The Rules of Thinking - Richard Templar 2019

"To some extent this book isn't about how to think at all. Many of the Rules are about how to remove the barriers that get in the way of good, clear thinking. How to avoid self-interest, sidestep assumption, dodge the pitfalls. Once you do that, it's easy to think clearly. It would be implausibly convenient if there just happened to be exactly 100 Rules of Thinking. So these are the key 100, which are more than enough to change your thought patterns significantly for the better. Once you've mastered these Rules, you'll be much better placed to notice more of your own. Please feel free to share them on my Facebook page if you'd like to, and help other people join you as a fully-fledged Rules thinker"--

The Chinese Way to Wealth and Prosperity: 8 Timeless Strategies for Achieving Financial Success - Michael Justin Lee 2012-07-27

"You will put down this insightful book with a much deeper understanding of two of the more indispensable topics of the twenty-first century: China and sound financial practices." -- Jon Huntsman, Jr., U.S. Ambassador to China, 2009-2011 "This is a timely, well-researched, and tremendously important book..." -- Maurice R. Greenberg, Chairman & CEO, C.V. Starr & Co., Inc. "Michael sets out a commonsense approach to wealth and prosperity. It's a must-read." -- Philip Bullen, CFA, Group Chief Investment Officer, Fidelity Investments "Lee brings a unique combination of cultural, business, and economic insights. In compelling and clear language, he shows how Americans can engage this new reality." -- Samuel Gregg, D.Phil., Director of Research, The Acton Institute for the Study of Religion and Liberty "The more that things change, the more that making money depends on understanding those things that never change. In an immensely readable volume and with a compelling story, The Chinese Way to Wealth and Prosperity provides precisely that." -- Rabbi Daniel Lapin, Author of Thou Shall Prosper: The 10 Commandments for Making Money "Lee provides a valuable handbook for anyone wishing to understand what drives Chinese attitudes toward money." -- Dong Tao, Ph.D., Chief China Economist, Credit Suisse For centuries, the Chinese have managed to survive and thrive in virtually every part of the world. From nineteenth-century emigrants to twenty-first-century "tiger moms," they have shown remarkable resilience and determination in achieving their goals even under the most challenging of circumstances. What is the secret behind their enduring success? It's The Chinese Way to Wealth and Prosperity--a timeless combination of ancient wisdom and modern strategy that anyone can apply: Learn, then earn. Get mobile and go global. Make connections and return favors. Reduce debt and release your capital. Play financial defense. Defer gratification. Love the land. Avoid unrewarded risks. This inspiring and eminently practical guide shows you how to enrich your life, as well as enhance your fortunes. You'll discover the Chinese philosophy of "Sow early, sow often,"--reaping the rewards of consistently saving year after year. You'll learn how to honor and practice the time-tested wisdom of previous generations, keeping your priorities in check, placing a value on what matters most, and bringing prosperity into all aspects of your life. You'll find helpful charts detailing how wealth is generated using basic money-building principles very well known to the Chinese people, as well as ancient proverbs and stories that you can apply to today's economic situation. Along the way, you'll read how distinguished individuals and major companies have thrived all over the world employing these lessons. The Chinese Way to Wealth and Prosperity offers the wisdom of the past, the keys to the

present, and the road map to a strong financial future.

The Rules of Work - Richard Templar 2003

"This is a definitive code for personal business success? Key points, concisely made, that can steer anyone through the minefield of office life." Management Today Some people seem to be just great at their job. They glide effortlessly onwards and upwards through all the politics, the back stabbing, the system, the nonsense that goes on. They always seem to say and do the right thing. Everybody likes them. They get pay rises and promotion. They get on with the boss. And somehow, they do all these without breaking much of a sweat or seeming to put in excess effort. Is there something they do that we don't? Is it a natural ability or something we could all learn? The answer is a most definite and resounding yes. They know the 'Rules of Work'. These rules are about how you are seen to be doing your job ? brilliantly and efficiently. They are about how you appear to others ? successful and confident. The Rules of Work takes simple information about how people relate to each other in a completely artificial environment - the workplace ? and uses it to promote your rise up the ladder of success. This is the book for you if you want to get on and up without becoming ruthless or unpleasant. This is the book for you if you want to be successful and still be able to live with yourself, and be regarded as a thoroughly decent person by your colleagues and bosses.

Summary of Richard Templar's The Rules of Money - Everest Media, 2022-05-22T22:59:00Z

Please note: This is a companion version & not the original book. Sample Book Insights: #1 Money is a concept. You can't really see or touch it, except for when you hold a gold bar in your hand. You can only do that with some physical symbol of it like stock certificates or a check. #2 The only thing that can hold you back from wealth is yourself and your own money myths. Rule 7 is about challenging those myths. #3 To become wealthy, you must first define what wealth means to you. Some people might not worry about having enough if they can pay for any emergency that might arise in their family or home. So how will you define it. By the number of cars you own. Servants. Cash in the bank. Value of your house. Portfolio of investments. #4 Defining what you mean by wealth is the first step in setting your objectives. You must be honest and realistic with yourself when setting an objective. If you aren't interested in learning about property, don't have the money to get a mortgage, or anything else, then setting an objective to be a property developer isn't realistic or achievable.

Codeless Data Structures and Algorithms - Armstrong Subero 2020-02-13

In the era of self-taught developers and programmers, essential topics in the industry are frequently learned without a formal academic foundation. A solid grasp of data structures and algorithms (DSA) is imperative for anyone looking to do professional software development and engineering, but classes in the subject can be dry or spend too much time on theory and unnecessary readings. Regardless of your programming language background, *Codeless Data Structures and Algorithms* has you covered. In this book, author Armstrong Subero will help you learn DSAs without writing a single line of code.

Straightforward explanations and diagrams give you a confident handle on the topic while ensuring you never have to open your code editor, use a compiler, or look at an integrated development environment. Subero introduces you to linear, tree, and hash data structures and gives you important insights behind the most common algorithms that you can directly apply to your own programs. *Codeless Data Structures and Algorithms* provides you with the knowledge about DSAs that you will need in the professional programming world, without using any complex mathematics or irrelevant information. Whether you are a new developer seeking a basic understanding of the subject or a decision-maker wanting a grasp of algorithms to apply to your projects, this book belongs on your shelf. Quite often, a new, refreshing, and unpretentious approach to a topic is all you need to get inspired. What You'll Learn Understand tree data structures without delving into unnecessary details or going into too much theory Get started learning linear data structures with a basic discussion on computer memory Study an overview of arrays, linked lists, stacks and queues Who This Book Is For This book is for beginners, self-taught developers and programmers, and anyone who wants to

understand data structures and algorithms but don't want to wade through unnecessary details about quirks of a programming language or don't have time to sit and read a massive book on the subject. This book is also useful for non-technical decision-makers who are curious about how algorithms work.

Rules of Management - Richard Templar 2022

"There are a few hints and tips that will have you sailing through the job of a manager looking cool, gaining points and coming up smelling of roses. These are the Rules of management - the unwritten, unspoken, unacknowledged Rules. Management is an art and a science. There are textbooks of thousands of pages devoted to how to do it. There are countless training courses (you've probably been on a few). However, what no textbook contains and no training course includes are the various 'unwrit-ten' rules that make you a good, effective and decent manager - the Rules of manage-ment"--
