series, *Dandy Gilver and a Spot of Toil and Trouble* is now available for pre-order.

Maid for Me - Kathleen Lieu
2009-10

Chances are, a hobo would moon me on the train before a hot guy asks me out-- I'm plain, a little chubby and definitely not hot stuff like the socialites of Gossipy Girl or what-not. But hey, guess what, the Prince of Uptown, Jaiden Daniels, just singled me out among dozens of other girls and he's hired me to become his maid/bodyguard and pretend girlfriend. He wants me to pretend to be his love interest so his parents would stop matchmaking him with socialite airheads and a crazy Princess. Acting to be in love with Jaiden is hard, even though he's gorgeous, because I've been in love with my best friend Kiterin since forever. Too bad Kiterin has a gorgeous girlfriend. So here I am, ordinary-girl Mina Lin, star of a real teenage soap-opera involving love polygons (I love Kit, Kit doesn't love me, Jaiden's falling for me?), evil socialites, backstabbing, twists and turns--wait until you hear what happens when Jaiden's kidnapped. It's Mina Lin with

her Mina-jitsu (a martial arts style I've perfected) to the rescue! Find out what happens in my story, Maid for Me by Kat Lieu.

The Art Of Seduction -

Robert Greene 2010-09-03

Which sort of seducer could you be? Siren? Rake? Cold Coquette? Star? Comedian? Charismatic? Or Saint? This book will show you which. Charm, persuasion, the ability to create illusions: these are some of the many dazzling gifts of the Seducer, the compelling figure who is able to manipulate, mislead and give pleasure all at once. When raised to the level of art, seduction, an indirect and subtle form of power, has toppled empires, won elections and enslaved great minds. In this beautiful, sensually designed book, Greene unearths the two sides of seduction: the characters and the process. Discover who you, or your pursuer, most resembles. Learn, too, the pitfalls of the anti-Seducer. Immerse yourself in the twenty-four manoeuvres and

strategies of the seductive process, the ritual by which a seducer gains mastery over their target. Understand how to 'Choose the Right Victim', 'Appear to Be an Object of Desire' and 'Confuse Desire and Reality'. In addition, Greene provides instruction on how to identify victims by type. Each fascinating character and each cunning tactic demonstrates a fundamental truth about who we are, and the targets we've become - or hope to win over. The Art of Seduction is an indispensable primer on the essence of one of history's greatest weapons and the ultimate power trip. From the internationally bestselling author of The 48 Laws of Power, Mastery, and The 33 Strategies Of War.

Descartes' Error - Antonio

Damasio 2005-09-27

Since Descartes famously

proclaimed, "I think, therefore I am," science has often overlooked emotions as the source of a person's true being. Even modern neuroscience has tended, until recently, to concentrate on the cognitive aspects of brain function, disregarding emotions. This attitude began to change with the publication of Descartes' Error in 1995. Antonio Damasio—"one of the world's leading neurologists" (The New York Times)—challenged traditional ideas about the connection between emotions and rationality. In this wondrously engaging book, Damasio takes the reader on a journey of scientific discovery through a series of case studies, demonstrating what many of us have long suspected: emotions are not a luxury, they are essential to rational thinking and to normal social behavior.

survival and perseverance about the heroic young inventor who brought electricity to his Malawian village. When a terrible drought struck William Kamkwamba's tiny village in Malawi, his family lost all of the season's crops, leaving them with nothing to eat and nothing to sell. William began to explore science books in his village library, looking for a solution. There, he came up with the idea that would change his family's life forever: he could build a windmill. Made out of scrap metal and old bicycle parts, William's windmill brought electricity to his home and helped his family pump the water they needed to farm the land. Retold for a younger audience, this exciting memoir shows how, even in a desperate situation, one boy's brilliant idea can light up the world. Complete with photographs, illustrations, and an epilogue that will bring readers up to date on William's story, this is the perfect edition to read and share with the whole family.
